LATL Advisory No. 06, s. 2026

To all clients and stakeholders:

This is to inform you of the changes to the services provided by the Lighting and Appliance Testing Laboratory (LATL). Please check the details below:

Service	• Energy Performance Testing of Omni-directional/Non-Directional Light Sources Using Gonio Photometer • Energy Performance Testing of Directional Light Sources Using Gonio Photometer
Affected Clients and Stakeholders	All clients availing of the testing services
Nature of Change	The Yokogawa WT3001E Precision Power Analyzer, which is used to measure the electrical parameters of the unit under test (UUT) at the Gonio Photometer Test Facility of LOD, is scheduled for calibration in accordance with the laboratory's prescribed calibration interval. All testing services conducted at the facility are temporarily suspended until the calibration has been completed and the equipment is confirmed suitable for its intended use.
Effectivity Date	20 October 2026
Duration of Change	Until further notice
Other information	• DOE Citizen's Charter – https://doe.gov.ph/doe-citizens-charter/2025-citizens-charter-1st-edition • DOE Citizen's Charter – Collection of Fees and Charges - https://www.doe.gov.ph/sites/default/files/pdf/issuances/fees-and-charges-cy2023%2002082023.pdf

If you have any questions and other inquiries, you may reach LATL through the following: trunk line – (+632) 84792900 local 301, fax – (+632) 8405592, email – latl@doe.gov.ph.

Thank you and we hope for your understanding.

Very truly yours,

VIRGINIA S. LLAMO
OIC-Director, ERTLS
