CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Working electronic mail account (Sample: 1 email account)	Applicant / Client
Remarks: Electronic mail account is necessary for one-time registration to Energy Research and Testing Laboratory Services - Online Services Management System account.	
2. Electronic Signature (Sample: 1 Electronic Signature)	Applicant / Client
Remarks: Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online Services Management System. Electronic signature should be in format of Portable Network Graphic (PNG).	
3. Photographs of the test sample/s to be tested (Sample: 4 Photographs)	Applicant / Client
Remarks: Please upload the following photographs in Energy Research and Testing Laboratory Services - Online Services Management System: 1. Front view of the box of the refrigerating appliance to be tested 2. Front view of the refrigerating appliance to be tested 3. Name plate rating of the refrigerating appliance to be tested 4. Serial number of the refrigerating appliance to be tested	
4. Working/Functional Refrigerating Appliance/s (Sample: 3 Sample/s)	Applicant / Client
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable.	

7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.
8. Proper authorization is required to pull-out testing sample(s) from Lighting and Appliance Testing Division.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Register to Energy Research and Testing Laboratory Services – Online Services Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Client registers to Energy Research and Testing Laboratory Services – Online Services Management System only once. 2. If the client is already registered, skip this step, and proceed to client step no. 2. 3. If Energy Research and Testing Laboratory Services - Online Services Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests. Please refer to "ERTLS-LATD25-37 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 3 Samples Below 6 Cubic Feet) through Manual Processing". 4. For special cases of testing/calibration, clients may prefer to call beforehand to check if Lighting and Appliance Testing Division can render the service. Client may also bring the test/calibration sample for walk-in application but will also be instructed to register and request service through Energy Research and Testing Laboratory Services – Online Services Management System. 5. When a client brings their sample(s) for walk-in application, our staff will inspect them to ensure they are suitable for testing. If any indications	1.1. Assist client in registration to Energy Research and Testing Laboratory Services – Online Services Management System.	None	26 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

If not claimed a 3rd notice will be issued. - o Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable.	

7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.
8. Proper authorization is required to pull-out testing sample(s) from Lighting and Appliance Testing Division.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Register to Energy Research and Testing Laboratory Services – Online Services Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Client registers to Energy Research and Testing Laboratory Services – Online Services Management System only once. 2. If the client is already registered, skip this step, and proceed to client step no. 2. 3. If Energy Research and Testing Laboratory Services - Online Services Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests. Please refer to "ERTLS-LATD25-39 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 2 Samples Above 6 Cubic Feet) through Manual Processing". 4. For special cases of testing/calibration, clients may prefer to call beforehand to check if Lighting and Appliance Testing Division can render the service. Client may also bring the test/calibration sample for walk-in application but will also be instructed to register and request service through Energy Research and Testing Laboratory Services – Online Services Management System. 5. When a client brings their sample(s) for walk-in application, our staff will inspect them to ensure they are suitable for testing. If any indications	1.1. Assist client in registration to Energy Research and Testing Laboratory Services – Online Services Management System.	None	26 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review and approve the Client Registration		26 minute/s	Chief Science Research Specialist; Lighting and

of mishandling or other factors that could impact the test's accuracy are detected, Lighting and Appliance Testing Division - Lighting and Other Electrical Devices Section will reject the service request. The client may submit a new request once they have rectified and resubmitted the defective sample(s).				Appliance Testing Division (LATD)
2. Request testing service by filling-out service request form through Energy Research and Testing Laboratory Services-Online Services Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Upload photos or videos of the sample to be tested. 2. If Energy Research and Testing Laboratory Services - Online Services Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests. Please refer to "ERTLS-LATD25-39 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 2 Samples Above 6 Cubic Feet) through Manual Processing".	2.1. Receive the request of the client through Energy Research and Testing Laboratory Services-Online Services Management System	None	26 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Review the service request. Click "Approve" if there are no corrections on the service request. Click "Request for Correction" if there are corrections on the service request. Energy Research and Testing Laboratory Services-Online Services Management System will notify the client to request for order of payment.		26 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Request for Order of Payment through Energy Research and Testing Laboratory Services - Online Services Management System Location: https://ertls-osms.doe.gov.ph/	3.1. Receive the request for Order of Payment from client through Energy Research and Testing Laboratory Services - Online Services Management System	None	26 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

				Appliance Testing Division (LATD)
	3.2. Prepare the Billing Statement (BS) through Collection Monitoring System (COMS)		26 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	3.3. Approve the Billing Statement		26 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	3.4. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment and send it to the client's email.		30 minute/s	Accounting Division Staff; Accounting Division (AD)
	3.5. Receive Order of Payment from Accounting Division. Lighting and Appliance Testing Division confirms receipt of Order of Payment by uploading it to Energy Research and Testing Laboratory Services - Online Services Management System (This will trigger the system to continue to the next step).		28 minute/s	Senior Science Research Specialist / Supervising Science Research Specialist ; Lighting and Appliance Testing Division (LATD)
4. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank. Upload the proof of payment through Energy Research and Testing Laboratory Services - Online Services Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: Client will proceed to the next step once fees are paid.	4.1. Verify client's payment through Energy Research and Testing Laboratory Services - Online Services Management System	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

Office or Division:	Lighting and Appliance Testing Division (LATD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders
Operating Hours:	7:00 AM - 4:00 PM
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Working electronic mail account (Sample: 1 email account)	Applicant / Client
Remarks: Electronic mail account is necessary for one-time registration to Energy Research and Testing Laboratory Services - Online Services Management System account.	
2. Electronic Signature (Sample: 1 Electronic Signature)	Applicant / Client
Remarks: Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online Services Management System. Electronic signature should be in format of Portable Network Graphic (PNG).	
3. Photographs of the test sample/s to be tested (Sample: 4 Photographs)	Applicant / Client
Remarks: Please upload the following photographs in Energy Research and Testing Laboratory Services - Online Services Management System: 1. Front view of the box of the refrigerating appliance to be tested 2. Front view of the refrigerating appliance to be tested 3. Name plate rating of the refrigerating appliance to be tested 4. Serial number of the refrigerating appliance to be tested	
4. Working/Functional Refrigerating Appliance/s (Sample: 4 Sample/s)	Applicant / Client
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable.	

7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.
8. Proper authorization is required to pull-out testing sample(s) from Lighting and Appliance Testing Division.

The client may also call Lighting and Appliance Testing Division for updates on the status of service. 7. Fill out customer satisfaction form and download the test report and transmittal letter in Energy Research and Testing Laboratory Services - Online Services Management System. 8. Claim/retrieve the sample at Lighting Appliance Testing Division - Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	5.2. Process the request through Energy Research and Testing Laboratory Services - Online Services Management System and indicate date of start of testing and the expected end date of the service	2 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	5.3. Conduct the Test Request	94 working day/s, 4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	5.4. Prepare the test report/s and transmittal letter.	3 working day/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist;; Lighting and Appliance Testing Division (LATD)

	5.5. Review and Approve Test Report/s, and review transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	5.6. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	5.7. Upload test report and transmittal letter to Energy Research and Testing Laboratory Services - Online Services Management System. Client will be notified in the Energy Research and Testing Laboratory Services - Online Services Management System once the test report and transmittal letter are ready for download		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

After one-time registration and submission of service request to Energy Research and Testing Laboratory Services - Online Services Management System, client shall upload proof of payment.

Total Processing Time:	Working Days: 101 working day/s, 4 hour/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Testing of Refrigerator – Complete Test	Php 24,000.00/ sample
Testing of Refrigerator – Partial Test	Php 14,200.00/ sample
Ice Making Test (Optional)	Php 10,000.00/ sample
Freezing Capacity (Optional)	Php 10,000.00/ sample

108. ERTLS-LATD11-42 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing with Energy Saving Device through Energy Research and Testing Laboratory Services - Online Services Management System

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

Office or Division:	Lighting and Appliance Testing Division (LATD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders
Operating Hours:	7:00 AM - 4:00 PM
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Working electronic mail account (Sample: 1 email account)	Applicant / Client
Remarks: Electronic mail account is necessary for one-time registration to Energy Research and Testing Laboratory Services - Online Services Management System account.	
2. Electronic Signature (Sample: 1 Electronic Signature)	Applicant / Client
Remarks: Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online Services Management System. Electronic signature should be in format of Portable Network Graphic (PNG).	
3. Photographs of the test sample/s to be tested (Sample: 4 Photographs)	Applicant / Client
Remarks: Please upload the following photographs in Energy Research and Testing Laboratory Services - Online Services Management System: 1. Front view of the box of the refrigerating appliance to be tested 2. Front view of the refrigerating appliance to be tested 3. Name plate rating of the refrigerating appliance to be tested 4. Serial number of the refrigerating appliance to be tested	
4. Working/Functional Refrigerating Appliance with Energy Saving Device (Sample: 1 Sample)	Applicant / Client
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable.	

7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.
8. Proper authorization is required to pull-out testing sample(s) from Lighting and Appliance Testing Division.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Register to Energy Research and Testing Laboratory Services – Online Services Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Client registers to Energy Research and Testing Laboratory Services – Online Services Management System only once. 2. If the client is already registered, skip this step, and proceed to client step no. 2. 3. If Energy Research and Testing Laboratory Services - Online Services Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests. Please refer to "ERTLS-LATD25-42 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing with Energy Saving Device through Manual Processing". 4. For special cases of testing/calibration, clients may prefer to call beforehand to check if Lighting and Appliance Testing Division can render the service. Client may also bring the test/calibration sample for walk-in application but will also be instructed to register and request service through Energy Research and Testing Laboratory Services – Online Services Management System. 5. When a client brings their sample(s) for walk-in application, our staff will inspect them to ensure they are suitable for testing. If any indications of mishandling or other factors that could impact the test's accuracy are	1.1. 111. ERTLS-LATD12-01 Energy Performance Testing of Clothes Washing Machines (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

Office or Division:	Lighting and Appliance Testing Division (LATD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders
Operating Hours:	7:00 AM - 4:00 PM
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Working electronic mail account (Sample: 1 email account)	Applicant / Client
Remarks: Electronic mail account is necessary for one-time registration to Energy Research and Testing Laboratory Services - Online Services Management System account.	
2. Electronic Signature (Sample: 1 Electronic Signature)	Applicant / Client
Remarks: Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online Services Management System. Electronic signature should be in format of Portable Network Graphic (PNG).	
3. Photographs of the test sample/s to be tested (Sample: 4 Photographs)	Applicant / Client
Remarks: Please upload the following photographs in Energy Research and Testing Laboratory Services - Online Services Management System: 1. Front view of the box of the clothes washing machine to be tested 2. Front view of the clothes washing machine to be tested 3. Name plate rating of the clothes washing machine to be tested 4. Serial number of the clothes washing machine to be tested	
4. Working/Functional Clothes Washing Machine/s (Sample: 2 Sample/s)	Applicant / Client
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. Samples submitted for testing should be complete with accessories and other peripherals (e.g., filters, inlet and drain hoses, connectors). 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable.	

7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.
8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.

<i>Remarks:</i> Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online Services Management System. Electronic signature should be in format of Portable Network Graphic (PNG).		
3. Photographs of the test sample/s to be tested (Sample: 4 Photographs)	Applicant / Client	
<i>Remarks:</i> Please upload the following photographs in Energy Research and Testing Laboratory Services - Online Services Management System: 1. Front view of the box of the clothes washing machine to be tested 2. Front view of the clothes washing machine to be tested 3. Name plate rating of the clothes washing machine to be tested 4. Serial number of the clothes washing machine to be tested		
4. Working/Functional Clothes Washing Machine with Energy Saving Device (Sample: 1 Sample)	Applicant / Client	

Remarks:

1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing.
2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form.
3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement.
4. Samples submitted for testing should be complete with accessories and other peripherals (e.g., filters, inlet and drain hoses, connectors).
5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes.
6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes:
 - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued.
 - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued.
 - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable.
7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.
8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Register to Energy Research and Testing Laboratory Services – Online Services Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Client registers to Energy Research and Testing Laboratory Services – Online Services Management System only once. 2. If the client is already registered, skip this step, and proceed to client step no. 2. 3. If Energy Research and Testing Laboratory Services - Online Services Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests. Please refer to "ERTLS-LATD26-03 Energy Performance Testing of Clothes Washing Machines with Energy Saving Device through Manual Processing". 4. For special cases of testing/calibration, clients may prefer to call beforehand to check if Lighting and Appliance Testing Division can render the service. Client may also bring the test/calibration sample for walk-in application but will also be instructed to	1.1. Assist client in registration to Energy Research and Testing Laboratory Services – Online Services Management System. Prepare the test report/s and transmittal letter.	2 working day/s Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist;; Lighting and Appliance Testing Division (LATD)
	5.5. Review and Approve Test Report/s, and review transmittal letter	1 working day/s Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

	5.6. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	5.7. Upload test report and transmittal letter to Energy Research and Testing Laboratory Services - Online Services Management System. Client will be notified in the Energy Research and Testing Laboratory Services - Online Services Management System once the test report and transmittal letter are ready for download		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

After one-time registration and submission of service request to Energy Research and Testing Laboratory Services - Online Services Management System, client shall upload proof of payment.

Total Processing Time:	Working Days: 6 working day/s, 4 hour/s
Total Processing Fee:	Total Standard Fee: PHP 4700 See other fees below

Possible Fees

- Testing of two samples of Television Sets : 9400

116. ERTLS-LATD13-02 Energy Performance Testing of Television Sets (For 5 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

Office or Division:	Lighting and Appliance Testing Division (LATD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders
Operating Hours:	7:00 AM - 4:00 PM
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Working electronic mail account (Sample: 1 email account)	Applicant / Client
Remarks: Electronic mail account is necessary for one-time registration to Energy Research and Testing Laboratory Services - Online Services Management System account.	
2. Electronic Signature (Sample: 1 Electronic Signature)	Applicant / Client
Remarks: Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online Services Management System. Electronic signature should be in format of Portable Network Graphic (PNG).	
3. Photographs of the test sample/s to be tested (Sample: 4 Photographs)	Applicant / Client
Remarks: Please upload the following photographs in Energy Research and Testing Laboratory Services - Online Services Management System: 1. Front view of the box of the television set to be tested 2. Front view of the television set to be tested 3. Name plate rating of the television set to be tested 4. Serial number of the television set to be tested	
4. Working/Functional Television Set/s (Sample: 5 Sample/s)	Applicant / Client
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. Samples submitted for testing should have a complete set of accessories (e.g., remote control). 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - o First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - o Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - o Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.	

8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Register to Energy Research and Testing Laboratory Services – Online Services Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Client registers to Energy Research and Testing Laboratory Services – Online Services Management System only once. 2. If the client is already registered, skip this step, and proceed to client step no. 2. 3. If Energy Research and Testing Laboratory Services - Online Services Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests. Please refer to "ERTLS-LATD27-02 Energy Performance Testing of Television Sets (For 5 Samples) through Manual Processing". 4. For special cases of testing/calibration, clients may prefer to call beforehand to check if Lighting and Appliance Testing Division can render the service. Client may also bring the test/calibration sample for walk-in application but will also be instructed to register and request service through Energy Research and Testing Laboratory Services – Online Services Management System. 5. When a client brings their sample(s) for walk-in application, our staff will inspect them to ensure they are suitable for testing. If any indications of mishandling or other factors that could impact the test's accuracy are detected, Lighting and Appliance Testing Division - Lighting and Other Electrical Devices Section will reject the service request. The client may	1.1. Assist client in registration to Energy Research and Testing Laboratory Services – Online Services Management System. 119. ERTLS-LATD14-01 Energy Performance Testing of Cooking Stoves (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

Office or Division:	Lighting and Appliance Testing Division (LATD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)	
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders	
Operating Hours:	7:00 AM - 4:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Working electronic mail account (Sample: 1 email account)	Applicant / Client	
Remarks: Electronic mail account is necessary for one-time registration to Energy Research and Testing Laboratory Services - Online Services Management System account.		
2. Electronic Signature (Sample: 1 Electronic Signature)	Applicant / Client	
Remarks: Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online Services Management System. Electronic signature should be in format of Portable Network Graphic (PNG).		
3. Photographs of the test sample/s to be tested (Sample: 4 Photographs)	Applicant / Client	
Remarks: Please upload the following photographs in Energy Research and Testing Laboratory Services - Online Services Management System: 1. Front view of the box of the cooking stoves to be tested 2. Front view of the cooking stoves to be tested 3. Name plate rating of the cooking stoves to be tested 4. Serial number of the cooking stoves to be tested		
4. Working/Functional Cooking Stoves (Sample: 2 Sample/s)	Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. Samples submitted for testing should have a complete set of accessories (e.g., remote control). 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - o First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - o Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - o Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.		

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Register to Energy Research and Testing Laboratory Services – Online Services Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Client registers to Energy Research and Testing Laboratory Services – Online Services Management System only once. 2. If the client is already registered, skip this step, and proceed to client step no. 2. 3. If Energy Research and Testing Laboratory Services - Online Services Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests. 2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s	3.1. Verify client's payment	Formula Fees Breakdown:	2 hour/s	Collection Officer; Treasury Division (TD)

to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.2. Approve the service request.	Test Samples and Fees Table	2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the inspection sample/s to be inspected to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - After paying of fees, client may go home and wait for the completion of service. - Lighting and Appliance Testing Division will inform the client if the inspection report is ready for pick up. - The client is responsible for logistic arrangements and fees. - Claim/retrieve the inspection sample at Lighting Appliance Testing Division - Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.1. Conduct inspection by accomplishing inspection form/s and takes photographs of the sample/s being inspected	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Compare generic model to its base model by conducting physical inspection to the actual base model brought by the client. If the sample is requested for inspection of exempted products, Appliance and Equipment Section verify the sample if it is exempted or not.		2 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Finalize the inspection report. Either generic model is the same as its base model or not, Appliance and Equipment section ensures that the client signed and conformed the inspection form. The same applies with exempted products		2 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist;

			Lighting and Appliance Testing Division (LATD)
4.4. Prepare the individual inspection report, summary matrix of individual inspection report, and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4.5. Review and approve the individual inspection report, summary matrix of individual inspection report, and transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4.6. Review and sign the transmittal letter.		4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
4.7. Prepare receiving copy of inspection report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.			
Total Processing Time:		Working Days: 5 working day/s

Php 3,000.00

122. ERTLS-LATD15-01 Inspection of Generic Models / Exempted Products for Air Conditioners (for 6 to 10 Samples) through Manual Processing

ISO 9001:2015 Certified

Inspection of generic models / exempted products are services related to Philippine Energy Labeling Program (PELP) rendered by LATL.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of inspection requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Private companies, industries, academe, government institutions, private citizens.			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Air conditioner generic model (Sample: 6-10 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the sample during inspection. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of inspection sample/instrument submitted when found to be faulty/defective during inspection. The item will be rejected and returned to the customer for replacement.

Samples

Fees

Inspection fee per sample of clothes washing machine

Php 600.00/ sample

Total inspection fee for five samples of clothes washing machines

Php 3,000.00

126. ERTLS-LATD17-01 Inspection of Generic Models / Exempted Products for Clothes Washing Machines (for 6 to 10 Samples) through Manual Processing

ISO 9001:2015 Certified

Inspection of generic models / exempted products are services related to Philippine Energy Labeling Program (PELP) rendered by LATL.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of inspection requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Private companies, industries, academe, government institutions, private citizens.			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Applicant / Client	
<i>Remarks:</i> Client shall completely fill out the Service Request Form (SRF).				
2. Clothes washing machine generic model (Sample: 6-10 Sample/s)			Applicant / Client	
<i>Remarks:</i> 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the sample during inspection. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of inspection sample/instrument submitted when found to be faulty/defective during inspection. The item will be rejected and returned to the customer for replacement.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I /

				Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction:	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
4. Submit/bring/send the inspection sample/s to be inspected to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: 1. After paying of fees, client may go home and wait for the completion of service. 2. Lighting and Appliance Testing Division will inform the client if the inspection report is ready for pick up. 3. The client is responsible for logistic arrangements and fees. 4. Claim/retrieve the inspection sample at Lighting Appliance Testing Division - Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.1. Conduct inspection by accomplishing inspection form/s and takes photographs of the sample/s being inspected	None	1 working day/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Compare generic model to its base model by conducting physical inspection to the actual base model brought by the client. If the sample is requested for inspection of exempted products, Appliance and Equipment Section verify the sample if it is exempted or not.		4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Finalize the inspection report. Either generic model is the same as its base model or not, Appliance and Equipment section ensures that the client signed and conformed the inspection form. The same applies with exempted products.		4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Prepare the individual inspection report, summary matrix of individual inspection report, and transmittal letter.		1 working day/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I /

				Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and approve the individual inspection report, summary matrix of individual inspection report, and transmittal letter		1 working day/s	• Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.6. Review and sign the transmittal letter.		4 hour/s	• Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.7. Prepare receiving copy of inspection report and hand the original copy to the client		4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks				
Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

129. ERTLS-LATD19 Calibration of Electrical Instruments for External Customers (for 1 to 5 Calibration Points per Parameter - AC/DC Voltage, AC/DC Current and Resistance) through Manual Processing

ISO 9001:2015 Ceerified

Calibration work is conducted to accommodate external customers. Services offered are calibration of 1) Digital Power Meter up to 30KW; 2) Digital Multimeter up to 1000V AC/DC, 30A AC/DC (applied scope of accreditation is only up to 10A AC/DC) and Resistance up to 10GΩ (applied scope of accreditation is only up to 100MΩ); 3) AC/DC Voltmeters up to 1000V AC/DC; 4) AC/DC Ammeters up to 30A AC/DC (applied scope of accreditation is only up to 10A AC/DC); 5) Ohmmeters up to 10GΩ (applied scope of accreditation is only up to 100MΩ); 6) Resistors up to 10GΩ and; 7) Clamp Meters up to 1000V AC/DC, 30A AC/DC and Resistance up to 10GΩ.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of calibration requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Private companies, industries, academe, government institutions, private citizens.			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Calibration Sample (Sample: 1 Calibration Sample)			Applicant / Client	
Remarks: - Calibration items accepted by Lighting and Appliance Testing Division are the following: Digital Power Meters (Single Phase), Digital Multimeters, AC/DC Voltmeters, AC/DC Ammeters, Ohmmeters, Resistors and Clamp Meters - Lighting and Appliance Testing Division shall accept one calibration item per service request. - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the calibration sample during calibration. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of calibration samples when found to be faulty/defective during inspection/calibration. The calibration sample will be rejected and returned to the customer for replacement. - Range of calibrations is normally up to five (5) points per parameter. Additional points shall entail additional payment. - Calibration sample shall be clean must be clean and in good working condition and be accompanied by its operation and/or service manual if possible. - If the customer does not request calibration points, Lighting and Appliance Testing Division will refer to the manual/specification of the item to be calibrated. If all these are unavailable, calibration ranges provided on the updated version of European Association of National Metrology Institutes will be used. - The client shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the calibration sample to process necessary documents and passes. - After calibration, Lighting and Appliance Testing Division will issue notices to customers for claiming calibration items according to the following frames: - First Notice – Customer must claim the calibration items within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the calibration items within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed calibration items, as applicable. - Only calibration samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out calibration sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Submit/bring/send the calibration sample to Lighting and Appliance Testing Division - Calibration/Instrumentation and Control Section for visual inspection and checking Location: 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: 1. If client brings their equipment for walk-in application, staff conducts functionality check of equipment for calibration. During functionality check, if the equipment is malfunctioning, not operating properly or has physical damages, Lighting and Appliance Testing Division will not process the service request and decline from calibrating the equipment. 2. The client is responsible for logistic arrangements and fees.	1. Conduct physical inspection and functionality check to calibration sample	None	4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Fill out service request form Location: 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Review the service request form		40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

				Appliance Testing Division (LATD)
3. Request for Order of Payment Location: 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	3.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	3.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	3.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	3.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction:	4.1. Verify client's payment	Formula Fees Breakdown: Calibration Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	4.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Conduct Calibration (Default request is 5 points per parameter)		1 working day/s, 4 hour/s	Laboratory Technician II / Science Research Analyst / Science

1. After paying of fees, client may go home and wait for the completion of service. 2. Lighting and Appliance Testing Division will inform the client if the calibration certificate is ready for pick up. 3. Claim/retrieve the calibrated equipment at Lighting Appliance Testing Division - Calibration/Instrumentation and Control Section 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Compute for measurement uncertainty	1 working day/s, 4 hour/s	Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Prepare calibration certificate	1 working day/s	Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.6. Review and approve calibration certificate	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist / Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.7. Prepare receiving copy or calibration certificate and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

130. ERTLS-LATD19-01 Calibration of Electrical Instruments for External Customers (for Additional Point) through Manual Processing

ISO 9001:2015 Certified

Calibration work is conducted to accommodate external customers. Services offered are calibration of 1) Digital Power Meter up to 30KW; 2) Digital Multimeter up to 1000V AC/DC, 30A AC/DC (applied scope of accreditation is only up to 10A AC/DC) and Resistance up to 10GΩ (applied scope of accreditation is only up to 100MΩ); 3) AC/DC Voltmeters up to 1000V AC/DC; 4) AC/DC Ammeters up to 30A AC/DC (applied scope of accreditation is only up to 10A AC/DC); 5) Ohmmeters up to 10GΩ (applied scope of accreditation is only up to 100MΩ); 6) Resistors up to 10GΩ and; 7) Clamp Meters up to 1000V AC/DC, 30A AC/DC and Resistance up to 10GΩ.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of calibration requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Private companies, industries, academe, government institutions, private citizens.			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS				
WHERE TO SECURE				
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy	Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division			
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Calibration Sample (Sample: 1 Calibration Sample)	Applicant / Client			
Remarks: - Calibration items accepted by Lighting and Appliance Testing Division are the following: Digital Power Meters (Single Phase), Digital Multimeters, AC/DC Voltmeters, AC/DC Ammeters, Ohmmeters, Resistors and Clamp Meters - Lighting and Appliance Testing Division shall accept one calibration item per service request. - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the calibration sample during calibration. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of calibration samples when found to be faulty/defective during inspection/calibration. The calibration sample will be rejected and returned to the customer for replacement. - Range of calibrations is normally up to five (5) points per parameter. Additional points shall entail additional payment. - Calibration sample shall be clean must be clean and in good working condition and be accompanied by its operation and/or service manual if possible. - If the customer does not request calibration points, Lighting and Appliance Testing Division will refer to the manual/specification of the item to be calibrated. If all these are unavailable, calibration ranges provided on the updated version of European Association of National Metrology Institutes will be used. - The client shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the calibration sample to process necessary documents and passes. - After calibration, Lighting and Appliance Testing Division will issue notices to customers for claiming calibration items according to the following frames: - First Notice – Customer must claim the calibration items within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the calibration items within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed calibration items, as applicable. - Only calibration samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out calibration sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Submit/bring/send the calibration sample to Lighting and Appliance Testing Division - Calibration/Instrumentation and Control Section for visual inspection and checking Location: 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: 1. If client brings their equipment for walk-in application, staff conducts functionality check of equipment for calibration. During functionality check, if the equipment is malfunctioning, not operating properly or has physical damages, Lighting and Appliance Testing Division will not process the service request and decline from calibrating the equipment. 2. The client is responsible for logistic arrangements and fees.	1. Conduct physical inspection and functionality check to calibration sample	None	4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Fill out service request form Location: 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Review the service request form		40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

				Appliance Testing Division (LATD)
3. Request for Order of Payment Location: 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	3.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	3.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	3.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	3.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction:	4.1. Verify client's payment	Possible Fees Breakdown: Calibration of Digital Power Meter (DPM) with additional 10 calibration points: PHP 8400 Calibration of Digital Multimeter (DMM) up to 4 ½ Digital Resolution with additional 10 calibration points: PHP 5250	2 hour/s	Collection Officer; Treasury Division (TD)
	4.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Conduct Calibration (Request for Additional Point)		1 working day/s, 5 hour/s	Laboratory Technician II / Science Research Analyst / Science

1. After paying of fees, client may go home and wait for the completion of service. 2. Lighting and Appliance Testing Division will inform the client if the calibration certificate is ready for pick up. 3. Claim/retrieve the calibrated equipment at Lighting Appliance Testing Division - Calibration/Instrumentation and Control Section 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. 133. ERTLS-LATD21 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Zero Ageing (For 1 Sample) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1 Sample)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.

33W-40W LFL and CFL Life Test every next 1,000 hrs	Php 4,000.00/Batch
Other Light Sources above 40W-100W @ 100 hrs Life Test	Php 8,400.00/Batch
Other Light Sources above 40W-100W @ 1,900 hrs Life Test	Php 26,400.00/Batch
Other Light Sources above 40W-100W Lumen Maintenance	Php 34,800.00/Batch
Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

135. ERTLS-LATD21-02 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Initial Rating Test with 100 Hours Ageing (For 1 Sample) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1 Sample)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: o First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2 nd notice will be issued. o Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3 rd notice will be issued. o Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research

				Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research

				Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up.	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		5 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Appliance Testing Division (LATD) • Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	• Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	• Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks				
Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
Total Processing Time:		Working Days: 9 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Formula / Schedule of Fees				

• **Test Samples and Fees Table**

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch
10W-22W LFL and CFL Life Test (100 hrs)	Php 7,620.00/Batch
23W-32W LFL and CFL Life Test (100 hrs) –	Php 7,720.00/Batch
23W-32W LFL and CFL Life Test (1,900 hrs)	Php 13,480.00/Batch
23W-32W LFL and CFL Lumen Maintenance	Php 21,200.00/Batch
23W-32W LFL and CFL Life Test every next 1,000 hrs –	Php 3,200.00/Batch
33W-40W LFL and CFL Life Test (100 hrs)	Php 7,800.00/Batch
33W-40W LFL and CFL Life Test (1,900 hrs)	Php 15,000.00/Batch
33W-40W LFL and CFL Lumen Maintenance	Php 22,800.00/Batch
33W-40W LFL and CFL Life Test every next 1,000 hrs	Php 4,000.00/Batch
Other Light Sources above 40W-100W @ 100 hrs Life Test	Php 8,400.00/Batch
Other Light Sources above 40W-100W @ 1,900 hrs Life Test	Php 26,400.00/Batch
Other Light Sources above 40W-100W Lumen Maintenance	Php 34,800.00/Batch
Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

136. ERTLS-LATD21-03 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Initial Rating Test with 100 Hours Ageing (For 2 Samples) through Manual Processing

ISO 9001:2015

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment 3.2. Approve the service request.	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s 2 hour/s	- Collection Officer; Treasury Division (TD) - Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s 4.2. Conduct the test request	None	4 hour/s 30 working day/s	- Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD) - Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

138. ERTLS-LATD21-05 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 30 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-30 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Other Light Sources above 40W-100W @ 1,900 hrs Life Test	Php 26,400.00/Batch
Other Light Sources above 40W-100W Lumen Maintenance	Php 34,800.00/Batch
Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

140. ERTLS-LATD21-07 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Fluorescent Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 20 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-20 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		25 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 29 working day/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch

	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		293 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

143. ERTLS-LATD21-10 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Life Test for 15,000 Hours Rated Lamp Life of Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-20 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		701 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

145. ERTLS-LATD21-12 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps (15,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS				
WHERE TO SECURE				
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy	Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division			
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-10 Sample/s)	Applicant / Client			
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		15 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 19 working day/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch

	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		27 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

148. ERTLS-LATD21-15 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps Lamps 1,000 Burning Hours in Test Chamber (Regardless of Rated Lamp Life) Endurance Test – Temperature Cycling Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-10 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: o First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2 nd notice will be issued. o Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3 rd notice will be issued. o Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive,	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I /

Corner 34th Street, Bonifacio Global City				Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst

				/ Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	• Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	• Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: 1. Corresponding fees should have been paid already in step 3 according to the type of testing service requested. 2. Client shall ensure that the delivered test sample/s is working properly. 3. The client is responsible for logistic arrangements and fees. 4. Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform	4.1. Receive the test sample/s	None	4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		52 working day/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist;

the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Other Light Sources above 40W-100W Lumen Maintenance	Php 34,800.00/Batch
Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

150. ERTLS-LATD21-17 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 3,750 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-20 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.4. Receive Order of Payment from Accounting Division.			
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		176 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 180 working day/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch

	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up.	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Appliance Testing Division (LATD) • Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	• Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	• Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks				
Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
Total Processing Time:		Working Days: 5 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Formula / Schedule of Fees				

• **Test Samples and Fees Table**

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch
10W-22W LFL and CFL Life Test (100 hrs)	Php 7,620.00/Batch
23W-32W LFL and CFL Life Test (100 hrs) –	Php 7,720.00/Batch
23W-32W LFL and CFL Life Test (1,900 hrs)	Php 13,480.00/Batch
23W-32W LFL and CFL Lumen Maintenance	Php 21,200.00/Batch
23W-32W LFL and CFL Life Test every next 1,000 hrs –	Php 3,200.00/Batch
33W-40W LFL and CFL Life Test (100 hrs)	Php 7,800.00/Batch
33W-40W LFL and CFL Life Test (1,900 hrs)	Php 15,000.00/Batch
33W-40W LFL and CFL Lumen Maintenance	Php 22,800.00/Batch
33W-40W LFL and CFL Life Test every next 1,000 hrs	Php 4,000.00/Batch
Other Light Sources above 40W-100W @ 100 hrs Life Test	Php 8,400.00/Batch
Other Light Sources above 40W-100W @ 1,900 hrs Life Test	Php 26,400.00/Batch
Other Light Sources above 40W-100W Lumen Maintenance	Php 34,800.00/Batch
Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

153. ERTLS-LATD21-20 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Electrical Measurements (For 2 Samples) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 2 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research

				Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research

				Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up.	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		2 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Appliance Testing Division (LATD) • Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	• Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	• Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up.	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks				
Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
Total Processing Time:		Working Days: 5 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Formula / Schedule of Fees				

• **Test Samples and Fees Table**

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch

Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

156. ERTLS-LATD22-01 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Zero Ageing (For 2 Samples) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 2 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research

				Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research

				Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up.	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		2 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	• Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	• Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks				
Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

158. ERTLS-LATD22-03 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Initial Rating Test with 100 Hours Ageing (For 2 Samples) through Manual Processing

USO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 2 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research

				Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research

				Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up.	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		6 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Appliance Testing Division (LATD) Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks				
Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
Total Processing Time:		Working Days: 10 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Formula / Schedule of Fees				

• **Test Samples and Fees Table**

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch
10W-22W LFL and CFL Life Test (100 hrs)	Php 7,620.00/Batch
23W-32W LFL and CFL Life Test (100 hrs) –	Php 7,720.00/Batch
23W-32W LFL and CFL Life Test (1,900 hrs)	Php 13,480.00/Batch
23W-32W LFL and CFL Lumen Maintenance	Php 21,200.00/Batch
23W-32W LFL and CFL Life Test every next 1,000 hrs –	Php 3,200.00/Batch
33W-40W LFL and CFL Life Test (100 hrs)	Php 7,800.00/Batch
33W-40W LFL and CFL Life Test (1,900 hrs)	Php 15,000.00/Batch
33W-40W LFL and CFL Lumen Maintenance	Php 22,800.00/Batch
33W-40W LFL and CFL Life Test every next 1,000 hrs	Php 4,000.00/Batch
Other Light Sources above 40W-100W @ 100 hrs Life Test	Php 8,400.00/Batch
Other Light Sources above 40W-100W @ 1,900 hrs Life Test	Php 26,400.00/Batch
Other Light Sources above 40W-100W Lumen Maintenance	Php 34,800.00/Batch
Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

159. ERTLS-LATD22-04 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps Initial Rating Test Zero Aging (Maximum Number of Sample is 30 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

161. ERTLS-LATD22-06 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Fluorescent Lamps Initial Rating Test Zero Aging (Maximum Number of Sample is 20 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-20 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		20 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

163. ERTLS-LATD22-08 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 2,000 Hours Lumen Maintenance Test for Fluorescent Lamps Regardless of Rated Lamp Life (Maximum Number of Sample is 20 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-20 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		111 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 115 working day/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch
10W-22W LFL and CFL Life Test (100 hrs)	Php 7,620.00/Batch
23W-32W LFL and CFL Life Test (100 hrs) –	Php 7,720.00/Batch
23W-32W LFL and CFL Life Test (1,900 hrs)	Php 13,480.00/Batch
23W-32W LFL and CFL Lumen Maintenance	Php 21,200.00/Batch
23W-32W LFL and CFL Life Test every next 1,000 hrs –	Php 3,200.00/Batch

Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

166. ERTLS-LATD22-11 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (8,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-10 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.4. Receive Order of Payment from Accounting Division.			
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		13 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

168. ERTLS-LATD22-13 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (25,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-10 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		19 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 23 working day/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch
10W-22W LFL and CFL Life Test (100 hrs)	Php 7,620.00/Batch
23W-32W LFL and CFL Life Test (100 hrs) –	Php 7,720.00/Batch
23W-32W LFL and CFL Life Test (1,900 hrs)	Php 13,480.00/Batch
23W-32W LFL and CFL Lumen Maintenance	Php 21,200.00/Batch
23W-32W LFL and CFL Life Test every next 1,000 hrs –	Php 3,200.00/Batch
33W-40W LFL and CFL Life Test (100 hrs)	Php 7,800.00/Batch
33W-40W LFL and CFL Life Test (1,900 hrs)	Php 15,000.00/Batch
33W-40W LFL and CFL Lumen Maintenance	Php 22,800.00/Batch
33W-40W LFL and CFL Life Test every next 1,000 hrs	Php 4,000.00/Batch
Other Light Sources above 40W-100W @ 100 hrs Life Test	Php 8,400.00/Batch
Other Light Sources above 40W-100W @ 1,900 hrs Life Test	Php 26,400.00/Batch
Other Light Sources above 40W-100W Lumen Maintenance	Php 34,800.00/Batch
Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

169. ERTLS-LATD22-14 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (50,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ISO 9001:2015 Certified

	3.2. Approve the service request.		2 hour/s	• Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: 1. Corresponding fees should have been paid already in step 3 according to the type of testing service requested. 2. Client shall ensure that the delivered test sample/s is working properly. 3. The client is responsible for logistic arrangements and fees. 4. Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform	4.1. Receive the test sample/s	None	4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		52 working day/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist;

the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.				Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
Total Processing Time:		Working Days: 56 working day/s

Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

171. ERTLS-LATD22-16 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 2,000 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-20 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: o First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2 nd notice will be issued. o Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3 rd notice will be issued. o Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		176 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

173. ERTLS-LATD22-18 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 6,000 Burning Hours Lumen Maintenance Test for Light Emitting Diode Lamps (Maximum Number of Sample is 20 per Request) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Omnidirectional/Non-Directional Light Source/s (Sample: 1-20 Sample/s)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve		40 minute/s	Accounting Division Staff; Accounting Division (AD)

	Order of Payment send it to the client's email.			
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		270 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

liable for any damage on test sample/s during logistics. 5. Wait for the completion of test service. 6. Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. 7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.			Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.3. Prepare the test report/s and transmittal letter.	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter	4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter	4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks			

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 274 working day/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch
10W-22W LFL and CFL Life Test (100 hrs)	Php 7,620.00/Batch
23W-32W LFL and CFL Life Test (100 hrs) –	Php 7,720.00/Batch

	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up.	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		2 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

7. Claim/retrieve the sample at Lighting Appliance Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Appliance Testing Division (LATD) • Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	• Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	• Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks				
Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
Total Processing Time:		Working Days: 6 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Formula / Schedule of Fees				

• **Test Samples and Fees Table**

Samples	Fees
Sphere Photometry	Php 740.00
Gonio Photometry	Php 11,600.00/ sample
Electrical Measurement	Php 440.00/ Batch
LED lamps Endurance Test – Temperature Cycling Test	Php 10,800.00/ Batch
LED lamps Endurance Test – Supply Switching Test –	Php 2,200.00/ Batch
LED lamps Initial Rating Test (zero ageing)	Php 22,200.00/Batch
10W-22W LED lamps Lumen Maintenance (3,750 hrs)	Php 23,050.00/Batch
23W-32W LED lamps Lumen Maintenance (3,750 hrs)	Php 26,800.00/Batch
33W-40W LED lamps Lumen Maintenance (3,750 hrs)	Php 29,800.00/Batch
40W-100W LED lamps Lumen Maintenance (3,750 hrs)	Php 52,300.00/Batch
100W-200W LED lamps Lumen Maintenance (3,750 hrs)	Php 89,800.00/Batch
10W-22W LED lamps Lumen Maintenance (6,000 hrs)	Php 28,000.00/Batch
23W-32W LED lamps Lumen Maintenance (6,000 hrs)	Php 34,000.00/Batch
33W-40W LED lamps Lumen Maintenance (6,000 hrs)	Php 38,800.00/Batch
40W-100W LED lamps Lumen Maintenance (6,000 hrs)	Php 74,800.00/Batch
100W-200W LED lamps Lumen Maintenance (6,000 hrs)	Php 134,800.00/Batch
10W-22W LFL and CFL Life Test (1,900 hrs)	Php 11,580.00/Batch
10W-22W LFL and CFL Lumen Maintenance	Php 19,200.00/Batch
10W-22W LFL and CFL Life Test every next 1,000 hrs –	Php 2,200.00/Batch
10W-22W LFL and CFL Life Test (100 hrs)	Php 7,620.00/Batch
23W-32W LFL and CFL Life Test (100 hrs) –	Php 7,720.00/Batch
23W-32W LFL and CFL Life Test (1,900 hrs)	Php 13,480.00/Batch
23W-32W LFL and CFL Lumen Maintenance	Php 21,200.00/Batch
23W-32W LFL and CFL Life Test every next 1,000 hrs –	Php 3,200.00/Batch
33W-40W LFL and CFL Life Test (100 hrs)	Php 7,800.00/Batch
33W-40W LFL and CFL Life Test (1,900 hrs)	Php 15,000.00/Batch
33W-40W LFL and CFL Lumen Maintenance	Php 22,800.00/Batch
33W-40W LFL and CFL Life Test every next 1,000 hrs	Php 4,000.00/Batch
Other Light Sources above 40W-100W @ 100 hrs Life Test	Php 8,400.00/Batch
Other Light Sources above 40W-100W @ 1,900 hrs Life Test	Php 26,400.00/Batch
Other Light Sources above 40W-100W Lumen Maintenance	Php 34,800.00/Batch
Other Light Sources above 40W-100W @ Life Test at every 1,000 hrs	Php 10,000.00/Batch
Other Light Sources above 100W-200W @ 100 hrs Life Test	Php 9,400.00/Batch
Other Light Sources above 100W-200W @ 1,900 hrs Life Test-	Php 45,400.00/Batch
Other Light Sources above 100W-200W Lumen Maintenance	Php 54,800.00/Batch
Other Light Sources above 100W-200W @ Life Test at every 1,000 hrs	Php 20,000.00/Batch

176. ERTLS-LATD22-21 Energy Performance Testing of Energy Saving Device (Omnidirectional/Nondirectional Lighting Load using Gonio Photometer) through Manual Processing

Tests, among others, are conducted in support of the Philippine Energy Labelling Program (PELP) as well as in support of the research and development activities of local manufacturers, lighting application companies, importers, the industry sector, academe, and government institutions. The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Light Source with Energy Saving Device (Sample: 1 Sample)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: ◦ First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2 nd notice will be issued. ◦ Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3 rd notice will be issued. ◦ Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science

				Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

The testing covers either the photometric or electrical characteristics of the test samples or both the photometric and electrical characteristics of the test samples.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, lighting industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Light Source with Energy Saving Device (Sample: 1 Sample)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. A technical representative should be present during the submission of samples for the conduct of pre-testing inspection and evaluation. 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science

				Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Lighting and other Electrical Devices Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance	4.1. Receive the test sample/s	None	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Conduct the test request		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Testing Division - Lighting and other Electrical Devices Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Prepare the test report/s and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and Approve Test Report/s, and prepares transmittal letter		4 hour/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.5. Review and sign the transmittal letter		4 hour/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.6. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks				
Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
Total Processing Time:		Working Days: 5 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Formula / Schedule of Fees				
Test Samples and Fees Table				

Samples

Light Source - Performance Verification Test with and without Energy Saving Device using
Sphere Photometry

Fees

Php 1,480.00

Light Source - Performance Verification Test with and without Energy Saving Device using
Gonio Photometry

Php 23,200.00

Energy Saving Device Electrical Measurement Self Consumption Test

Php 440.00

180. ERTLS-LATD24 Energy Performance Testing of Air Conditioners for Fixed Speed (For 1 Sample) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Freezing Capacity (Optional)	Php 10,000.00/ sample

187. ERTLS-LATD25-01 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance/s (Sample: 3 Samples)			Applicant / Client	
Remarks: 1. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. 2. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 3. Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. 4. Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume 5. The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. 6. After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - o First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - o Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - o Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. 7. Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. 8. Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science

				Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System 2.2. Approve the Billing Statement 2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email. 2.4. Receive Order of Payment from Accounting Division.	None	40 minute/s 40 minute/s 40 minute/s 40 minute/s	- Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD) - Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD) - Accounting Division Staff; Accounting Division (AD) - Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance Testing Division -	4.1. Conduct the test request	None	22 working day/s, 4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		3 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance/s (Sample: 3 Samples)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science

				Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance Testing Division -	4.1. Conduct the test request	None	45 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		3 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 51 working day/s, 4 hour/s

	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance Testing Division -	4.1. Conduct the test request	None	11 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		2 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 16 working day/s, 4 hour/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Testing of Refrigerator – Complete Test	Php 24,000.00/ sample
Testing of Refrigerator – Partial Test	Php 14,200.00/ sample
Ice Making Test (Optional)	Php 10,000.00/ sample
Freezing Capacity (Optional)	Php 10,000.00/ sample

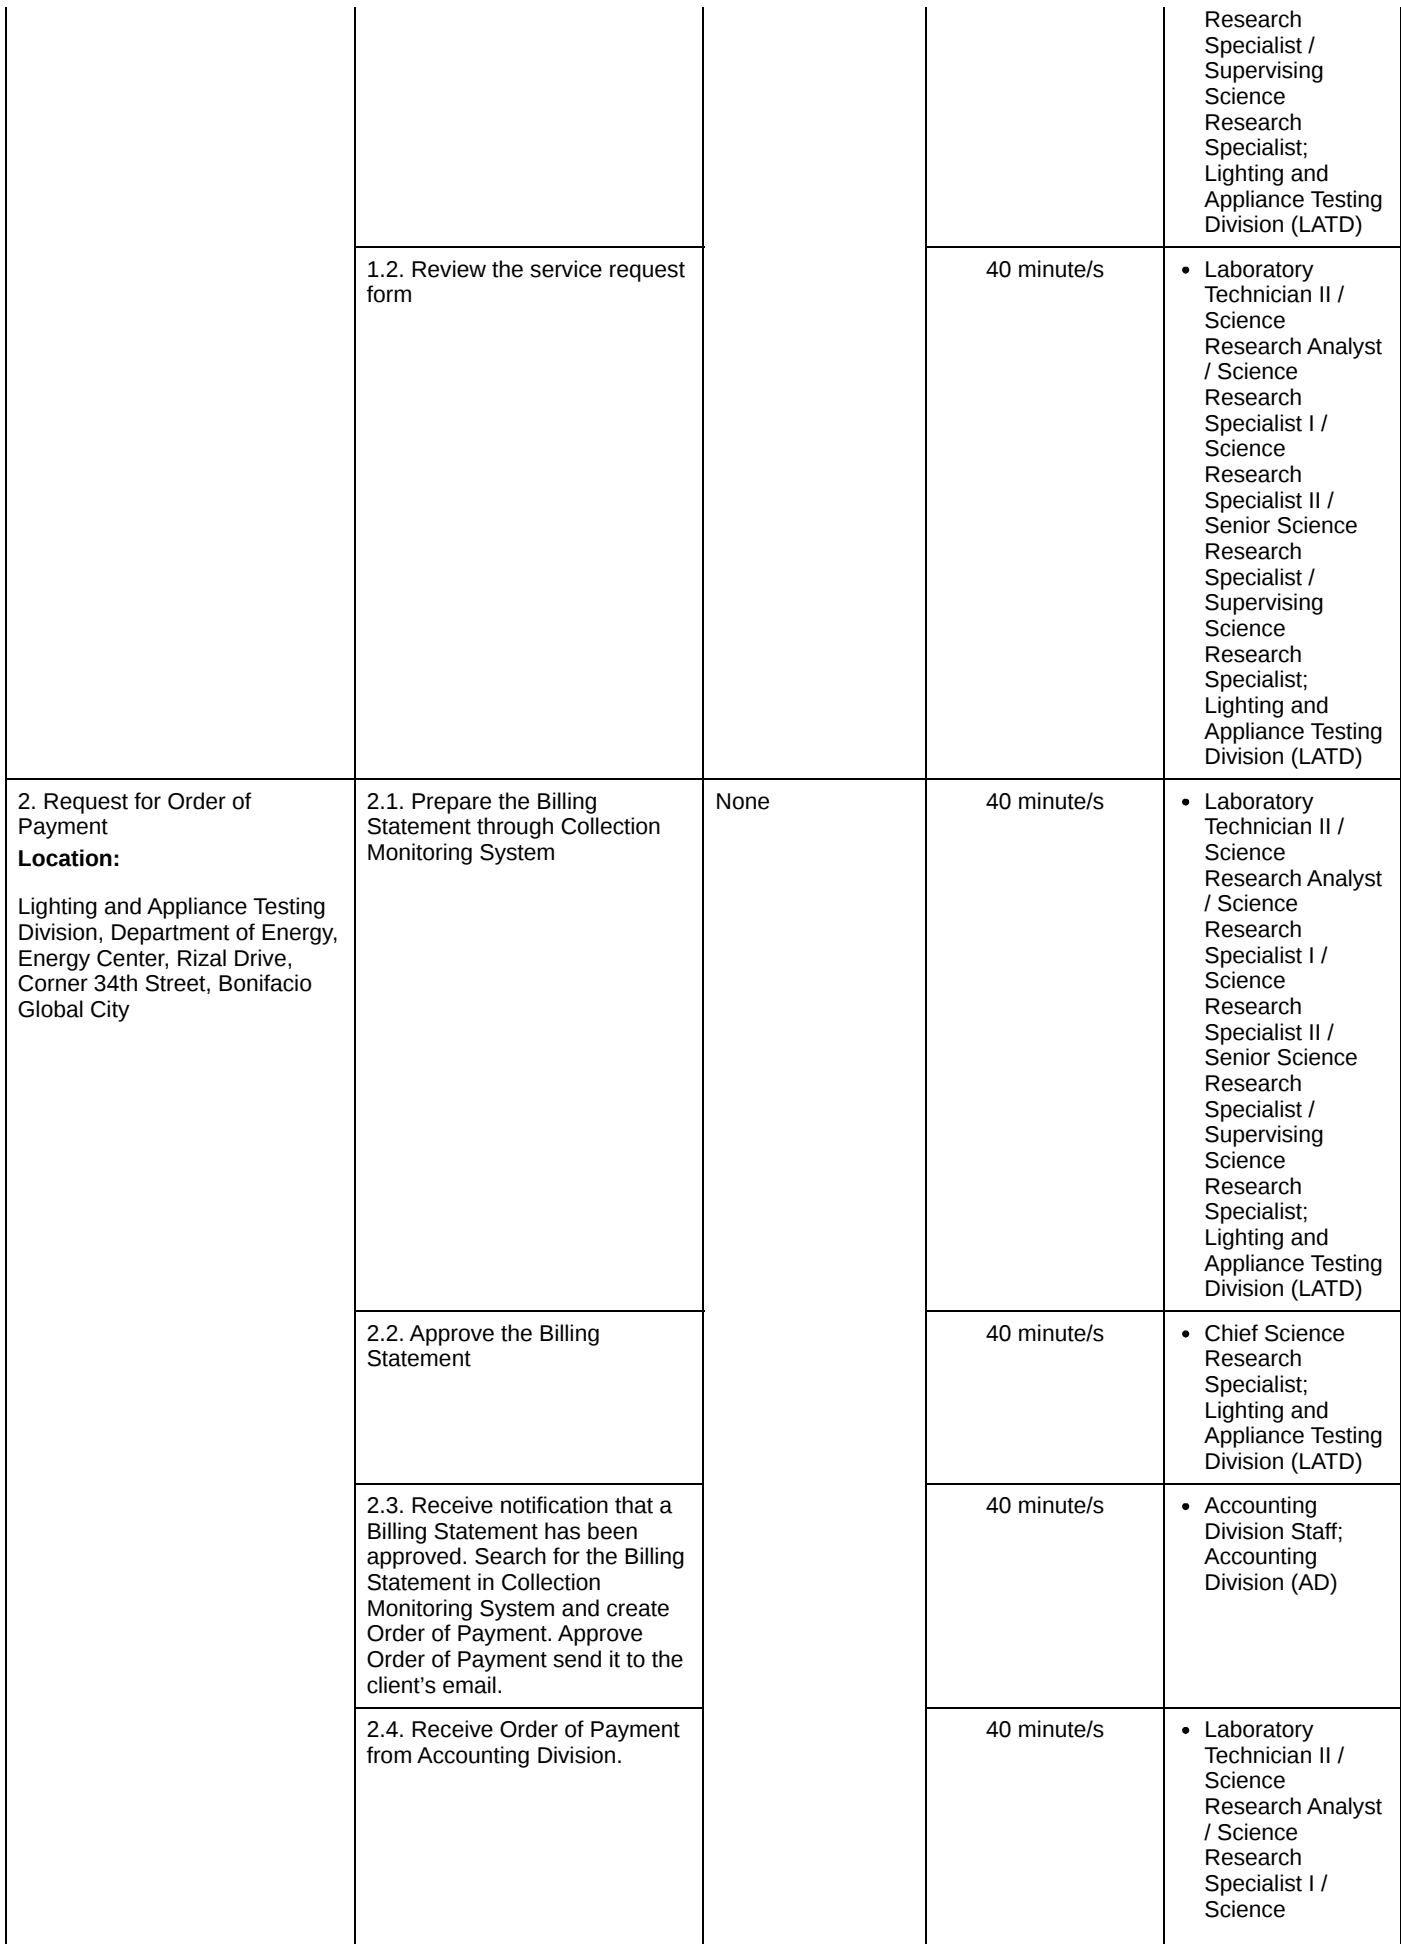

196. ERTLS-LATD25-10 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 4 Samples Below 6 Cubic Feet) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance/s (Sample: 4 Samples)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.

Conduct the test request	None	7 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		3 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 13 working day/s, 4 hour/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Testing of Refrigerator – Complete Test	Php 24,000.00/ sample
Testing of Refrigerator – Partial Test	Php 14,200.00/ sample
Ice Making Test (Optional)	Php 10,000.00/ sample
Freezing Capacity (Optional)	Php 10,000.00/ sample

200. ERTLS-LATD25-14 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 1 Sample Above 6 Cubic Feet) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance (Sample: 1 Sample)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science

				Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance Testing Division -	4.1. Conduct the test request	None	7 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

• Test Samples and Fees Table

Samples	Fees
Testing of Refrigerator – Complete Test	Php 24,000.00/ sample
Testing of Refrigerator – Partial Test	Php 14,200.00/ sample
Ice Making Test (Optional)	Php 10,000.00/ sample
Freezing Capacity (Optional)	Php 10,000.00/ sample

204. ERTLS-LATD25-18 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 1 Sample Below 6 Cubic Feet) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance (Sample: 1 Sample)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science

				Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance Testing Division -	4.1. Conduct the test request	None	7 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance/s (Sample: 4 Samples)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science

				Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance Testing Division -	4.1. Conduct the test request	None	14 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		4 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 21 working day/s, 4 hour/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Testing of Refrigerator – Complete Test	Php 24,000.00/ sample
Testing of Refrigerator – Partial Test	Php 14,200.00/ sample
Ice Making Test (Optional)	Php 10,000.00/ sample
Freezing Capacity (Optional)	Php 10,000.00/ sample

209. ERTLS-LATD25-23 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

				Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I /

				Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance	4.1. Conduct the test request	None	33 working day/s, 4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Testing Division - Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance	4.1. Conduct the test request	None	40 working day/s, 4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Testing Division - Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 45 working day/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Testing of Refrigerator – Complete Test	Php 24,000.00/ sample
Testing of Refrigerator – Partial Test	Php 14,200.00/ sample
Ice Making Test (Optional)	Php 10,000.00/ sample
Freezing Capacity (Optional)	Php 10,000.00/ sample

217. ERTLS-LATD25-31 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance/s (Sample: 3 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.

4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance	4.1. Conduct the test request	None	81 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		4 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Testing Division - Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Total Processing Time:	Working Days: 88 working day/s, 4 hour/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Formula / Schedule of Fees

• Test Samples and Fees Table

Samples	Fees
Testing of Refrigerator – Complete Test	Php 24,000.00/ sample
Testing of Refrigerator – Partial Test	Php 14,200.00/ sample
Ice Making Test (Optional)	Php 10,000.00/ sample
Freezing Capacity (Optional)	Php 10,000.00/ sample

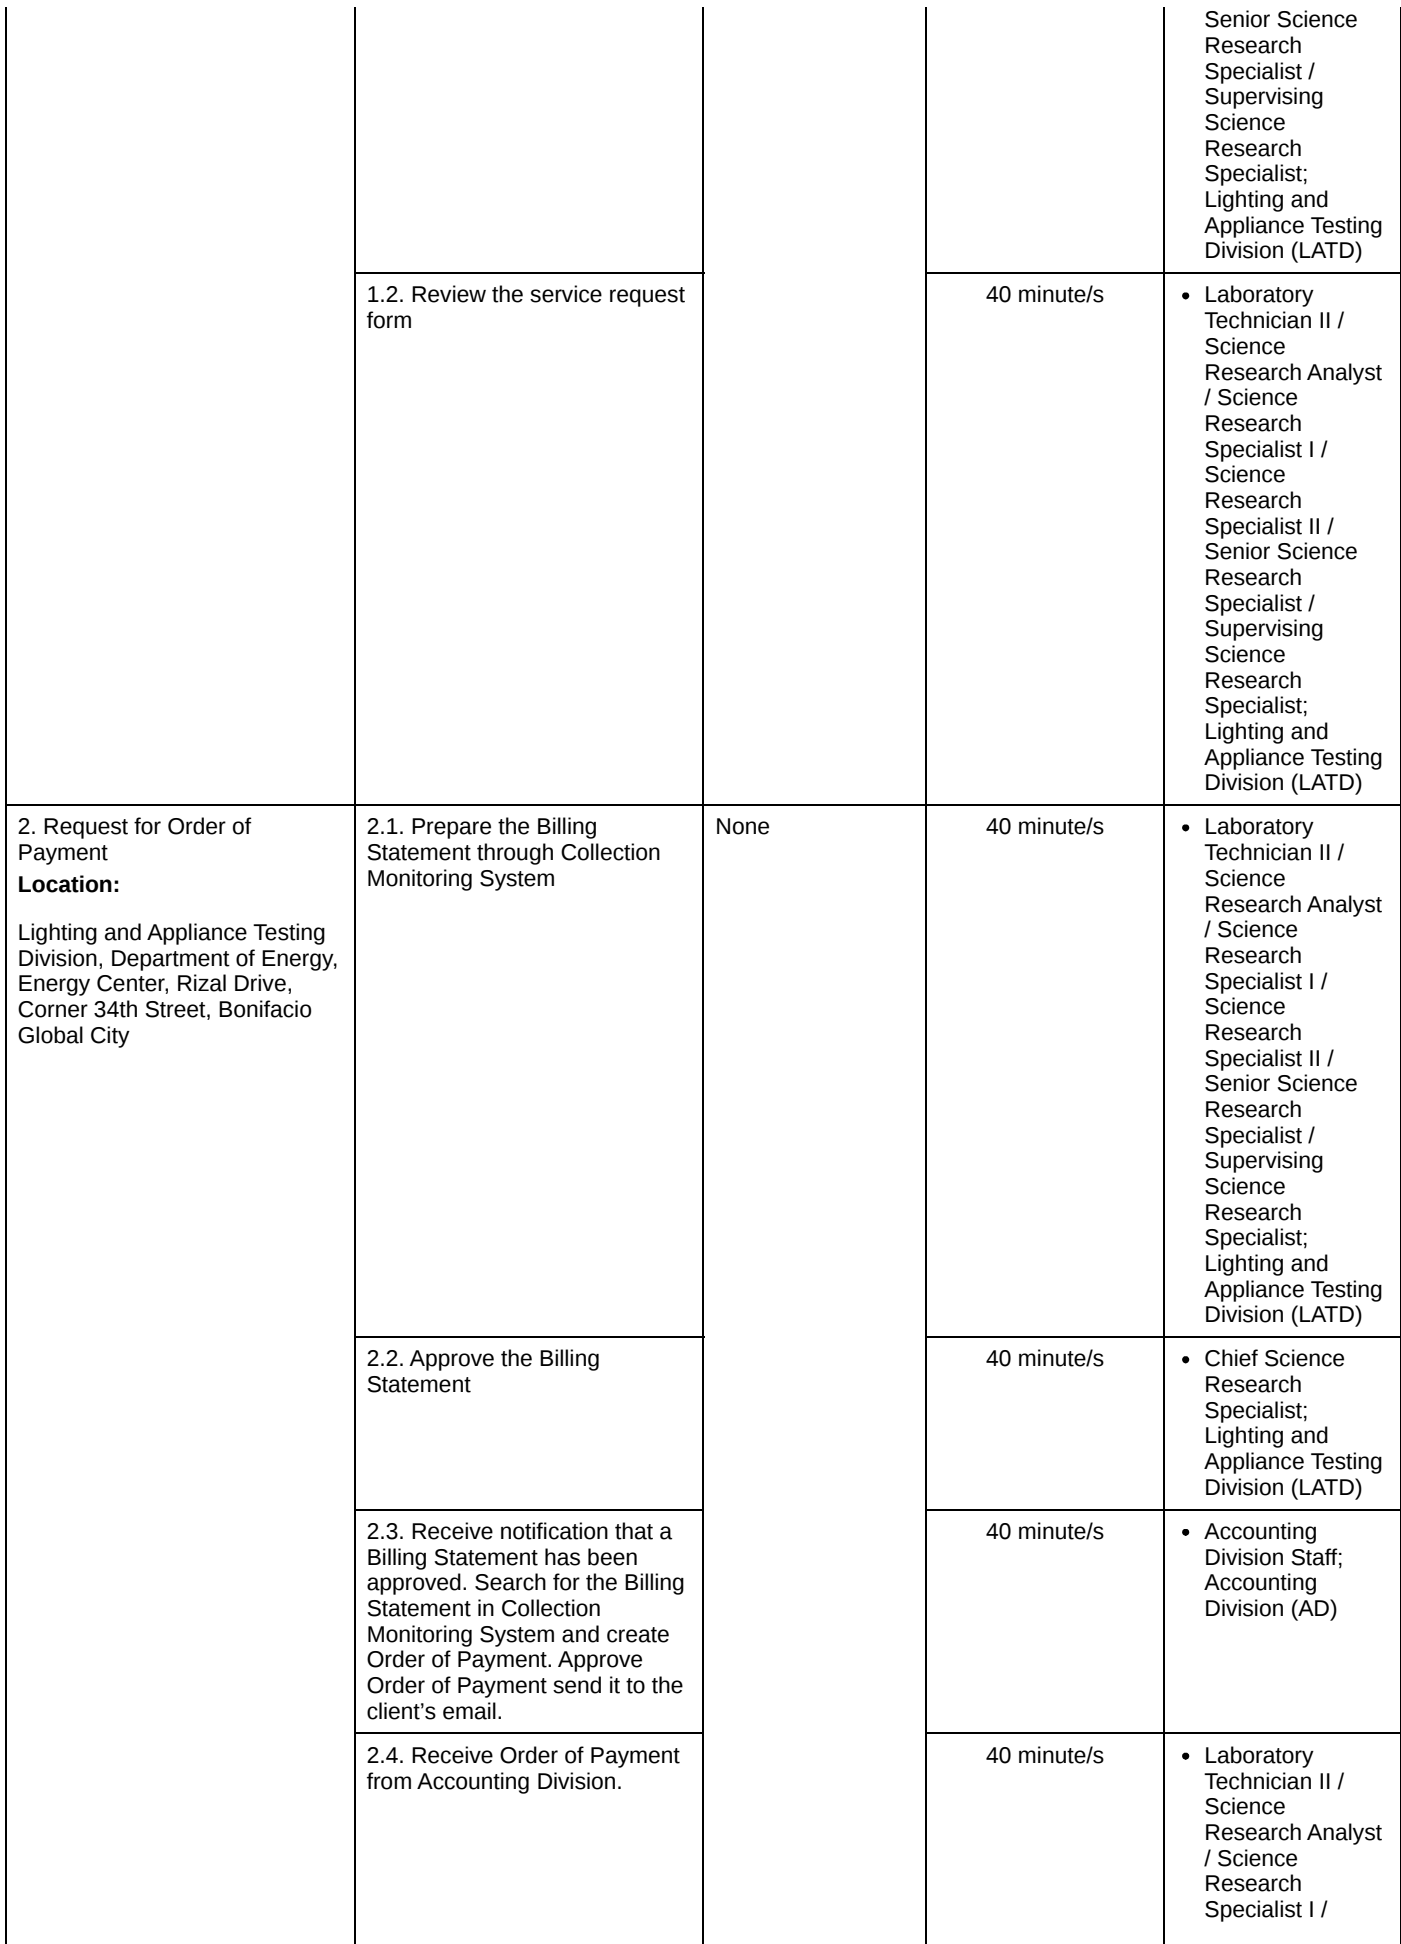

221. ERTLS-LATD25-35 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance/s (Sample: 3 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.

CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Refrigerating Appliance/s (Sample: 2 Sample/s)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Customer should submit volume calculation and related diagrams for the determination and verification of refrigerator volume - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II /

				Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I /

				Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Formula Fees Breakdown: Test Samples and Fees Table	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance	4.1. Conduct the test request	None	47 working day/s, 4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		2 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Testing Division - Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

General Remarks

Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.

Prepare the test report/s and transmittal letter.		4 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Review and Approve Test Report/s, and prepares transmittal letter		1 working day/s	Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.4. Review and sign the transmittal letter		1 working day/s	Chief Science Research Specialist / Director; Energy Research and Testing Laboratory Services (ERTLS)
	4.5. Prepare receiving copy or test report and hand the original copy to the client		4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
General Remarks Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.				
Total Processing Time:		Working Days: 21 working day/s, 4 hour/s		
Total Processing Fee:		Total Standard Fee: PHP 42800		

234. ERTLS-LATD27 Energy Performance Testing of Television Sets (For 1 Sample) through Manual Processing

ISO 9001:2015 Certified

Tests, among others, are conducted in support of the Philippine Energy Labeling Program (PELP) as well as in support of the research and development activities of local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of testing requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Local manufacturers, appliance industry players, importers, academe, government institutions and other stakeholders			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services/Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Television Set (Sample: 1 Sample)			Applicant / Client	
Remarks: - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the test sample during testing. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of test sample/instrument submitted when found to be faulty/defective during testing. The item will be rejected and returned to the customer for replacement. - Samples submitted for testing should have a complete set of accessories (e.g., remote control). - The customer shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the test samples to process necessary documents and passes. - After testing, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples according to the following timeframes: - First Notice – Customer must claim the test samples within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice – customer must claim the test samples within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice – customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples, as applicable. - Only test samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out test sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Fill out service request form Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	1.1. Assist client in filling out service request form	None	40 minute/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science

				Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	1.2. Review the service request form		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
2. Request for Order of Payment Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City	2.1. Prepare the Billing Statement through Collection Monitoring System	None	40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Approve the Billing Statement		40 minute/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.3. Receive notification that a Billing Statement has been approved. Search for the Billing Statement in Collection Monitoring System and create Order of Payment. Approve Order of Payment send it to the client's email.		40 minute/s	Accounting Division Staff; Accounting Division (AD)
	2.4. Receive Order of Payment from Accounting Division.		40 minute/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science

				Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
3. Receive the Order of Payment and pay service fee/s to Department of Energy Treasury or Bank Location: Department of Energy Treasury or Bank and Lighting and Appliance Testing Division Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City. Notes/Instruction: Submit a copy of official receipt to Lighting and Appliance Testing Division as a proof of payment.	3.1. Verify client's payment	Standard Fees Breakdown: Testing of Television Sets: PHP 4700 Total: PHP 4700	2 hour/s	Collection Officer; Treasury Division (TD)
	3.2. Approve the service request.		2 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
4. Submit/bring/send the sample/s to be tested to Lighting and Appliance Testing Division - Appliance and Equipment Section Location: Lighting and Appliance Testing Division, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: - Corresponding fees should have been paid already in step 3 according to the type of testing service requested. - Client shall ensure that the delivered test sample/s is working properly. - The client is responsible for logistic arrangements and fees. - Lighting and Appliance Testing Division - Appliance and Equipment Section is not liable for any damage on test sample/s during logistics. - Wait for the completion of test service. - Lighting and Appliance Testing Division will inform the client if the testing report is ready for pick up. - Claim/retrieve the sample at Lighting Appliance Testing Division -	4.1. Conduct the test request	None	1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	4.2. Prepare the test report/s and transmittal letter.		1 working day/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

Appliance and Equipment Section, Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	4.3. Carmay East, Rosales 2441 Pangasinan Region 1 Notes/Instruction: 1. If Incomplete , return to client. 2. If with Pending Case , please contact the Office of the Legal Services-Downstream Conventional Energy Legal Services Division (DCELS).	1.1. Assessment and Pre-Evaluation	None	1 hour/s	• Science Research Specialist / Project Evaluation Specialist - Officer of the Day; Energy Industry Management Division (LFO-EIMD)
	1.2. Checking of Legal Clearance		4 hour/s	• Science Research Specialist / Project Evaluation Specialist - Officer of the Day; Energy Industry Management Division (LFO-EIMD)
	1.3. Issuance of Billing Statement (COMSv2)		30 minute/s	• Science Research Specialist / Project Evaluation Specialist - Officer of the Day; Energy Industry Management Division (LFO-EIMD)
	1.4. Issuance of Order of Payment (sent to email of applicant)		2 hour/s	• Accounting Staff; Accounting Division (AD)

2. Payment of Applicable Fees and/or Charges Location: Department of Energy - Luzon Field Office Government Center, Pangasinan-Nueva Vizcaya Road, Brgy. Carmay East, Rosales 2441 Pangasinan Region 1 Notes/Instruction: For COC/LTO clients, please pay the amount due within ten (10) calendar days only. Failure to do so will automatically cancel the Order of Payment.	2. Issuance of Official Receipt	Standard Fees Breakdown: LTO - Independent Hauler Fee: PHP 3500 Total: PHP 3500	30 minute/s	LFO Collecting Officer; Department of Energy - Luzon Field Office
3. Submission of Documentary Requirements Location: Department of Energy - Luzon Field Office Government Center, Pangasinan-Nueva Vizcaya Road, Brgy. Carmay East, Rosales 2441 Pangasinan Region 1	3.1. Evaluation of Submitted Documentary Requirements including Legal Clearance, Proof of Payment(s)	None	8 working day/s	Science Research Specialist / Project Evaluation Specialist - Processor; Energy Industry Management Division (LFO-EIMD)
	3.2. Review of Submitted Documentary Requirements		5 working day/s	Supervising Science Research Specialist; Energy Industry Management Division (LFO-EIMD)
	3.3. Endorsement of Application Requirements		3 working day/s	Chief Science Research Specialist; Energy Industry Management Division (LFO-EIMD)
	3.4. Approval for the Issuance of License to Operate (LTO) for Independent Hauler		3 working day/s	Director; Department of Energy - Luzon Field Office
General Remarks NOTE: After the issuance of legal clearance to proceed, please submit the proof of payment.				
Total Processing Time:		Working Days: 20 working day/s		
Total Processing Fee:		Total Standard Fee: PHP 3500		

Energy Resource Development Division (LFO-ERDD)
External Services

1. LFO-ERDD01 Issuance of Certificate of Accreditation as Coal End-User (CEU)

It is a requirement for any entity or corporation who utilize coal for its own use located within Region I, Region II, Region III and Cordillera Administrative Region (CAR)

Office or Division:	Energy Resource Development Division (LFO-ERDD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business)
Who may avail:	Any entity that requires the supply and delivery of coal for its own use or utilization, but not limited to, power generation, cement, metal processing, chemical, canning, paper, rubber, garments, food and beverage, and other manufacturing industries
Operating Hours:	8:00 AM - 5:00 PM
Statute:	Department Circular DC No.2012-05-0006 "Guidelines on the Accreditation of Coal Traders and Registration of Coal " , PD 972 and Department Circular DC2025-11-0027
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Accomplished application form DC2025-11-0027 Annex A (1) Original Copy	DOE-Luzon Field Office - Energy Resource Development Division (ERDD)
2. Registration certificate issued by either of the following Government agencies; (1) Certified True Copy	Any of the three (3) Government agencies - Issuing Unit
Remarks: a. Securities and Exchange Commission (SEC) b. Department of Trade and Industry (DTI) c. Cooperative Development Authority (CDA)	
3. Current Business Permit (1) Certified True Copy	City or Municipality - where principal office is located-Issuing Unit
4. Technical specification of coal-fired equipment and plant location map (1) Photo Copy	Applicant / Client
5. Proof of ownership or duly notarized lease contract of the coal storage facility (1) Photo Copy	Applicant / Client
6. Environmental Compliance Certificate (ECC) of Certificate of Non-Coverage (CNC) issued by the Department of Environment and Natural Resources (DENR), as applicable and photos of the coal storage facility (1) Certified True Copy	Department of Environment and Natural Resources - Issuing Unit
7. Invoice for the payment of the processing amounting to Php 10,000.00 issued thru COMS (1) Photo Copy	DOE- Accounting Central Office - Issuing Unit
8. Additional documents that the DOE may find necessary for the evaluation of the request (as provided by DC2025-11-0027) (1) Photo Copy	Applicant / Client
For Situational Requirement	
A. A.Service agreement with an accredited Coal Logistic Service Provider (CLSP), if applicable	
A.1. 1. Service agreement (1) Certified True Copy	Applicant / Client
Remarks: Pursuant to DC2025-11-0027, one of the obligations of coal End-User (CEU) is to engage only the services of accredited Coal Logistic Service Providers (CLSPs) for coal transport and handling.	
B. B. Proof of authority of the representative of the applicant, if applicable	

B.1. Proof of authority (1) Original Copy		Applicant / Client		
Remarks: Authorized Representative shall attach either of the following: 1. For corporate, submit Secretary's Certificate with Board Resolution, stating the full name/s of the authorized representative/s. 2. For corporate/single proprietorship, submit Special Power of Attorney (SPA), stating the full name/s of the authorized representative/s.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of complete documents and proof of payment Location: Department of Energy-Luzon Field Office Government Center, Pangasinan-Nueva Vizcaya Road, Brgy. Carmay East, Rosales 2441 Pangasinan Region 1 Notes/Instruction: If not technically qualified, LFO-ERDD prepares a letter to be signed by the Director notifying the applicant of the disapproval of their application. Application with incomplete requirements will not be accepted for processing and shall not be issued Order of Payment (OP). If necessary, the DOE may conduct site verification: Provided, that the conduct of site verification shall suspend the period for acting on the application: Provided, further, that the site verification shall be conducted with seven (7) working days from the notice to the applicant, which period may be extended for reasonable grounds. Note to Clients: The Officer of the Day / Science Research Specialist will check the valid documents of Company Representative before releasing the CEU certificate to the client.	1.1. Receives the complete set of documents with Official Receipt/Proof of Payment and transmit the submitted documents to the Office of the Director for Document Tracking Slip (DTS) tagging	None	1 working day/s	Officer of the Day/Science Research Specialists; Energy Resource Development Division (LFO-ERDD)
	1.2. Upon completion of DTS tagging, the application and its supporting documents is transmitted to the Supervising Science Research Specialist (Supvng SRS) or assigned Science Research Specialist (SRS) of LFO-ERDD		1 working day/s	Administrative Staff; Office of the Director (LFO-OD)
	1.3. Receives the documents and assigns Science Research Specialist / Evaluator to conduct the Technical Evaluation		7 working day/s	- Supervising Science Research Specialist; Energy Resource Development Division (LFO-ERDD) - Science Research Specialist/Evaluator; Energy Resource Development Division (LFO-ERDD)
	1.4. Reviews the application documents and checks the quality work of the Evaluator and possible revision, if any.		3 working day/s	Division Chief; Energy Resource Development Division (LFO-ERDD)
	1.5. Finalize and review the evaluated CEU documents and endorsed to the Office of the Director for review and signature		2 working day/s	Division Chief; Energy Resource Development Division (LFO-ERDD)
	1.6. Review CEU application documents and check revisions highlighted by the Director. The CEU is signed by the Director.		2 working day/s	Director; Office of the Director (LFO-OD)
	1.7. Records receipt of signed CEU certificate and updates Document Tracking Slip (DTS)		1 working day/s	Administrative Staff; Office of the Director (LFO-OD)

	1.8. Transmit the approved and duly signed CEU certificate to the LFO-ERDD		1 working day/s	Administrative Staff; Office of the Director (LFO-OD)
	1.9. Receives the approved and duly signed CEU certificate and notifies the applicant		1 working day/s	- Science Research Specialists; Energy Resource Development Division (LFO-ERDD) - Officer of the Day; Energy Resource Development Division (LFO-ERDD)
	1.10. Release the duly signed CEU certificate.		1 working day/s	- Science Research Specialist; Energy Resource Development Division (LFO-ERDD) - Officer of the Day; Energy Resource Development Division (LFO-ERDD)
Total Processing Time:		Working Days: 20 working day/s		
Total Processing Fee:		Total Standard Fee: None		

2. LFO-ERDD02 Issuance of Certificate of Accreditation as Coal End-User (CEU) - Renewal

The issuance of a Certificate of Accreditation as Coal End-User under Department Circular DC2025-11-0027 has a validity of (5) years.

Office or Division:	Energy Resource Development Division (LFO-ERDD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business)
Who may avail:	Any entity that requires the supply and delivery of coal for its own use or utilization, such as, but not limited to, power generation, cement, metal processing, chemical, canning, paper, rubber, garments, food and beverage, and other manufacturing industries with coal facility/plant located within Region 1, 2, 3, and CAR
Operating Hours:	8:00 AM - 5:00 PM
Statute:	Department Circular DC No.2012-05-0006 "Guidelines on the Accreditation of Coal Traders and Registration of Coal End-Users", PD 972, and Department Circular DC2025-11-0027
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Accomplished application form DC2025-11-0027 Annex A (1) Original Copy	DOE-Luzon Field Office - Energy Resource Development Division (ERDD)
2. Registration certificate issued by either of the following government agencies; (1) Certified True Copy	Any of the following Government Office - Issuing Unit
<i>Remarks:</i> a.) Securities and Exchange Commission (SEC) b.) Department of Trade and Industry (DTI) c.) Cooperative Development Authority (CDA)	
3. Current Business Permit (1) Certified True Copy	City or Municipality - Where the principal office is located - Issuing Unit
4. Technical specification of coal-fired equipment and plant location map. (1) Photo Copy	Applicant / Client
5. Proof of ownership or duly notarized lease contract of the coal storage facility/ies; (1) Electronic Copy	Applicant / Client
6. Environment Compliance Certificate (ECC) or Certificate of Non-Coverage (CNC) issued by the Department of Environment and Natural Resources (DENR), as applicable, and photos of the coal storage facility (1) Certified True Copy	Department of Environment and Natural Resources - Issuing Unit
7. Invoice for the payment of processing fee amounting to Php 10,000.00 (1) Photo Copy	Department of Energy-Taguig City - Treasury Division
8. Financial Clearance (1) Photo Copy	Department of Energy-Taguig City - DOE-Conventional Energy Resources Compliance Division (CERCD)
9. Additional documents that the DOE may find necessary for the evaluation of the request(as provided by DC2025-11-0027) (1) Original Copy	Applicant / Client
For Situational Requirement	
A. In case the documentary requirements submitted for its previous Accreditation as CEU application remain valid and unchanged as of the time of application for renewal	
A.1. 1. The applicant may submit a sworn certification (Annex B), duly signed by its authorized representative, attesting to the continued validity, accuracy, and completeness of such documents, in lieu of resubmission of documentary requirements (1) Original Copy	LFO-Department of Energy - Energy Resource Development Division
B. Service Agreement with an accredited Coal Logistic Service Provider (CLSP), if applicable	

B.1. Service agreement (1) Certified True Copy		Applicant / Client		
Remarks: Pursuant to DC2025-11-0027, one of the obligations of Coal End-User (CEU) is to engage only the services of accredited Coal Logistic Service Providers (CLSPs) for coal transport and handling.				
C. Proof of Authority (SPA) from the company authorizing their representative to submit, transact, and pick up document from the DOE				
C.1. Proof of authority (1) Original Copy		Applicant / Client		
Remarks: Authorized Representative shall attach either of the following: 1. For corporate, submit Secretary's Certificate with Board Resolution, stating the full name/s of the authorized representative/s. 2. For corporate/single proprietorship, submit Special Power of Attorney (SPA), stating the full name/s of the authorized representative/s.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

Total Processing Time:		Working Days: 20 working day/s	
Total Processing Fee:		Total Standard Fee: None	

3. LFO-ERDD03 Issuance of Coal Transport Permit (CTP)

Pursuant to DOE Department Circular No. DC2025-11-0027, otherwise known as Guidelines on Coal Trading and Utilization, for every delivery of coal, accredited Coal Traders, Coal End-Users, and holders of Small-Scale Mining Permittees shall request the issuance of a **Coal Transport Permit (CTP)** from the concerned DOE office having jurisdiction over the place where coal delivery will originate: Provided, That Operators of Coal Operating Contracts (COCs) under Development/Production Phase (D/P Phase) shall request for the Issuance of CTPs with the DOE-Energy Resource Development Bureau-Coal and Nuclear Minerals Resource Development Division (ERDB-CNMRDD).

The CTP shall be valid only for the particular date of delivery and shall automatically expire upon the lapse of the period stated therein.

Office or Division:	Energy Resource Development Division (LFO-ERDD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business)
Who may avail:	All accredited Coal Traders, Coal End-Users, and holders of Small-Scale Coal Mining Permit (SSCMP) engaged in the delivery of coal located within Region 1, 2, 3, and Cordillera Administrative Region (CAR)
Operating Hours:	8:00 AM - 5:00 PM
Statute:	Department Circular DC No.2012-05-0006 "Guidelines on the Accreditation of Coal Traders and Registration of Coal End-Users" , PD 972, and Department Circular DC2025-11-0027
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Coal Transport Permit (1) Electronic Copy	Department of Energy-Luzon Field Office - Energy Resource Development Division (ERDD)
Remarks: Remarks: DC2025-11-0027 Annex C-CTP or SCTP Application Form Downloadable Form: https://bit.ly/AnnexC-CTPorSCTP	
2. Purchase Order (3) Electronic Copy	Applicant / Client
3. Invoice as proof of payment of the processing fee (1) Electronic Copy	Department of Energy-Taguig City - Treasury Division
Remarks: Remarks: To process payment, the requesting party shall file a duly accomplished application form (Annex C) at least seven (7) days before the scheduled delivery with Luzon Field Office (covered Region I, II, III and CAR). Access the downloadable CTP Application Form - Annex C (page 20) through this link: https://bit.ly/AnnexC-CTPorSCTP An Order of Payment shall be sent to the requesting party's email address as indicated in the application form. The following non-refundable processing fee, net of all charges, shall be paid by the requesting party: • Php 100.00 / truck per delivery • Barges ≤ 3,000 MT - Php 1,000.00 per delivery > 3,001-6,001 MT - Php 2,000.00 per delivery > 6,001-10,000 MT - Php 3,000.00 per delivery > 10,001 MT- - Php 4,000.00 per delivery The basis of weight is the draft survey report. Request received beyond the prescribed period shall be assessed an additional late processing fee in the following amounts:	

- Php 200.00/per truck per delivery
 - Barges
- ≤3,000MT - Php 2,000.00 per delivery
- >3,001-6,000MT - Php 4,000.00 per delivery
- >6,001-10,000MT - Php 6,000.00 per delivery
- >10,001MT - Php 8,000.00 per delivery

The basis of weight is the draft survey report.

Note:

All applications for Special Coal Transport Permit (SCTP) shall be filed at DOE-Energy Resource Development Bureau-Coal and Nuclear Minerals Resource Development Division (ERDB-CNMRDD) Taguig City

Sub Requirement

3.A. Submission of previously issued CTPs, truck scale (if applicable), delivery receipt, reflecting the actual details of delivery such as volume, to check the actual sales and production. The Coal Trader will be given unique link to lodge the actual data and uploads the documents.

4. Proof of coal production and available inventory (1) Electronic Copy			Applicant / Client	
Remarks: Remarks: The applicant shall include the following: • Clear, geotagged, and timestamped photographs of the coal stockpile, taken not earlier than two (2) days prior to the date of application. • Attestation/Sworn Statement, executed by the authorized representative, declaring the source, quantity, and location of the coal stockpile. Sub Requirement 4.A. Submission of previously issued CTPs, truck scale (if applicable), delivery receipt, reflecting the actual details of delivery such as volume, to check the actual sales and production. The Coal Trader will be given unique link to lodge the actual data and uploads of the documents.

B. Application		
B.1. Application Form (1) Original Copy	Department of Energy - Luzon Field Office - Oil Industry Management Division	
<i>Remarks:</i> <i>Submit Application Form completely filled-out and notarized with the following information:</i> 1. Business name, address, telephone number, fax number and e-mail address of the business office; 2. Location and complete address of the Retail Outlet; and 3. Name of Owner/Operator or Authorized Representative if sole proprietor, partnership, corporation, or cooperative		
B.2. Affidavit of Undertaking (1) Original Copy	Department of Energy - Luzon Field Office - Oil Industry Management Division	
<i>Remarks:</i> <i>Accomplished DOE Form on liability in case of violations committed by Owner/Operator</i>		
B.3. Supply Agreement or Supplier's Certificate (1) Original Copy Or (1) Certified True Copy	Applicant / Client	
<i>Remarks:</i> <i>Issued by a DOE-OIMB registered LF distributor/hauler/trader/supplier or LFROs who are ALSO registered LF distributors.</i>		
B.4. Certification that the materials are manufactured in accordance to the facilities and product safety (1) Original Copy	Applicant / Client	
<i>Remarks:</i> <i>Issued by certifying bodies such as Underwriters Laboratories (UL)-listed and equivalent safety marks, e.g., National Registered Testing Laboratory (NRTL), European Conformity (CE), Regulatory Compliance Mark (RCM), Product Safety Electrical Appliance</i>		

and Material (PSE), among others				
B.5. List of dispensing pumps/hoses and underground storage tank/s (1) Original Copy			Applicant / Client	
Remarks: With corresponding capacity/ies per product				
B.6. Scaled lay-out plan (1) Original Copy Or (1) Certified True Copy			Applicant / Client	
Remarks: With Measurement showing the following: 1. setback distances from the Firewall and other facilities 2. dispensers, 3. storage tanks, 4. cashier's booth and 5. other facilities Signed and Sealed by the Architect / Engineer / Contractor in-charge				
B.7. Latest photographs (preferably in 5R size photo paper) (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
Remarks: Submit in 5R size photo paper the following: 1. Full/front, right, and left side views of the retail outlet, 2. Required stickers/labels for RON, E10 and B3, among others, 3. Price Display Board, 4. Consumer Safety and Informational Signs, 5. No Unleaded Markings or Product Labeling				
B.8. DOE COC/LTO Legal Clearance of No Pending Case (1) Original Copy Or (1) Electronic Copy			Department of Energy - Office of the Legal Services-Downstream Conventional Energy Legal Services Division	
Remarks: Clearance of No Pending Case				
B.9. Order of Payment (1) Original Copy Or (1) Electronic Copy			Department of Energy - Financial Services - Accounting Division	
Remarks: 1. New / Expired : P3,100 2. Renewal : P3,000 For COC/LTO clients, please pay the amount due within ten (10) calendar days only. Failure to do so will automatically cancel the Order of Payment - including the application.				
B.10. Proof of Payment (Official Receipt) (1) Original Copy Or (1) Electronic Copy			Department of Energy - Luzon Field Office - Office of the Director (Admin and Finance)	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Filing of Application Location: Department of Energy - Luzon Field Office Government Center, Pangasinan-Nueva Vizcaya Road, Brgy. Carmay East, Rosales 2441 Pangasinan Region 1	1. Assessment / Pre-Evaluation	None	1 working day/s	• Science Research Specialist / Project Evaluation Specialist; Oil Industry Management Division (LFO-OIMD)

Notes/Instruction: 1. If Incomplete , return to client. 2. If with Pending Case , please contact the Office of the Legal Services-Downstream Conventional Energy Legal Services Division (DCELSA).				
2. Submission of Documentary Requirements Location: Department of Energy - Luzon Field Office Government Center, Pangasinan-Nueva Vizcaya Road, Brgy. Carmay East, Rosales 2441 Pangasinan Region 1	2.1. Evaluation of the Submitted Documentary Requirements (including Legal Clearance), Proof of Payment(s)	None	8 working day/s	• Science Research Specialist / Project Evaluation Specialist; Oil Industry Management Division (LFO-OIMD)
	2.2. Review of the Submitted Documentary Requirements		4 working day/s	• Supervising Science Research Specialist; Oil Industry Management Division (LFO-OIMD)
	2.3. Endorsement of the Application Requirements		4 working day/s	• Chief Science Research Specialist; Oil Industry Management Division (LFO-OIMD)
	2.4. Approval for the Issuance of Certificate of Compliance (COC)		3 working day/s	• Director ; Oil Industry Management Division (LFO-OIMD)
Total Processing Time:		Working Days: 20 working day/s		
Total Processing Fee:		Total Standard Fee: None		

9. LFO-OIMD09 Issuance of Certification for LGU Permit / License / Clearance

In instances where a Local Government Unit (LGU) mandates the submission of a Certificate of Compliance (COC) / Certificate of Non-Coverage (CNC) or License to Operate (LTO) as a compulsory prerequisite for the issuance of a Mayor's or Business Permit, the Department may issue a formal Certification prior to the operation of a facility or establishment.

This Certification shall be issued for the limited and specific purpose of facilitating the applicant's compliance with local business licensing requirements. It serves as a provisional attestation of the outlet's status pending the final issuance of the regular COC/CNC or LTO, ensuring that administrative sequencing does not unduly delay the commencement of legal business operations.

Office or Division:	Oil Industry Management Division (LFO-OIMD)			
Classification:	Complex			
Type of Transaction:	G2C (Government to Citizen)			
Who may avail:	Natural or juridical person intending to engage or operate in the Downstream Oil Industry Activities - with complete documentary requirements but pending the final issuance of their mandatory Certificate of Compliance (COC) / Certificate of Non-Coverage (CNC) or License to Operate (LTO).			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Letter of Request (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
Remarks: <i>The letter request should contain the following:</i> 1. Registered Business Name, address, telephone number, fax number and e-mail address of the business office; 2. Location and complete address of the establishment; and 3. Name of operator/dealer/retailer and authorized representative if partnership/corporation/cooperative.				
2. Documentary Requirements (1) Original Copy Or (1) Certified True Copy Or (1) Electronic Copy			Applicant / Client	
Sub Requirement				
2.A. LFRO / TSRO				
2.A.1. Refer to the Checklist of Requirements (1) Original Copy Or (1) Certified True Copy Or (1) Electronic Copy			Applicant / Client	
2.B. LPG Refiller / Dealer / Retailer				
2.B.1. Refer to the Checklist of Requirements (1) Original Copy Or (1) Certified True Copy Or (1) Electronic Copy			Applicant / Client	
3. Legal Clearance of No Pending Case (1) Original Copy Or (1) Electronic Copy			Department of Energy - Legal Services - Downstream Conventional Energy Legal Services Division	
4. Order of Payment (1) Original Copy Or (1) Electronic Copy			Department of Energy - Financial Services - Accounting Division	
Remarks: Certificate Fee @ PHP 500.00 per facility / establishment Please pay the amount due within ten (10) calendar days only. Failure to do so will automatically cancel the Order of Payment - including the application.				
5. Proof of Payment (Official Receipt) (1) Original Copy Or (1) Electronic Copy			Department of Energy - Luzon Field Office - Office of the Director (Admin and Finance)

External Services

1. VFO-ERDD01 Issuance of Safety Engineer's (SE) or Safety Inspector's (SI) Permit

All coal mines must have a Safety Department headed by a Safety Engineer duly registered with the DOE. SE and SI Permits shall be issued to qualified individuals. SE Permit will expire upon the expiry of the SSCMP or Coal Operating Contract (COC) unless earlier relinquished or revoked. SI Permit is valid for one (1) year. The issuance is based on Department Circular No. DC2018-12-0028.

Office or Division:	Energy Resource Development Division (VFO-ERDD)
Classification:	Complex
Type of Transaction:	G2C (Government to Citizen)
Who may avail:	Assigned Safety Engineer and Safety Inspector of Small-Scale Coal Mining Permit (SSCMP) Holders.
Operating Hours:	24/7
Statute:	Energy Virtual One-Stop Shop Act (Republic Act No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Duly Accomplished ERDB Form No. DOE-ERDB-QF-001 (1) Electronic Copy	Department of Energy - Visayas Field Office - Energy Resources Development Division
<i>Remarks:</i> Access the downloadable DOE-ERDB-QF-001 Application Form REV2 through this link: Downloadable Forms	
2. Endorsement from the SSCMP holder addressed to the VFO Director (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> Document uploaded through the Energy Virtual One-Stop Shop System (EVOSS) should contain a wet signature.	
3. Digital 2"x2" ID Photo (minimum 600x600 pixels, any plain background color, dress code: with collar taken not less than three (3) months at the time of the application. (1) Electronic Copy	Applicant / Client
4. Signed Resume (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> Document uploaded through the Energy Virtual One-Stop Shop System (EVOSS) should contain a wet signature.	
5. Valid Police Clearance with copy of Official Receipt of the Payment (1) Electronic Copy	Philippine National Police - Local Police Station
For Situational Requirement	
A. For Safety Engineer	
A.1. Valid PRC License for Mining Engineer Upload scanned copy of Professional ID Card issued by the Professional Regulation Commission (PRC)	
Sub Situational Requirement/s	
A.a. Permanent Registration	
A.a.1. Certificate of Employment showing at least two (2) years working experience in underground mining operations for underground coal mines of surface mining operations for surface coal mines (1) Electronic Copy	Applicant / Client
A.a.2. Certificate/s of Training in General Safety and Health related to Mining Operations with at least cumulative of eight (8) hours (1) Electronic Copy	Applicant / Client

A.b. Temporary Registration (Graduate of a Mining Engineering Course)				
A.b.1. Valid PRC License for Mining Engineer Upload scanned copy of Professional ID Card issued by the Professional Regulation Commission (PRC)				
A.b.2. Certificate of Employment showing experience in underground coal mines or surface mining operations for surface coal mines (1) Electronic Copy			Applicant / Client	
A.b.3. Certificate/s of Training in General Safety and Health related to Mining Operations (1) Electronic Copy			Applicant / Client	
A.c. Temporary Registration (Any other Engineer, Geologist, Metallurgist and Chemist)				
A.c.1. Certificate of Employment showing at least one (1) year experience as Safety Inspector in an underground or surface coal mines (1) Electronic Copy			Applicant / Client	
B. For Safety Inspector				
Sub Situational Requirement/s				
B.a. Graduate of a Mining Engineering Course				
B.a.1. College Diploma (1) Electronic Copy			Applicant / Client	
B.b. Graduate of any Engineering, Geology, Metallurgy or Chemistry Course				
B.b.1. College Diploma (1) Electronic Copy			Applicant / Client	
B.b.2. Certificate of Employment showing at least one (1) year experience in safety work in mining operation (1) Electronic Copy			Applicant / Client	
B.c. Undergraduate of any Engineering, Geology, Metallurgy or Chemistry Course				
B.c.1. College Scholastic Records (1) Electronic Copy			Applicant / Client	
B.c.2. Certificate of Employment showing at least three (3) years experience in safety work in mining operation (1) Electronic Copy			Applicant / Client	
B.d. High School Graduate				
B.d.1. High School Diploma (1) Electronic Copy			Applicant / Client	
B.d.2. Certificate of Employment showing at least five (5) years experience in safety work in mining operation (1) Electronic Copy			Applicant / Client	
B.e. High School Undergraduate				
B.e.1. High School scholastic Records (1) Electronic Copy			Applicant / Client

Total Processing Fee:		Total Standard Fee: PHP 550		

2. VFO-ERDD02 Issuance of Small-Scale Coal Mining Permit (SSCMP) - Independent and Supervised by Coal Operating Contract (COC) Holders – New

The issuance of SSCMP is for an interested individual, Filipino citizen, of legal age, and resident of the place or area where the coal deposit is located. A coal permit shall cover a compact and contiguous area of not exceeding five (5) hectares with a geological coal reserve not exceeding 50,000 metric tons. The issuance is in accordance with Bureau of Energy Development (BED) Circular No. 87-03-001, "Providing for Guidelines and Procedure to Implement a Program that will Allow Small-Scale Coal Mining."

Office or Division:	Energy Resource Development Division (VFO-ERDD)
Classification:	Highly Technical
Type of Transaction:	G2C (Government to Citizen)
Who may avail:	Any interested individual who is a Filipino citizen, of legal age, and a bona fide resident of the area where the coal deposit is located, as duly certified by the Barangay Captain and the Local Mayor.
Operating Hours:	7:00 AM - 4:00 PM
Statute:	Bureau of Energy Development (BED) Circular No. 87-03-001, "Providing for Guidelines and Procedure to Implement a Program that will Allow Small-Scale Coal Mining."
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Application Letter addressed to VFO director and signed by the Applicant (1) Original Copy	Applicant / Client
2. Affidavit of Authenticity (1) Original Copy	Department of Energy - Visayas Field Office - Energy Resource Development Division
3. Filled out Application Form (1) Original Copy	Department of Energy - Visayas Field Office - Energy Resource Development Division
4. Survey Plans (1 mylar, 2 whiteprints) signed by a Geodetic Engineer (2) Original Copy	Applicant / Client
Remarks: Two (2) survey plans, each indicating the following: (a) the detailed mine plan; and (b) the boundaries of the landowners concerned, if applicable.	
5. Area Clearance with Technical Description (1) Photo Copy	Department of Energy - Information Technology Management Services
6. Certification of Residency (1) Original Copy	Local Government Unit - Barangay and Municipal/City
Remarks: Submit each of the following: a. Certification from Barangay Captain b. Certification from Municipal/City Mayor	
7. Work Program (signed and sealed by Mining Engineer) (1) Original Copy	Applicant / Client
Remarks: The Work Program must contain the following details: a. Computation of Coal Reserves b. Mining Method to be used c. Projection of Daily and Annual Production Rates d. Table of Organization e. List of Mining Equipment f. Geological Map of Area Applied, Scale 1:1000	

g. Detailed Mine Plan, Scale 1:1000 h. Production Cost per metric ton i. Minimum Acceptable Market Price per metric ton				
8. Proof of Working Capital of not less than P10,000.00 (i.e., Certificate of Bank Deposit) (1) Photo Copy			Applicant / Client	
9. Current Real Property Tax Declaration (issued in the current year) (1) Photo Copy			Local Government Unit - City/Municipality Assessor's Office	
Remarks: Include the following: • Proof of authority over the area, such as photocopy of the land title or the original copy of the lease contract or deed of sale, whichever is applicable. • Land Owner's Consent with valid government-issued IDs of the landowner/s, if applicable				
10. Copy of Official Receipt or validated deposit slip for the payment of the application fee amounting to Php 1,000.00 per hectare or fraction thereof (non-refundable), processed thru Collection Monitoring System (COMS) (1) Photo Copy			Department of Energy - Visayas Field Office - Office of the Director

4. VFO-ERDD04 Issuance of Certificate of Accreditation for Coal End-User (CEU)

Pursuant to DOE Department Circular No. DC2025-11-0027, otherwise known as the Guidelines on Coal Trading and Utilization, entities that requires the supply and delivery of coal for its own use or utilization, such as, but not limited to, power generation, cement, metal processing, chemical, canning, paper, rubber, garments, food and beverage, and other manufacturing industries must be accredited with the Department of Energy.

Applications shall be made with the concerned DOE Field Office where its business operation/plant that utilizes or will utilize coal is located. In the case of applications covering Regions IV-A, IV-B, V, and the National Capital Region (NCR), the same shall be filed with the DOE Energy Resource Development Bureau-Coal and Nuclear Mineral Resources Development Division (ERDB-CNMRDD).

Office or Division:	Energy Resource Development Division (VFO-ERDD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Any entity that requires the supply and delivery of coal for its own use or utilization, such as, but not limited to, power generation, cement, metal processing, chemical, canning, paper, rubber, garments, food and beverage, and other manufacturing industries.	
Operating Hours:	7:00 AM - 4:00 PM	
Statute:	DOE Department Circular No. DC2025-11-0027, or the "Guidelines on Coal Trading and Utilization."	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Duly accomplished application form (1) Original Copy		Department of Energy - Visayas Field Office - Energy Resources Development Division
<i>Remarks:</i> Department Circular No. DC2025-11-0027 Annex A – Application Form Downloadable Form: https://bit.ly/AnnexA-ApplicationForm		
2. Registration Certificate <i>Any of the following:</i>		
2.A. Securities and Exchange Commission (SEC) (1) Certified True Copy		Securities and Exchange Commission - Securities Registration Division
<i>Remarks:</i> For Partnership or Corporation. Include the Articles of Incorporation and By Laws.		
---- OR ----

	1.4. Release the petty cash		10 minute/s	Administrative Officer V/Petty Cash Custodian; Treasury Division (TD)
2. Receive the Petty Cash and sign on the PCV. Location: Disbursement Section, Treasury Division, Ground Floor, Annex Building, Department of Energy Notes/Instruction: Petty cash advances shall be liquidated within five (5) calendar days from receipt thereof. To effect liquidation, the end-user shall submit the following complete and duly accomplished documents to the Petty Cash Custodian: - Sales Invoice, Collection Receipt, and Delivery Receipt, with inspection remarks duly noted by the GSD-Supply; - BIR Form No. 2307 issued by the Accounting Division; - Requisition and Issue Slip (RIS) issued by GSD; - Inspection and Acceptance Report (IAR)/Certificate of Acceptance issued by GSD; - Pre-repair and Post-inspection Reports issued by GSD (applicable to motor vehicle repairs only); and - Waste Material Report issued by GSD.	2.1. Photocopy the signed PCV and all relevant supporting documents for the end-user's reference copy, liquidation, and filing purposes	None	2 minute/s	Administrative Officer V/Petty Cash Custodian; Treasury Division (TD)
	2.2. Release the end-user's copy of the PCV		2 minute/s	Administrative Officer V/Petty Cash Custodian; Treasury Division (TD)
Total Processing Time:		Working Days: 25 minute/s		
Total Processing Fee:		Total Standard Fee: None		

2. AS-TD07 Disbursement of Provident Benefits and Loan Proceeds

Release of provident fund benefits and loan proceeds to provident fund members/employees.

Office or Division:	Treasury Division (TD)			
Classification:	Simple			
Type of Transaction:	G2C (Government to Citizen)			
Who may avail:	Provident Fund Members			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Duly approved provident disbursement voucher (DV) (1) Original Copy			Department of Energy - Administrative Service - Human Resource Maagement Division	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submit the duly approved Provident Disbursement Voucher (DV) Location: Window 5, Receiving Counter, Treasury Division, Ground Floor, Annex Building, Department of Energy Notes/Instruction: The crediting of provident disbursement voucher to the employees' account will be processed within 2 to 5 hours after the Agency Countersigning Official approves the WeAccess transaction.	1.1. Receive and verify the completeness of the Provident Disbursement Voucher (DV)	None	3 minute/s	• Administrative Aide VI; Treasury Division (TD)
	1.2. Encode the DV in the Check Monitoring System (CMS)		5 minute/s	• Administrative Aide VI; Treasury Division (TD)
	1.3. Log the DV in the Monitoring Excel Sheet and assign the corresponding check number		3 minute/s	• Administrative Officer III; Treasury Division (TD)
	1.4. Create a WeAccess transaction for the DV		5 minute/s	• Administrative Officer III; Treasury Division (TD)
	1.5. Verify and validate the entries in the CMS against the DV and the WeAccess transaction.		5 minute/s	• Administrative Officer V; Treasury Division (TD)
	1.6. Sign the WeAccess Transaction Acknowledgment and approve the same online through the WeAccess portal.		4 minute/s	• Chief Administrative Officer ; Treasury Division (TD)
	1.7. Forward the WeAccess Transaction Acknowledgement along with the DV to the countersigning official for approval		5 minute/s	• Administrative Aide VI; Treasury Division (TD)
Total Processing Time:		Working Days: 30 minute/s		
Total Processing Fee:		Total Standard Fee: None		

Procurement Management Division (PMD)
Internal Services

1. AS-PMD01 Request for Certification of various PMD Documents

The **Request for Certification of Various PMD Documents** service provides official verification and authentication of Procurement/Project Management Documents issued, prepared, or maintained by the organization. This service ensures that copies of PMD documents are certified as true, accurate, and complete representations of the original records on file.

Office or Division:	Procurement Management Division (PMD)			
Classification:	Simple			
Type of Transaction:	G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Bureaus / Services / Offices of DOE Officials/Employees			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Request Slip (1) Original Copy			Department of Energy - Procurement Management	
<i>Remarks:</i> <i>Request Slip duly signed by Head of Concerned Unit</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. End-user / Supplier submits Request Slip Location: PMD Office, Annex Lobby, Department of Energy	1.1. Receive and Log the Request on the following: a) Non-availability / availability of Common Supplies /Office Supplies / ICT Supplies from DBM-PS b) Non-availability of Flights c) Certified true copy of BAC related documents d) Certified true copy of Purchase Order (PO) and other procurement related contracts e) Others documents	None	10 minute/s	Receiving Staff; Procurement Management Division (PMD)
	1.2. Endorse to concerned PMD Officer to validate the reference/source documents or check the document security classification if necessary		10 minute/s	Receiving Staff, Administrative Officer III; Procurement Management Division (PMD)
	1.3. Prepare the requested certification		10 minute/s	Administrative Officer III; Procurement Management Division (PMD)
	1.4. Review / approve the requested certification		5 minute/s	Supervising Administrative Officer, Chief Administrative Officer; Procurement Management Division (PMD)
	1.5. Issue the copy of the requested certification		5 minute/s	Administrative Officer III; Procurement Management Division (PMD)
Total Processing Time:		Working Days: 40 minute/s		
Total Processing Fee:		Total Standard Fee: None		

2. AS-PMD02 Numbering and Monitoring of Purchase Requests

The **Numbering and Monitoring of Purchase Requests (PRs)** service ensures the systematic assignment, tracking, and status monitoring of all Purchase Requests processed by the organization. This service provides accurate documentation, transparency, and efficient workflow management throughout the procurement cycle.

Office or Division:	Procurement Management Division (PMD)			
Classification:	Simple			
Type of Transaction:	G2G (Government to Government)			
Who may avail:	Bureaus / Services / Offices of DOE (End-users)			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Copy of End-user's PPMP (1) Photo Copy			Applicant / Client	
2. Copy of Budget Office Allocation to End-user based from approved APP (1) Photo Copy			Applicant / Client	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. End-user prepares Purchase Request upon approval of the Annual Procurement Plan (APP) under GAA and submit to Procurement Management Division (PMD) for PR Control Number Location: PMD Office, Annex Lobby, DOE	1.1. Receives the Purchase Request, checks the completeness as to signature, concerned end-users, item description, amount and numbers the said PR for Control Number	None	15 minute/s	• Administrative Officer III; Procurement Management Division (PMD)
	1.2. Reviews/checks the PR based on End user's submitted PPMP, PMD Consolidated APP and recommends the numbering of Purchase Request (PR)		5 minute/s	• Supervising Administrative Officer; Procurement Management Division (PMD)
	1.3. Validate PR entries and Approves/Initials the numbering of the Purchase Request (PR)		5 minute/s	• Chief Administrative Officer; Procurement Management Division (PMD)
	1.4. Records the details of the said Purchase Request (PR) and return numbered PR to End-user & PR ready for pick-up be end-user		5 minute/s	• Administrative Officer III; Procurement Management Division (PMD)
Total Processing Time:		Working Days: 30 minute/s		
Total Processing Fee:		Total Standard Fee: None		

3. AS-PMD03 Request for Inclusion in Supplemental APP

The proposed procurement involves the engagement of professional services necessary to support the implementation of priority activities that were not included in the original Annual Procurement Plan (APP). The service is required to address emerging operational requirements essential to the efficient and timely delivery of the Agency's mandated functions.

Office or Division:	Procurement Management Division (PMD)			
Classification:	Simple			
Type of Transaction:	G2G (Government to Government)			
Who may avail:	Bureaus / Services / Offices of DOE as End-users			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Project Procurement Management Plan (PPMP) (1) Photo Copy			Applicant / Client	
2. Memorandum Request for inclusion in the Supplemental APP (1) Original Copy			Applicant / Client	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. End-user Memo request for inclusion in the SAPP along with Project Procurement Management Plan (PPMP) Location: PMD Office, Annex Lobby, Department of Energy	1.1. PMD receive and log submitted request for inclusion in SAPP	None	10 minute/s	• Administrative Officer III; Procurement Management Division (PMD)
	1.2. Review, validate and evaluate, recommend approval of Request.		30 minute/s	• Administrative Officer III; Procurement Management Division (PMD)
	1.3. Input the approved request in the draft consolidated SAPP and endorsed to BAC for deliberation		10 minute/s	• Administrative Officer III; Procurement Management Division (PMD)
	1.4. Prepare BAC Resolution to recommend approval of SAPP to HoPE		10 minute/s	• Administrative Officer III; Procurement Management Division (PMD)
	1.5. Provide copy of approved SAPP to End-User		10 minute/s	• Chief AO, Administrative Officer III; Procurement Management Division (PMD)
Total Processing Time:		Working Days: 1 hour/s, 10 minute/s		
Total Processing Fee:		Total Standard Fee: None		

4. AS-PMD04 Procurement thru Section 34: Small Value Procurement

The project involves the procurement of goods and/or services through Small Value Procurement pursuant to Section 34 of the Implementing Rules and Regulations of Republic Act No. 12009, undertaken to efficiently acquire requirements of limited value while ensuring economy, efficiency, transparency, and accountability in government procurement.

Office or Division:	Procurement Management Division (PMD)			
Classification:	Complex			
Type of Transaction:	G2G (Government to Government)			
Who may avail:	Bureaus / Services / Offices of DOE (End-users)			
Operating Hours:	8:00 AM - 5:00 PM			
Statute:	RA 12009			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Memorandum Request to DOE BAC Chair (1) Original Copy			Applicant / Client	
2. Copy of approved APP or Supplemental APP (1) Photo Copy			Applicant / Client	
3. Approved and Numbered Purchase Request (PR) (1) Original Copy			Applicant / Client	
4. Technical Specification/Terms of Reference approved by the Bureau/Service Director (1) Original Copy			Applicant / Client	
5. Secretary's approval of the Activity, if applicable (1) Original Copy			Applicant / Client	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of Procurement Request Location: PMD Office, Annex Lobby, Department of Energy Notes/Instruction: For item 1.5, TWG evaluation of procurement documents - If ABC is 200k and above, posting is required. Proceed to item 1.6 Inform the end user for the preparation of RFQ for posting. - If ABC is 200k and below, posting is not required however, End-User may still opt to resort to posting. Proceed to item 3.1 Conduct Technical Evaluation. For item 1.7 Posting of Bid Opportunities at DOE and PhilGEPS website & conspicuous places, - After the end of posting, late submission of bids will not be accepted.	1.1. Recording of received documents	None	5 minute/s	Receiving Clerk; Procurement Management Division (PMD)
	1.2. Checking for the completeness of document		15 minute/s	BAC Secretariat Section; Procurement Management Division (PMD)
	1.3. Endorsement to BAC		15 minute/s	BAC Secretariat Section; Procurement Management Division (PMD)
	1.4. BAC endorses the documents to TWG for Evaluation		15 minute/s	BAC Chairperson; Bids and Awards Committee (BAC)
	1.5. TWG evaluation of procurement documents		3 calendar day/s	BAC-TWG Member/s; BAC - Technical Working Group (BAC-TWG)
	1.6. Preparation of RFQ for posting		1 calendar day/s	BAC Secretariat Section; Procurement Management Division (PMD)
	1.7. Posting of Bid Opportunities at DOE and		7 calendar day/s	BAC Secretariat Section; Procurement

	PhilGEPS website & conspicuous places			Management Division (PMD)
	1.8. Summarization and Endorsement of submitted quotations to TWG		1 calendar day/s	• BAC Secretariat Section; Procurement Management Division (PMD)
2. Bid Evaluation Location: PMD Office, Annex Lobby, Department of Energy Notes/Instruction: For item 2.4 Conduct of BAC meeting and Presentation of TWG Evaluation recommendation for award, • If failure of bidding return to End-User for mandatory review of TOR and return item Posting of Bid Opportunities at DOE and PhilGEPS website and conspicuous place • If TWG recommends cancellation of procurement the process will automatically terminated	2.1. Conduct of Evaluation of all submitted bids	None	3 calendar day/s	• BAC-TWG member/s; BAC - Technical Working Group (BAC-TWG)
	2.2. Endorsement of evaluated procurement for inclusion in the agenda in the next BAC meeting		2 hour/s	• BAC-TWG member/s; BAC - Technical Working Group (BAC-TWG)
	2.3. BAC meeting arrangement for presentation of TWG evaluation		2 hour/s	• BAC Secretariat Section; Procurement Management Division (PMD)
	2.4. Conduct of BAC meeting and Presentation of TWG Evaluation recommendation for award		1 calendar day/s	• BAC-TWG member/s; BAC - Technical Working Group (BAC-TWG) • BAC member/s; Bids and Awards Committee (BAC)
	2.5. Preparation and endorsement of BAC Resolution/NOA		7 calendar day/s	• BAC Secretariat member/s; BAC Secretariat
3. Approval of BAC Resolution/NOA Location: PMD Office, Annex Lobby, Department of Energy	3.1. Endorsement of recommendation of Award to HoPE	None	1 hour/s	• BAC Secretariat member/s; BAC Secretariat
	3.2. Approval of BAC Resolution/NOA		2 hour/s	• HoPE; Head of Procuring Entity (HoPE)
	3.3. Issuance of NOA		1 calendar day/s	• BAC Secretariat Section; Procurement Management Division (PMD)
	3.4. Preparation and endorsement of Purchase Order (PO)/Contract to End-user		1 calendar day/s	• Admin Officer (Procurement Planning and Contract Management Section); Procurement Management Division (PMD)
4. Approval of Purchase Order (PO)/Contract Location: PMD Office, Annex Lobby, Department of Energy Notes/Instruction: For item 4.4 Issuance of Purchase Order (PO)/Contract to Supplier	4.1. Approval of Purchase Order (PO)/Contract by the DOE official signatories	None	5 calendar day/s	• Supplier and DOE official signatories; DOE Signatories (Purchase Order & Contracts)
	4.2. Issuance of Certificate of the availability of fund/s		1 calendar day/s	• Accounting Officer; Accounting Division (AD)

- Upon receipt of PO, the End-User and Suppliers shall immediately implement the contract agreement. - The Procurement Planning and Contract Management Section shall monitor implementation of contract until delivery of procured goods and services.	4.3. Processing of the Obligation of Purchase Order		1 calendar day/s	Budget Officer; Budget Division (BD)
	4.4. Issuance of Purchase Order (PO)/Contract to Supplier		1 calendar day/s	Admin Officer (Procurement Planning and Contract Management Section); Procurement Management Division (PMD)
General Remarks Bureaus / Services / Offices

ISO 9001:2015 Certified

Testing of upstream and downstream petroleum as well as coal and renewable energy resources to determine compliance with the Philippine National Standard (PNS).

Office or Division:	Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)	
Classification:	Highly Technical	
Type of Transaction:	G2G (Government to Government)	
Who may avail:	EUMB, ERDB, LFO, MFO, OIMB, REMB, VFO	
Operating Hours:	7:00 AM - 4:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) (1) Original Copy		Energy Research and Testing Laboratory Services (ERTLS) - Geoscientific Research and Fuel Testing Laboratory Division - Office of the Division Chief (GRFTLD-ODC)
2. Sample for analysis (Sample: Refer to situational requirements)		Applicant / Client
For Situational Requirement		
A. Coal Samples		
Sub Situational Requirement/s		
A.a. Coal with sample preparation		
A.a.1. Sample: at least one (1) kilogram (Sample: 1 kilogram)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for:</i> a) Sample Preparation - samples without oil, grease, and plastics b) Analysis - samples without plastic		
A.b. Coal without sample preparation		
A.b.1. Sample at least one hundred (100) grams (Sample: 100 grams)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for analysis: samples without plastics.</i>		
B. Geothermal Water		
Sub Situational Requirement/s		
B.a. Geothermal Water		
B.a.1. Geothermal water (Sample: 1.5 - 2.0 Liters)		Applicant / Client
C. Petroleum Products and Biofuels		
Sub Situational Requirement/s		
C.a. Petroleum Products and Biofuels		

C.a.1. Petroleum Products and Biofuels (Sample: 1 Liter)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
D. Geological Samples				
Sub Situational Requirement/s				
D.a. Whole Rock				
D.a.1. Whole Rock Sample (Sample: Minimum of 3x3 and maximum of 6x6 inches)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/condition of sample/s submitted.				
D.a.2. Unconsolidated Sample (Sample: 50 grams)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/quality/condition of sample/s submitted.				
E. Oil and Gas Sample				
Sub Situational Requirement/s				
E.a. Oil and Gas Sample				
E.a.1. Oil and Gas Sample (Sample: 1 Liter / Kilogram)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
F. LPG / Natural Gas				
Sub Situational Requirement/s				
F.a. LPG / Natural Gas				
F.a.1. LPG / Natural Gas (Sample: 60 psi)		Applicant / Client		
Remarks: Samples must adhere to ASTM D6849 requirement especially for composition and vapor pressure analyses. Sample size/weight depends on the test parameters requested.				
G. Crude Oil				
Sub Situational Requirement/s				
G.a. Crude Oil				
G.a.1. Crude Oil (Sample: 500 Milliliters)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.

Geothermal Water Samples

Complete Ion Analysis 1-5

Oil and Gas Section

Analysis of Crude Oil 1-5

Analysis of Natural Gas / Biogas 1-15

Analysis of Stable Isotope 1-5

PNS Test for B100: GC Analysis 1-5

PNS Test for E100: GC Analysis 1-10

Analysis of Liquefied Petroleum Gas 1-5

Geology Section

Micropaleontological / Petrographic / XRD / Organic Petrographic Analysis 1-3

Drying of ditch cutting samples 1 - 30

Remarks:

1. Upon the occurrence of any force majeure event, laboratory shall promptly inform the customer specifying the cause of delay of analysis of samples in accordance with GRFTL Communication Plan.
2. **ISO 9001:2015 certified processes**

Total Processing Time:	Working Days: 10 working day/s
Total Processing Fee:	Total Standard Fee: None

2. ERTLS-GRFTLD01-13 ISSUANCE OF CHEMICAL / GEOLOGICAL LABORATORY TEST REPORT - FIFTEEN (15) WORKING DAYS

ISO 9001:2015 Certified

Testing of upstream and downstream petroleum as well as coal and renewable energy resources to determine compliance with the Philippine National Standard (PNS).

Office or Division:	Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)	
Classification:	Highly Technical	
Type of Transaction:	G2G (Government to Government)	
Who may avail:	EUMB, ERDB, LFO, MFO, OIMB, REMB, VFO	
Operating Hours:	7:00 AM - 4:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) (1) Original Copy		Energy Research and Testing Laboratory Services (ERTLS) - Geoscientific Research and Fuel Testing Laboratory Division - Office of the Division Chief (GRFTLD-ODC)
2. Sample for analysis (Sample: Refer to situational requirements)		Applicant / Client
For Situational Requirement		
A. Coal Samples		
Sub Situational Requirement/s		
A.a. Coal with sample preparation		
A.a.1. Sample: at least one (1) kilogram (Sample: 1 kilogram)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for:</i> a) Sample Preparation - samples without oil, grease, and plastics b) Analysis - samples without plastic		
A.b. Coal without sample preparation		
A.b.1. Sample at least one hundred (100) grams (Sample: 100 grams)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for analysis: samples without plastics.</i>		
B. Geothermal Water		
Sub Situational Requirement/s		
B.a. Geothermal Water		
B.a.1. Geothermal water (Sample: 1.5 - 2.0 Liters)		Applicant / Client
C. Petroleum Products and Biofuels		
Sub Situational Requirement/s		
C.a. Petroleum Products and Biofuels		

C.a.1. Petroleum Products and Biofuels (Sample: 1 Liter)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
D. Geological Samples				
Sub Situational Requirement/s				
D.a. Whole Rock				
D.a.1. Whole Rock Sample (Sample: Minimum of 3x3 and maximum of 6x6 inches)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/condition of sample/s submitted.				
D.a.2. Unconsolidated Sample (Sample: 50 grams)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/quality/condition of sample/s submitted.				
E. Oil and Gas Sample				
Sub Situational Requirement/s				
E.a. Oil and Gas Sample				
E.a.1. Oil and Gas Sample (Sample: 1 Liter / Kilogram)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
F. LPG / Natural Gas				
Sub Situational Requirement/s				
F.a. LPG / Natural Gas				
F.a.1. LPG / Natural Gas (Sample: 60 psi)		Applicant / Client		
Remarks: Samples must adhere to ASTM D6849 requirement especially for composition and vapor pressure analyses. Sample size/weight depends on the test parameters requested.				
G. Crude Oil				
Sub Situational Requirement/s				
G.a. Crude Oil				
G.a.1. Crude Oil (Sample: 500 Milliliters)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.

Pick up of Test Report and submission of the Energy Research and Testing Laboratory Services (ERTLS) Customer Satisfaction Measurement Form [Customer Rating –Release of Test Report (GRFTL-SF-5)] Location: 4th Building - Energy Research and TestingLaboratory Services - Office of the Director	2.1. Endorses Transmittal Letter and Test Report to the Energy Research and Testing Laboratory Services (ERTLS) Director and affixes initial of supervisor of the concerned section and Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) ChiefScience Research Specialist and signature of the ERTLS Director to the Transmittal Letter	None	4 hour/s	- Director III; Energy Research and Testing Laboratory Services (ERTLS) - Chief Science Research Specialist /Supervising Science Research Specialist; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	2.2. Releases Test Report and consolidates copy of Test Report acknowledged by the customer and filled-out Customer Satisfaction Measurement Form		4 hour/s	Executive Assistant I / Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS)
General Remarks				
CONDUCT OF SAMPLE PREPARATION / TESTING / ANALYSIS^a				
Processed Fuels Section			Number of Samples	
PNS Test for Automotive Diesel Oil ^b			20-24	
PNS Test for B100 ^b			13-15	
PNS Test for E100 ^b			26-30	
PNS Test for Fuel Oil (Industrial) ^b			15-18	

PNS Test for Gasoline ^b	13-15
PNS Test for Kerosene	26-30
Non-PNS Test for Diesel ^b	26-30
Non-PNS Test for Gasoline ^b	26-30
Other Samples e.g. Pyrolysis Oil and Biofuel from other feedstocks	15-18

Geothermal-Coal Section

Coal and Other Related Sample/s

Coal Sample/s With Sample Preparation

Proximate Analysis	25-33
Proximate Analysis, Heating Value and Sulfur Analysis -Including Residual Moisture, Heating Value and Sulfur Only	25-33
Proximate Analysis, Ultimate Analysis and Heating Value Determination	25-33
Ultimate Analysis (CHNAS)	25-33

Coal Sample/s Without Sample Preparation

Proximate Analysis	34-42
Proximate Analysis, Heating Value and Sulfur Analysis -Including Residual Moisture, Heating Value and Sulfur Only	34-42
Proximate Analysis, Heating Value and Ultimate Analysis	31-39
Ultimate Analysis	31-39

Biomass Sample/s Without Sample Preparation

Proximate Analysis	14-17
Proximate Analysis and Heating Value -Including Residual Moisture and Heating Value Only	14-17
Residual Moisture, Volatile Combustible Matter and Heating Value	34-42
Carbon, Hydrogen and Nitrogen	45-56

Geothermal Water Samples

Complete Ion Analysis 16-20

Oil and Gas Section

Analysis of Crude Oil 10-11

Analysis of Natural Gas / Biogas 36-45

Analysis of Stable Isotope 10-11

PNS Test for B100: GC Analysis 10-11

PNS Test for E100: GC Analysis 17-19

Analysis of Liquefied Petroleum Gas 10-11

Geology Section

Micropaleontological / Petrographic / XRD / Organic Petrographic Analysis 8-9

Drying of ditch cutting samples 91 - 120

Remarks:

a. Upon the occurrence of any force majeure event, laboratory shall promptly inform the customer specifying the cause of delay of analysis of samples in accordance with GRFTL Communication Plan.

b. ISO 9001:2015 certified processes

Total Processing Time:	Working Days: 25 working day/s
Total Processing Fee:	Total Standard Fee: None

5. ERTLS-GRFTLD01-16 ISSUANCE OF CHEMICAL / GEOLOGICAL LABORATORY TEST REPORT - THIRTY (30) WORKING DAYS

ISO 9001:2015 Certified

Testing of upstream and downstream petroleum as well as coal and renewable energy resources to determine compliance with the Philippine National Standard (PNS).

Office or Division:	Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)	
Classification:	Highly Technical	
Type of Transaction:	G2G (Government to Government)	
Who may avail:	EUMB, ERDB, LFO, MFO, OIMB, REMB, VFO	
Operating Hours:	7:00 AM - 4:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) (1) Original Copy		Energy Research and Testing Laboratory Services (ERTLS) - Geoscientific Research and Fuel Testing Laboratory Division - Office of the Division Chief (GRFTLD-ODC)
2. Sample for analysis (Sample: Refer to situational requirements)		Applicant / Client
For Situational Requirement		
A. Coal Samples		
Sub Situational Requirement/s		
A.a. Coal with sample preparation		
A.a.1. Sample: at least one (1) kilogram (Sample: 1 kilogram)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for:</i> a) Sample Preparation - samples without oil, grease, and plastics b) Analysis - samples without plastic		
A.b. Coal without sample preparation		
A.b.1. Sample at least one hundred (100) grams (Sample: 100 grams)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for analysis: samples without plastics.</i>		
B. Geothermal Water		
Sub Situational Requirement/s		
B.a. Geothermal Water		
B.a.1. Geothermal water (Sample: 1.5 - 2.0 Liters)		Applicant / Client
C. Petroleum Products and Biofuels		
Sub Situational Requirement/s		
C.a. Petroleum Products and Biofuels		

C.a.1. Petroleum Products and Biofuels (Sample: 1 Liter)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
D. Geological Samples				
Sub Situational Requirement/s				
D.a. Whole Rock				
D.a.1. Whole Rock Sample (Sample: Minimum of 3x3 and maximum of 6x6 inches)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/condition of sample/s submitted.				
D.a.2. Unconsolidated Sample (Sample: 50 grams)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/quality/condition of sample/s submitted.				
E. Oil and Gas Sample				
Sub Situational Requirement/s				
E.a. Oil and Gas Sample				
E.a.1. Oil and Gas Sample (Sample: 1 Liter / Kilogram)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
F. LPG / Natural Gas				
Sub Situational Requirement/s				
F.a. LPG / Natural Gas				
F.a.1. LPG / Natural Gas (Sample: 60 psi)		Applicant / Client		
Remarks: Samples must adhere to ASTM D6849 requirement especially for composition and vapor pressure analyses. Sample size/weight depends on the test parameters requested.				
G. Crude Oil				
Sub Situational Requirement/s				
G.a. Crude Oil				
G.a.1. Crude Oil (Sample: 500 Milliliters)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of samples and Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2)	1.1. Examines the nature/ size/ weight/ volume of sample if acceptable for the required analysis.	None	15 minute/s	Executive Assistant I; Energy Research and Testing

Location: 4th Building - Energy Research and Testing Laboratory Services - Office of the Director Notes/Instruction: The Technical Staff of the concerned Section of the Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) may assist the Chief Science Research Specialist Staff in evaluating samples Geothermal Coal Section - coal and geothermal water samples Processed Fuels Section - petroleum and biofuel samples Geology Section- rock samples Oil and Gas Section - geothermal gas, biogas or synthesis gas			Laboratory Services (ERTLS) • Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.2. Reviews / checks the correctness of the filled-out request form	15 minute/s	• Executive Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.3. Transmits the Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) to the Geoscientific research and Fuel Testing Laboratory Division - Office of the Chief Science Research Specialist	3 hour/s	• Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) • Administrative Aide VI; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.4. Issues Laboratory Work Order (GRFTL SF-3) and dispatches GRFTL-SF-3 and Request for Laboratory Services 2 - Internal Form to the assigned Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) Section	4 hour/s	• Chief Science Research Specialist; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.5. Receives the sample and Geoscientific Research and Fuel Testing Laboratory Standard Form 3 (GRFTL-SF-3)	30 minute/s	• Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory

				Division (GRFTLD)
	1.6. Conducts Sample Preparation / Testing / Analysis (Refer to General Remarks) and prepares/reviews/endorsees Transmittal Letter and Test Report to the Geoscientific Research and Fuel Testing Laboratory Division - Office of the Chief Science Research Specialist		28 working day/s	Supervising Science ResearchSpecialist / Senior Science ResearchSpecialist / Science ResearchSpecialist II / Science ResearchSpecialist I / Science ResearchAnalyst / Laboratory Technician II /Laboratory Technician I; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
2. Pick up of Test Report and submission of the Energy Research and Testing Laboratory Services (ERTLS) Customer Satisfaction Measurement Form [Customer Rating –Release of Test Report (GRFTL-SF-5)] Location: 4th Building - Energy Research and TestingLaboratory Services - Office of the Director	2.1. Oil and Gas Section

Analysis of Crude Oil 16-17

Analysis of Natural Gas / Biogas 66-75

Analysis of Stable Isotope 16-17

PNS Test for B100: GC Analysis 16-17

PNS Test for E100: GC Analysis 26-28

Analysis of Liquefied Petroleum Gas 16-17

Geology Section

Micropaleontological / Petrographic / XRD / Organic Petrographic Analysis 14-15

Drying of ditch cutting samples 181 - 210

Remarks:

a. Upon the occurrence of any force majeure event, laboratory shall promptly inform the customer specifying the cause of delay of analysis of samples in accordance with GRFTL Communication Plan.

b. ISO 9001:2015 certified processes

Total Processing Time:	Working Days: 40 working day/s
Total Processing Fee:	Total Standard Fee: None

8. ERTLS-GRFTLD01-19 ISSUANCE OF CHEMICAL / GEOLOGICAL LABORATORY TEST REPORT - FORTY-FIVE (45) WORKING DAYS

ISO 9001:2015 Certified

Testing of upstream and downstream petroleum as well as coal and renewable energy resources to determine compliance with the Philippine National Standard (PNS).

Office or Division:	Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)	
Classification:	Highly Technical	
Type of Transaction:	G2G (Government to Government)	
Who may avail:	EUMB, ERDB, LFO, MFO, OIMB, REMB, VFO	
Operating Hours:	7:00 AM - 4:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) (1) Original Copy		Energy Research and Testing Laboratory Services (ERTLS) - Geoscientific Research and Fuel Testing Laboratory Division - Office of the Division Chief (GRFTLD-ODC)
2. Sample for analysis (Sample: Refer to situational requirements)		Applicant / Client
For Situational Requirement		
A. Coal Samples		
Sub Situational Requirement/s		
A.a. Coal with sample preparation		
A.a.1. Sample: at least one (1) kilogram (Sample: 1 kilogram)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for:</i> a) Sample Preparation - samples without oil, grease, and plastics b) Analysis - samples without plastic		
A.b. Coal without sample preparation		
A.b.1. Sample at least one hundred (100) grams (Sample: 100 grams)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for analysis: samples without plastics.</i>		
B. Geothermal Water		
Sub Situational Requirement/s		
B.a. Geothermal Water		
B.a.1. Geothermal water (Sample: 1.5 - 2.0 Liters)		Applicant / Client
C. Petroleum Products and Biofuels		
Sub Situational Requirement/s		
C.a. Petroleum Products and Biofuels		

C.a.1. Petroleum Products and Biofuels (Sample: 1 Liter)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
D. Geological Samples				
Sub Situational Requirement/s				
D.a. Whole Rock				
D.a.1. Whole Rock Sample (Sample: Minimum of 3x3 and maximum of 6x6 inches)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/condition of sample/s submitted.				
D.a.2. Unconsolidated Sample (Sample: 50 grams)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/quality/condition of sample/s submitted.				
E. Oil and Gas Sample				
Sub Situational Requirement/s				
E.a. Oil and Gas Sample				
E.a.1. Oil and Gas Sample (Sample: 1 Liter / Kilogram)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
F. LPG / Natural Gas				
Sub Situational Requirement/s				
F.a. LPG / Natural Gas				
F.a.1. LPG / Natural Gas (Sample: 60 psi)		Applicant / Client		
Remarks: Samples must adhere to ASTM D6849 requirement especially for composition and vapor pressure analyses. Sample size/weight depends on the test parameters requested.				
G. Crude Oil				
Sub Situational Requirement/s				
G.a. Crude Oil				
G.a.1. Crude Oil (Sample: 500 Milliliters)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of samples and Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2)	1.1. Examines the nature/ size/ weight/ volume of sample if acceptable for the required analysis.	None	15 minute/s	Executive Assistant I; Energy Research and Testing

Location: 4th Building - Energy Research and Testing Laboratory Services - Office of the Director Notes/Instruction: The Technical Staff of the concerned Section of the Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) may assist the Chief Science Research Specialist Staff in evaluating samples Geothermal Coal Section - coal and geothermal water samples Processed Fuels Section - petroleum and biofuel samples Geology Section- rock samples Oil and Gas Section - geothermal gas, biogas or synthesis gas			Laboratory Services (ERTLS) • Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.2. Reviews / checks the correctness of the filled-out request form	15 minute/s	• Executive Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.3. Transmits the Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) to the Geoscientific research and Fuel Testing Laboratory Division - Office of the Chief Science Research Specialist	3 hour/s	• Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) • Administrative Aide VI; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.4. Issues Laboratory Work Order (GRFTL SF-3) and dispatches GRFTL-SF-3 and Request for Laboratory Services 2 - Internal Form to the assigned Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) Section	4 hour/s	• Chief Science Research Specialist; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.5. Receives the sample and Geoscientific Research and Fuel Testing Laboratory Standard Form 3 (GRFTL-SF-3)	30 minute/s	• Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory

				Division (GRFTLD)
	1.6. Conducts Sample Preparation / Testing / Analysis (Refer to General Remarks) and prepares/reviews/endorsees Transmittal Letter and Test Report to the Geoscientific Research and Fuel Testing Laboratory Division - Office of the Chief Science Research Specialist		43 working day/s	Supervising Science ResearchSpecialist / Senior Science ResearchSpecialist / Science ResearchSpecialist II / Science ResearchSpecialist I / Science ResearchAnalyst / Laboratory Technician II /Laboratory Technician I; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
2. Pick up of Test Report and submission of the Energy Research and Testing Laboratory Services (ERTLS) Customer Satisfaction Measurement Form [Customer Rating –Release of Test Report (GRFTL-SF-5)] Location: 4th Building - Energy Research and TestingLaboratory Services - Office of the Director	2.1. Endorses Transmittal Letter and Test Report to the Energy Research and Testing Laboratory Services (ERTLS) Director and affixes initial of supervisor of the concerned section and Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) ChiefScience Research Specialist and signature of the ERTLS Director to the Transmittal Letter	None	4 hour/s	- Director III; Energy Research and Testing Laboratory Services (ERTLS) - Chief Science Research Specialist /Supervising Science Research Specialist; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	2.2. Releases Test Report and consolidates copy of Test Report acknowledged by the customer and filled-out Customer Satisfaction Measurement Form		4 hour/s	Executive Assistant I / Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS)
General Remarks				
CONDUCT OF SAMPLE PREPARATION / TESTING / ANALYSIS^a				
Processed Fuels Section			Number of Samples	
PNS Test for Automotive Diesel Oil ^b			40-44	
PNS Test for B100 ^b			25-27	
PNS Test for E100 ^b			46-50	
PNS Test for Fuel Oil (Industrial) ^b			31-34	

PNS Test for Gasoline ^b	25-27
PNS Test for Kerosene	46-50
Non-PNS Test for Diesel ^b	46-50
Non-PNS Test for Gasoline ^b	46-50
Other Samples e.g. Pyrolysis Oil and Biofuel from other feedstocks	31-34

Geothermal-Coal Section

Coal and Other Related Sample/s

Coal Sample/s With Sample Preparation

Proximate Analysis	61-69
Proximate Analysis, Heating Value and Sulfur Analysis -Including Residual Moisture, Heating Value and Sulfur Only	61-69
Proximate Analysis, Ultimate Analysis and Heating Value Determination	61-69
Ultimate Analysis (CHNAS)	61-69

Coal Sample/s Without Sample Preparation

Proximate Analysis	70-78
Proximate Analysis, Heating Value and Sulfur Analysis -Including Residual Moisture, Heating Value and Sulfur Only	70-78
Proximate Analysis, Heating Value and Ultimate Analysis	67-75
Ultimate Analysis	67-75

Biomass Sample/s Without Sample Preparation

Proximate Analysis	30-33
Proximate Analysis and Heating Value -Including Residual Moisture and Heating Value Only	30-33
Residual Moisture, Volatile Combustible Matter and Heating Value	70-78
Carbon, Hydrogen and Nitrogen	93-104

Geothermal Water Samples

Complete Ion Analysis 36-40

Oil and Gas Section

Analysis of Crude Oil 18-19

Analysis of Natural Gas / Biogas 76-85

Analysis of Stable Isotope 18-19

PNS Test for B100: GC Analysis 18-19

PNS Test for E100: GC Analysis 29-31

Analysis of Liquefied Petroleum Gas 18-19

Geology Section

Micropaleontological / Petrographic / XRD / Organic Petrographic Analysis 16-17

Drying of ditch cutting samples 211 - 240

Remarks:

a. Upon the occurrence of any force majeure event, laboratory shall promptly inform the customer specifying the cause of delay of analysis of samples in accordance with GRFTL Communication Plan.

b. ISO 9001:2015 certified processes

Total Processing Time:	Working Days: 45 working day/s
Total Processing Fee:	Total Standard Fee: None

9. ERTLS-GRFTLD01-20 ISSUANCE OF CHEMICAL / GEOLOGICAL LABORATORY TEST REPORT - FIFTY (50) WORKING DAYS

Testing of upstream and downstream petroleum as well as coal and renewable energy resources to determine compliance with the Philippine National Standard (PNS).

12. ERTLS-GRFTLD01-23 ISSUANCE OF CHEMICAL / GEOLOGICAL LABORATORY TEST REPORT - SIXTY-FIVE (65) WORKING DAYS

Testing of upstream and downstream petroleum as well as coal and renewable energy resources to determine compliance with the Philippine National Standard (PNS).

Office or Division:	Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)	
Classification:	Highly Technical	
Type of Transaction:	G2G (Government to Government)	
Who may avail:	EUMB, ERDB, LFO, MFO, OIMB, REMB, VFO	
Operating Hours:	7:00 AM - 4:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) (1) Original Copy		Energy Research and Testing Laboratory Services (ERTLS) - Geoscientific Research and Fuel Testing Laboratory Division - Office of the Division Chief (GRFTLD-ODC)
2. Sample for analysis (Sample: Refer to situational requirements)		Applicant / Client
For Situational Requirement		
A. Coal Samples		
Sub Situational Requirement/s		
A.a. Coal with sample preparation		
A.a.1. Sample: at least one (1) kilogram (Sample: 1 kilogram)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for:</i> a) Sample Preparation - samples without oil, grease, and plastics b) Analysis - samples without plastic		
A.b. Coal without sample preparation		
A.b.1. Sample at least one hundred (100) grams (Sample: 100 grams)		Applicant / Client
<i>Remarks:</i> <i>Acceptable samples for analysis: samples without plastics.</i>		
B. Geothermal Water		
Sub Situational Requirement/s		
B.a. Geothermal Water		
B.a.1. Geothermal water (Sample: 1.5 - 2.0 Liters)		Applicant / Client
C. Petroleum Products and Biofuels		
Sub Situational Requirement/s		
C.a. Petroleum Products and Biofuels		
C.a.1. Petroleum Products and Biofuels		Applicant / Client

(Sample: 1 Liter)				
Remarks: Sample size/weight depends on the test parameters requested.				
D. Geological Samples				
Sub Situational Requirement/s				
D.a. Whole Rock				
D.a.1. Whole Rock Sample (Sample: Minimum of 3x3 and maximum of 6x6 inches)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/condition of sample/s submitted.				
D.a.2. Unconsolidated Sample (Sample: 50 grams)		Applicant / Client		
Remarks: Acceptance of service request is subject to the type/quality/condition of sample/s submitted.				
E. Oil and Gas Sample				
Sub Situational Requirement/s				
E.a. Oil and Gas Sample				
E.a.1. Oil and Gas Sample (Sample: 1 Liter / Kilogram)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
F. LPG / Natural Gas				
Sub Situational Requirement/s				
F.a. LPG / Natural Gas				
F.a.1. LPG / Natural Gas (Sample: 60 psi)		Applicant / Client		
Remarks: Samples must adhere to ASTM D6849 requirement especially for composition and vapor pressure analyses. Sample size/weight depends on the test parameters requested.				
G. Crude Oil				
Sub Situational Requirement/s				
G.a. Crude Oil				
G.a.1. Crude Oil (Sample: 500 Milliliters)		Applicant / Client		
Remarks: Sample size/weight depends on the test parameters requested.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of samples and Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) Location:	1.1. Examines the nature/ size/ weight/ volume of sample if acceptable for the required analysis.	None	15 minute/s	• Executive Assistant I; Energy Research and Testing Laboratory Services (ERTLS)

4th Building - Energy Research and Testing Laboratory Services - Office of the Director Notes/Instruction: The Technical Staff of the concerned Section of the Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) may assist the Chief Science Research Specialist Staff in evaluating samples Geothermal Coal Section - coal and geothermal water samples Processed Fuels Section - petroleum and biofuel samples Geology Section- rock samples Oil and Gas Section - geothermal gas, biogas or synthesis gas			• Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.2. Reviews / checks the correctness of the filled-out request form	15 minute/s	• Executive Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS) • Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.3. Transmits the Request for Laboratory Services 2 - Internal Form (GRFTL-SF-2) to the Geoscientific research and Fuel Testing Laboratory Division - Office of the Chief Science Research Specialist	3 hour/s	• Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) • Administrative Aide VI; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.4. Issues Laboratory Work Order (GRFTL SF-3) and dispatches GRFTL-SF-3 and Request for Laboratory Services 2 - Internal Form to the assigned Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) Section	4 hour/s	• Chief Science Research Specialist; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	1.5. Receives the sample and Geoscientific Research and Fuel Testing Laboratory Standard Form 3 (GRFTL-SF-3)	30 minute/s	• Technical Staff of the concerned section; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)

	1.6. Conducts Sample Preparation / Testing / Analysis (Refer to General Remarks) and prepares/reviews/endorse Transmittal Letter and Test Report to the Geoscientific Research and Fuel Testing Laboratory Division - Office of the Chief Science Research Specialist		63 working day/s	Supervising Science Research Specialist / Senior Science Research Specialist / Science Research Specialist II / Science Research Specialist I / Science Research Analyst / Laboratory Technician II / Laboratory Technician I; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
2. Pick up of Test Report and submission of the Energy Research and Testing Laboratory Services (ERTLS) Customer Satisfaction Measurement Form [Customer Rating –Release of Test Report (GRFTL-SF-5)] Location: 4th Building - Energy Research and Testing Laboratory Services - Office of the Director	2.1. Endorses Transmittal Letter and Test Report to the Energy Research and Testing Laboratory Services (ERTLS) Director and affixes initial of supervisor of the concerned section and Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD) Chief Science Research Specialist and signature of the ERTLS Director to the Transmittal Letter	None	4 hour/s	- Director III; Energy Research and Testing Laboratory Services (ERTLS) - Chief Science Research Specialist /Supervising Science Research Specialist; Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)
	2.2. Releases Test Report and consolidates copy of Test Report acknowledged by the customer and filled-out Customer Satisfaction Measurement Form		4 hour/s	Executive Assistant I / Administrative Assistant I; Energy Research and Testing Laboratory Services (ERTLS)

General Remarks

CONDUCT OF SAMPLE PREPARATION / TESTING / ANALYSIS^a

Oil and Gas Section	Number of Samples
Analysis of Source Rocks / Soil	3-4
Geology Section	
Micropaleontological / Petrographic / XRD / Organic Petrographic Analysis	24-25
Drying of ditch cutting samples	331 - 360

Remarks:

a. Upon the occurrence of any force majeure event, laboratory shall promptly inform the customer specifying the cause of delay of analysis of samples in accordance with GRFTL Communication Plan.

Total Processing Time:	Working Days: 65 working day/s
Total Processing Fee:	Total Standard Fee: None

Lighting and Appliance Testing Division (LATD)
Internal Services

1. ERTLS-LATD29 Calibration of Electrical Instruments for Internal Customers (for 1 to 5 Calibration Points per Parameter - AC/DC Voltage, AC/DC Current and Resistance) through Energy Research and Testing Laboratory Services - Online Services Management System

ISO 9001:2015 Certified

Calibration work is conducted to accommodate internal customers. Services offered are calibration of 1) Digital Power Meter up to 30KW; 2) Digital Multimeter up to 1000V AC/DC, 30A AC/DC (applied scope of accreditation is only up to 10A AC/DC) and Resistance up to 10GΩ (applied scope of accreditation is only up to 100MΩ); 3) AC/DC Voltmeters up to 1000V AC/DC; 4) AC/DC Ammeters up to 30A AC/DC (applied scope of accreditation is only up to 10A AC/DC); 5) Ohmmeters up to 10GΩ (applied scope of accreditation is only up to 100MΩ); 6) Resistors up to 10GΩ and; 7) Clamp Meters up to 1000V AC/DC, 30A AC/DC and Resistance up to 10GΩ.

Office or Division:	Lighting and Appliance Testing Division (LATD)
Classification:	Highly Technical
Type of Transaction:	G2G (Government to Government)
Who may avail:	DOE Employee
Operating Hours:	7:00 AM - 4:00 PM
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Working electronic mail account (Sample: 1 email account)	Applicant / Client
Remarks: Electronic mail account is necessary for one-time registration to Energy Research and Testing Laboratory Services - Online ServicesManagement System account.	
2. Electronic Signature (Sample: 1 Electronic Signature)	Applicant / Client
Remarks: Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online ServicesManagement System. Electronic signature should be in format of Portable Network Graphic (PNG).	
3. Photographs of the equipment/instrument to be calibrated (Sample: 3 photographs)	Applicant / Client
Remarks: Photographs of front view of the calibration item, photo of the terminals of the calibration item and photo of connectors/plugs of the calibrationitem are necessary for laboratory staff to assess if the calibration laboratory is capable to serve the requirements of the client. These photos are to be uploaded in Energy Research and Testing Laboratory Services - Online Service Management System.	
4. Working/Functional Calibration Sample (Sample: 1 Calibration Sample)	Applicant / Client
Remarks: 1. Calibration items accepted by Lighting and Appliance Testing Division are the following: Digital Power Meters (Single Phase), Digital Multimeters, AC/DC Voltmeters, AC/DC Ammeters, Ohmmeters, Resistors and Clamp Meters. 2. Lighting and Appliance Testing Division shall accept one calibration item per service request. 3. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the calibration sample during calibration. 4. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 5. Lighting and Appliance Testing Division will not undertake any repair or maintenance of calibration samples when found to be faulty/defective during inspection/calibration. The calibration sample will be rejected and returned to the customer for replacement. 6. Range of calibrations is normally up to five (5) points per parameter. Additional points shall entail additional payment. 7. Calibration sample shall be clean must be clean and in good working condition and be accompanied by its operation and/or servicemanual if possible. 8. If the customer does not request calibration points, Lighting and Appliance Testing Division will refer to the manual/specification of the item to be calibrated. If all these are unavailable, calibration ranges provided on the updated version of EURAMET will be used. 9. The client shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the calibration sample to process necessary documents and passes.	

10. After calibration, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples/calibration items according to the following timeframes:
- First Notice - Customer must claim the test samples/calibration items within two (2) weeks. If not claimed, a 2nd notice will be issued.
 - Second Notice - Customer must claim the test samples/calibration items within one (1) week. If not claimed a 3rd notice will be issued.
 - Third Notice - Customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples/calibration items, as applicable.
11. Only calibration samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.
12. Proper authorization is required to pull-out calibration sample(s) from Lighting and Appliance Testing Division.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Register to Energy Research and Testing Laboratory Services –Online Service Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Client registers to Energy Research and Testing Laboratory Services – Online Service Management System only once. 2. If the client is already registered, skip this step, and proceed to client step no. 2. 3. If Energy Research and Testing Laboratory Services-OnlineServices Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of calibration requests. Please refer to "ERTLS-LATD31 Calibration of Electrical Instruments for Internal Customers (for 1 to 5 Calibration Points) through Manual Processing". 4. For special cases of testing/calibration, clients may prefer to call beforehand to check if Lighting and Appliance Testing Division can render the service. Client may also bring the test/calibration sample for walk-in application but will also be instructed to register and request service through Energy Research and Testing Laboratory Services – Online Service Management System. 5. If client brings their equipment for walk-in application, staff conducts functionality check of	1.1. 3. ERTLS-LATD30 Calibration of Temperature Instruments for Internal Customers (for 1 to 5 Calibration Points) through Energy Research and Testing Laboratory Services - Online Services Management System

Calibration work is conducted to accommodate internal customers. Services offered are calibration of 1) Platinum Resistance Thermometers (-10°C to 420°C); 2) Liquid-in-Glass Thermometers (80°C to 150°C); 3) Digital/Bi-metal Thermometers/RTD/Thermocouples (-24° to 420°C).

Office or Division:	Lighting and Appliance Testing Division (LATD)
Classification:	Highly Technical
Type of Transaction:	G2G (Government to Government)
Who may avail:	DOE Employees
Operating Hours:	7:00 AM - 4:00 PM
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Working electronic mail account (Sample: 1 email account)	Applicant / Client
Remarks: Electronic mail account is necessary for one-time registration to Energy Research and Testing Laboratory Services - Online ServicesManagement System account.	
2. Electronic Signature (Sample: 1 Electronic Signature)	Applicant / Client
Remarks: Electronic signature is necessary for one-time registration in Energy Research and Testing Laboratory Services - Online ServicesManagement System. Electronic signature should be in format of Portable Network Graphic (PNG).	
3. Photographs of the equipment/instrument to be calibrated (Sample: 3 photographs)	Applicant / Client
Remarks: Photographs of front view of the calibration item, photo of the terminals of the calibration item and photo of connectors/plugs of the calibrationitem are necessary for laboratory staff to assess if the calibration laboratory is capable to serve the requirements of the client. These photos are to be uploaded in Energy Research and Testing Laboratory Services - Online Service Management System.	
4. Working/Functional Calibration Sample (Sample: 1 Calibration Sample)	Applicant / Client
Remarks: 1. Calibration items accepted by Lighting and Appliance Testing Division are the following: Platinum Resistance Thermometers (PRT), Liquid-in-Glass (LIG) Thermometers, and Digital/Bi-metal Thermometers/RTD/Thermocouples. 2. Lighting and Appliance Testing Division shall accept one calibration item per service request. 3. Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the calibration sample during calibration. 4. Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. 5. Lighting and Appliance Testing Division will not undertake any repair or maintenance of calibration samples when found to be faulty/defective during inspection/calibration. The calibration sample will be rejected and returned to the customer for replacement. 6. Range of calibrations is normally up to five (5) points per parameter. Additional points shall entail additional payment. 7. Calibration sample shall be clean must be clean and in good working condition and be accompanied by its operation and/or servicemanual if possible. 8. If the customer does not request calibration points, Lighting and Appliance Testing Division will refer to the manual/specification of the item to be calibrated. If all these are unavailable, calibration ranges provided on the updated version of EURAMET will be used. 9. The client shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the calibration sample to process necessary documents and passes. 10. After calibration, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples/calibration items according to the following timeframes: First Notice - Customer must claim the test samples/calibration items within two (2) weeks. If not claimed, a 2nd notice will be issued.	

- *Second Notice - Customer must claim the test samples/calibration items within one (1) week. If not claimed a 3rd notice will be issued.*
- *Third Notice - Customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples/calibration items, as applicable.*

11. *Only calibration samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it.*

12. *Proper authorization is required to pull-out calibration sample(s) from Lighting and Appliance Testing Division.*

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Register to Energy Research and Testing Laboratory Services –Online Service Management System Location: https://ertls-osms.doe.gov.ph/ Notes/Instruction: 1. Client registers to Energy Research and Testing Laboratory Services – Online Service Management System only once. 2. If the client is already registered, skip this step, and proceed to client step no. 2. 3. If Energy Research and Testing Laboratory Services-OnlineServices Management System is not working (i.e., system malfunction, server down, etc.), Lighting and Appliance Testing Division will revert to manual receiving and processing of calibration requests. Please refer to "ERTLS-LATD32 Calibration of Temperature Instruments for Internal Customers (for 1 to 5 Calibration Points) through Manual Processing". 4. For special cases of testing/calibration, clients may prefer to call beforehand to check if Lighting and Appliance Testing Division can render the service. Client may also bring the test/calibration sample for walk-in application but will also be instructed to register and request service through Energy Research and Testing Laboratory Services – Online Service Management System. 5. If client brings their equipment for walk-in application, staff conducts functionality check of equipment for calibration. During functionality check, if the equipment is malfunctioning, not	1.1. 5. ERTLS-LATD31 Calibration of Electrical Instruments for Internal Customers (for 1 to 5 Calibration Points per Parameter - AC/DC Voltage, AC/DC Current and Resistance) through Manual Processing

ISO 9001:2015 Certified

Calibration work is conducted to accommodate internal customers. Services offered are calibration of 1) Digital Power Meter up to 30KW; 2) Digital Multimeter up to 1000V AC/DC, 30A AC/DC (applied scope of accreditation is only up to 10A AC/DC) and Resistance up to 10GΩ (applied scope of accreditation is only up to 100MΩ); 3) AC/DC Voltmeters up to 1000V AC/DC; 4) AC/DC Ammeters up to 30A AC/DC (applied scope of accreditation is only up to 10A AC/DC); 5) Ohmmeters up to 10GΩ (applied scope of accreditation is only up to 100MΩ); 6) Resistors up to 10GΩ and; 7) Clamp Meters up to 1000V AC/DC, 30A AC/DC and Resistance up to 10GΩ.

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of calibration requests.

2. Fill out service request form Location: 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: 1. After filling out Service Request Form, client may go home and wait for the completion of service. 2. Lighting and Appliance Testing Division will inform the client if the calibration certificate is ready for pick up. 3. Claim/retrieve the calibrated equipment at Lighting Appliance Testing Division - Calibration/Instrumentation and Control Section 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City.	2.1. Assist client in filling out service request form	None	1 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.2. Review the service request form		2 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and

			Appliance Testing Division (LATD)
	2.3. Approve the service request.	4 hour/s	Chief Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.4. Conduct Calibration (Request for Additional Point)	1 working day/s, 5 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.5. Compute for measurement uncertainty	1 working day/s, 4 hour/s	Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.6. Prepare calibration certificate	1 working day/s	Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.7. Review and approve calibration certificate	4 hour/s	Senior Science Research Specialist /Supervising Science Research Specialist / Chief

			Science Research Specialist; Lighting and Appliance Testing Division (LATD)
	2.8. Prepare receiving copy or calibration certificate and hand the original copy to the client	4 hour/s	Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)
Total Processing Time:		Working Days: 6 working day/s, 1 hour/s	
Total Processing Fee:		Total Standard Fee: None	

7. ERTLS-LATD32 Calibration of Temperature Instruments for Internal Customers (for 1 to 5 Calibration Points) through Manual Processing

ISO 9001:2015 Certified

Calibration work is conducted to accommodate internal customers. Services offered are calibration of 1) Platinum Resistance Thermometers (-10°C to 420°C); 2) Liquid-in-Glass Thermometers (80°C to 150°C); 3) Digital/Bi-metal Thermometers/RTD/Thermocouples (-24°C to 420°C).

This process/method will only be performed if Energy Research and Testing Laboratory Services-Online Services Management System is not working (i.e., system malfunction, server down, etc.). Lighting and Appliance Testing Division will revert to manual receiving and processing of calibration requests.

Office or Division:	Lighting and Appliance Testing Division (LATD)			
Classification:	Highly Technical			
Type of Transaction:	G2G (Government to Government)			
Who may avail:	DOE Employees			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Filled-Out Service Request Form (SRF) (1) Original Copy			Department of Energy - Energy Research and Testing Laboratory Services / Lighting and Appliance Testing Division	
Remarks: Client shall completely fill out the Service Request Form (SRF).				
2. Working/Functional Calibration Sample (Sample: 1 Calibration Sample)			Applicant / Client	
Remarks: - Calibration items accepted by Lighting and Appliance Testing Division are the following: Platinum Resistance Thermometers (PRT), Liquid-in-Glass (LIG) Thermometers, and Digital/Bi-metal Thermometers/RTD/Thermocouples. - Lighting and Appliance Testing Division shall accept one calibration item per service request. - Lighting and Appliance Testing Division shall not be liable for whatever damage may occur on the calibration sample during calibration. - Samples to be submitted should be accompanied by a completely and accurately filled-out Service Request Form. - Lighting and Appliance Testing Division will not undertake any repair or maintenance of calibration samples when found to be faulty/defective during inspection/calibration. The calibration sample will be rejected and returned to the customer for replacement. - Range of calibrations is normally up to five (5) points per parameter. Additional points shall entail additional payment. - Calibration sample shall be clean must be clean and in good working condition and be accompanied by its operation and/or servicemanual if possible. - If the customer does not request calibration points, Lighting and Appliance Testing Division will refer to the manual/specification of the item to be calibrated. If all these are unavailable, calibration ranges provided on the updated version of EURAMET will be used. - The client shall notify Lighting and Appliance Testing Division of the schedule of retrieval of the calibration sample to process necessary documents and passes. - After calibration, Lighting and Appliance Testing Division will issue notices to customers for claiming test samples/calibration items according to the following timeframes: - First Notice - Customer must claim the test samples/calibration items within two (2) weeks. If not claimed, a 2nd notice will be issued. - Second Notice - Customer must claim the test samples/calibration items within one (1) week. If not claimed a 3rd notice will be issued. - Third Notice - Customer must claim items within one (1) week. If not claimed, Lighting and Appliance Testing Division will dispose of unclaimed test samples/calibration items, as applicable. - Only calibration samples of customers without any liability to Lighting and Appliance Testing Division shall be permitted for pull-out, even if the customer has already been given notice for it. - Proper authorization is required to pull-out calibration sample(s) from Lighting and Appliance Testing Division.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Submit/bring/send the calibration sample to Lighting and Appliance Testing Division - Calibration/Instrumentation and Control Section for visual inspection and checking Location: 3rd Floor NPTL Bldg. Department of Energy, Energy Center, Rizal Drive, Corner 34th Street, Bonifacio Global City Notes/Instruction: 1. If client brings their equipment for walk-in application, staff conducts functionality check of equipment for calibration. During functionality check, if the equipment is malfunctioning, not operating properly or has physical damages, Lighting and Appliance Testing Division will not process the service request and decline from calibrating the equipment. 2. The client is responsible for logistic arrangements and fees.	1. Conduct physical inspection and functionality check to calibration sample	None	1 hour/s	• Laboratory Technician II / Science Research Analyst / Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Supervising Science Research Specialist; Lighting and Appliance Testing Division (LATD)

1. Filled-out and Notarized application form complete with the following information: Business name, address, telephone number, fax number and e-mail address of the business office; Location and complete address of the Retail Outlet; and Name of dealer/retailer or authorized representative if partnership /corporation /cooperative. (1) Original Copy	Department of Energy Visayas Field Office - Oil Industry Management Division
Remarks:	
2. Notice of Undertaking on liability in case of violations committed by dealer, operator, owner or proprietor (1) Original Copy	Department of Energy Visayas Field Office - Oil Industry Management Division
Remarks:	
Note: The Notice must include the valid DTI/SEC/CDA Registration and Business Permit Details	
3. Valid Supply Agreement OR original Supplier's Certificate from an OIMB- registered distributor/supplier (1) Original Copy	Applicant / Client
For Situational Requirement	
A. Applicable for 1st Issuance Only	
Sub Situational Requirement/s	
A.a. Specific for Certificate of Compliance LFRO applicant	
A.a.1. Notarized Statement that the facility design and operation of the Retail Outlet is PNS-compliant signed by the Engineering Procurement Construction Contractor and dealer/owner of the Retail Outlet (1) Original Copy	Applicant / Client
A.b. Specific for Certificate of Compliance MRO applicant	
A.b.1. Notarized certification that the materials and technology can withstand sea water or corrosive atmosphere and actions of waves on the shoreline issued by the Engineering Procurement Construction Contractor and dealer/retailer (1) Original Copy	Applicant / Client
A.b.2. Manufacturer's safety certification on the storage tank (1) Original Copy	Applicant / Client
A.c. Specific for Certificate of Compliance TERO applicant	
A.c.1. Written notice to OIMB with endorsement from LGU or LDRRMC (1) Original Copy	Applicant / Client
A.c.2. Notarized Certification of Compliance to "Revised Retail Rules" (1) Original Copy	Applicant / Client
A.d. Specific for Certificate of Compliance TSRO applicant	
A.d.1. Endorsement/Certification from the concerned Local Government Unit, stating to the effect that the TSRO is for the purpose of addressing the proliferation of "bote-bote"	Local Government Unit - Mayor's Office

retailing in the area, and that the proposed TSRO is at least one (1) kilometer away from an existing retail outlet. (1) Original Copy				
A.d.2. Certification that equipment is manufactured in accordance with the product safety standards as certified by an internationally-recognized certifying body, such as Underwriters Laboratories (UL) or an with equivalent safety marks, e.g., National Registered Testing Laboratory (NRTL), European Conformity (CE), Regulatory Compliance Mark (RCM), Product Safety Electrical Appliance and Material (PSE), among others (1) Original Copy		Applicant / Client		
A.e. List of dispensing pumps/hoses and storage tank/s with corresponding capacity/ies				
A.f. Scaled lay-out plan of the facility, showing the dispensing pumps, storage tanks, cashier's booth, other equipment/structure and property lines (with distance measurement)				
A.g. Latest photographs showing Full/front, right, and left side views of the establishment; Price Display Board; Required stickers/labels for RON, E10, and B3, among others; and Safety and informational signs				
B. Applicable for Renewal Only				
B.1. Copy of the previous COC (1) Original Copy Or (1) Photo Copy		Applicant / Client		
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. The Applicant submits the required documents to the Receiver/Processor Location: 3rd Floor, Escario Building, Escario St., Cebu City, Cebu Notes/Instruction: An evaluator or frontliner will review the submitted documents to ensure completeness as per the Checklist of Requirements. If the applicant has a pending case, it must be resolved before a clearance can be issued. In such cases, reapplication will be required once the matter is settled. If any document is found to be invalid, the application shall be returned to the client.	1.1. Logs the details of the application and forwards them to the assigned processor.	None	1 working day/s	Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Project Evaluation Specialist/ Sr. Computer Operator II; Oil Industry Management Division (VFO-OIMD)
	1.2. Assess the completeness of the submitted documents based on the Checklist of Requirements. General Remarks				

The client must fill out the **Service Request Form (SRF)** at the digital kiosk, providing the necessary information for their application. A separate SRF must be completed for each individual request. After submission, the client will wait for their number to be called.

An evaluator or frontliner will review the submitted documents to ensure completeness. If the documents are in order, they will be forwarded to the assigned processor for further assessment and verification.

If any document is found to be non-compliant or incomplete, the client will be issued a Checklist of Requirements indicating the action to be taken for compliance.

Note: Payment of fees is applicable during the application process. Please keep your Official Receipt after payment.

Total Processing Time:	Working Days: 20 working day/s
Total Processing Fee:	Total Standard Fee: None See other fees below

Possible Fees

- **COC 1st Issuance** : 3100
- **COC Renewal** : 3000

2. VFO-OIMD02 Issuance of Certificate of Non-Coverage (CNC) For Liquid Fuels Retail Outlets

Issues Certification in the operation of own-use liquid fuels dispensing and storage, not intended for retail to the public, as per DOE Department Circular DC2017-11-0011

Office or Division:	Oil Industry Management Division (VFO-OIMD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)
Who may avail:	Downstream Oil related business / activities for Gasoline Stations not intended for retail to the public, within Region VI, VII, VIII, and NIR
Operating Hours:	7:00 AM - 4:00 PM
Statute:	Republic Act No. 8479 - AN ACT DEREGULATING THE DOWNSTREAM OIL INDUSTRY AND FOR OTHER PURPOSES
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Field Office duly-acknowledged format letter-request containing the following information: Business name, address, telephone number, fax number and e-mail address of the business office; Location and complete address of the Retail Outlet; and Name of owner or authorized representative if partnership/corporation/cooperative (1) Original Copy	Department of Energy Visayas Field Office - Oil Industry Management Division
Remarks: <i>Note: The Notice must include the valid DTI/SEC/CDA Registration and Business Permit Details</i>	
2. Feasibility Study, indicating the number and capacity of storage tanks, number of vehicles and financial viability of putting such establishment, among others (1) Original Copy	Applicant / Client
3. Authenticated copy of Valid Membership Agreement of the fleet (1) Original Copy	Applicant / Client
4. Original copy of valid Supply Agreement or original Supplier's Certificate from an OIMB-registered distributor/supplier (1) Original Copy	Applicant / Client
Remarks: <i>Note: Submit Agreement/Certificate for each supplier if more than one.</i>	
5. Authenticated copy of LTO/LTFRB/LGU documents confirming the fleet of vehicles (1) Original Copy Or (1) Certified True Copy	Land Transportation Office / Land Transportation Franchising and Regulatory Board / Local Government Unit - Issuing Unit
6. Authenticated copy of Memorandum of Agreement with the fleet operator accepting the following obligations if the applicant is the facility provider containing, among others, the following provisions: (1) Original Copy Or (1) Certified True Copy	Applicant / Client
Sub Requirement	
6.A. To submit the above documentary requirements for and in-behalf of the fleet operator	
6.B. To operate the facility to exclusively serve the fleet	
6.C. To execute the Notarized affidavit of undertaking for and in-behalf of the fleet operator	
7. List of dispensing pumps/hoses and storage tank/s with corresponding capacity/ies (1) Original Copy	Applicant / Client
Remarks: <i>Note: The list must indicate the business name of LFRO and address for identification</i>	
8. Scaled lay-out plan of the facility, showing the dispensing pumps, storage tanks, cashier's booth, other equipment/structure and property lines (with distance measurement) (1) Original Copy Or (1) Photo Copy	Applicant / Client
Remarks: <i>Note: The plan must indicate the business name of LFRO and address for identification.</i>	

9. Original copy of Notarized statement of liquid fuels distributor/supplier on compliance of storage tank/s and dispensing pumps to existing international and local standards. (1) Original Copy			Applicant / Client	
10. Original copy of Accomplished DOE Form on Undertaking DOE-VFO-QF-03 (1) Original Copy			Department of Energy Visayas Field Office - Oil Industry Management Division	
<i>Remarks:</i> <i>Note: The Notice must include the valid DTI/SEC/CDA Registration and Business Permit Details.</i>				
11. Latest photographs showing Full/front, right, and left side views of the establishment; Price Display Board; Required stickers/labels for RON, E10, and B3, among others; and Safety and informational signs (1) Original Copy Or (1) Photo Copy			Applicant / Client

3. Client submits the copy of the official receipt of payment of required fees Location: 3rd Floor, Escario Building, Escario St., Cebu City, Cebu Notes/Instruction: Once the application is approved , a notification will be sent to the applicant, with the approved Certificate and accompanying Letter attached. If the application is rejected , it will be returned to the applicant along with a Checklist of Requirements indicating the reasons why the application could not proceed. <i>If, for any reason, the client is unable to retrieve the rejected documents, they will be retained by the assigned staff for temporary storage within 90 days within which the applicant may resubmit or claim the documents. After this period, unclaimed documents will be subject to disposal. Information regarding the temporary storage period and document disposal is included in the notification sent to the applicant.</i>	3.1. The application will be updated and forwarded to the designated Processor for further processing.	None	4 hour/s	Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Project Evaluation Specialist/ Sr. Computer Operator II; Oil Industry Management Division (VFO-OIMD)
	3.2. a. The processor shall verify the status of DOI Registration. b. For compliant application, the processor shall prepare the Certification.		4 hour/s	Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist; Oil Industry Management Division (VFO-OIMD)
	3.3. The Chief SRS /Supervising SRS shall review the application, and if complied with all the requirements shall sign/endorse the certification for approval. All other documents are returned to the Assigned Staff for filing.		1 working day/s	Chief Science Research Specialist / Supervising Science Research Specialist; Oil Industry Management Division (VFO-OIMD)
	3.4. The Director shall affix his approval on the certification.		1 working day/s	Director; Department of Energy - Visayas Field Office
	3.5. The assigned staff shall update the database and related records accordingly. A notification shall be sent to the applicant with the applied Certification attached.		1 working day/s	Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist / Project Evaluation Specialist/ Sr. Computer Operator II; Oil Industry Management Division (VFO-OIMD)

**General Remarks**

The client must fill out the **Service Request Form (SRF)** at the digital kiosk, providing the necessary information for their application. A separate SRF must be completed for each individual request. After submission, the client will wait for their number to be called.

An evaluator or frontliner will review the submitted documents to ensure completeness. If the documents are in order, they will be forwarded to the assigned processor for further assessment and verification.

If any document is found to be non-compliant or incomplete, the client will be issued a Checklist of Requirements indicating the action to be taken for compliance.

Note: Payment of fees is applicable during the application process. Please keep your Official Receipt after payment.

Total Processing Time:	Working Days: 7 working day/s
Total Processing Fee:	Total Standard Fee: PHP 500

1. MFO-ERDD01 Issuance of Small-Scale Coal Mining Permit (SSCMP) - Supervised by Coal Operating Contract (COC) Holders – New and Renewal

Issuance of Small-Scale Coal Mining Permit (SSCMP) – Supervised by Coal Operating Contract (COC) Holders pursuant to P.D. 972 and BED Circular No. 87-03-001.

Office or Division:	Energy Resource Development Division (MFO-ERDD)
Classification:	Highly Technical
Type of Transaction:	G2C (Government to Citizen)
Who may avail:	Any interested individual within Mindanao, who is a Filipino Citizen, of legal age, and a resident of the place or area where the coal deposit is located, as certified to by its Barangay Captain and the Local Mayor.
Operating Hours:	8:00 AM - 5:00 PM
Statute:	P.D. 972 and BED Circular No. 87-03-001
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Application Letter addressed to MFO Director and signed by the Applicant or any Authorized Representative (1) Original Copy	Applicant / Client
2. Filled out Application Form (1) Original Copy	Department of Energy - Mindanao Field Office- Energy Resource Development Division
3. Survey Plan (1 mylar, 2 whiteprints) - Signed and sealed by Geodetic Engineer (1) Original Copy	Applicant / Client
4. Technical Description (1) Original Copy	Applicant / Client
5. Lot Data Computation (1) Original Copy	Applicant / Client
6. Area Clearance from DOE-ITMS (1) Photo Copy	Department of Energy - Information Technology and Management Services
7. Certification of Residency (1) Photo Copy	Local Government Unit - Barangay and Municipal/ City
Remarks: Submit each of the following: a. Certificate of residency from incumbent Barangay Captain b. Certificate of residency from incumbent Municipal/City Mayor	
8. Work Program (Signed and sealed by the Mining Engineer of the respective Supervising COC holder) (1) Original Copy	Applicant / Client
Remarks: The Work Program must contain the following details: a. Computation of Coal Reserves b. Mining Method to be used c. Projection of Daily and Annual Production Rates d. Table of Organization e. List of Mining Equipment f. Geological Map of Area Applied, Scale 1:1000 g. Detailed Mine Plan, Scale 1:1000 h. Production Cost per metric ton i. Minimum Acceptable Market Price per metric ton	
9. Certificate of Bank Deposit as proof of working capital of not less than Php 10,000.00 (1) Photo Copy	Applicant / Client

10. Current Real Property Tax Declaration (issued in the current year) (1) Photo Copy		City/Municipality - Local Assessor's Office		
Sub Requirement				
10.A. To submit Transfer Certificate of Title / Original Certificate of Title / any other proof of ownership of the land; whichever applicable.				
10.B. If the property is within a coal reservation, the submission of the latest Real Property Tax Declaration is required.				
10.C. If applicant is not the registered owner of the land - submit notarized contract of lease / memorandum of agreement / deed of sale / agreement, whichever is applicable, stating that the applicant is allowed to use land for SSCMP purposes.				
11. Operating Agreement (1) Original Copy		Applicant / Client		
12. Contract of Purchase and Sale (1) Original Copy		Applicant / Client		
13. Certification from NCIP Any of the following:				
13.A. Certification Precondition (CP), if the applied area overlaps with any ancestral domain (Section 59- RA No. 8371 "The Indigenous Peoples Rights Act of 1997") (1) Photo Copy		National Commission on Indigenous Peoples -		
---- OR ----				
13.B. Certificate of Non-Overlap (CNO), if the applied area does not overlap with any ancestral domain (Section 59- RA No. 8371 "The Indigenous Peoples Rights Act of 1997") (1) Photo Copy		National Commission on Indigenous Peoples -		
For Situational Requirement				
A. For Renewal Application - All of the above requirements are necessary EXCEPT for Item No. 6 (Area Clearance from DOE-ITMS)

4. MFO-ERDD04 Issuance of Certificate of Accreditation as Coal End-User (CEU) - Renewal

Pursuant to DOE Department Circular No. DC2025-11-0027, otherwise known as Guidelines on Coal Trading and Utilization, an accredited Coal Trader, Coal End-User, or Coal Logistics Service Provider may apply for renewal of its Certificate of Accreditation not earlier than ninety (90) calendar days but not later than thirty (30) calendar days prior to its expiration.

Applications shall be made with the concerned DOE Field Office where its business operation/plant that utilizes or will utilize coal is located. In the case of applications covering Regions IV-A, IV-B, V, and the National Capital Region (NCR), the same shall be filed with the DOE Energy Resource Development Bureau-Coal and Nuclear Mineral Resources Development Division (ERDB-CNMRDD).

Office or Division:	Energy Resource Development Division (MFO-ERDD)																																				
Classification:	Highly Technical																																				
Type of Transaction:	G2B (Government to Business)																																				
Who may avail:	Any entity that requires the supply and delivery of coal for its own use or utilization, such as, but not limited to, power generation, cement, metal processing, chemical, canning, paper, rubber, garments, food and beverage, and other manufacturing industries.																																				
Operating Hours:	8:00 AM - 5:00 PM																																				
Statute:	DOE Department Circular No. DC2025-11-0027, or the "Guidelines on Coal Trading and Utilization."

Email Subject: Application for the Issuance of Certificate of Accreditation as Coal End-User (CEU)- Renewal

The Mindanao Field Office shall prepare a billing statement for the issuance of an Order of Payment, which shall be sent to the applicant's email address indicated in the application form.

Within ten (10) calendar days from the issuance of the Order of Payment, the applicant shall pay a non-refundable application fee in the amount of Ten Thousand Pesos (Php 10,000.00), net of all charges, such as, but not limited to, documentary stamps and wire/cable charges, which shall be for the account of the applicant.

Payments may be made in cash, manager's cheque, postal money order, or via wire/bank transfer payable to the "Department of Energy".

9. Financial Clearance (1) Photo Copy	Department of Energy - Conventional Energy Resources Compliance Division (CERCD)
--	--

For Situational Requirement

A. Service agreement with an accredited Coal Logistics Service Provider (CLSP), if applicable

A.1. Service agreement with an accredited Coal Logistics Service Provider (CLSP) (1) Certified True Copy	Applicant / Client
---	--------------------

Remarks:

Pursuant to DC2025-11-0027, one of the obligations of Coal End User (CEU) is to engage only the services of accredited Coal Logistics Service Providers (CLSPs) for coal transport and handling.

B. Proof of authority of the representative of the applicant, if applicable

B.1. Proof of authority of the representative of the applicant (1) Original Copy Or (1) Certified True Copy	Applicant / Client
--	--------------------

Remarks:

Authorized Representative shall attach either of the following:

1. For corporation, submit **Secretary's Certificate with Board Resolution**, stating the full name/s of the authorized representative/s.
2. For cooperative/ single proprietorship, submit **Special Power of Attorney (SPA)**, stating the full name/s of the authorized representative/s.

C. In case the documentary requirements submitted for its previous Accreditation as CEU application remain valid and unchanged as of the time of application for renewal

C.1. The applicant may submit a sworn certification (Annex B), duly signed by its authorized representative, attesting to the continued validity, accuracy, and completeness of such documents, in lieu of resubmission of documentary requirements. (1) Original Copy	Applicant / Client

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Applicant submits through the EVOSS System the complete Set of Documentary Requirements Location: EVOSS System (https://www.evoss.ph/) Notes/Instruction: <i>*If not acted within 3 working days, EVOSS System generates a Deemed Complete Certificate, and notifies the Applicant and ERDD thru a system generated email notification on the issuance of Deemed Complete Certificate</i> <i>For incomplete documents, ERDD uploads the Rejection Letter signed by the MFO Director due to incomplete submission within 3 calendar days. EVOSS System notifies the Applicant thru a system generated email notification on the rejection of the submitted application</i>	1.1. ERDD checks the completeness and consistency of the submission*	None	3 working day/s	Senior Science Research Specialist/ Science Research Specialist II; Energy Resource Development Division (MFO-ERDD)
	1.2. Prepare the Order of Payment		12 hour/s	Accounting Staff; Accounting Division (AD)
	1.3. ERDD uploads the Order of Payment and encodes the Serial No. (EVOSS System notifies the Applicant and MFO Collecting Officer thru a system generated email notification to pay the processing fee within 3 working days)		12 hour/s	Senior Science Research Specialist/ Science Research Specialist II; Energy Resource Development Division (MFO-ERDD)

2. Applicant pays the application/processing fee within 3 working days* Location: Department of Energy- Mindanao Field Office 3rd Floor, Tolentino 2020 Building, A. Candelaria Street, Ecoland Drive, Matina, Davao City Notes/Instruction: Applicant pays thru cash/ postal money order/ manager's check/online payment Applicant uploads the proof of payment in EVOSS (https://www.evoss.ph/) Notes/Instruction: <i>*If the applicant fails to pay the application/processing fee within 3 working days, ERDD uploads the Rejection Letter signed by the Concerned Director due to incomplete submission within 3 calendar days. EVOSS System notifies the Applicant, and MFO Collecting Officer of the cancellation due to non payment.</i> <i>**For payment is not valid, EVOSS System notifies the Applicant and ERDD thru a system generated email notification. ERDD uploads the Rejection Letter signed by the MFO Director due to incomplete submission within 3 calendar days. EVOSS System notifies the Applicant, and Treasury Division or Concerned Field Collecting Officer of the cancellation due to invalid payment</i> <i>***If application exceeded 11 calendar days, EVOSS System notifies the Applicant and ERDD thru a system generated email notification on the issuance of Deemed Approved Certificate</i> <i>If NOT QUALIFIED, ERDD disapproves the application and uploads the Disapproval Letter signed by the Concerned Director. EVOSS System notifies the Applicant thru a system generated email notification on the rejection of the submitted application.</i>	2.1. MFO Collecting Officer validates the proof of payment **	Standard Fees Breakdown: Application Fee: PHP 550 Total: PHP 550	1 working day/s	Collecting Officer; Office of the Director (MFO-OD)
	2.2. MFO Collecting Officer uploads the Official Receipt and encodes the OR Number. (EVOSS System notifies the Applicant and ERDD thru a system generated email notification of the uploaded Official Receipt)		1 working day/s	Collecting Officer; Office of the Director (MFO-OD)
	2.3. ERDD conducts Technical Evaluation of the submitted application. *** EVOSS System creates the deliverable in the System (Start of Day 1 (1/11 Calendar Days)		5 calendar day/s	Senior Science Research Specialist/ Science Research Specialist II; Energy Resource Development Division (MFO-ERDD)
	2.4. MFO Director reviews the endorsed application.***		5 calendar day/s	Director; Office of the Director (MFO-OD)
	2.5. ERDD uploads the signed and approved Safety Engineer's/ Inspector's Permit.*** (EVOSS System notifies the Applicant thru a system generated email notification of the Approved Safety Engineer's/ Inspector's Permit.)		1 calendar day/s	Senior Science Research Specialist/ Science Research Specialist II; Energy Resource Development Division (MFO-ERDD)

General Remarks

Disclaimer: The official processing timeline for EVOSS-covered services is counted in **calendar days**, starting from the submission of complete documentary requirements. This is based on:

- **Section 13(a), Republic Act No. 11234:** The time frame shall be counted from the submission of complete documentary requirements.
- **Part III, Rule 9 (Section 2), Department Circular No. DC2019-05-0007:** The completeness of submission triggers the start of the processing time.
- This applies to the DOE and all its attached bureaus, offices, agencies, and GOCCs, with a processing period of **sixty (60) calendar days**.

If any issues, discrepancies, or exceptions arise during processing, please refer to the official process workflow for the specific service on **EVOSS.ph** for guidance. This ensures all deviations are handled according to the EVOSS system guidelines.

In compliance with Republic Act No. 11234, also known as "*An Act Establishing the Energy Virtual One-Stop Shop*"

2. MFO-OD08 Endorsement of the Disposal of Unserviceable Properties Thru Donation or Transfer Without Cost to Other Government Entities, LGUs, Schools, or State Universities

To ensure transparency and proper asset management, unserviceable government property is disposed of through donation or transfer, which includes moving items no longer needed by one agency to another government entity or qualified non-profit, often at no cost, while complying to strict procedures such as inspection, appraisal, and approval from bodies such as the Commission on Audit (COA) (COA) and Department of Budget and Management (DBM). The procedure frees up space, saves storage costs, and guarantees that valuable assets are not misused in accordance with the Revised Manual on the Disposal of Government Properties and National Budget Circular No. 425.
