

Department of Energy

CITIZEN'S CHARTER

2026 1st Edition

Department of Energy

CITIZEN'S CHARTER

2026 1st Edition

I. Mandate:

The Department is mandated by RA 7638 (Department of Energy Act of 1992) to prepare, integrate, coordinate, supervise and control all plans, programs, projects and activities of the Government relative to energy exploration, development, utilization, distribution and conservation.

II. Vision:

A globally competitive DOE powering up Filipino communities through clean, efficient, robust and sustainable energy systems that will create wealth, propel industries and transform the lives of men and women and the generations to come.

III. Mission:

We at the Department of Energy, in partnership with our stakeholders, shall improve the quality of life of the Filipino by formulating and implementing policies and programs to ensure sustainable, stable, secure, sufficient, accessible and reasonably-priced energy.

In pursuit of this mission, we commit to render efficient service with utmost integrity and professionalism.

IV. Service Pledge:

We, at the Department of Energy, commit to:

SERVE right the first time and every time thereafter

LISTEN with utmost courtesy, respect and understanding

RESPOND promptly, efficiently, and effectively

EXCEL to exceed the needs and expectations of the general public

LIST OF SERVICES

Investment Promotion Office (IPO)

External Services

EO-IPO01 Provision of Investor Assistance and Support (Information Requests Through Phone Calls, Emails, Viber, or Walk-in)

EO-IPO01 Provision of Investor Assistance and Support (Request for Information Through Phone Calls)

EO-IPO02 Provision of Investor Assistance and Support (Request for Information Through Walk-in)

EO-IPO03 Provision of Investor Assistance and Support (Requests for Information Through Emails or Viber)

EO-IPO04 Provision of Investor Assistance and Support (Request for Face-to-Face or Virtual Meetings Through Phone Calls, Emails, or Viber)

Consumer Welfare and Promotion Office (CWPO)

External Services

EO-CWPO01 Concerns Handling Process for Online Customers

EO-CWPO02 Concerns Handling Process for Walk-In Customers

EO-CWPO03 Concerns Handling Process for Live Customers (Through Phone Calls, SMS, Chat, Viber, and Similar Platforms)

EO-CWPO04 Concerns Handling Process for Post Mail Transactions

Public Affairs Office (PAO)

External Services

EO-PAO01 Arrangement of Phone and On-Cam Interviews with Media

EO-PAO02 Tri-Media and Stakeholders Inquiries

EO-PAO03 Media Sends in Sponsorship or Solicitation Letter

Petroleum Resources Development Division (PRDD)

External Services

ERDB-PRDD01 Issuance of Letter of Confirmation for Posting of Performance Bond

ERDB-PRDD02 Issuance of Tax-Exemption Certificate

ERDB-PRDD03 Issuance of Safety Engineer's/Officer's Permit

ERDB-PRDD04 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 1 Subcontract Application)

ERDB-PRDD04-01 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 2 to 20 Subcontracts Application)

ERDB-PRDD04-02 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 21 to 60 Subcontracts Application)

ERDB-PRDD04-03 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 61 to 120 Subcontracts Application)

ERDB-PRDD04-04 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 121 to 180 Subcontracts Application)

ERDB-PRDD04-05 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 181 to 300 Subcontracts Application)

ERDB-PRDD04-06 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 301 and above Subcontracts Application)

ERDB-PRDD05 Conduct of Oil and Gas Seepage Investigation

ERDB-PRDD06 Issuance of Notice of Qualification to enter into a Petroleum Service Contract (PSC) under the Philippine Conventional Energy Contracting Program (PCECP) - Mode 1 for Pre-Determined Areas (PDAs)

ERDB-PRDD07 Issuance of Notice of Endorsement to the Office of the President for the Award of a Petroleum Service Contract (PSC) under the Philippine Conventional Energy Contracting Program (PCECP)

ERDB-PRDD08 Issuance of Gratuitous Permit

ERDB-PRDD09 Issuance of Notice of Qualification to enter into a Petroleum Service Contract (PSC) under the Philippine Conventional Energy Contracting Program (PCECP) - Mode 2 for Nominated Areas (NAs) - Nominating Applicant

ERDB-PRDD10 Issuance of Notice of Qualification to enter into a Petroleum Service Contract (PSC) under the Philippine Conventional Energy Contracting Program (PCECP) - Mode 2 for Nominated Areas (NAs) - Challenging Applicant

Coal and Nuclear Mineral Resources Development Division (CNMRDD)

External Services

ERDB-CNMRDD01 Issuance of Letter of Approval for Publication of Nominated Area of Interest Under the Philippine Conventional Energy Contracting Program (PCECP) for Coal

ERDB-CNMRDD02 Issuance of Notice of Award of Coal Operating Contract (COC) Under the Philippine Conventional Energy Contracting Program (PCECP) for Coal

ERDB-CNMRDD03 Issuance of Notice of Qualification to Enter into a Coal Operating Contract (COC) Under the Philippine Conventional Energy Contracting Program (PCECP) for Coal

ERDB-CNMRDD04 Issuance of Tax-Exemption Certificate (TEC) under PD 972 (1 Application)

ERDB-CNMRDD04-01 Issuance of Tax-Exemption Certificate (TEC) under PD 972 (2-10 Applications)

ERDB-CNMRDD04-02 Issuance of Tax-Exemption Certificate (TEC) under PD 972 (11-20 Applications)

ERDB-CNMRDD04-03 Issuance of Tax-Exemption Certificate (TEC) under PD 972 (21-30 Applications)

ERDB-CNMRDD04-04 Issuance of Tax-Exemption Certificate (TEC) under PD 972 (31 and Above Applications)

ERDB-CNMRDD05 Issuance of Small-Scale Coal Mining Permit (SSCMP) - Independent

ERDB-CNMRDD06 Issuance of Small-Scale Coal Mining Permit (SSCMP)-Supervised by Coal Operating Contract (COC) Holders

ERDB-CNMRDD07 Issuance of Certificate of Accreditation as Coal Trader (CT)

ERDB-CNMRDD08 Issuance of Certificate of Accreditation as Coal Trader (CT) - Renewal

ERDB-CNMRDD09 Issuance of Certificate of Accreditation as Coal End-User (CEU)

ERDB-CNMRDD10 Issuance of Certificate of Accreditation as Coal End-User (CEU) - Renewal

ERDB-CNMRDD11 Issuance of Certificate of Accreditation as Coal Logistics Service Provider (CLSP)

ERDB-CNMRDD12 Issuance of Certificate of Accreditation as Coal Logistics Service Provider (CLSP) - Renewal

ERDB-CNMRDD13 Issuance of Certificate of Compliance for Coal Exportation (CoC-CE) (1 Application)

ERDB-CNMRDD13-01 Issuance of Certificate of Compliance for Coal Exportation (CoC-CE) (2-10 Applications)

ERDB-CNMRDD13-02 Issuance of Certificate of Compliance for Coal Exportation (CoC-CE) (11-20 Applications)

ERDB-CNMRDD13-03 Issuance of Certificate of Compliance for Coal Exportation (CoC-CE) (21 Applications and Above)

ERDB-CNMRDD14 Issuance of Certificate of Compliance for Coal Importation (CoC-CI) (1 Application)

ERDB-CNMRDD14-01 Issuance of Certificate of Compliance for Coal Importation (CoC-CI) (2-10 Applications)

ERDB-CNMRDD14-02 Issuance of Certificate of Compliance for Coal Importation (CoC-CI) (11-20 Applications)

ERDB-CNMRDD14-03 Issuance of Certificate of Compliance for Coal Importation (CoC-CI) (21 Applications and Above)

ERDB-CNMRDD15 Issuance of Coal Transport Permit (CTP) or Special Coal Transport Permit (SCTP) (1 Application)

ERDB-CNMRDD15-01 Issuance of Coal Transport Permit (CTP) or Special Coal Transport Permit (SCTP) (2-10 Applications)

ERDB-CNMRDD15-02 Issuance of Coal Transport Permit (CTP) or Special Coal Transport Permit (SCTP) (11-20 Applications)

ERDB-CNMRDD15-03 Issuance of Coal Transport Permit (CTP) or Special Coal Transport Permit (SCTP) (21 and above Applications)

ERDB-CNMRDD16 Issuance of Notice to Proceed for Evaluation of Subcontract Registration (1 Application)

ERDB-CNMRDD16-01 Issuance of Notice to Proceed for Evaluation of Subcontract Registration (2-10 Applications)

ERDB-CNMRDD16-02 Issuance of Notice to Proceed for Evaluation of Subcontract Registration (11-20 Applications)

ERDB-CNMRDD16-03 Issuance of Notice to Proceed for Evaluation of Subcontract Registration (21-30 Applications)

ERDB-CNMRDD16-04 Issuance of Notice to Proceed for Evaluation of Subcontract Registration (31 and Above Applications)

ERDB-CNMRDD17 Issuance of Safety Engineer's (SE) and/or Safety Inspector's (SI) Permit

ERDB-CNMRDD18 Issuance of Confirmation Letter of Registered Coal Subcontract (1 Application)

ERDB-CNMRDD18-01 Issuance of Confirmation Letter of Registered Coal Subcontract (2-10 Applications)

ERDB-CNMRDD18-02 Issuance of Confirmation Letter of Registered Coal Subcontract (11-20 Applications)

ERDB-CNMRDD18-03 Issuance of Confirmation Letter of Registered Coal Subcontract (21-30 Applications)

ERDB-CNMRDD18-04 Issuance of Confirmation Letter of Registered Coal Subcontract (31 and Above Applications)

ERDB-CNMRDD19 Issuance of DOE Stickers for the Issued Tax-Exemption Certificate (TEC) under PD 972

Renewable Energy Management Bureau (REMB)

External Services

REMB-REMB01 Accreditation of Manufacturers, Fabricators and Suppliers of Locally Produced RE Equipment and Components

REMB-REMB02 Amendment of RE Contract (Except for Hydro and Ocean Energy Projects)

REMB-REMB03 Certificate of Registration for Own-Use

REMB-REMB04 Conversion to the New Renewable Energy (RE) Contract Template

REMB-REMB05 Renewable Energy Contract Application (except Solar Projects)

REMB-REMB06 Issuance of Certificate of Authority for RE Projects (except Solar)

REMB-REMB07 Issuance of Endorsement to other Concerned National Government Agencies and Local Government Units

REMB-REMB08 Processing of Safety Officers Permit for Renewable Energy Developers

REMB-REMB09 Revision of Work Program

REMB-REMB10 Issuance of Certificate of Endorsement (COE) for Duty-Free Importation Certification (DFIC)

REMB-REMB11 Assignment / Transfer of Renewable Energy Service/Operating Contract

REMB-REMB12 Request for Reconsideration of RE Contract

REMB-REMB13 Pre-Application Process for RE Contract Application

REMB-REMB14 Transition from Pre-Development to Development Stage

REMB-REMB15 Issuance of Endorsement to Purchase/Transfer/Move Explosives

Geothermal Energy Management Division (GEMD)

External Services

REMB-GEMD01 Notice of Intention to Drill

Biomass Energy Management Division (BEMD)

External Services

REMB-BEMD02 Procedure for Application for Accreditation for the Commercial Operations of a Biofuel Producer / Manufacturer Facility

REMB-BEMD03 Procedure for Renewal of Accreditation of a Biofuel Producer/ Manufacturer

REMB-BEMD04 Procedure for the Amendment of Accreditation of a Biofuel Producer Manufacturer (Change of Production Capacity / Process Flow / Feedstock)

REMB-BEMD05 Procedure for the Amendment of Accreditation of a Biofuel Producer/Manufacturer (Company Name/Ownership)

REMB-BEMD06 Procedure for Application for Registration of a Biofuel Distributor Under RA 9367

REMB-BEMD07 Procedure for Renewal of Application for Registration of a Biofuel Distributor Under RA 9367

REMB-BEMD08 Procedure for the Application for Registration of a Biofuel Producer/Manufacturer Under RA 9513

Hydropower and Ocean Energy Management Division (HOEMD)

External Services

REMB-HOEMD01 Amendment of RE Contract (for Hydro and Ocean Energy Projects)

National Renewable Energy Board - Technical Services and Management Division (NREB-TSMD)

External Services

REMB-TSMD01 Green Energy Option Program Operating Permit Application

Solar Energy Management Division (SEMD)

External Services

REMB-SEMD01 Solar Energy Operating Contract Application

REMB-SEMD02 Issuance of Certificate of Authority for Solar Projects

Alternative Fuels and Energy Technology Division (AFETD)

External Services

EUMB-AFETD01 - Technical Assistance or Technical Evaluation of Alternative Fuels and Emerging Energy Technologies

EUMB-AFETD02 - Processing of Application for Company Registration under the Vehicles Fuel Economy Labeling Program (VFELP)

EUMB-AFETD03 - Processing of Application for Vehicle Registration under the Vehicles Fuel Economy Labeling Program (VFELP)

EUMB-AFETD04 - Processing of Application for Fuel Economy Label (FEL) and Fuel Economy Sticker (FES) Issuance under the Vehicles Fuel Economy Labeling Program (VFELP)

Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)

External Services

EUMB-EPMPD01 Issuance of Certificate for Certified Energy Auditor (CEA)

EUMB-EPMPD02 Issuance of Certificate for Certified Energy Conservation Officer (CECO)

EUMB-EPMPD03 Issuance of Certificate for Certified Energy Manager (CEM)

EUMB-EPMPD04 Issuance of Certificate for Registered Energy Service Company (ESCO)

EUMB-EPMPD05 Issuance of Certificate for Certified Energy Service Company (ESCO)

EUMB-EPMPD06 Issuance of Certificate of Registration for Firm, Partnership, Corporation, and Sole Proprietorship (FPCS) as Certified Energy Auditors (CEA)

EUMB-EPMPD07 Issuance of Certificate for Recognized Training Institutions (RTI) for Certified Energy Auditor (CEA)

EUMB-EPMPD08 Issuance of Issuance of Certificate for Recognized Training Institutions (RTI) for Certified Energy Manager (CEM)

EUMB-EPMPD09 Processing of Application for the Endorsement to BOI of Energy Efficiency Projects for Fiscal Incentives

EUMB-EPMPD10 Processing of Application for the Endorsement to BOI of Energy Efficiency Strategic Investments for Fiscal Incentives

Energy Efficiency and Conservation Public Sector Management Division (EPSMD)

External Services

EUMB-EPSMD01 Energy Audit Services : Preliminary Energy Audit

EUMB-EPSMD02 Application Process for Solar PV Installer Registry

EUMB-EPSMD03 Application Process for Recognized Training Institution Accreditation

Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)

External Services

EUMB-EPRED01 Processing of Application for Company Registration under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED02 Application for Recognition of Testing Laboratory (RTL) under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED03 Request for PELP Product Credits

EUMB-EPRED04 Request for PELP Label Credits

EUMB-EPRED05 Processing of Application for Product Registration for Air Conditioners under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED06 Processing of Application for Product Registration for Refrigerating Appliances under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED07 Processing of Application for Product Registration for Television Sets under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED08 Processing of Application for Product Registration for Lighting Products under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED09 Processing of Application for Product Registration for Electric Fans under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED10 Processing of Application for Product Registration for Clothes Washing Machines under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED11 Processing of Application for Product Registration for Display Monitors under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED12 Processing of Application for Product Registration for Energy Saving Devices (ESD) / Low Voltage Saving Devices (LVSD) under the Philippine Energy Labeling Program (PELP)

EUMB-EPRED13 Issuance of Energy Label/Equivalent for Product Registered under the Philippine Energy Labeling Program (PELP)

Electric Vehicle Industry Management Division (EVIMD)

External Services

EUMB-EVIMD01 Issuance of EVCS Provider – Operator Accreditation Certificate
(National Level)

EUMB-EVIMD02 Renewal of EVCS Provider – Operator Accreditation Certificate
(National Level)

EUMB-EVIMD03 Issuance of EVCS Provider – Operator Accreditation Certificate
(Regional Level)

EUMB-EVIMD04 Renewal of EVCS Provider–Operator Accreditation Certificate
(Regional Level)

EUMB-EVIMD05 Issuance of EVCS Provider – Operator Accreditation Certificate
(City/Municipal Level)

EUMB-EVIMD06 Renewal of EVCS Provider – Operator Accreditation Certificate
(City/Municipal Level)

EUMB-EVIMD07 Issuance of EVCS Provider – Service Accreditation Certificate
(National Level)

EUMB-EVIMD08 Renewal of EVCS Provider – Service Accreditation Certificate (National
Level)

EUMB-EVIMD09 Issuance of EVCS Provider – Service Accreditation Certificate
(Regional Level)

EUMB-EVIMD10 Renewal of EVCS Provider–Service Accreditation Certificate (Regional
Level)

EUMB-EVIMD11 Issuance of EVCS Provider – Service Accreditation Certificate
(City/Municipal Level)

EUMB-EVIMD12 Renewal of EVCS Provider – Service Accreditation Certificate
(City/Municipal Level)

EUMB-EVIMD13 Issuance of EVCS Provider – Supplier Accreditation Certificate
(National Level)

EUMB-EVIMD14 Renewal of EVCS Provider – Supplier Accreditation Certificate
(National Level)

EUMB-EVIMD15 Issuance of EVCS Provider – Supplier Accreditation Certificate
(Regional Level)

EUMB-EVIMD16 Renewal of EVCS Provider – Supplier Accreditation Certificate
(Regional Level)

EUMB-EVIMD17 Issuance of EVCS Provider – Supplier Accreditation Certificate
(City/Municipal Level)

EUMB-EVIMD18 Renewal of EVCS Provider – Supplier Accreditation Certificate
(City/Municipal Level)

EUMB-EVIMD19 Issuance of EVCS Provider – Operator Accreditation Certificate for
Government Entities (National Level)

EUMB-EVIMD20 Renewal of EVCS Provider – Operator Accreditation Certificate for
Government Entities (National Level)

EUMB-EVIMD21 Issuances of EVCS Provider – Operator Accreditation Certificate for
Government Entities (Regional Level)

EUMB-EVIMD22 Renewal of EVCS Provider – Operator Accreditation Certificate for
Government Entities (Regional Level)

EUMB-EVIMD23 Issuances of EVCS Provider – Operator Accreditation Certificate for
Government Entities (City/Municipal Level)

EUMB-EVIMD24 Renewal of EVCS Provider – Operator Accreditation Certificate for Government Entities (City/Municipal Level)

EUMB-EVIMD25 Issuance of EVCS Provider – Service Accreditation Certificate for Government Entities (National Level)

EUMB-EVIMD26 Renewal of EVCS Provider – Service Accreditation Certificate for Government Entities (National Level)

EUMB-EVIMD27 Issuances of EVCS Provider – Service Accreditation Certificate for Government Entities (Regional Level)

EUMB-EVIMD28 Renewal of EVCS Provider – Service Accreditation Certificate for Government Entities (Regional Level)

EUMB-EVIMD29 Issuances of EVCS Provider – Service Accreditation Certificate for Government Entities (City/Municipal Level)

EUMB-EVIMD30 Renewal of EVCS Provider – Service Accreditation Certificate for Government Entities (City/Municipal Level)

EUMB-EVIMD31 Issuance of EVCS Provider – Supplier Accreditation Certificate for Government Entities (National Level)

EUMB-EVIMD32 Renewal of EVCS Provider – Supplier Accreditation Certificate for Government Entities (National Level)

EUMB-EVIMD33 Issuances of EVCS Provider – Supplier Accreditation Certificate for Government Entities (Regional Level)

EUMB-EVIMD34 Renewal of EVCS Provider – Supplier Accreditation Certificate for Government Entities (Regional Level)

EUMB-EVIMD35 Issuances of EVCS Provider – Supplier Accreditation Certificate for Government Entities (City/Municipal Level)

EUMB-EVIMD36 Renewal of EVCS Provider – Supplier Accreditation Certificate for Government Entities (City/Municipal Level)

EUMB-EVIMD37 Issuance of EVCS Registration Certificate

EUMB-EVIMD38 Renewal of EVCS Registration Certificate

EUMB-EVIMD39 Issuance of EVCS Registration Certificate for Government Entities

EUMB-EVIMD40 Renewal of EVCS Registration Certificate for Government Entities

EUMB-EVIMD41 Electric Vehicle Charging Stations (EVCS) Unbundling of Charging Fee

EUMB-EVIMD42 Charging Fee Adjustments and/or Updating

EUMB-EVIMD43 Battery Electric Vehicle (BEV) Recognition and Revision of BEV Data and Information

EUMB-EVIMD44 Hybrid Electric Vehicle (HEV) Recognition and Revision of HEV Data and Information

EUMB-EVIMD45 Plug-in Hybrid Electric Vehicle (PHEV) Recognition and Revision of PHEV Data and Information

EUMB-EVIMD46 Light Electric Vehicle (LEV) Recognition and Revision of LEV Data and Information

Oil Industry Standards and Monitoring Division (OISMD)

External Services

OIMB-OISMD01 Issuance of Acknowledgement of Notice to Denature Imported Bioethanol

OIMB-OISMD02 Issuance of Acknowledgement for the Notice to Engage in the Downstream Oil Industry – Lubes Products

OIMB-OISMD03 Issuance of Acknowledgement for the Notice to Import for Sale or Own Use - Lubes Products

OIMB-OISMD04 Issuance of Certificate of Fuel Additive Registration

Oil Industry Competition and Monitoring Division (OICMD)

External Services

OIMB-OICMD01 Issuance of Acknowledgement for the NOTICE TO ENGAGE in the Downstream Oil Industry – Liquid Petroleum Products

OIMB-OICMD02 Issuance of Acknowledgement for the Notice to Engage in the Downstream Oil Industry - Hauling Services (Bulk Level)

OIMB-OICMD03 Issuance of Certificate of Accreditation as a Downstream Oil Industry (DOI) Biofuel Participant

OIMB-OICMD04 Issuance of DOE Endorsement for BOI Registration of the Downstream Oil Industry under Republic Act 8479

OIMB-OICMD06 Issuance of DOE Endorsement for BOI Incentives Availment of the Downstream Oil Industry under Republic Act 8479

OIMB-OICMD07 Issuance of License to Operate (LTO) for Refiner, Importer, Bulk Distributor, and Terminal and/or Depot Owner Lessor

OIMB-OICMD08 Issuance of License to Operate (LTO) for Independent Bulk LPG Hauler

OIMB-OICMD09 Application for Registration - Prior to Commencement of LPG Facility Construction

OIMB-OICMD10 Application for Additional Registration - Authorized Transport Motor Vehicles and Marine Vessels

OIMB-OICMD11 Issuance to Notice to Import for Sale or Own Use - Liquid Petroleum Products

OIMB-OICMD12 Issuance of Acknowledgement to Notice to Purchase Locally Sourced Bioethanol or Biodiesel

OIMB-OICMD13 Issuance of Acknowledgement to Notice to Import Bioethanol

OIMB-OICMD14 Issuance of Acknowledgement to Notice to Sell or Purchase Imported Bioethanol

OIMB-OICMD15 Issuance to Notice to Import for Sample Testing - Liquid Petroleum Products and Bioethanol

Natural Gas Management Division (NGMD)

External Services

OIMB-NGMD01 Issuance of NOTICE TO PROCEED (NTP) for Downstream Natural Gas Facilities

OIMB-NGMD02 Issuance of PERMIT TO CONSTRUCT (PTC) for Downstream Natural Gas Facilities

OIMB-NGMD03 Issuance of PERMIT TO EXPAND (PTE) for Downstream Natural Gas Facilities

OIMB-NGMD04 Issuance of PERMIT TO REHABILITATE (PTR) for Downstream Natural Gas Facilities

OIMB-NGMD05 Issuance of PERMIT TO MODIFY (PTM) for Downstream Natural Gas Facilities

OIMB-NGMD06 Issuance of PERMIT TO OPERATE AND MAINTAIN (POM) for Downstream Natural Gas Facilities

OIMB-NGMD07 Issuance of the Participant Accreditation for SUPPLIER

OIMB-NGMD08 Issuance of the Participant Accreditation for AGGREGATOR

OIMB-NGMD09 Issuance of the Participant Accreditation for RESELLER

OIMB-NGMD10 Issuance of the Participant Accreditation for BUNKER TRADER

OIMB-NGMD11 Issuance of the Acknowledgement to EXPORT LIQUEFIED NATURAL GAS (ATE-LNG)

OIMB-NGMD12 Issuance of the Acknowledgement to IMPORT LIQUEFIED NATURAL GAS (ATI-LNG)

OIMB-NGMD13 Issuance of APPROVAL OF ASSIGNMENT OR TRANSFER OF PERMIT for Downstream Natural Gas Facilities

OIMB-NGMD14 Issuance of APPROVAL OF CHANGE IN CONTROL for Downstream Natural Gas Facilities

OIMB-NGMD15 Issuance of APPROVAL OF DECOMMISSIONING AND ABANDONMENT for Downstream Natural Gas Facilities

OIMB-NGMD16 Issuance of EXTENSION OF PERMIT VALIDITY for Downstream Natural Gas Facilities

OIMB-NGMD17 Issuance of SPECIAL PERMIT for Downstream Natural Gas Facilities

Retail Market Monitoring and Special Concerns Division (RMMSCD)

External Services

OIMB-RMMSCD01 Application for Registration - Prior to Commencement of LPG Facility Construction

OIMB-RMMSCD02 Application for Registration by a Trademark Owner or Marketer – Trademark or Tradename

OIMB-RMMSCD03 Application for Registration by a Refiller - Authority to Fill Third-Party Trademark or Tradename

OIMB-RMMSCD04 Application for Registration by a Dealer or Retailer - Authority to Sell a Trademark or Tradename (via LPG-filled pressure vessel)

OIMB-RMMSCD05 Application for Registration by a Trademark Owner or Marketer - LPG Seal

OIMB-RMMSCD06 Application for Registration - Bulk Consumer

OIMB-RMMSCD07 Application for Additional Registration - Authorized Transport Motor Vehicles and Marine Vessels

OIMB-RMMSCD08 Issuance of License to Operate (LTO) for Independent Hauler of LPG in Cylinder and/or Cartridge

OIMB-RMMSCD09 Issuance of License to Operate (LTO) for Trademark Owner or Marketer

OIMB-RMMSCD10 Issuance of License to Operate (LTO) for LPG Refiller

OIMB-RMMSCD11 Issuance of License to Operate (LTO) for LPG Dealer

OIMB-RMMSCD12 Issuance of License to Operate (LTO) for LPG Retailer

OIMB-RMMSCD13 Issuance of License to Operate (LTO) for Auto-LPG Dispensing Station Owner/Operator

OIMB-RMMSCD14 Issuance of License to Operate (LTO) for Centralized LPG Piping System Owner/Operator

OIMB-RMMSCD15 Issuance of Certificate of Compliance (COC) for Liquid Fuels Retail Outlet (LFRO)

OIMB-RMMSCD16 Issuance of Certificate of Non-Coverage (CNC) for Storage and Dispensing Liquid Fuels for Own-Use Operation

OIMB-RMMSCD17 Issuance of Certificate of Compliance (COC) for Marine Retail Outlet (MRO)

OIMB-RMMSCD18 Issuance of Certificate of Compliance (COC) for Technology-Solution Retail Outlet (TSRO)

OIMB-RMMSCD19 Issuance of Certification for Hauler (Own-Use)

OIMB-RMMSCD20 Issuance of Permit for Temporary Emergency Retail Outlet (TERO)

Energy Policy and Planning Bureau (EPPB)

External Services

EPPB-OD02 Provision of Policy / Position Papers in Response to Energy Related Policies, Plans and Programs Implemented by the DOE, other Agencies and Institutions (Local and International)

Planning Division (PD)

External Services

EPPB-PD01 Data Request Process (Simple Transaction)

EPPB-PD02 Data Request Process (Complex Transaction)

Policy Formulation and Research Division (PFRD)

External Services

EPPB-PFRD01 Provision of Key Energy Statistics and other Energy-Related Data/Indicators/Information to Various Clients

EPPB-PFRD02 Provision of Key Energy Statistics and other Energy-Related Data/Indicators/Information to Various Clients

Electric Power Industry Management Bureau (EPIMB)

External Services

EPIMB-PMDD01 Processing and Evaluation of Application for Direct Connection

Power Planning and Development Division (PPDD)

External Services

EPIMB-PPDD01 Certificate of Endorsement to Energy Regulatory Commission (COE-ERC)

EPIMB-PPDD02 Clearance to Undertake System Impact Study (SIS)

EPIMB-PPDD03 Letter of Endorsement to National Commission on Indigenous Peoples (NCIP) for the issuance of Certification of Pre-Condition (CP)/ Certificate of Non-Overlap (CNO) for Generation Facilities

EPIMB-PPDD04 Endorsement to Board of Investments (BOI)

EPIMB-PPDD05 Endorsement to Philippine National Police (PNP)

EPIMB-PPDD06 Issuance of Certificate of Endorsement for Point-to-Point Limited Transmission Facilities for Generation Facilities

EPIMB-PPDD07 Endorsement Letter to the National Commission on Indigenous Peoples (NCIP) for Transmission Projects

EPIMB-PPDD08 Issuance of Certificate of Endorsement to the Department of Justice (DOJ) for Non-Immigrant Visa Application

Information Services Division (ISD)

External Services

ITMS-ISD01 Provision of Infographics Services

ITMS-ISD02 Provision of Geomatics Services (1 Thematic Map)

ITMS-ISD03 Verification of the Area of Interest (AOI) for the Small-Scale Coal Mining Permit (SSCMP) and the conduct of a diligent preliminary determination (DPD) for the issuance of Area Clearance

ITMS-ISD04 Conduct Technical Evaluation for the Approval of the Coal Block Boundary Survey

ITMS-ISD05 Verification of Area of Interest (AOI) for Petroleum Services Contract (SC) under the Philippine Conventional Energy Contracting Program (PCECP) and conduct Diligent Preliminary Determination (DPD) for the Issuance of Area Clearance

ITMS-ISD06 Verification of Area of Interest (AOI) for Coal Operating Contract (COC) under the Philippine Conventional Energy Contracting (PCECP) Program and Conduct Diligent Preliminary Determination (DPD) for the Issuance of Area Clearance

ITMS-ISD07 Verification of the Area/Site of Interest (AOI/SOI) for the Renewable Energy Resource Service Contract and conducting Diligent Preliminary Determination (DPD) for the Issuance of Area Clearance

Information and Data Management Division (IDMD)

External Services

ITMS-IDMD01 Provision of Energy Data & Information through the Energy Data Center (Academe) (for 1-50 data items)

ITMS-IDMD01-01 Provision of Energy Data & Information through the Energy Data Center (Academe) (for more than 50 data items)

ITMS-IDMD02 Provision of Petroleum and Coal Data and Information through the Energy Data Center (for 1-50 data items)

ITMS-IDMD02-01 Provision of Petroleum and Coal Data and Information through the Energy Data Center (for more than 50 data items)

ITMS-IDMD03 Provision of Renewable Energy Data and Information through the Energy Data Center (for 1-50 data items)

ITMS-IDMD03-01 Provision of Renewable Energy Data and Information through the Energy Data Center (for more than 50 data items)

ITMS-IDMD05 Receiving of Incoming Documents (For Single Transaction)

ITMS-IDMD06 Request for Information (under the Freedom of Information (FOI)) - 15 Working Days

ITMS-IDMD06-01 Request for Information (under the Freedom of Information (FOI)) - With extensive research - 35 Working Days

ITMS-IDMD07 Authentication of Documents (For Single Request - 1 to 1,500 pages)

ITMS-IDMD07-01 Authentication of Documents (For Single Request - more than 1,500 pages)

General Legal Services Division (GLSD)

External Services

LS-GLSD01 Issuance of Certification of No Pending or Pendency of Administrative Case and Clearance (External)

General Services Division (GSD)

External Services

AS-GSD01 Request of Property, Plant and Equipment (PPE) and Semi-Expendable Items thru Donation or Transfer Without Cost to Other NGAs, LGUs, GOCCs or State Universities

Human Resource Management Division (HRMD)

External Services

AS-HRMD01 Recruitment Process (1-20 External Applicants)

AS-HRMD01-01 Recruitment Process (21-60 External Applicants)

AS-HRMD01-02 Recruitment Process (61-120 External Applicants)

Treasury Division (TD)

External Services

AS-TD01 Disbursement of Fund through Manual List of Due and Demandable Accounts Payable - Advice to Debit Account (LDDAP-ADA) - for Non-LBP account holder

AS-TD02 Collection of Fees and Charges

AS-TD03 Disbursement of Fund Through Electronic Modified Disbursement System (EMDS) (for LBP account holder)

AS-TD04 Disbursement of Fund Through Check Issuance

AS-TD05 Enrollment of Creditor's Account to the Electronic Modified Disbursement System (for Landbank account holder)

Geoscientific Research and Fuel Testing Laboratory Division (GRFTLD)

ERTLS-LATD04-01 Inspection of Generic Models / Exempted Products for Television Sets (for 6 to 10 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD05 Calibration of Electrical Instruments for External Customers (for 1 to 5 Calibration Points per Parameter - AC/DC Voltage, AC/DC Current and Resistance) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD05-01 Calibration of Electrical Instruments for External Customers (for Additional Point) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD06 Calibration of Temperature Instruments for External Customers (for 1 to 5 Calibration Points) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD06-01 Calibration of Temperature Instruments for External Customers (for Additional Point) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Zero Ageing (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-01 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Zero Ageing (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-02 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Initial Rating Test with 100 Hours Ageing (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-03 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Initial Rating Test with 100 Hours Ageing (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-04 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps Initial Rating Test Zero Ageing (Maximum Number of Sample is 30 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-05 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 30 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-06 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Fluorescent Lamps Initial Rating Test Zero Ageing (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-07 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Fluorescent Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-08 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 2,000 Hours Lumen Maintenance Test for Fluorescent Lamps Regardless of Rated Lamp Life (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-09 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Life Test for 6000 Hours Rated Lamp Life of Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-10 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Life Test for 15,000 Hours Rated Lamp Life of Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-11 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Lamps (8,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-12 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Led Lamps (15,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per

Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-13 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps (25,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-14 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps (50,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-15 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps 1,000 Burning Hours in Test Chamber (Regardless of Rated Lamp Life) Endurance Test – Temperature Cycling Test (Maximum Number of Sample is 10 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-16 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 2,000 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-17 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 3,750 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-18 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 6,000 Burning Hours Lumen Maintenance Test for Light Emitting Diode Lamps (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-19 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Electrical Measurements (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-20 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Electrical Measurements (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD07-21 Energy Performance Testing of Energy Saving Device (Omnidirectional/Nondirectional Lighting Load using Sphere Photometer) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Zero Ageing (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-01 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Zero Ageing (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-02 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Initial Rating Test with 100 Hours Ageing (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-03 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Initial Rating Test with 100 Hours Ageing (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-04 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps Initial Rating Test Zero Aging (Maximum Number of Sample is 30 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-05 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 30 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-06 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Fluorescent Lamps Initial Rating Test Zero Aging (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-07 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Fluorescent Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-08 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 2,000 Hours Lumen Maintenance Test for Fluorescent Lamps Regardless of Rated Lamp Life (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-09 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Life Test for 6000 Hours Rated Lamp Life of Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-10 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Life Test for 15,000 Hours Rated Lamp Life of Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-11 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (8,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-12 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (15,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-13 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (25,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10

per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-14 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (50,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-15 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps 1,000 Burning Hours in Test Chamber (Regardless of Rated Lamp Life) Endurance Test – Temperature Cycling Test (Maximum Number of Sample is 10 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-16 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 2,000 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-17 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 3,750 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-18 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 6,000 Burning Hours Lumen Maintenance Test for Light Emitting Diode Lamps (Maximum Number of Sample is 20 per Request) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-19 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Electrical Measurements (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-20 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Electrical Measurements (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD08-21 Energy Performance Testing of Energy Saving Device (Omnidirectional/Nondirectional Lighting Load using Gonio Photometer) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD09 Energy Performance Testing of Directional Light Sources Using Gonio Photometry (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD09-01 Energy Performance Testing of Directional Light Sources Using Gonio Photometry (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD09-02 Energy Performance Testing of Energy Saving Device (Directional Lighting Load using Gonio Photometer) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD10 Energy Performance Testing of Air Conditioners for Fixed Speed (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD10-01 Energy Performance Testing of Air Conditioners for Fixed Speed (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD10-02 Energy Performance Testing of Air Conditioners for Fixed Speed with Energy Saving Device through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD10-03 Energy Performance Testing of Air Conditioners for Variable Speed (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD10-04 Energy Performance Testing of Air Conditioners for Variable Speed (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD10-05 Energy Performance Testing of Air Conditioners for Variable Speed with Energy Saving Device through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 1 Sample Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-01 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 3 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-02 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 1 Sample Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-03 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 2 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-04 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 4 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-05 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 3 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-06 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 1 Sample Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-07 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 3 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-08 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 1 Sample Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-09 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 2 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-10 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 4 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-11 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 3 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-12 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 1 Sample Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-13 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 3 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-14 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 1 Sample Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-15 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 2 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-16 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 4 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-17 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 3 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-18 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 1 Sample Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-19 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 3 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-20 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 1 Sample Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-21 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 2 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-22 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 4 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-23 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 3 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-24 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 1 Sample Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-25 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 3 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-26 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 1 Sample Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-27 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 2 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-28 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 4 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-29 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 3 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-30 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 1 Sample Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-31 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 3 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-32 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 1 Sample Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-33 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 2 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-34 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 4 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-35 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 3 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-36 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 1 Sample Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-37 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing

Capacity Test plus Ice-Making Test (For 3 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-38 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 1 Sample Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-39 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 2 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-40 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 4 Samples Below 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-41 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 3 Samples Above 6 Cubic Feet) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-42 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing with Energy Saving Device through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD11-43 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test with Energy Saving Device through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD12 Energy Performance Testing of Clothes Washing Machines (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD12-01 Energy Performance Testing of Clothes Washing Machines (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD12-02 Energy Performance Testing of Clothes Washing Machines (For 5 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD12-03 Energy Performance Testing of Clothes Washing Machines with Energy Saving Device through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD13 Energy Performance Testing of Television Sets (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD13-01 Energy Performance Testing of Television Sets (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD13-02 Energy Performance Testing of Television Sets (For 5 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD13-03 Energy Performance Testing of Television Sets with Energy Saving Device through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD14 Energy Performance Testing of Cooking Stoves (For 1 Sample) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD14-01 Energy Performance Testing of Cooking Stoves (For 2 Samples) through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD14-02 Energy Performance Testing of Cooking Stoves with Energy Saving Device through Energy Research and Testing Laboratory Services - Online Services Management System

ERTLS-LATD15 Inspection of Generic Models / Exempted Products for Air Conditioners (for 1 to 5 Samples) through Manual Processing

ERTLS-LATD15-01 Inspection of Generic Models / Exempted Products for Air Conditioners (for 6 to 10 Samples) through Manual Processing

ERTLS-LATD16 Inspection of Generic Models / Exempted Products for Refrigerating Appliances (for 1 to 5 Samples) through Manual Processing

ERTLS-LATD16-01 Inspection of Generic Models / Exempted Products for Refrigerating Appliances (for 6 to 10 Samples) through Manual Processing

ERTLS-LATD17 Inspection of Generic Models / Exempted Products for Clothes Washing Machines (for 1 to 5 Samples) through Manual Processing

ERTLS-LATD17-01 Inspection of Generic Models / Exempted Products for Clothes Washing Machines (for 6 to 10 Samples) through Manual Processing

ERTLS-LATD18 Inspection of Generic Models / Exempted Products for Television Sets (for 1 to 5 Samples) through Manual Processing

ERTLS-LATD18-01 Inspection of Generic Models / Exempted Products for Television Sets (for 6 to 10 Samples) through Manual Processing

ERTLS-LATD19 Calibration of Electrical Instruments for External Customers (for 1 to 5 Calibration Points per Parameter - AC/DC Voltage, AC/DC Current and Resistance) through Manual Processing

ERTLS-LATD19-01 Calibration of Electrical Instruments for External Customers (for Additional Point) through Manual Processing

ERTLS-LATD20 Calibration of Temperature Instruments for External Customers for (1 to 5 Calibration Points) through Manual Processing

ERTLS-LATD20-01 Calibration of Temperature Instruments for External Customers (for Additional Point) through Manual Processing

ERTLS-LATD21 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Zero Ageing (For 1 Sample) through Manual Processing

ERTLS-LATD21-01 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Zero Ageing (For 2 Samples) through Manual Processing

ERTLS-LATD21-02 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Initial Rating Test with 100 Hours Ageing (For 1 Sample) through Manual Processing

ERTLS-LATD21-03 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Initial Rating Test with 100 Hours Ageing (For 2 Samples) through Manual Processing

ERTLS-LATD21-04 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps Initial Rating

Test Zero Aging (Maximum Number of Sample is 30 per Request) through Manual Processing

ERTLS-LATD21-05 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 30 per Request) through Manual Processing

ERTLS-LATD21-06 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Fluorescent Lamps Initial Rating Test Zero Aging (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD21-07 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Fluorescent Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD21-08 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 2,000 Hours Lumen Maintenance Test for Fluorescent Lamps Regardless of Rated Lamp Life (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD21-09 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Life Test for 6000 Hours Rated Lamp Life of Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD21-10 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Life Test for 15,000 Hours Rated Lamp Life of Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD21-11 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps (8,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD21-12 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps (15,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD21-13 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps (25,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD21-14 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps (50,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD21-15 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Light Emitting Diode Lamps 1,000 Burning Hours in Test Chamber (Regardless of Rated Lamp Life) Endurance Test – Temperature Cycling Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD21-16 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 2,000 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD21-17 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 3,750 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD21-18 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for 6,000 Burning Hours Lumen Maintenance Test for Light Emitting Diode Lamps (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD21-19 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Electrical Measurements (For 1 Sample) through Manual Processing

ERTLS-LATD21-20 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Sphere Photometry for Electrical Measurements (For 2 Samples) through Manual Processing

ERTLS-LATD21-21 Energy Performance Testing of Energy Saving Device (Omnidirectional/Nondirectional Lighting Load using Sphere Photometer) through Manual Processing

ERTLS-LATD22 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Zero Ageing (For 1 Sample) through Manual Processing

ERTLS-LATD22-01 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Zero Ageing (For 2 Samples) through Manual Processing

ERTLS-LATD22-02 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Initial Rating Test with 100 Hours Ageing (For 1 Sample) through Manual Processing

ERTLS-LATD22-03 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Initial Rating Test with 100 Hours Ageing (For 2 Samples) through Manual Processing

ERTLS-LATD22-04 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps Initial Rating Test Zero Aging (Maximum Number of Sample is 30 per Request) through Manual Processing

ERTLS-LATD22-05 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 30 per Request) through Manual Processing

ERTLS-LATD22-06 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Fluorescent Lamps Initial Rating Test Zero Aging (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD22-07 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Fluorescent Lamps Initial Rating Test with 100 Hours Ageing (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD22-08 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 2,000 Hours Lumen Maintenance Test for Fluorescent Lamps Regardless of Rated Lamp Life (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD22-09 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Life Test for 6000 Hours Rated Lamp Life of

Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD22-10 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Life Test for 15,000 Hours Rated Lamp Life of Fluorescent Lamps (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD22-11 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (8,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD22-12 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (15,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD22-13 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (25,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD22-14 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps (50,000 Rated Lamp Life) Endurance Test – Supply Switching Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD22-15 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Light Emitting Diode Lamps 1,000 Burning Hours in Test Chamber (Regardless of Rated Lamp Life) Endurance Test – Temperature Cycling Test (Maximum Number of Sample is 10 per Request) through Manual Processing

ERTLS-LATD22-16 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 2,000 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD22-17 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 3,750 Burning Hours Light Emitting Diode Lamps Lumen Maintenance (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD22-18 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for 6,000 Burning Hours Lumen Maintenance Test for Light Emitting Diode Lamps (Maximum Number of Sample is 20 per Request) through Manual Processing

ERTLS-LATD22-19 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Electrical Measurements (For 1 Sample) through Manual Processing

ERTLS-LATD22-20 Energy Performance Testing of Omnidirectional/Non-Directional Light Sources Using Gonio Photometry for Electrical Measurements (For 2 Samples) through Manual Processing

ERTLS-LATD22-21 Energy Performance Testing of Energy Saving Device (Omnidirectional/Nondirectional Lighting Load using Gonio Photometer) through Manual Processing

ERTLS-LATD23 Energy Performance Testing of Directional Light Sources Using Gonio Photometry (For 1 Sample) through Manual Processing

ERTLS-LATD23-01 Energy Performance Testing of Directional Light Sources Using Gonio Photometry (For 2 Samples) through Manual Processing

ERTLS-LATD23-02 Energy Performance Testing of Energy Saving Device (Directional Lighting Load using Gonio Photometer) through Manual Processing

ERTLS-LATD24 Energy Performance Testing of Air Conditioners for Fixed Speed (For 1 Sample) through Manual Processing

ERTLS-LATD24-01 Energy Performance Testing of Air Conditioners for Fixed Speed (For 2 Samples) through Manual Processing

ERTLS-LATD24-02 Energy Performance Testing of Air Conditioners for Fixed Speed with Energy Saving Device through Manual Processing

ERTLS-LATD24-03 Energy Performance Testing of Air Conditioners for Variable Speed (For 1 Sample) through Manual Processing

ERTLS-LATD24-04 Energy Performance Testing of Air Conditioners for Variable Speed (For 2 Samples) through Manual Processing

ERTLS-LATD24-05 Energy Performance Testing of Air Conditioners for Variable Speed with Energy Saving Device through Manual Processing

ERTLS-LATD25 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 1 Sample Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-01 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-02 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 1 Sample Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-03 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 2 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-04 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 4 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-05 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-06 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 1 Sample Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-07 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-08 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 1 Sample Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-09 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 2 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-10 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 4 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-11 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-12 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 1 Sample Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-13 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-14 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 1 Sample Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-15 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 2 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-16 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 4 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-17 Energy Performance Testing of Refrigerating Appliances for Freezing Capacity Test (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-18 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 1 Sample Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-19 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-20 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 1 Sample Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-21 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 2 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-22 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 4 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-23 Energy Performance Testing of Refrigerating Appliances for Ice-Making Test (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-24 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 1 Sample Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-25 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-26 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 1 Sample Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-27 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 2 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-28 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 4 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-29 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-30 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 1 Sample Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-31 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-32 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing

Capacity Test (For 1 Sample Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-33 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 2 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-34 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 4 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-35 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-36 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 1 Sample Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-37 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 3 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-38 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 1 Sample Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-39 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 2 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-40 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 4 Samples Below 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-41 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing plus Storage Temperature Test plus Freezing Capacity Test plus Ice-Making Test (For 3 Samples Above 6 Cubic Feet) through Manual Processing

ERTLS-LATD25-42 Energy Performance Testing of Refrigerating Appliances for Energy Consumption Test and Load Processing with Energy Saving Device through Manual Processing

ERTLS-LATD25-43 Energy Performance Testing of Refrigerating Appliances for Storage Temperature Test with Energy Saving Device through Manual Processing

ERTLS-LATD26 Energy Performance Testing of Clothes Washing Machines (For 1 Sample) through Manual Processing

ERTLS-LATD26-01 Energy Performance Testing of Clothes Washing Machines (For 2 Samples) through Manual Processing

ERTLS-LATD26-02 Energy Performance Testing of Clothes Washing Machines (For 5 Samples) through Manual Processing

ERTLS-LATD26-03 Energy Performance Testing of Clothes Washing Machines with Energy Saving Device through Manual Processing

ERTLS-LATD27 Energy Performance Testing of Television Sets (For 1 Sample) through Manual Processing

ERTLS-LATD27-01 Energy Performance Testing of Television Sets(For 2 Samples) through Manual Processing

ERTLS-LATD27-02 Energy Performance Testing of Television Sets (For 5 Samples) through Manual Processing

ERTLS-LATD27-03 Energy Performance Testing of Television Sets with Energy Saving Device through Manual Processing

ERTLS-LATD28 Energy Performance Testing of Cooking Stoves (For 1 Sample) through Manual Processing

ERTLS-LATD28-01 Energy Performance Testing of Cooking Stoves (For 2 Samples) through Manual Processing

ERTLS-LATD28-02 Energy Performance Testing of Cooking Stoves with Energy Saving Device through Manual Processing

Department of Energy - Luzon Field Office

External Services

LFO-EIMD01 Issuance of Certificate of Compliance (COC) for Liquid Fuels Retail Outlets (LFROs)

LFO-EIMD02 Issuance of Certificate of Non-Coverage (CNC) for Storage and Dispensing Liquid Fuels for Own-Use Operation

LFO-EIMD03 Issuance of Certification for Hauler (Hauler Own-Use at Retail Level)

LFO-EIMD04 Issuance of License to Operate (LTO) for Refiller

LFO-EIMD05 Issuance of License to Operate (LTO) for Dealer

LFO-EIMD06 Issuance of License to Operate (LTO) for Retailer

LFO-EIMD07 Issuance of License to Operate (LTO) for Independent Hauler

Energy Resource Development Division (LFO-ERDD)

External Services

LFO-ERDD01 Issuance of Certificate of Accreditation as Coal End-User (CEU)

LFO-ERDD02 Issuance of Certificate of Accreditation as Coal End-User (CEU) - Renewal

LFO-ERDD03 Issuance of Coal Transport Permit (CTP)

Oil Industry Management Division (LFO-OIMD)

External Services

LFO-OIMD01 Issuance of Certificate of Compliance (COC) for Liquid Fuels Retail Outlets (LFROs)

LFO-OIMD02 Issuance of Certificate of Non-Coverage (CNC) for Storage and Dispensing Liquid Fuels for Own-Use Operation

LFO-OIMD03 Issuance of Certification for Hauler (Hauler Own-Use at Retail Level)

LFO-OIMD04 Issuance of License to Operate (LTO) for Refiller

LFO-OIMD05 Issuance of License to Operate (LTO) for Dealer

LFO-OIMD06 Issuance of License to Operate (LTO) for Retailer

LFO-OIMD07 Issuance of License to Operate (LTO) for Independent Hauler

LFO-OIMD08 Issuance of Certificate of Compliance (COC) for Technology-Solution Retail Outlets (TSROs)

LFO-OIMD09 Issuance of Certification for LGU Permit / License / Clearance

Energy Resource Development Division (VFO-ERDD)

External Services

- VFO-ERDD01 Issuance of Safety Engineer's (SE) or Safety Inspector's (SI) Permit
- VFO-ERDD02 Issuance of Small-Scale Coal Mining Permit (SSCMP) - Independent and Supervised by Coal Operating Contract (COC) Holders – New
- VFO-ERDD03 Issuance of Small-Scale Coal Mining Permit (SSCMP) - Independent and Supervised by Coal Operating Contract (COC) Holders – Renewal
- VFO-ERDD04 Issuance of Certificate of Accreditation for Coal End-User (CEU)
- VFO-ERDD05 Issuance of Certificate of Accreditation for Coal End-User (CEU) – Renewal
- VFO-ERDD06 Issuance of Coal Transport Permit (CTP)

Public Affairs Office (PAO)

External Services

1. EO-PAO01 Arrangement of Phone and On-Cam Interviews with Media

The Public Affairs Office (PAO) is responsible for promoting the Department's initiatives to inform and engage the public. This includes arranging interviews with radio, television, and print media to maximize outreach.

The PAO identifies newsworthy Department activities, coordinates with media contacts, and selects the most effective format and platform for each interview. By managing logistics and preparing briefing materials, the PAO ensures that messaging is clear, consistent, and aligned with the Department's priorities. After each interview, the office assesses its impact to continuously improve public engagement efforts.

Office or Division:	Public Affairs Office (PAO)			
Classification:	Simple			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	All public and private media outlets, including feature magazines, industry journals, and online publications, can access this service.			
Operating Hours:	8:00 AM - 5:00 PM

2. EO-PAO02 Tri-Media and Stakeholders Inquiries

The Department of Energy (DOE) of the Philippines is mandated to inform and engage the public on energy-related matters as part of its broader responsibilities. This mandate is grounded in Republic Act No. 7638, also known as the Department of Energy Act of 1992, which directs the DOE to "prepare, integrate, coordinate, supervise, and control all plans, programs, projects, and activities of the Government relative to energy exploration, development, utilization, distribution, and conservation."

The DOE's mission underscores its commitment to transparency and public engagement:

"We at the Department of Energy, in partnership with our stakeholders, shall improve the quality of life of the Filipino by formulating and implementing policies and programs to ensure sustainable, stable, secure, sufficient, accessible and reasonably-priced energy."

Further reinforcing this commitment, the Freedom of Information (FOI) Program, established under Executive Order No. 02, s. 2016, mandates all government agencies, including the DOE, to uphold the constitutional right of citizens to access information on matters of public concern through full public disclosure.

	2.2. Conduct technical evaluation of the submitted application		5 calendar day/s	Science Research Specialist; Petroleum Resources Development Division (PRDD)

<i>the cancellation due to invalid payment and sets the time to COMPLETE and ENDS THE WORKFLOW.</i> <i>If payment has not been made within three (3) working days, Petroleum Resources Development Division (PRDD) uploads the Rejection Letter signed by the ERDB Director due to incomplete submission within three (3) calendar days. EVOSS System notifies the client and Treasury Division of the cancellation due to non-payment and sets the time to COMPLETE and ENDS THE WORKFLOW.</i> --- <i>If the timeframe in evaluating the application exceeded eleven (11) calendar days, EVOSS System notifies the Client and Petroleum Resources Development Division (PRDD) thru a generated email notification on the Issuance of the Deemed Approved Certificate. EVOSS sets the time to COMPLETE and ENDS the WORKFLOW.</i>	2.3. Endorse the application to the ERDB for final review and approval	1 calendar day/s	Chief Science Research Specialist; Petroleum Resources Development Division (PRDD)
	2.4. Review of endorsed application	4 calendar day/s	Director; Energy Resource Development Bureau (ERDB)
	2.5. Record and transmit the signed permit to Petroleum Resources Development Division (PRDD)	12 hour/s	Executive Assistant; ERDB, Office of the Director
	2.6. Upload the signed and approved Safety Engineer's/Safety Inspector's Permit. (EVOSS System notifies the client through a system-generated email notification of the approved Safety Engineer's/Safety Inspector's Permit. EVOSS System sets the time to COMPLETE and ENDS the WORKFLOW.)	12 hour/s	Science Research Specialist; Petroleum Resources Development Division (PRDD)

General Remarks

Disclaimer: The official processing timeline for EVOSS-covered services is counted in **calendar days**, starting from the submission of complete documentary requirements. This is based on:

- **Section 13(a), Republic Act No. 11234:** The time frame shall be counted from the submission of complete documentary requirements.
- **Part III, Rule 9 (Section 2), Department Circular No. DC2019-05-0007:** The completeness of the submission triggers the start of the processing time.
- This applies to the DOE and all its attached bureaus, offices, agencies, and GOCCs, with a processing period of **sixty (60) calendar days**.

If any issues, discrepancies, or exceptions arise during processing, please refer to the official process workflow for the specific service on **EVOSS.ph** for guidance. This ensures all deviations are handled according to the EVOSS system guidelines.

Total Processing Time:	Calendar Days: 11 calendar day/s Working Days: 6 working day/s
Total Processing Fee:	Total Standard Fee: PHP 550

4. ERDB-PRDD04 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 1 Subcontract Application)

ISO 9001:2015 Certified

Processing of Petroleum Subcontract Registration as per Presidential Decree (PD) No. 87 and Department of Energy (DOE) Department Circular No. DC2014-08-0013 amending Office of Energy (OEA) Circular No. 80-01-02

	2.3. Issue the Order of Payment to the client		3 hour/s	Accounting Staff; Accounting Division (AD)
3. Payment of Processing Fee Location: Receiving Counter, Window 5, Treasury Division, Annex Building, Department of Energy, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 (over-the-counter) or through preferred bank (online) Notes/Instruction: If submission did not meet the deadline, it is considered as late application and the submission will be penalized. Failure to pay within 60 days from receipt of penalty notice will result in disallowance for cost-recovery.	3. Process of Payment Fee	Possible Fees Breakdown: Regular Subcontract Registration (per subcontract): PHP 200 Late Subcontract Registration (per subcontract): PHP 10000	4 hour/s	Collecting Officer; Treasury Division (TD)
4. Submission of Official Receipt Location:	4.1. Once the Official Receipt is received, register, record, and file the subcontract	None	2 hour/s	Science Research Specialist II; Petroleum

Petroleum Resources Development Division (PRDD) Office, Basement Floor, Main Bldg., Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 (on-site) or e-mail through prdd@doe.gov.ph (online)	registration application			Resources Development Division (PRDD)
	4.2. Draft letter of registered and acknowledged subcontract application		2 hour/s	• Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	4.3. Endorsement of letter of registered/acknowledged subcontract application to Energy Resource Development Bureau (ERDB) Director		2 hour/s	• Chief Science Research Specialist; Energy Resource Development Bureau (ERDB)
	4.4. Approval of the letter of registered and acknowledged subcontract application		4 hour/s	• Director; Energy Resource Development Bureau (ERDB)
	4.5. Issuance of Letter of Subcontract Registration		4 hour/s	• Administrative Staff; Petroleum Resources Development Division (PRDD)
Total Processing Time:		Working Days: 60 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Possible Fees				
• Regular Subcontract Registration (per subcontract) : 200				
• Late Subcontract Registration (per subcontract) : 10000				

6. ERDB-PRDD04-02 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 21 to 60 Subcontracts Application)

ISO 9001:2015 Certified

Processing of Petroleum Subcontract Registration as per Presidential Decree (PD) No. 87 and Department of Energy (DOE) Department Circular No. DC2014-08-0013 amending Office of Energy (OEA) Circular No. 80-01-02

Office or Division:	Petroleum Resources Development Division (PRDD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business)			
Who may avail:	Existing Petroleum Service Contractors			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Request Letter (1) Original Copy			Applicant / Client	
<i>Remarks:</i> Letter must be addressed to the DOE - Energy Resource Development Bureau (ERDB) Director				
2. Annexes of Subcontracts (2) Certified True Copy			Applicant / Client	
<i>Remarks:</i> Submission of actual subcontracts must include relevant documents such as Invoices, Work and Purchase Orders, and/or Agreements				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of Application Location:	1.1. Official receiving of application documents	None	4 hour/s	Records Officer; Records Manageme

Receiving Area, Ground Floor, Annex Building, Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 Notes/Instruction: <i>If the submission is incomplete, a Deficiency/Justification Letter is issued to the contractor by the Energy Resource Development Bureau (ERDB) (End of process)</i>			nt Division (RMD)
	1.2. Transmittal of application to Energy Resource Development Bureau (ERDB)	4 hour/s	Records Officer; Records Management Division (RMD)
	1.3. Endorsement of application to Petroleum Resources Development Division (PRDD)	1 hour/s	Executive Assistant; ERDB, Office of the Director
	1.4. Endorsement of application to responsible Petroleum Resource Development Division (PRDD) section	2 hour/s	Chief Science Research Specialist; Petroleum Resources Development Division (PRDD)
	1.5. Endorsement of application to assigned Petroleum Resources Development Division (PRDD) personnel	2 hour/s	Supervising Science Research Specialist; Petroleum Resources Development Division (PRDD)
	1.6. Technical evaluation of submitted application of subcontract/s in accordance to the approved Work Program and Budget for the Calendar Year for Petroleum Operations related subcontracts and/or Administrative subcontracts	60 working day/s	Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	1.7. Submission of the Memorandum to Chief Science Research Specialist	2 hour/s	Science Research Specialist II;

		Petroleum Resources Development Division (PRDD)
1.8. Endorsement of Memorandum and letter to the Office of Director - Energy Resource Development Bureau (ERDB)	2 hour/s	Chief Science Research Specialist ; Petroleum Resources Development Division (PRDD)
1.9. Approval of the Memorandum to Legal Services	1 working day/s	Director; Energy Resource Development Bureau (ERDB)
1.10. Transmittal of Memorandum to Legal Services for Legal Evaluation	2 hour/s	Executive Assistant; ERDB, Office of the Director
1.11. Endorsement of Memorandum to responsible Legal Services Division	2 hour/s	Executive Assistant; LS, Office of the Director
1.12. Endorsement of Memorandum to the assigned legal assistant	2 hour/s	Division Chief ; Upstream Conventional Energy Legal Services Division (UCELSD)
1.13. Legal evaluation of the subcontracts for registration (i.e. compliance to Department Circular (DC) No. DC2014-08-0013)	60 working day/s	Legal Assistant II; Upstream Conventional Energy Legal Services

				Division (UCELSD)
	1.14. Endorsement of Legal Evaluation to Office of Director - Legal Services		2 hour/s	Division Chief; Upstream Conventional Energy Legal Services Division (UCELSD)
	1.15. Approval of Legal Evaluation		1 working day/s	Director; Legal Services (LS)
	1.16. Transmittal of Legal Evaluation to Energy Resource Development Bureau (ERDB)		2 hour/s	Executive Assistant; LS, Office of the Director
	1.17. Transmittal of Memorandum to Petroleum Resources Development Division (PRDD)		2 hour/s	Executive Assistant; ERDB, Office of the Director
	1.18. Determine the number of subcontracts / agreements to be processed, registered, acknowledged and / or penalized		11 working day/s	Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	1.19. Advise the client to request for Order of Payment including the number of subcontract for registration/acknowledgement through e-mail		2 hour/s	Administrative Staff; Petroleum Resources Development Division (PRDD)
2. Client requests for Order of Payment through e-mail Location:	2.1. Prepare Billing Statement in DOE Collection Monitoring System Version 2.1	None	2 hour/s	Administrative Staff; Petroleum Resources Development

Petroleum Resources Development Division E-mail Address: prdd@doe.gov.ph				nt Division (PRDD)

	4.3. Endorsement of letter of registered/acknowledged subcontract application to Energy Resource Development Bureau (ERDB) Director		2 hour/s	• Chief Science Research Specialist; Energy Resource Development Bureau (ERDB)
	4.4. Approval of the letter of registered and acknowledged subcontract application		4 hour/s	• Director; Energy Resource Development Bureau (ERDB)
	4.5. Issuance of Letter of Subcontract Registration		4 hour/s	• Administrative Staff; Petroleum Resources Development Division (PRDD)
Total Processing Time:		Working Days: 365 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Possible Fees				
• Regular Subcontract Registration (per subcontract) : 200				
• Late Subcontract Registration (per subcontract) : 10000				

10. ERDB-PRDD04-06 Issuance of Acknowledgement of Administrative Subcontracts, Letters of Registrations, Deficiencies & Penalties for Petroleum Subcontract Applications (For 301 and above Subcontracts Application)

ISO 9001:2015 Certified

Processing of Petroleum Subcontract Registration as per Presidential Decree (PD) No. 87 and Department of Energy (DOE) Department Circular No. DC2014-08-0013 amending Office of Energy (OEA) Circular No. 80-01-02

Office or Division:	Petroleum Resources Development Division (PRDD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business)			
Who may avail:	Existing Petroleum Service Contractors			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Request Letter (1) Original Copy			Applicant / Client	
<i>Remarks:</i> Letter must be addressed to the DOE - Energy Resource Development Bureau (ERDB) Director				
2. Annexes of Subcontracts (2) Certified True Copy			Applicant / Client	
<i>Remarks:</i> Submission of actual subcontracts must include relevant documents such as Invoices, Work and Purchase Orders, and/or Agreements				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of Application Location:	1.1. Official receiving of application documents	None	4 hour/s	Records Officer; Records Manageme

Receiving Area, Ground Floor, Annex Building, Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 Notes/Instruction: <i>If the submission is incomplete, a Deficiency/Justification Letter is issued to the contractor by the Energy Resource Development Bureau (ERDB) (End of process)</i>			nt Division (RMD)
	1.2. Transmittal of application to Energy Resource Development Bureau (ERDB)	4 hour/s	Records Officer; Records Management Division (RMD)
	1.3. Endorsement of application to Petroleum Resources Development Division (PRDD)	1 hour/s	Executive Assistant; ERDB, Office of the Director
	1.4. Endorsement of application to responsible Petroleum Resource Development Division (PRDD) section	2 hour/s	Chief Science Research Specialist; Petroleum Resources Development Division (PRDD)
	1.5. Endorsement of application to assigned Petroleum Resources Development Division (PRDD) personnel	2 hour/s	Supervising Science Research Specialist; Petroleum Resources Development Division (PRDD)
	1.6. Technical evaluation of submitted application of subcontract/s in accordance to the approved Work Program and Budget for the Calendar Year for Petroleum Operations related subcontracts and/or Administrative subcontracts	345 working day/s	Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	1.7. Submission of the Memorandum to Chief Science Research Specialist	2 hour/s	Science Research Specialist II;

		Petroleum Resources Development Division (PRDD)
1.8. Endorsement of Memorandum and letter to the Office of Director - Energy Resource Development Bureau (ERDB)	2 hour/s	Chief Science Research Specialist ; Petroleum Resources Development Division (PRDD)
1.9. Approval of the Memorandum to Legal Services	1 working day/s	Director; Energy Resource Development Bureau (ERDB)
1.10. Transmittal of Memorandum to Legal Services for Legal Evaluation	2 hour/s	Executive Assistant; ERDB, Office of the Director
1.11. Endorsement of Memorandum to responsible Legal Services Division	2 hour/s	Executive Assistant; LS, Office of the Director
1.12. Endorsement of Memorandum to the assigned legal assistant	2 hour/s	Division Chief ; Upstream Conventional Energy Legal Services Division (UCELSD)
1.13. Legal evaluation of the subcontracts for registration (i.e. compliance to Department Circular (DC) No. DC2014-08-0013)	345 working day/s	Legal Assistant II; Upstream Conventional Energy Legal Services

				Division (UCELSD)
	1.14. Endorsement of Legal Evaluation to Office of Director - Legal Services		2 hour/s	Division Chief; Upstream Conventional Energy Legal Services Division (UCELSD)
	1.15. Approval of Legal Evaluation		1 working day/s	Director; Legal Services (LS)
	1.16. Transmittal of Legal Evaluation to Energy Resource Development Bureau (ERDB)		2 hour/s	Executive Assistant; LS, Office of the Director
	1.17. Transmittal of Memorandum to Petroleum Resources Development Division (PRDD)		2 hour/s	Executive Assistant; ERDB, Office of the Director
	1.18. Determine the number of subcontracts / agreements to be processed, registered, acknowledged and / or penalized		31 working day/s	Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	1.19. Advise the client to request for Order of Payment including the number of subcontract for registration/acknowledgement through e-mail		2 hour/s	Administrative Staff; Petroleum Resources Development Division (PRDD)
2. Client requests for Order of Payment through e-mail Location:	2.1. Prepare Billing Statement in DOE Collection Monitoring System Version 2.1	None	2 hour/s	Administrative Staff; Petroleum Resources Development

Petroleum Resources Development Division E-mail Address: prdd@doe.gov.ph				nt Division (PRDD)
	2.2. Approve the Billing Statement in DOE Collection Monitoring System Version 2.1		2 hour/s	Supervising Science Research Specialist; Petroleum Resources Development Division (PRDD)
	2.3. Issue the Order of Payment to the client		3 hour/s	Accounting Staff; Accounting Division (AD)
3. Payment of Processing Fee Location: Receiving Counter, Window 5, Treasury Division, Annex Building, Department of Energy, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 (over-the-counter) or through preferred bank (online) Notes/Instruction: If submission did not meet the deadline, it is considered as late application and the submission will be penalized. Failure to pay within 60 days from receipt of penalty notice will result in disallowance for cost-recovery.	3. Process of Payment Fee	Possible Fees Breakdown: Regular Subcontract Registration (per subcontract): PHP 200 Late Subcontract Registration (per subcontract): PHP 10000	4 hour/s	Collecting Officer; Treasury Division (TD)
4. Submission of Official Receipt Location:	4.1. Once the Official Receipt is received, register, record, and file the subcontract	None	2 hour/s	Science Research Specialist II; Petroleum

Petroleum Resources Development Division (PRDD) Office, Basement Floor, Main Bldg., Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 (on-site) or e-mail through prdd@doe.gov.ph (online)	registration application			Resources Development Division (PRDD)
	4.2. Draft letter of registered and acknowledged subcontract application		2 hour/s	• Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	4.3. Endorsement of letter of registered/acknowledged subcontract application to Energy Resource Development Bureau (ERDB) Director		2 hour/s	• Chief Science Research Specialist; Energy Resource Development Bureau (ERDB)
	4.4. Approval of the letter of registered and acknowledged subcontract application		4 hour/s	• Director; Energy Resource Development Bureau (ERDB)
	4.5. Issuance of Letter of Subcontract Registration		4 hour/s	• Administrative Staff; Petroleum Resources Development Division (PRDD)
Total Processing Time:		Working Days: 730 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Possible Fees				
• Regular Subcontract Registration (per subcontract) : 200				
• Late Subcontract Registration (per subcontract) : 10000				

11. ERDB-PRDD05 Conduct of Oil and Gas Seepage Investigation

Application for conducting Oil and Gas Seepage Investigation in areas around the Philippines

Office or Division:	Petroleum Resources Development Division (PRDD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Any Individual / Local Government Units / Companies			
Operating Hours:	7:00 AM - 4:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Contact Details of Applicant (1) Original Copy			Applicant / Client	
<i>Remarks:</i> <i>Include Name, Phone Number, Address/Email</i>				
2. Location of Seep/s (1) Original Copy			Applicant / Client	
<i>Remarks:</i> <i>Include Municipality, Barangay or Sitio, any landmarks</i>				
3. Description of the Seep/s (1) Original Copy			Applicant / Client	
<i>Remarks:</i> <i>Include pictures with description</i>				
4. Request Letter (1) Original Copy			Applicant / Client	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of Request Letter and Requirements	1.1. Official receiving of application documents	None	4 hour/s	Records Officer; Records

Location: Receiving Area, Ground Floor, Annex Building, Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 Notes/Instruction: Note: <i>If incomplete requirements, DOE informs or sends letter to applicant to complete requirements for resubmission (end of process)</i>			Managem ent Division (RMD)
	1.2. Transmittal of application to Energy Resource Development Bureau (ERDB)	4 hour/s	Records Officer; Records Manage ment Division (RMD)
	1.3. Endorsement of application to Petroleum Resources Development Division (PRDD)	6 hour/s	Executive Assistant; ERDB, Office of the Director
	1.4. Endorsement of application to responsible Petroleum Resource Development Division (PRDD) section	6 hour/s	Chief Science Research Specialist; Petroleum Resources Developme nt Division (PRDD)
	1.5. Endorsement of application to assigned Petroleum Resources Development Division (PRDD) personnel	6 hour/s	Supervisin g Science Research Specialist; Petroleum Resources Developme nt Division (PRDD)
	1.6. Review the completeness of application	1 working day/s	Science Research Specialist II; Petroleum Resources Developme nt Division (PRDD)
	1.7. Evaluate and Endorse for Field Investigation and Sampling	7 working day/s	Science Research Specialist II; Petroleum Resources Developme

				nt Division (PRDD)
	1.8. Coordinate with the applicant for preliminary investigation		14 working day/s	Supervising Science Research Specialist; Petroleum Resources Development Division (PRDD)
2. Concur on the schedule of the conduct of field investigation and/or assist DOE Field Office personnel during preliminary investigation Location: Petroleum Resources Development Division (PRDD) Office, Basement Floor, Main Bldg., Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 (on-site) or PRDD Email Address: prdd@doe.gov.ph (online) Notes/Instruction: Note: The following are considered: - Participation/availability of applicant onsite; - Accessibility of area; - Safety; and/or - Recommendation from DOE Field Office	2. Coordinate with appropriate DOE office for requesting assistance for the preliminary investigation	None	7 working day/s	- Science Research Specialist; Department of Energy - Luzon Field Office - Science Research Specialist; Department of Energy - Mindanao Field Office - Science Research Specialist; Department of Energy - Visayas Field Office

3. Accompany DOE personnel during conduct of investigation and sampling Location: Area of Request	3.1. Field investigation and Sampling	None	14 working day/s	• Science Research Specialist II; Petroleum Resources Development Division (PRDD) • Science Research Specialist II; Energy Research and Testing Laboratory Services (ERTLS) • Science Research Specialist; Department of Energy - Luzon Field Office • Science Research Specialist; Department of Energy - Mindanao Field Office • Science Research Specialist; Department of Energy - Visayas Field Office
	3.2. Laboratory analysis		8 working day/s	• Science Research Specialist II; Energy Research and Testing Laboratory Services (ERTLS)

3.3. Endorsement of Laboratory Analysis Report	1 working day/s	Supervising Science Research Specialist; Energy Research and Testing Laboratory Services (ERTLS)
3.4. Approval of Laboratory Analysis Report	1 working day/s	Director; Energy Research and Testing Laboratory Services (ERTLS)
3.5. Transmittal of results to Energy Resource Development Bureau (ERDB)	2 hour/s	Executive Assistant; ERTLS, Office of the Director
3.6. Endorsement of results to Petroleum Research Development Division	4 hour/s	Executive Assistant; ERDB, Office of the Director
3.7. Endorsement of results to responsible Petroleum Resources Development Division (PRDD) section	4 hour/s	Chief Science Research Specialist; Petroleum Resources Development Division (PRDD)
3.8. Endorsement of results to assigned Petroleum Resources Development Division (PRDD) personnel	4 hour/s	Supervising Science Research Specialist; Petroleum Resources Development Division (PRDD)

	3.9. Preparation of letter based on the results of the laboratory analysis report		1 working day/s	Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	3.10. Endorsement of letter to Chief Science Research Specialist		1 working day/s	Supervising Science Research Specialist; Petroleum Resources Development Division (PRDD)
	3.11. Endorsement of letter to the Office of Director - Energy Resource Development Bureau (ERDB)		1 working day/s	Chief Science Research Specialist; Petroleum Resources Development Division (PRDD)
	3.12. Approval of letter to client		1 working day/s	Director; Energy Resource Development Bureau (ERDB)
	3.13. Issuance of document to client		1 working day/s	Administrative Staff; Petroleum Resources Development Division (PRDD)
Total Processing Time:		Working Days: 63 working day/s		
Total Processing Fee:		Total Standard Fee: None		

12. ERDB-PRDD06 Issuance of Notice of Qualification to enter into a Petroleum Service Contract (PSC) under the Philippine Conventional Energy Contracting Program (PCECP) - Mode 1 for Pre-Determined Areas (PDAs)

DOE will have a launching ceremony which shall be officially unveil a set of PDAs offered by the DOE, and initiate a 180-calendar-day period application process for the area/s. Interested parties may purchase PDA data packages and apply for the areas.

Office or Division:	Petroleum Resources Development Division (PRDD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Petroleum Service Contractors / Companies Engaged in Petroleum Exploration	
Operating Hours:	24/7	
Statute:	Presidential Decree (PD) No. 87 and Department of Energy (DOE) Department Circulars (DC) No. DC2017-12-0017, DC2023-11-0031, and DC2023-12-0033	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Documentary Requirements (3) Original Copy		Applicant / Client
Sub Requirement		
<i>1.A. I. Legal Documentation</i>		
1.A.1. Duly filled-out covering information sheet showing a brief summary of application; (3) Original Copy		Department of Energy - Department of Energy (DOE) Website (DC2017-12-0017 Annex A)
1.A.2. SEC Certificate of Registration, Articles of Incorporation and By-Laws. The corporate purpose of the applicant shall include the exploration, development and utilization of petroleum resources; (3) Certified True Copy		Securities and Exchange Commission - Issuing Unit
1.A.3. General Information Sheet (GIS) stamped received by the SEC not more than 12 months old at the time of filing of application; (3) Certified True Copy		Securities and Exchange Commission - Issuing Unit
1.A.4. Certificate of Authority from the Board of Directors of the applicant authorizing a designated representative/s to apply, negotiate, sign any documents, and execute the		Applicant / Client

Petroleum Service Contract (PSC). The said Certificate of Authority shall be executed under oath by the Corporate Secretary; (3) Original Copy	
1.A.5. Joint Venture Agreement, if applicable based on Department Circular (DC) No. DC2017-12-0017 (3) Original Copy	Applicant / Client
<i>Remarks:</i> <u>Note:</u> <i>For foreign applicants:</i> <i>Documents 1-4, applicants shall submit equivalent legal documents issued by the appropriate governing body and duly authenticated by the Philippine Consulate having the appropriate jurisdiction.</i> <i>For local applicants:</i> <i>Document Nos. 2-4 shall be duly authenticated by the SEC</i> <i>All members of a Joint Venture shall submit Documents 2-5</i>	
1.B. II. Technical Documentation	
1.B.1. (Work Program) - Summary of proposed work program and minimum expenditure per Sub-Phase for each proposed activity with respect to the area specified in the proposal (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • <i>Gantt Chart format</i> • <i>Minimum Exploration and Work Commitment / Minimum Financial Commitment Matrix</i>	
1.B.2. (Work Program) - Work program and minimum expenditure with respect to the proposal (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • <i>Plan for exploration and work commitment</i> • <i>Proposed minimum exploration commitment</i>	

1.B.3. (Work Program) - Geological and geophysical evaluation of the area applied for (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • Database • Petroleum potential analysis • Prospect lead evaluation • Resources	
1.B.4. (Work Program) - Probability of Discovery (Whenever applicable as per Department Circular (DC) No. 2017-12-0017 (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.5. (Work Program) - Economics and development concepts of possible petroleum discoveries (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • Plan of development • Project economics <u>Note:</u> <i>Each item in the exploration and work commitment matrix must be given a stipulated cost figure, the sum of which will constitute the minimum of the work program</i>	
1.B.6. (Technical Documentation) - The applicant shall submit an overview of all its Upstream Petroleum Related Projects (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.7. (Technical documentation) - Technical Personnel's relevant experience, educational attainment and employment status (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.8. (Technical documentation) - Particulars of the technical and industrial qualifications, eligibilities and work-related experiences of the applicant and its employees. Particulars on the experiences, achievements, and track records of the applicant and its employees related to technical and industrial undertakings. Operational organizations, including resources, expertise, and experience. (3) Original Copy	Applicant / Client

		Working Group
5.5. Substantive Evaluation of the Legal, Technical, and Financial Documents	10 working day/s	Members; PCECP Review and Evaluation Committee - Technical Working Group
5.6. Preparation and consolidation of the results of the Review and Evaluation Committee - Technical Working Group (REC-TWG) evaluation	6 working day/s	Secretariat ; PCECP Review and Evaluation Committee - Technical Working Group
5.7. Review and Evaluation Committee (REC) Meeting to discuss the results of the Review and Evaluation Committee - Technical Working Group (REC-TWG) substantive evaluation	1 working day/s	- Chair; PCECP Review and Evaluation Committee - Members; PCECP Review and Evaluation Committee - Members; PCECP Review and Evaluation Committee - Technical Working Group
5.8. Preparation of documents and issuance of Notice of Qualification to enter into a Petroleum Service Contract (PSC)	2 working day/s	Secretariat ; PCECP Review and Evaluation Committee - Technical Working Group

	5.9. Transmittal of the Notice of Qualification to the winning applicant and Notice of Disqualification to unsuccessful applicant/s		1 working day/s	Secretariat ; PCECP Review and Evaluation Committee - Technical Working Group
--	---	--	-----------------	---

General Remarks

III. Financial Document

1. For Corporation existing for more than 2 years at the time of filing of application:
 - a. Original copy of the Annual Report or Audited Financial Statements (FS) for the last two (2) years from the filing date and latest Unaudited FS duly signed by the responsible official such as the President and/or Chief Finance Officer if the member Audited FS is more than six (6) months old at the time of filing
 - b. Original copy of the Bank Certification to substantiate the cash balance as of the latest unaudited FS
 - c. Original copy of the Projected Cash Flow Statement for three (3) years covering fund sources and uses for the particular PCECP area applied for, other applied PCECP areas, renewable energy service contract applications, existing service/operating contracts with DOE and other existing business, if applicable as per Department Circular (DC) No. 2017-12-0017, with supports by any or all of the following:
 - i. Certified true copy of Sales Agreement/Purchase Order of Buyer for projected revenues on existing operations
 - ii. Original copy of Sworn Letter of Commitment from stockholders for additional equity/cash infusion within one (1) year of operations
 - iii. Original copy of Bank-approved loan/credit line earmarked for the proposed operation
 - d. For domestic corporations, latest income tax returns filed with the Bureau of Internal Revenue, and duly validated with tax payments made thereon
2. For newly-organized corporation (existing for two (2) years or less at the time of filing)
 - a. Original copy of the Audited Financial Statements (FS) or unaudited FS duly signed by the responsible official such as the President and /or Chief Finance Officer
 - b. Original copy of the Bank certification to substantiate the cash balance as of the latest unaudited FS
 - c. Original copy of the Projected Cash Flow Statement for three (3) years covering fund sources and uses for the particular PCECP area applied for, other applied PCECP areas, renewable energy service contract applications, existing service/operating contracts with DOE and other existing business, if applicable as per Department Circular (DC) No. 2017-12-0017, with supports by any or all of the following:
 - i. Certified true copy of Sales Agreement/Purchase Order of Buyer for projected revenues on existing operations
 - ii. Original copy of Sworn Letter of Commitment from stockholders for additional equity/cash infusion within one (1) year of operations
 - iii. Original copy of Bank-approved loan/credit line earmarked for the proposed operation
3. For Parent Company's guarantee for corporation with insufficient working capital:
 - a. Original copy of Parent Company's financial documents per Petroleum Application Checklist Items III.1.a. and III.1.b.

- b. Original copy of Duly notarized Letter of Undertaking/Support from the Parent Company to fund the Work Program
- c. Certified true copy of General Information Sheet (GIS) of the shareholder availing of the Parent Company fund guarantee

Note:

-Minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment of the first contract year of the proposed work program and budget. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.

-The available working capital for each PCECP application shall be net of the fund requirements for other applied PCECP areas, renewable energy service contract applications and existing energy service/operating contracts, if applicable in accordance to Department Circular (DC) No. DC2017-12-0017.

Total Processing Time:	Calendar Days: 2 calendar day/s Working Days: 20 working day/s

14. ERDB-PRDD08 Issuance of Gratuitous Permit

Availment of Gratuitous Permit given to an individual, academe, research institution, or organization to extract petroleum resources in small quantities

Office or Division:	Petroleum Resources Development Division (PRDD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)	
Who may avail:	Any Individual / Local Government Units / Companies	
Operating Hours:	7:00 AM - 4:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Completed Gas Sample Laboratory Results (Sample: 1 bbl or cf)		Department of Energy - Energy Research and Testing Laboratory Services - Geoscientific Research and Fuel Testing Laboratory Division
<i>Remarks:</i> <i>Results must indicate the presence of methane gas-based on Department of Energy's actual investigation</i>		
2. Application Letter (1) Original Copy		Applicant / Client
<i>Remarks:</i> <i>Letter must be addressed to the Undersecretary in charge of Energy Resources Development Bureau</i>		
3. Gratuitous Permit Application (1) Original Copy		Applicant / Client
<i>Remarks:</i> <i>Content of a Gratuitous Permit Application (Incomplete application will not be accepted):</i> <i>a. Full name and post office or business address of the applicant;</i> <i>b. In case of an individual, applicant citizenship, age, sex and civil status;</i> <i>c. In case the applicant is partnership or corporation, the place and the date of organization, registration, and length of authorized organization or corporate life or existence; and location, shape and size in hectares of the area being applied</i>		

- d. A copy of the Articles of Incorporation or Articles of Partnership duly registered with the Securities and Exchange Commission, if the applicant is a corporation or partnership
- e. Map and technical description of the area desired to be explored or exploited duly signed by a licensed geodetic engineer
- f. A work program and budget with timeline to explore and develop natural marsh or Methane gas deposit
- g. Endorsement from the local Barangay Captain and Municipal Mayor
- h. Proof of payment of application fee amounting to One Thousand Pesos (Php 1,000.00)
- i. Proof of minimum operating capital of One Hundred Thousand Pesos (Php 100,000.00) whether in cash or in kind. The necessary proof includes financial statements, real property tax declaration, contract of lease of equipment, and such other similar proof as would show that the applicant has the requisite means and resources to pursue the operations under the gratuitous permit

1. Submission of Request Letter and Requirements Location: Receiving Area, Ground Floor, Annex Building, Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 Notes/Instruction: Note: <i>If incomplete requirements, DOE sends letter to applicant to complete requirements</i>	1.1. Official receiving of application documents	None	4 hour/s	Records Officer; Records Management Division (RMD)
	1.2. Transmittal of application to Energy Resource Development Bureau (ERDB)		4 hour/s	Records Officer; Records Management Division (RMD)
	1.3. Endorsement of application to Petroleum Resources Development Division (PRDD)		6 hour/s	Executive Assistant; ERDB, Office of the Director
	1.4. Endorsement of application to responsible Petroleum Resource Development Division (PRDD) section		6 hour/s	Chief Science Research Specialist ; Petroleum Resources Development Division (PRDD)
	1.5. Endorsement of application to assigned Petroleum		4 hour/s	Supervising Science Research

	Resources Development Division (PRDD) personnel			Specialist ; Petroleum Resources Development Division (PRDD)
	1.6. Review completeness of requirements		10 working day/s	Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	1.7. Advise the client to request for Order of Payment		2 hour/s	Administrative Staff; Petroleum Resources Development Division (PRDD)
2. Client requests for Order of Payment on-site Location: Petroleum Resources Development Division (PRDD) Office, Basement Floor, Main Bldg., Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632	2.1. Prepare Billing Statement in DOE Collection Monitoring System Version 2.1	None	6 hour/s	Administrative Staff; Petroleum Resources Development Division (PRDD)
	2.2. Approve the Billing Statement in DOE Collection Monitoring System Version 2.1		6 hour/s	Supervising Science Research Specialist; Petroleum Resources Development Division (PRDD)
	2.3. Issue the Order of Payment to the client		4 hour/s	Accounting Staff; Accounting Division (AD)
3. Payment of Application/Processing Fee Location:	3. Issuance of Official Receipt	Standard Fees Breakdown: Application Fee: PHP 1000	4 hour/s	Collection Officer; Treasury Division (TD)

Receiving Counter, Window 5, Treasury Division, Annex Building, Department of Energy, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632		Total: PHP 1000		
4. Submission of Official Receipt Location: Petroleum Resources Development Division (PRDD) Office, Basement Floor, Main Bldg., Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 Notes/Instruction: Note: <i>If application did not pass evaluation, DOE sends letter to client</i>	4.1. Preparation of transmittal of application to the Information Technology Management System (ITMS), Legal Services (LS), and Financial Services (FS) for evaluation	None	3 working day/s	Science Research Specialist II; Petroleum Resources Developme nt Division (PRDD)
	4.2. Endorsement of transmittal Memorandum to Chief Petroleum Resources Development Division (PRDD)		4 hour/s	Supervisin g Science Research Specialist; Petroleum Resources Developme nt Division (PRDD)
	4.3. Endorsement of transmittal Memorandum to Energy Resource Development Bureau (ERDB) Director		2 hour/s	Chief Science Research Specialist ; Petroleum Resources Developme nt Division (PRDD)
	4.4. Approval of Endorsement Memorandum		4 hour/s	Director; Energy Resource Developme nt Bureau (ERDB)
	4.5. Transmittal of endorsement of application for evaluation to the Information Technology Management System		1 working day/s	Executive Assistant; ERDB, Office of the Director

	(ITMS), Legal Services (LS), and Financial Services (FS)		
	4.6. Simultaneous evaluation of Area, Legal, and Financial documents of the submitted application	20 working day/s	• Technical Audit Specialist; Convention al Energy Resources Complianc e Division (CERCD) • Science Research Specialist; Information Technology and Manageme nt Services (ITMS) • Legal Assistant; Convention al Energy Resources Complianc e Division (CERCD)
	4.7. Submission of evaluated Area, Legal, and Financial of the submitted application	1 working day/s	• Supervisin g Science Research Specialist; Information Technology and Manageme nt Services (ITMS) • Supervisin g Technical Audit Specialist; Convention al Energy Resources Complianc e Division (CERCD) • Supervisin g Attorney;

			Upstream Convention al Energy Legal Services Division (UCELSD)
	4.8. Endorsement of evaluated Area, Legal, and Financial of the submitted application	1 working day/s	• Chief Science Research Specialist; Information Technology and Manageme nt Services (ITMS) • Chief Technical Audit Specialist; Convention al Energy Resources Complianc e Division (CERCD) • Division Chief; Upstream Convention al Energy Legal Services Division (UCELSD)
	4.9. Approval of Area, Legal, Financial Evaluation of submitted application	1 working day/s	• Director; ITMS, Office of the Director • Director; Financial Services (FS) • Director; Legal Services (LS)
	4.10. Transmittal of evaluations to Energy	1 working day/s	• Executive Assistant;

	Resource Development Bureau (ERDB)		ITMS, Office of the Director • Executive Assistant; FS, Office of the Director • Executive Assistant; LS, Office of the Director
	4.11. Endorsement of evaluation documents to Petroleum Resources Development Division (PRDD) Section	1 working day/s	• Executive Assistant; ERDB, Office of the Director
	4.12. Endorsement of evaluation documents to responsible Petroleum Resources Development Division (PRDD) section	1 working day/s	• Chief Science Research Specialist; Petroleum Resources Development Division (PRDD)
	4.13. Endorsement of evaluation documents to assigned Petroleum Resources Development Division (PRDD) personnel	1 working day/s	• Supervising Science Research Specialist; Petroleum Resources Development Division (PRDD)
	4.14. Collate evaluations and prepare the application permit	10 working day/s	• Science Research Specialist II; Petroleum Resources Development Division (PRDD)
	4.15. Submission of Memorandum and	1 working day/s	• Supervising Science Research

	letter to Chief Science Research Specialist		Specialist; Petroleum Resources Development Division (PRDD)
	4.16. Endorsement of Memorandum and letter to the Office of Director - Energy Resource Development Bureau (ERDB)	1 working day/s	Chief Science Research Specialist; Petroleum Resources Development Division (PRDD)
	4.17. Approval/Disapproval of application	1 working day/s	Director; Energy Resource Development Bureau (ERDB)
	4.18. Issuance of document to client	1 working day/s	Administrative Staff; Petroleum Resources Development Division (PRDD)
Total Processing Time:		Working Days: 62 working day/s	
Total Processing Fee:		Total Standard Fee: PHP 1000	

15. ERDB-PRDD09 Issuance of Notice of Qualification to enter into a Petroleum Service Contract (PSC) under the Philippine Conventional Energy Contracting Program (PCECP) - Mode 2 for Nominated Areas (NAs) - Nominating Applicant

This process is for interested parties who are willing to nominate their area of interest for petroleum exploration to the Department of Energy (DOE).

Office or Division:	Petroleum Resources Development Division (PRDD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Petroleum Service Contractors / Companies Engaged in Petroleum Exploration	
Operating Hours:	24/7	
Statute:	Presidential Decree (PD) No. 87 and Department of Energy (DOE) Department Circulars (DC) No. DC2017-12-0017, DC2023-11-0031, and DC2023-12-0033	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Documentary Requirements (3) Original Copy		Applicant / Client
Sub Requirement		
1.A. I. Legal Documentation		
1.A.1. Duly filled-out covering information sheet showing a brief summary of application; (3) Original Copy		Department of Energy - Department of Energy (DOE) Website (DC2017-12-0017 Annex A)
1.A.2. SEC Certificate of Registration, Articles of Incorporation and By-Laws. The corporate purpose of the applicant shall include the exploration, development and utilization of petroleum resources; (3) Certified True Copy		Securities and Exchange Commission - Issuing Unit
1.A.3. General Information Sheet (GIS) stamped received by the SEC not more than 12 months old at the time of filing of application; (3) Certified True Copy		Securities and Exchange Commission - Issuing Unit
1.A.4. Certificate of Authority from the Board of Directors of the applicant authorizing a designated representative/s to apply, negotiate, sign any documents, and execute the		Applicant / Client

Petroleum Service Contract (PSC). The said Certificate of Authority shall be executed under oath by the Corporate Secretary; (3) Original Copy	
1.A.5. Joint Venture Agreement, if applicable based on Department Circular (DC) No. DC2017-12-0017 (3) Original Copy	Applicant / Client
<i>Remarks:</i> <u>Note:</u> <i>For foreign applicants:</i> <i>Documents 1-4, applicants shall submit equivalent legal documents issued by the appropriate governing body and duly authenticated by the Philippine Consulate having the appropriate jurisdiction.</i> <i>For local applicants:</i> <i>Document Nos. 2-4 shall be duly authenticated by the SEC</i> <i>All members of a Joint Venture shall submit Documents 2-5</i>	
1.B. II. Technical Documentation	
1.B.1. (Work Program) - Summary of proposed work program and minimum expenditure per Sub-Phase for each proposed activity with respect to the area specified in the proposal (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • <i>Gantt Chart format</i> • <i>Minimum Exploration and Work Commitment / Minimum Financial Commitment Matrix</i>	
1.B.2. (Work Program) - Work program and minimum expenditure with respect to the proposal (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • <i>Plan for exploration and work commitment</i> • <i>Proposed minimum exploration commitment</i>	

1.B.3. (Work Program) - Geological and geophysical evaluation of the area applied for (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • Database • Petroleum potential analysis • Prospect lead evaluation • Resources	
1.B.4. (Work Program) - Probability of Discovery (Whenever applicable as per Department Circular (DC) No. 2017-12-0017 (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.5. (Work Program) - Economics and development concepts of possible petroleum discoveries (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • Plan of development • Project economics <u>Note:</u> <i>Each item in the exploration and work commitment matrix must be given a stipulated cost figure, the sum of which will constitute the minimum of the work program</i>	
1.B.6. (Technical Documentation) - The applicant shall submit an overview of all its Upstream Petroleum Related Projects (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.7. (Technical documentation) - Technical Personnel's relevant experience, educational attainment and employment status (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.8. (Technical documentation) - Particulars of the technical and industrial qualifications, eligibilities and work-related experiences of the applicant and its employees. Particulars on the experiences, achievements, and track records of the applicant and its employees related to technical and industrial undertakings. Operational organizations, including resources, expertise, and experience. (3) Original Copy	Applicant / Client

1.C. III. Financial Documentation	
1.C.1. For corporations existing for more than two (2) years at the time of filing of application: (3) Original Copy	Applicant / Client
Sub Requirement	
<i>1.C.1.A. The following are required:</i>	
1.C.1.A.1. Annual Report or Audited Financial Statements (FS) for the last two (2) years from the filing date and Original Copy of the latest Unaudited FS duly signed by the responsible official such as the President and/or Chief Finance Officer if the Audited FS is more than six (6) months old at the time of filing; (3) Original Copy	Applicant / Client
1.C.1.A.2. Bank Certification to substantiate the cash balance as of the latest unaudited FS; (3) Original Copy	Applicant / Client
1.C.1.A.3. Projected Cash Flow Statement for three (3) years covering fund sources and uses for the particular offered area, other applied PCECP areas, renewable energy service contract applications, existing service/operating contracts with DOE and other existing business. (3) Original Copy	Applicant / Client
Sub Requirement	
<i>1.C.1.A.3.A. If applicable based on Department Circular (DC) No. 2017-12-0017, with supports by any or all of the following:</i>	
1.C.1.A.3.A.1. Sales Agreement/Purchase Order of Buyer for projected revenues on existing operations (3) Certified True Copy	Applicant / Client
1.C.1.A.3.A.2. Sworn Letter of Commitment from stockholders for additional equity/cash infusion within one (1) year of operation (3) Original Copy	Applicant / Client
1.C.1.A.3.A.3. Bank-approved loan/credit line earmarked for the proposed operation (3) Original Copy	Applicant / Client
1.C.1.A.4. Latest income tax return filed with the Bureau of Internal Revenue, and duly validated with the tax payments made thereon. (3) Certified True Copy	Applicant / Client
1.C.2. For newly-organized corporations existing for less than two (2) years at the time of filing of application: (3) Original Copy	Applicant / Client

Sub Requirement	
<i>1.C.2.A. The following are required:</i>	
1.C.2.A.1. Audited Financial Statements (FS) or unaudited FS duly signed by the responsible official such as the President and/or Chief Finance Officer; (3) Original Copy	Applicant / Client
1.C.2.A.2. Bank Certification to substantiate the cash balance as of the latest unaudited FS; (3) Original Copy	Applicant / Client
1.C.2.A.3. Projected Cash Flow Statement for three (3) years covering fund sources and uses for the particular offered area, other applied PCECP areas, renewable energy service contract applications, existing service/operating contracts with DOE and other existing business. (3) Original Copy	Applicant / Client
Sub Requirement	
<i>1.C.2.A.3.A. If applicable based on Department Circular (DC) No. 2017-12-0017, with supports by any or all of the following:</i>	
1.C.2.A.3.A.1. Sales Agreement/Purchase Order of Buyer for projected revenues on existing operations (3) Certified True Copy	Applicant / Client
1.C.2.A.3.A.2. Sworn Letter of Commitment from stockholders for additional equity/cash infusion within one (1) year of operation (3) Original Copy	Applicant / Client
1.C.2.A.3.A.3. Bank-approved loan/credit line earmarked for the proposed operation (3) Original Copy	Applicant / Client
1.C.3. For Parent Company that guarantees for corporations with insufficient capital: (3) Original Copy	Applicant / Client
Sub Requirement	
<i>1.C.3.A. The following are required:</i>	
1.C.3.A.1. Parent Company's financial documents per Petroleum Application Checklist Items III.1.a and III.1.b (1) Original Copy	Applicant / Client
1.C.3.A.2. Duly notarized Letter of Undertaking/Support from the Parent Company to fund the Work Program (3) Original Copy	Applicant / Client
1.C.3.A.3. General Information Sheet (GIS) of the shareholder availing of the Parent Company fund	Applicant / Client

guarantee
(3) Certified True Copy

Remarks:

Note:

- *Minimum working capital requirement (Liquid Assets Less Current Liabilities) is 100% of the financial commitment for the first contract year of the proposed work program and budget. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investment/placements. Credit line is not a Liquid Asset.*
- *The applicant shall have available working capital for each PCECP application separate from other applied PCECP areas, renewable energy service contract applications and existing energy service/ operating contracts.*

1.B.3. (Work Program) - Geological and geophysical evaluation of the area applied for (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • Database • Petroleum potential analysis • Prospect lead evaluation • Resources	
1.B.4. (Work Program) - Probability of Discovery (Whenever applicable as per Department Circular (DC) No. 2017-12-0017 (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.5. (Work Program) - Economics and development concepts of possible petroleum discoveries (1) Electronic Copy And (3) Photo Copy	Applicant / Client
<i>Remarks:</i> <i>This includes the following:</i> • Plan of development • Project economics <u>Note:</u> <i>Each item in the exploration and work commitment matrix must be given a stipulated cost figure, the sum of which will constitute the minimum of the work program</i>	
1.B.6. (Technical Documentation) - The applicant shall submit an overview of all its Upstream Petroleum Related Projects (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.7. (Technical documentation) - Technical Personnel's relevant experience, educational attainment and employment status (1) Electronic Copy And (3) Photo Copy	Applicant / Client
1.B.8. (Technical documentation) - Particulars of the technical and industrial qualifications, eligibilities and work-related experiences of the applicant and its employees. Particulars on the experiences, achievements, and track records of the applicant and its employees related to technical and industrial undertakings. Operational organizations, including resources, expertise, and experience. (3) Original Copy	Applicant / Client

1.C. III. Financial Documentation - please refer to General Remarks for further details

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Request for Order of Payment for Application for Nominated Areas (NAs) for Challenging Applicants Location: Petroleum Resources Development Division (PRDD) Office, Basement Floor, Main Bldg., Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 (on site) or Email through prdd@doe.gov.ph (online)	1.1. Prepare Billing Statement in DOE Collection Monitoring System Version 2.1	None	2 hour/s	Executive Assistant; ERDB, Office of the Director
	1.2. Approve the Billing Statement in DOE Collection Monitoring System Version 2.1		2 hour/s	Director; Energy Resource Development Bureau (ERDB)
	1.3. Issue the Order of Payment to the client		2 hour/s	Accounting Officer; Accounting Division (AD)
2. Payment of Application Fee Location: Receiving Counter, Window 5, Treasury Division, Annex Building, Department of Energy, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 Notes/Instruction: Note: <i>Payment and submission of application can be done simultaneously within the prescribed 60-calendar-day</i>	2.1. Process of Payment Fee	Standard Fees Breakdown: Application Fee for Challenging Applicants: PHP 1000000 Total: PHP 1000000	1 hour/s	Collection Officer; Treasury Division (TD)
	2.2. Issuance of Official Receipt		1 hour/s	Collection Officer; Treasury Division (TD)

<i>period after the publication of the nominated area in accordance with Department Circular (DC) No. 2017-12-0017.</i>				
3. Submission of Application Documents Location: Receiving Area, Ground Floor, Annex Building, Department of Energy, Energy Center, 34th Street corner Rizal Drive, Bonifacio Global City, Taguig City 1632 Notes/Instruction: Note: <i>Payment and submission of application can be done simultaneously within the prescribed 60-calendar-day period after the publication of the nominated area in accordance with Department Circular (DC) No. 2017-12-0017.</i>	3.1. Official receiving of the documents	None	2 hour/s	Records Officer; Records Management Division (RMD)
	3.2. Transmittal of documents to Energy Resource Development Bureau (ERDB)		2 hour/s	Records Officer; Records Management Division (RMD)
	3.3. Endorsement of document to Petroleum Resources Development Division (PRDD)		2 hour/s	Executive Assistant; ERDB, Office of the Director
	3.4. Endorsement of documents to Philippine Conventional Energy Contracting Program (PCECP) Secretariat		2 hour/s	Chief Science Research Specialist ; Petroleum Resources Development Division (PRDD)
4. Attend Pre-submission Conference Location: Location will be announced prior to event date Notes/Instruction: Pre-submission Conference is	4. Conduct of Pre-submission Conference	None	1 calendar day/s	- Chairperson; PCECP Review and Evaluation Committee - Members; PCECP Review and Evaluation Committee

conducted at the 20th Calendar day of the 60-calendar-day period pursuant to Department Circular (DC) No. 2017-12-0017				Members; PCECP Review and Evaluation Committee - Technical Working Group
5. Attend Opening of Documents Location: Location will be announced prior to the event date Notes/Instruction: <i>Payment and submission of application can be done simultaneously within the prescribed 180-calendar-day period after the bid round event in accordance with Department Circular (DC) No. 2017-12-0017.</i> <i>*Day 60 of the 60-calendar-day application period coincides with the Opening of (Application) Documents for the Nominated Area/s. Deadline for applicants to submit their application is at 1100H, while the Opening of (Application) Documents shall commence at 1330H.</i>	5.1. Conduct of Opening of Documents*	None	2 hour/s	- Chairperson; PCECP Review and Evaluation Committee - Members; PCECP Review and Evaluation Committee - Members; PCECP Review and Evaluation Committee - Technical Working Group
	5.2. Preparation of transmittal of the Legal, Technical, and Financial Documents		2 hour/s	Secretariat ; PCECP Review and Evaluation Committee - Technical Working Group
	5.3. Approval of the transmittal of the Legal, Technical, and Financial documents		2 hour/s	Head; PCECP Review and Evaluation Committee - Technical Working Group

	5.4. Transmittal of the Legal, Technical, and Financial documents	2 hour/s	Secretariat ; PCECP Review and Evaluation Committee - Technical Working Group
	5.5. Substantive Evaluation of the Legal, Technical, and Financial Documents	10 working day/s	Members; PCECP Review and Evaluation Committee - Technical Working Group
	5.6. Preparation and consolidation of the results of the Review and Evaluation Committee - Technical Working Group (REC-TWG) evaluation	6 working day/s	Secretariat ; PCECP Review and Evaluation Committee - Technical Working Group
	5.7. Review and Evaluation Committee (REC) Meeting to discuss the results of the Review and Evaluation Committee - Technical Working Group (REC-TWG) substantive evaluation	1 working day/s	- Chairperson; PCECP Review and Evaluation Committee - Members; PCECP Review and Evaluation Committee - Members; PCECP Review and Evaluation Committee - Technical Working Group
	5.8. Preparation of documents and	2 working day/s	Secretariat ; PCECP

	issuance of Notice of Qualification to enter into a Petroleum Service Contract (PSC)			Review and Evaluation Committee - Technical Working Group
	5.9. Transmittal of the Notice of Qualification to the winning applicant and Notice of Disqualification to unsuccessful applicant/s		1 working day/s	Secretariat ; PCECP Review and Evaluation Committee - Technical Working Group

General Remarks

III. Financial Document

1. For Corporation existing for more than 2 years at the time of filing of application:
 - a. Original copy of the Annual Report or Audited Financial Statements (FS) for the last two (2) years from the filing date and latest Unaudited FS duly signed by the responsible official such as the President and/or Chief Finance Officer if the member Audited FS is more than six (6) months old at the time of filing
 - b. Original copy of the Bank Certification to substantiate the cash balance as of the latest unaudited FS
 - c. Original copy of the Projected Cash Flow Statement for three (3) years covering fund sources and uses for the particular PCECP area applied for, other applied PCECP areas, renewable energy service contract applications, existing service/operating contracts with DOE and other existing business, if applicable as per Department Circular (DC) No. 2017-12-0017, with supports by any or all of the following:
 - i. Certified true copy of Sales Agreement/Purchase Order of Buyer for projected revenues on existing operations
 - ii. Original copy of Sworn Letter of Commitment from stockholders for additional equity/cash infusion within one (1) year of operations
 - iii. Original copy of Bank-approved loan/credit line earmarked for the proposed operation
 - d. For domestic corporations, latest income tax returns filed with the Bureau of Internal Revenue, and duly validated with tax payments made thereon
2. For newly-organized corporation (existing for two (2) years or less at the time of filing)
 - a. Original copy of the Audited Financial Statements (FS) or unaudited FS duly signed by the responsible official such as the President and /or Chief Finance Officer
 - b. Original copy of the Bank certification to substantiate the cash balance as of the latest unaudited FS
 - c. Original copy of the Projected Cash Flow Statement for three (3) years covering fund sources and uses for the particular PCECP area applied for, other applied PCECP areas, renewable energy service contract applications, existing service/operating contracts with DOE and other existing business, if applicable as per Department Circular (DC) No. 2017-12-0017, with supports by any or all of the following:
 - i. Certified true copy of Sales Agreement/Purchase Order of Buyer for projected revenues on existing operations

- ii. Original copy of Sworn Letter of Commitment from stockholders for additional equity/cash infusion within one (1) year of operations
- iii. Original copy of Bank-approved loan/credit line earmarked for the proposed operation
- 3. For Parent Company's guarantee for corporation with insufficient working capital:
 - a. Original copy of Parent Company's financial documents per Petroleum Application Checklist Items III.1.a. and III.1.b.
 - b. Original copy of Duly notarized Letter of Undertaking/Support from the Parent Company to fund the Work Program
 - c. Certified true copy of General Information Sheet (GIS) of the shareholder availing of the Parent Company fund guarantee

Note:

-Minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment of the first contract year of the proposed work program and budget. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.

-The available working capital for each PCECP application shall be net of the fund requirements for other applied PCECP areas, renewable energy service contract applications and existing energy service/operating contracts, if applicable in accordance to Department Circular (DC) No. DC2017-12-0017.

4. ERDB-CNMRDD04 Issuance of Tax-Exemption Certificate (TEC) under PD 972 (1 Application)

This service covers the evaluation and endorsement of tax exemption applications submitted by Coal Operating Contract (COC) holders, pursuant to the Department of Energy (DOE) Department Circular No. DC2018-03-0006. The issuance of a Tax Exemption Endorsement enables qualified COC holders to avail of fiscal incentives, specifically the tax- and duty-free importation of machinery, equipment, materials, and parts that are directly and actually needed and will be used exclusively in coal operations.

Office or Division:	Coal and Nuclear Mineral Resources Development Division (CNMRDD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Coal Operating Contract (COC) Holders	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Original Transmittal Letter signed by an Authorized Company Representative addressed to the Energy Resource Development Bureau (ERDB) Director (1) Original Copy		Applicant / Client
2. Completely filled-out applicable DOE TEC form duly signed by company representative and notarized and sealed by a Notary Public (4) Original Copy		Department of Energy - Coal and Nuclear Mineral Resources Development Division or https://legacy.doe.gov.ph/laws-and-issuances/department-circular-no-dc2018-03-0006
3. Company purchase order and shipping documents (4) Photo Copy		Applicant / Client
4. For Emergency Importation (1) Original Copy		Applicant / Client
<i>Remarks:</i> 4.A. Written request showing the necessity of the Emergency Importation, the urgency and the expected or actual date of arrival of the machinery, spare parts and or materials. 4.B. Proof of posting a good and sufficient bond in favor of the BOC in an amount not less than the stated amount of duty and tax from which the Emergency Importation is being exempted.		

5. For Sale (1) Original Copy			Applicant / Client	
<i>Remarks:</i> <i>Documents evidencing the consummation of such sale, including the proper reporting or remittance of gain, as may be as applicable.</i>				
6. Copy of Official Receipt or validated deposit slip for the payment of application and permit fees amounting to Php 750.00 (1) Photo Copy			Department of Energy - Treasury Division	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of Complete Documents Location: Records Management Division, Annex Ground Floor, DOE Building	1.1. Receive the complete documents with Invoice/Proof of Payment	None	4 hour/s	• Records Officer; Records Management Division (RMD)
	1.2. Transmit the received documents to the Energy Resource Development Bureau (ERDB)		4 hour/s	• Records Officer; Records Management Division (RMD)
	1.3. Receive the documents and transmit to the Coal and Nuclear Mineral Resources Development Division (CNMRDD)		1 working day/s	• Administrative Staff; ERDB, Office of the Director
	1.4. Receive the documents and conduct a Technical Evaluation of the submitted application		8 working day/s	• Science Research Specialist II/Senior Science Research Specialist; Coal and Nuclear Mineral Resources Development Division

		(CNMRDD) • Technical Audit Specialist (for disposal/sale); Conventional Energy Resources Compliance Division (CERCD)
	1.5. Prepare the signed Certificate of Qualification and Endorsement Memorandum for Clearance of TEC and endorse to ERDB	1 working day/s • Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.6. Review the Certificate of Qualification and Endorsement Memorandum for Clearance of TEC, ERDB Director to sign the TEC, and endorse the application to Legal Services (LS)	2 working day/s • Director; Energy Resource Development Bureau (ERDB)
	1.7. Conduct a Legal Evaluation on the endorsed application	1 working day/s • Attorney IV; Legal Services (LS)
	1.8. Endorse application to the Undersecretary/Secretary	1 working day/s • Attorney V; Legal Services (LS)
	1.9. Review the endorsed application and endorses the approved TEC to ERDB	3 working day/s • Undersecretary; Office of the Undersecretary

			Secretary; Office of the Secretary
	1.10. Transmit the signed TEC to CNMD	1 working day/s	- Director; Energy Resource Development Bureau (ERDB) - Administrative Staff; ERDB, Office of the Director
	1.11. Record the Approved TEC and transmit to RMD.	4 hour/s	Administrative Staff; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.12. Record, dry seal, and release the TEC to the applicant.	4 hour/s	Records Officer; Records Management Division (RMD)
Total Processing Time:		Working Days: 20 working day/s	
Total Processing Fee:		Total Standard Fee: None	

5. ERDB-CNMRDD04-01 Issuance of Tax-Exemption Certificate (TEC) under PD 972 (2-10 Applications)

This service covers the evaluation and endorsement of tax exemption applications submitted by Coal Operating Contract (COC) holders, pursuant to the Department of Energy (DOE) Department Circular No. DC2018-03-0006. The issuance of a Tax Exemption Endorsement enables qualified COC holders to avail of fiscal incentives, specifically the tax- and duty-free importation of machinery, equipment, materials, and parts that are directly and actually needed and will be used exclusively in coal operations.

Total Processing Fee:		Total Standard Fee: None		

11. ERDB-CNMRDD07 Issuance of Certificate of Accreditation as Coal Trader (CT)

Pursuant to DOE Department Circular No. DC2025-11-0027, otherwise known as the Guidelines on Coal Trading and Utilization, entities engaged in the business of buying, selling, importing, exporting, marketing, transporting, distributing, retailing, handling, stockpiling, and storage of coal, and all other related activities must be accredited with the Department of Energy.

Office or Division:	Coal and Nuclear Mineral Resources Development Division (CNMRDD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	Pursuant to DOE Department Circular No. DC2025-11-0027, otherwise known as Guidelines on Coal Trading and Utilization, entities engaged in the business of buying, selling, importing, exporting, marketing, transporting, distributing, retailing, handling, stockpiling, and storage of coal, and all other related activities must be accredited with the Department of Energy.	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Duly accomplished application form (1) Original Copy		Department of Energy - Coal and Nuclear Mineral Resources Development Division (CNMRDD) DC2025-11-0027 Annex A
2. Registration certificate (1) Certified True Copy		Applicant / Client
<i>Remarks:</i> <i>Issued by either of the following government agencies:</i> <i>a. Securities and Exchange Commission (SEC)</i> <i>b. Department of Trade and Industry (DTI)</i> <i>c. Cooperative Development Authority (CDA)</i>		
3. Business Permit (1) Certified True Copy		Applicant / Client
<i>Remarks:</i>		

Current Business Permit from the City or Municipality where the principal office is located and, if applicable, City or Municipality where the storage facility is located.				
4. Duly notarized/authenticated coal supply agreement with an Operator of a Coal Operating Contract (COC) under Development and Production (D/P) Phase, with approved Work Program and Budget (WPB) and production of not less than 100,000 metric tons per year; and/or a Holder of a Small-Scale Coal Mining Permit (SSCMP); and/or foreign coal supplier/s. (1) Certified True Copy		Applicant / Client		
5. Proof of ownership or duly notarized lease contract of the coal storage facility/ies (1) Photo Copy		Applicant / Client		
6. Environmental Compliance Certificate (ECC) or Certificate of Non-Coverage (CNC) issued by the Department of Environment and Natural Resources (DENR), as applicable, and photos of the coal storage facility. (1) Certified True Copy		Department of Environment and Natural Resources - Environmental Management Bureau		
7. Proof of ownership of transportation vehicle/s or equipment, or certified true copy of service agreement with an accredited Coal Logistics Service Provider (CLSP) (1) Photo Copy		Applicant / Client		
Remarks: Include the following: (1) Certified True Copy 1 . For land transportation: a. List of vehicles with plate numbers and copies of valid Official Receipts and Certificates of Registration (ORs/CRs); and b. List of authorized drivers with copy of valid licenses. 2. For sea transportation: a. List of barges/ships with copy of registration and ownership documents.				
8. Proof of authority of the representative of the applicant, if applicable (1) Photo Copy		Applicant / Client		
9. Copy of Invoice for the payment of the processing fee amounting to Php10,000.00 (1) Photo Copy		Department of Energy - Treasury Division		
10. Additional documents that the DOE may find necessary for the evaluation of the request (1) Photo Copy		Applicant / Client

	1.2. Review and endorse the complete set of documents to the Supervising Science Research Specialist (SRS) or assigned personnel	1 working day/s, 4 hour/s	Chief/Supervising Science Research Specialist (SRS)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.3. Conduct technical evaluation of the submitted application	5 working day/s	Senior Science Research Specialist (SRS)/Science Research Specialist II (SRS II)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.4. Prepare a Memorandum to the Energy Resource Development Bureau (ERDB) for review and evaluation of the	2 working day/s	Senior Science Research Specialist (SRS)/Science

	request and endorse the same to the Supervising Science Research Specialist		Research Specialist II (SRS II)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.5. Review, approve, and endorse Memorandum to the Chief Science Research Specialist (SRS)	2 working day/s	Supervising Science Research Specialist/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.6. Review and approve Memorandum	2 working day/s	Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.7. Transmit the Memorandum to the Energy Resource Development Bureau (ERDB)	4 hour/s	Administrative Officer/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division

			(CNMRDD)
	1.8. Receive Memorandum and endorse to the ERDB Director	4 hour/s	Administrative Officer/Assigned Personnel; Energy Resource Development Bureau (ERDB)
	1.9. ERDB Director to review and approve the Memorandum and Certificate of Accreditation as Coal Logistics Service Provider	5 working day/s	Director; Energy Resource Development Bureau (ERDB)
	1.10. Receive and transmit the approved Certificate of Accreditation as Coal Logistics Service Provider to Coal and Nuclear Mineral Resources Development Division (CNMRDD)	4 hour/s	Administrative Officer/Assigned Personnel; Energy Resource Development Bureau (ERDB)
	1.11. Receive and record approved Certificate of Accreditation as Coal Logistics Service Provider; Transmit the approved Certificate of Accreditation as Coal Logistics Service Provider to the requesting party (either through email or may be picked by the requesting party)	4 hour/s	Administrative Officer/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
Total Processing Time:		Working Days: 20 working day/s	
Total Processing Fee:		Total Standard Fee: None	

16. ERDB-CNMRDD12 Issuance of Certificate of Accreditation as Coal Logistics Service Provider (CLSP) - Renewal

Pursuant to DOE Department Circular No. DC2025-11-0027, otherwise known as the Guidelines on Coal Trading and Utilization, an accredited Coal Trader, Coal End-User, or Coal Logistics Service Provider may apply for renewal of its Certificate of Accreditation not earlier than ninety (90) calendar days but not later than thirty (30) calendar days prior to its expiration.

Office or Division:	Coal and Nuclear Mineral Resources Development Division (CNMRDD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Any accredited entity that provides transportation of coal by land or sea, port operations such as coal loading and unloading, temporary storage in port facilities and/or stevedoring, hustling, and other related activities.	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Duly accomplished application form (1) Original Copy		Department of Energy - Coal and Nuclear Mineral Resources Development Division (CNMRDD) DC2025-11-0027 Annex A
2. Registration Certificate (1) Original Copy		Applicant / Client
<i>Remarks:</i> <i>Issued by either of the following government agencies:</i> <i>a. Securities and Exchange Commission (SEC)</i> <i>b. Department of Trade and Industry (DTI)</i> <i>c. Cooperative Development Authority (CDA)</i>		
3. Business Permit (1) Certified True Copy		Applicant / Client
<i>Remarks:</i> <i>Current Business Permit from the City or Municipality where the principal office and the storage facility are located.</i>		

4. Proof of ownership or duly notarized lease contract of the coal storage and/or port facility/ies (1) Photo Copy			Applicant / Client	
5. Environmental Compliance Certificate (ECC) or Certificate of Non-Coverage (CNC) issued by the Department of Environment and Natural Resources (DENR), as applicable, and photos of the coal storage facility (1) Certified True Copy			Department of Environment and Natural Resources - Environmental Management Bureau	
6. Proof of ownership of transportation vehicle/s or equipment, for coal conveyance, if applicable (1) Original Copy			Applicant / Client	
<i>Remarks:</i> <i>Include the following:</i> <i>1 . For land transportation:</i> <i>a. List of vehicles with plate numbers and copies of valid Official Receipts and Certificates of Registration (ORs/CRs); and</i> <i>b. List of authorized drivers with copy of valid licenses.</i> <i>2. For sea transportation:</i> <i>a. List of barges/ships with copy of registration and ownership documents.</i>				
7. Service Agreement with an accredited Coal Trader of Coal End-User, or with an Operator of Coal Operating Contract (COC) under Development and Production (D/P) Phase or Holder of a Small-Scale Coal Mining Permit (SSCMP), as applicable (1) Certified True Copy			Applicant / Client	
8. Proof of authority of the representative of the applicant, if applicable (1) Photo Copy			Applicant / Client	
9. Financial Clearance (1) Photo Copy			Department of Energy - Conventional Energy Resources Compliance Division (CERCD)	
10. Copy of Invoice for the payment of the processing fee amounting to Php10,000.00 (1) Photo Copy			Applicant / Client	
11. Additional documents that the DOE may find necessary for the evaluation of the request (1) Photo Copy			Applicant / Client	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Submit complete set of documents Location: Coal and Nuclear Mineral Resources Development Division (CNMRDD) Basement, DOE Annex Building Notes/Instruction: If necessary, the DOE may conduct site verification: Provided, That the conduct of site verification shall suspend the period for acting on the application: Provided, further, That the site verification shall be conducted within seven (7) working days from notice to the applicant, which period may be extended for reasonable grounds.	1.1. Receive and transmit to the Division Chief of Coal and Nuclear Mineral Resources Development Division (CNMRDD) the complete set of documents	Possible Fees Breakdown: Requests received beyond the prescribed period shall be assessed an additional late processing fee pursuant to Section 3.4 of DC2025-11-0027 (An accredited CT, CEU, or CLSP may apply for renewal of its Certificate of Accreditation not earlier than ninety (90) calendar days but not later than thirty (30) calendar days prior to its expiration.): PHP 20000	4 hour/s	Administrative Officer/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.2. Review and endorse the complete set of documents to the Supervising Science Research Specialist (SRS) or assigned personnel		1 working day/s, 4 hour/s	Chief/Supervising Science Research Specialist (SRS)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.3. Conduct technical evaluation of the submitted application		5 working day/s	Senior Science Research Specialist (SRS)/Science Research Specialist II (SRS II)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.4. Prepare a Memorandum to the		2 working day/s	Senior Science

	Energy Resource Development Bureau (ERDB) for review and evaluation of the request and endorse the same to the Supervising Science Research Specialist		Research Specialist (SRS)/Science Research Specialist II (SRS II)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)

Type of Transaction:	G2B (Government to Business)	
Who may avail:	Operators of Coal Operating Contracts (COCs) under the Development and Production (D/P) Phase	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Duly accomplished request form (1) Original Copy		Department of Energy - Coal and Nuclear Mineral Resources Development Division (CNMRDD) DC2025-11-0027 Annex D
2. Coal logistics service agreement with an accredited Coal Logistics Service Provider (CLSP), if applicable (1) Certified True Copy		Applicant / Client
3. Coal analysis/guaranteed specifications (1) Certified True Copy		Applicant / Client
4. Proforma Invoice or other related documents (1) Photo Copy		Applicant / Client
5. Complete submission of Post-Export Documents (PEDs) for previously approved CoC-CEs, as may be applicable (1) Original Copy		Applicant / Client
6. Copy of Invoice for the payment of the processing fee amounting to Php5,000.00 (1) Photo Copy		Department of Energy - Treasury Division
7. Additional documents that the DOE may find necessary for the evaluation of the request, in which case the period for issuing the requested CoC-CE, as the case may be, shall be suspended and shall resume upon receipt of the additional		Applicant / Client

documents (1) Photo Copy				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submit complete set of documents Location: Coal and Nuclear Mineral Resources Development Division (CNMRDD) Basement, DOE Annex Building	1.1. Receive and transmit to the Division Chief of Coal and Nuclear Mineral Resources Development Division (CNMRDD) the complete set of documents.	Possible Fees Breakdown: Requests received beyond the prescribed period shall be assessed an additional late processing fee pursuant to Section 8.3 of DC2025-11-0027 (The requesting party shall file with the ERDB-CNMRDD at least thirty (30) working days before the expected arrival of the imported coal or the expected release of the exported coal.): PHP 10000	1 working day/s	Administrative Officer/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.2. Review and endorse the complete set of documents to the Supervising Science Research Specialist (SRS) or assigned personnel		3 working day/s	Chief/Supervising Science Research Specialist (SRS)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.3. Conduct technical evaluation		12 working day/s	Senior Science Research Specialist (SRS)/Science Research Specialist II (SRS II)/Assigned Personnel; Coal and Nuclear Mineral

		Resources Development Division (CNMRDD)
1.4. Prepare a Memorandum to the Conventional Energy Resource Compliance Division (CERCD) for review and evaluation of the request and endorse the same to the Supervising Science Research Specialist	10 working day/s	Senior Science Research Specialist (SRS)/Science Research Specialist II (SRS II)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
1.5. Review, approve, and endorse Memorandum to the Chief Science Research Specialist (SRS)	3 working day/s	Supervising Science Research Specialist/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
1.6. Review and approve Memorandum	2 working day/s	Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)

	1.7. Transmit the Memorandum to the Conventional Energy Resources Compliance Division (CERCD)	1 working day/s	Administrative Officer/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.8. Receive Memorandum and conduct evaluation	12 working day/s	Chief Technical Audit Specialist/ Technical Audit Specialist/ Assigned Personnel/ Administrative Officer; Conventional Energy Resources Compliance Division (CERCD)
	1.9. Transmit the Memorandum to the Coal and Nuclear Mineral Resources Development Division (CNMRDD)	1 working day/s	Administrative Officer/Assigned Personnel; Conventional Energy Resources Compliance Division (CERCD)
	1.10. Receive and transmit Memorandum from Conventional Energy Resource Compliance Division (CERCD) to the Supervising Science Research Specialist	1 working day/s	Administrative Officer/Assigned Personnel; Coal and Nuclear Mineral Resources Development

(SRS) or assigned personnel		nt Division (CNMRDD)
1.11. Review CERCD Memorandum, prepare Memorandum for the Undersecretary, and endorse the same to Supervising/Senior Science Research Specialist (SRS)	6 working day/s	Senior Science Research Specialist (SRS)/Science Research Specialist II (SRS II)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
1.12. Review, approve, and endorse Memorandum for the Undersecretary to the Chief of Coal and Nuclear Mineral Resources Development Division (CNMRDD)	9 working day/s	Supervising Science Research Specialist (SRS)/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
1.13. Review and approve Memorandum for the Undersecretary	3 working day/s	Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)

1.14. Transmit Memorandum to the Energy Resource Development Bureau (ERDB)	1 working day/s	Administrative Officer/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
1.15. Receive and transmit Memorandum for the Undersecretary to the Energy Resource Development Bureau (ERDB) Office of the Director	1 working day/s	Administrative Officer/Assigned Personnel; Energy Resource Development Bureau (ERDB)
1.16. Review and approve Memorandum for the Undersecretary	4 working day/s	Director; Energy Resource Development Bureau (ERDB)
1.17. Transmit Memorandum to the Office of the Undersecretary	1 working day/s	Administrative Officer/Assigned Personnel; Energy Resource Development Bureau (ERDB)
1.18. Receive Memorandum and endorse to the Undersecretary	1 working day/s	Administrative Officer/Assigned Personnel; Office of the Undersecretary

	1.19. Undersecretary to approve issuance of CoC-CE; Administrative Officer to transmit approved CoC-CE to Energy Resource Development Bureau (ERDB)		6 working day/s	- Undersecretary; Office of the Undersecretary - Administrative Officer/Assigned Personnel; Office of the Undersecretary
	1.20. Receive and transmit approved CoC-CE to Coal and Nuclear Mineral Resources Development Division (CNMRDD)		1 working day/s	Administrative Officer/Assigned Personnel; Energy Resource Development Bureau (ERDB)
	1.21. Receive and record approved CoC-CE; Transmit the approved CoC-CE to the requesting party (either through email or may be picked by the requesting party)		1 working day/s	Administrative Officer/Assigned Personnel; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
Total Processing Time:		Working Days: 80 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Possible Fees				
Requests received beyond the prescribed period shall be assessed an additional late processing fee pursuant to Section 8.3 of DC2025-11-0027 (The requesting party shall file with the ERDB-CNMRDD at least thirty (30) working days before the expected arrival of the imported coal or the expected release of the exported coal.) : 10000				

21. ERDB-CNMRDD14 Issuance of Certificate of Compliance for Coal Importation (CoC-CI) (1 Application)

Pursuant to DOE Department Circular No. DC2025-11-0027, otherwise known as the Guidelines on Coal Trading and Utilization, Accredited Coal Trader and Coal End-User shall apply for a Certificate of Compliance for Coal Importation (CoC-CI) in case of coal importation.

	1.4. Receive and conduct technical evaluation of the submitted application and endorse the application to ERDB Director		32 working day/s	Science Research Specialist II/Senior Science Research Specialist/Supervising Science Research Specialist/Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.5. Record and transmit evaluation to ERDB		4 hour/s	Administrative Officer; Coal and Nuclear Mineral Resources Development Division

			(CNMRDD)
	1.6. Issue a Letter of Disapproval/Payment of Penalty/Notice to Proceed	4 working day/s	Director; Energy Resource Development Bureau (ERDB)
	1.7. Transmit the Letter of Disapproval/Payment of Penalty/Notice to Proceed to CNMRDD	1 working day/s	Administrative Officer; Energy Resource Development Bureau (ERDB)
	1.8. Record and email the Letter of Disapproval/Payment of Penalty/Notice to Proceed to Client	4 hour/s	Administrative Officer; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
Total Processing Time:		Working Days: 40 working day/s	
Total Processing Fee:		Total Standard Fee: None	

33. ERDB-CNMRDD16-04 Issuance of Notice to Proceed for Evaluation of Subcontract Registration (31 and Above Applications)

Application for the Issuance of Notice to Proceed for Evaluation of Subcontract Registration is the conduct of initial evaluation to check whether the submitted contract is for disapproval/payment of late registration penalty/further processing of registration prior to the Issuance of Confirmation Letter of Registered Coal Subcontract.

Office or Division:	Coal and Nuclear Mineral Resources Development Division (CNMRDD)			
Classification:	Complex			
Type of Transaction:	G2B (Government to Business)			
Who may avail:	Coal Operating Contract (COC) Operators			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Letter of Request for the Issuance of Notice to Proceed signed by authorized representative addressed to Energy Resource Development Bureau (ERDB) Director (1) Original Copy			Applicant / Client	
2. Copy of Contract (1) Certified True Copy			Applicant / Client	
<i>Remarks:</i> <i>The client shall email one (1) copy of the contract to the MDPRS email address (cnmd.mdprs@doe.gov.ph) upon submission of the hard copy to the Records Receiving Unit.</i>				
3. Copy of Invoice for the payment of processing fee in the amount of Php 200.00 (1) Photo Copy			Department of Energy - Treasury Division	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Submission of complete documents Location: Records Receiving Unit, Ground Floor DOE Annex Building	1.1. Receive the complete documents	None	4 hour/s	Records Officer; Records Management Division (RMD)
	1.2. Transmit the received documents to the Energy Resource Development Bureau (ERDB)		4 hour/s	Records Officer; Records Management Division (RMD)
	1.3. Receive the documents and transmit to the Coal and Nuclear Mineral Resource Development Division (CNMRDD)		1 working day/s	Administrative Officer; Energy Resource Development Bureau (ERDB)
	1.4. Receive and conduct technical evaluation of the submitted application and endorse the application to ERDB Director		41 working day/s	Science Research Specialist II/Senior Science Research Specialist/Supervising Science Research Specialist/Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.5. Record and transmit evaluation to ERDB		4 hour/s	Administrative Officer; Coal and Nuclear Mineral Resources Development Division

			(CNMRDD)
	1.6. Issue a Letter of Disapproval/Payment of Penalty/Notice to Proceed	5 working day/s	Director; Energy Resource Development Bureau (ERDB)
	1.7. Transmit the Letter of Disapproval/Payment of Penalty/Notice to Proceed to CNMRDD	1 working day/s	Administrative Officer; Energy Resource Development Bureau (ERDB)
	1.8. Record and email the Letter of Disapproval/Payment of Penalty/Notice to Proceed to Client	4 hour/s	Administrative Officer; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
Total Processing Time:		Working Days: 50 working day/s	
Total Processing Fee:		Total Standard Fee: None	

34. ERDB-CNMRDD17 Issuance of Safety Engineer's (SE) and/or Safety Inspector's (SI) Permit

ISO 9001:2015 Certified

This process facilitates the Issuance of Safety Engineer's (SE) or Safety Inspector's (SI) Permit as required by DOE Department Circular No. DC2018-12-0028. This circular mandates all coal mines must have a Safety Department headed by a registered SE with registered SI as staff. Permits are issued by the ERDB upon evaluation and verification of the applicant's qualifications and required documents.

Office or Division:	Coal and Nuclear Mineral Resources Development Division (CNMRDD)												
Classification:	Highly Technical												
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)												
Who may avail:	Assigned Safety Engineer and Safety Inspector of Coal Operating Contract (COC) Operators and/or Small-Scale Coal Mining Permit (SSCMP) Holders												
Operating Hours:	24/7												
Statute:	Energy Virtual One-Stop Shop Act (RA No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects

For Standard Requirement													
1. Duly Accomplished ERDB Form No. DOE-ERDBQF-001 (1) Electronic Copy	Department of Energy, Energy Virtual One-Stop Shop (EVOSS) - CNMRDD Office / Department of Energy Website / Energy Virtual One-Stop Shop (EVOSS)												
2. Endorsement from the COC Operator or SSCMP holder addressed to the Concerned Director (1) Electronic Copy	Applicant / Client												
3. Photo (1) Electronic Copy	Applicant / Client												
Remarks: 2"x2"													

<i>Minimum 600x600 pixels</i> <i>Any plain background color</i> <i>Dress code: with collar</i> <i>Taken not more than six (6) months at the time of the application</i>	
4. Signed Resume (1) Electronic Copy	Applicant / Client
5. Valid Police Clearance with copy of Official Receipt or Invoice of the Payment (1) Electronic Copy	Philippine National Police - Issuing Unit
For Situational Requirement	
A. Proof of Qualification for Safety Engineer	
Sub Situational Requirement/s	
A.a. Permanent Registration	
A.a.1. Valid PRC License for Mining Engineer (1) Electronic Copy	Applicant / Client
A.a.2. Certificate of Employment (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Showing at least two (2) years experience in underground mining operations for underground coal mines or surface mining operations for surface coal mines.</i>	
A.a.3. Certificate/s of Training in General Safety and Health related to Mining Operations (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>With at least cumulative of eight (8) hours of training</i>	
A.b. Temporary Registration - Graduate of a Mining Engineering Course	
A.b.1. Valid PRC License for Mining Engineer (1) Electronic Copy	Professional Regulation Commission - Issuing Unit
A.b.2. Certificate of Employment (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Showing experience in underground mining operations for underground coal mines or surface mining operations for surface coal mines</i>	

A.b.3. Certificate/s of Training in General Safety and Health related to Mining Operations (1) Electronic Copy	Applicant / Client
A.c. Temporary Registration - Any Other Licensed Engineer, Geologist, Metallurgist and Chemist	
A.c.1. Valid PRC License (1) Electronic Copy	Professional Regulation Commission - Issuing Unit
A.c.2. Certificate of Employment (1) Original Copy	Applicant / Client
<i>Remarks:</i> <i>Showing at least one (1) year experience as Safety Inspector in an underground or surface coal mine.</i>	
B. Proof of Qualification for Safety Inspector	
Sub Situational Requirement/s	
B.a. Graduate of Mining Engineering Course	
B.a.1. College Diploma (1) Electronic Copy	Applicant / Client
B.b. Graduate of any Engineering, Geology, Metallurgy or Chemistry Course	
B.b.1. College Diploma (1) Electronic Copy	Applicant / Client
B.b.2. Certificate of Employment (1) Original Copy	Applicant / Client
<i>Remarks:</i> <i>Showing at least one (1) year experience in Safety Work in Mining Operation.</i>	
B.c. Undergraduate of any Engineering, Geology, Metallurgy or Chemistry Course	
B.c.1. College Scholastic Records (1) Electronic Copy	Applicant / Client
B.c.2. Certificate of Employment (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Showing at least three (3) years experience in Safety Work in Mining Operation</i>	
B.d. High School Graduate	
B.d.1. High School Diploma (1) Electronic Copy	Applicant / Client

B.d.2. Certificate of Employment (1) Original Copy		Applicant / Client		
<i>Remarks:</i> <i>Showing at least five (5) years experience in Safety Work in Mining Operation</i>				
B.e. High School Undergraduate				
B.e.1. High School Scholastic Records (1) Electronic Copy		Applicant / Client		
B.e.2. Certificate of Employment (1) Electronic Copy		Applicant / Client		
<i>Remarks:</i> <i>Showing at least ten (10) years experience in Safety Work in Mining Operation</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Choose a project from EVOSS and submit the complete set of documents through the EVOSS System Location: Energy Virtual One-Stop Shop (EVOSS) Notes/Instruction: <i>*If not acted within 3 working days, EVOSS System generates a Deemed Complete Certificate, and notifies the Applicant and CNMD thru a system generated email notification on the issuance of Deemed Complete Certificate.</i> --	1.1. Check the completeness and consistency of the documents*	None	3 working day/s	Chief Science Research Specialist /Designated Authority; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.2. Prepare the Order of Payment and send it to the client's email.		12 hour/s	Accounting Staff; Accounting Division (AD)
	1.3. Upload the Order of Payment to the EVOSS System. (EVOSS System notifies the client thru a system generated email to pay the processing fee within		12 hour/s	Chief Science Research Specialist/ Designated Authority; Coal and Nuclear

<i>If the submission is incomplete, CNMRDD uploads the Rejection Letter signed by the ERDB Director within three (3) calendar days.</i>	three (3) working days.)			Mineral Resources Development Division (CNMRDD)
2. Pay the Registration Fee within three (3) working days and send the proof of payment to coms@doe.gov.ph, replying to the email thread of the Order of Payment. Location: Treasury Division, Ground Floor, DOE Annex Lobby Notes/Instruction: <i>**If payment is not valid, the EVOSS System notifies the client and CNMRDD thru a system-generated email notification of the invalid payment. CNMD uploads the Rejection Letter signed by the ERDB Director due to incomplete submission within three (3) calendar days. EVOSS System notifies the client and Treasury Division of the cancellation due to invalid payment and sets the time to COMPLETE and ENDS THE WORKFLOW.</i> <i>If payment has not been made within</i>	2.1. Validate the Proof of Payment** (EVOSS notifies the Treasury Division thru a system-generated email notification on the payment of Registration Fee.) --- If payment is valid, upload the Invoice and encode the Invoice Number. (EVOSS System notifies the client and CNMD thru a system-generated email notification of the uploaded Invoice and creates the deliverable in the System - START OF DAY 1).	Standard Fees Breakdown: Registration Fee: PHP 550 Total: PHP 550	1 working day/s	Collecting Officer; Treasury Division (TD)
	2.2. Conduct technical evaluation of the submitted application.		4 calendar day/s	Chief Science Research Specialist/ Designated Authority; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	2.3. Endorse the application to the ERDB for final review and approval.		1 calendar day/s	Chief Science Research Specialist/ Designated Authority; Coal and Nuclear Mineral

three (3) working days, CNMD uploads the Rejection Letter signed by the ERDB Director due to incomplete submission within three (3) calendar days. EVOSS System notifies the client and Treasury Division of the cancellation due to non-payment and sets the time to COMPLETE and ENDS THE WORKFLOW. --- If the timeframe in evaluating the application exceeded eleven (11) calendar days, EVOSS System notifies the Client and CNMD thru a generated email notification on the Issuance of the Deemed Approved Certificate. EVOSS sets the time to COMPLETE and ENDS the WORKFLOW.				Resources Development Division (CNMRDD)
	2.4. Review the endorsed application		4 calendar day/s	Director; Energy Resource Development Bureau (ERDB)
	2.5. Record and transmit the signed permit to Coal and Nuclear Mineral Resources Development Division (CNMRDD)		1 calendar day/s	Administrative Staff; Energy Resource Development Bureau (ERDB)
	2.6. Upload the signed and approved Safety Engineer's/Safety Inspector's Permit. (EVOSS System notifies the client through a system-generated email notification of the approved Safety Engineer's/Safety Inspector's Permit. EVOSS System sets the time to COMPLETE and ENDS the WORKFLOW.)		1 calendar day/s	Chief Science Research Specialist/ Designated Authority; Coal and Nuclear Mineral Resources Development Division (CNMRDD)

General Remarks

Disclaimer: The official processing timeline for EVOSS-covered services is counted in **calendar days**, starting from the submission of complete documentary requirements. This is based on:

- **Section 13(a), Republic Act No. 11234:** The time frame shall be counted from the submission of complete documentary requirements.
- **Part III, Rule 9 (Section 2), Department Circular No. DC2019-05-0007:** The completeness of the submission triggers the start of the processing time.
- This applies to the DOE and all its attached bureaus, offices, agencies, and GOCCs, with a processing period of **sixty (60) calendar days**.

*If any issues, discrepancies, or exceptions arise during processing, please refer to the official process workflow for the specific service on **EVOSS.ph** for guidance. This ensures all deviations are handled according to the EVOSS system guidelines.*

Total Processing Time:	Calendar Days: 11 calendar day/s Working Days: 5 working day/s
Total Processing Fee:	Total Standard Fee: PHP 550

35. ERDB-CNMRDD18 Issuance of Confirmation Letter of Registered Coal Subcontract (1 Application)

Application for the Issuance of Confirmation Letter of Registered Coal Subcontract is in accordance with Department Circular No. DC2014-08-0013 which govern the registration of all subcontracts and agreements entered into by Coal Operating Contract (COC) operators in pursuance of their COCs under the Presidential Decree No. 972, as amended, to allow related expenditures to be cost recovered.

39. ERDB-CNMRDD18-04 Issuance of Confirmation Letter of Registered Coal Subcontract (31 and Above Applications)

Application for the Issuance of Confirmation Letter of Registered Coal Subcontract is in accordance with Department Circular No. DC2014-08-0013 which govern the registration of all subcontracts and agreements entered into by Coal Operating Contract (COC) operators in pursuance of their COCs under the Presidential Decree No. 972, as amended, to allow related expenditures to be cost recovered.

Office or Division:	Coal and Nuclear Mineral Resources Development Division (CNMRDD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)			
Who may avail:	Coal Operating Contract (COC) Operators			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Letter of Request for the Issuance of Confirmation of Registered Coal Subcontract signed by authorized representative addressed to Energy Resource Development Bureau (ERDB) Director (1) Original Copy			Applicant / Client	
2. Copy of Contract (1) Certified True Copy			Applicant / Client	
3. Copy of Letter of Disapproval/Payment of Penalty/Notice to Proceed (1) Photo Copy			Applicant / Client	
4. Copy of Invoice for the payment of processing fee in the application for the Issuance of Notice to Proceed (1) Photo Copy			Applicant / Client	
For Situational Requirement				
A. Late Registration of Subcontract				
A.1. Copy of Invoice for the payment of late registration penalty of Php 10,000.00 per contract (1) Photo Copy			Applicant / Client	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE

				(Designation; Office)
1. Submission of complete documents Location: Records Receiving Unit, Ground Floor DOE Annex Building	1.1. Receive the complete documents	None	1 working day/s	Records Officer; Records Management Division (RMD)
	1.2. Transmit the received documents to the Energy Resource Development Bureau (ERDB)		3 working day/s	Records Officer; Records Management Division (RMD)
	1.3. Receive the documents and transmit to the Coal and Nuclear Mineral Resources Development Division (CNMRDD)		3 working day/s	Administrative Officer; Energy Resource Development Bureau (ERDB)
	1.4. Receive and conduct technical evaluation of the submitted application and endorse the application to ERDB Director		28 working day/s	Science Research Specialist II/Senior Science Research Specialist/Supervising Science Research Specialist/Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.5. Endorse the application to Legal Services (LS) for Legal Evaluation		4 working day/s	Administrative Officer; Energy Resource Development

		nt Bureau (ERDB)
1.6. Conduct legal evaluation on the application and endorse the application to ERDB with review memorandum and recommendation of registration of operations and administrative subcontract	24 working day/s	Attorney IV, Attorney V; Legal Services (LS)
1.7. Record and transmit legal evaluation to ERDB	4 working day/s	Administrative Officer; Legal Services (LS)
1.8. Endorse the application to CNMRDD to draft the Confirmation Letter of Registered Coal Subcontract	4 working day/s	Administrative Officer; Energy Resource Development Bureau (ERDB)
1.9. Prepare and issue a Confirmation Letter of Registered Coal Subcontract	12 working day/s	Science Research Specialist II/Senior Science Research Specialist/Supervising Science Research Specialist/Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)

	1.10. Transmit the Confirmation Letter of Registered Coal Subcontract to the ERDB Director for approval		4 working day/s	Administrative Officer; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.11. Approval of the Confirmation Letter of Registered Coal Subcontract		5 working day/s	Director; Energy Resource Development Bureau (ERDB)
	1.12. Transmit the Approved Confirmation Letter of Registered Coal Subcontract to CNMRDD		4 working day/s	Administrative Officer; Energy Resource Development Bureau (ERDB)
	1.13. Record and email the Approved Confirmation Letter of Registered Coal Subcontract to Client		4 working day/s	Administrative Officer; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
Total Processing Time:		Working Days: 100 working day/s		
Total Processing Fee:		Total Standard Fee: None		

40. ERDB-CNMRDD19 Issuance of DOE Stickers for the Issued Tax-Exemption Certificate (TEC) under PD 972

This service covers the issuance of DOE Stickers upon approval of the application whether the machinery, equipment, spare parts and materials shall be required to be pasted or sealed with DOE stickers, pursuant to the Department of Energy (DOE) Department Circular No. DC2018-03-0006.

Office or Division:	Coal and Nuclear Mineral Resources Development Division (CNMRDD)			
Classification:	Simple			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)			
Who may avail:	Coal Operating Contract (COC) Operators			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Copy of Invoice for the payment of DOE Sticker fee amounting to PhP 300.00 (1) Photo Copy			Department of Energy - Treasury Division	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submit Copy of Official Receipt Location: Coal and Nuclear Mineral Resources Development Division (CNMRDD), Basement, DOE Building	1.1. Receive Copy of Invoice	None	2 hour/s	Science Research Specialist II/Senior Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.2. Prepare DOE Sticker with control no. and Endorsement Memorandum for the		1 working day/s	Science Research Specialist II/Senior

	release of DOE Sticker		Science Research Specialist and Supervising Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.3. Endorse Memorandum and DOE Sticker for the ERDB Director's Signature	4 hour/s	Chief Science Research Specialist; Coal and Nuclear Mineral Resources Development Division (CNMRDD)
	1.4. ERDB Director to sign the DOE Sticker. Administrative Staff to transmit the signed DOE Sticker to CNMRDD	1 working day/s	- Director; Energy Resource Development Bureau (ERDB) - Administrative Staff; Energy Resource Development Bureau (ERDB)
	1.5. Release the DOE Sticker to the applicant.	2 hour/s	Administrative Staff; Coal and Nuclear Mineral Resources Development Division (CNMRDD)

Renewable Energy Management Bureau (REMB)

External Services

1. REMB-REMB01 Accreditation of Manufacturers, Fabricators and Suppliers of Locally Produced RE Equipment and Components

RE Developers and local manufacturers, fabricators and suppliers of locally-produced renewable energy equipment shall register with the Department of Energy. Upon registration, a certification shall be issued to each RE Developer and local manufacturer, fabricator and supplier of locally-produced renewable energy equipment to serve as the basis of their entitlement to incentives provided under Chapter VII of the RE Act (R.A 9513).

Office or Division:	Renewable Energy Management Bureau (REMB)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Any person, natural or juridical, registered and/or authorized to operate in the Philippines under existing Philippine laws and engaged in the manufacture, fabrication and supply of locally produced RE equipment and components may apply for accreditation with the REMB.	
Operating Hours:	24/7	
Statute:	Renewable Energy Act of 2008 (R.A No. 9513) - An Act Promoting the Development, Utilization and Commercialization of Renewable Energy Resources and for Other Purposes	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Letter of Application (1) Electronic Copy		Applicant / Client
<i>Remarks:</i> <i>Must be addressed to the REMB Director</i>		
2. Latest Business Permit in the name of the Company or Proprietor (1) Electronic Copy		Business Permit and Licensing Office - Concerned Local Government Unit
3. Company Profile or Business Background (1) Electronic Copy Or (1) Electronic Copy		Applicant / Client
4. Proof of Technical and Physical or Logistical Capabilities (1) Electronic Copy		Applicant / Client
<i>Remarks:</i> <i>Capabilities to handle RE equipment, machinery, components and parts appropriate and commensurate to the scope of activity applied for accreditation:</i> <i>a. Organizational Chart of the Company</i>		

- b. Nature and Scope of RE activities (RE manufacturing, fabricating, and/or supplying of locally-produced RE machineries, equipment, components and parts)*
c. Process flow of the manufacturing/fabrication plant
d. List of equipment or tools used (to be purchased / existing) in manufacturing and/or fabrication
e. Site map and picture of the manufacturing and/or fabrication plant

For Situational Requirement

A. With Renewable Energy Projects/Plants

A.1. Track record of Renewable Energy Projects of the Applicant
 (1) Electronic Copy

verification (1) Original Copy Or (1) Electronic Copy	
Sub Requirement	
<i>A.1.A. Mapping Requirements for Area Verification of RE Projects:</i>	
A.1.A.1. Location/Sketch map* of the project area/site (1) Original Copy Or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>The map should show its boundaries in relation to major environmental features, using a NAMRIA topographic map or any available administrative basemap at a scale of at least 1:50,000. The map must contain the PRS'92 geographic coordinates of all boundary corners of the project area.</i> <i>Notes:</i> • Project Area/Site – an RE project area/site subject to Area Verification. • Location/Sketch Map* - shall reflect all map details found in the Sample Map* applicable to the category of the project area. It should be duly prepared, certified, signed, and sealed by a licensed Geodetic Engineer (GE). The seal must be visibly shown on the scanned copy. • TD_FORM.xls* - Excel file which can be downloaded from the EVOSS website. The form should be accomplished and must contain the PRS'92 geographic coordinates of the project boundary corners. Provide a scanned copy with proper certification, signature, and a visible Geodetic Engineer's seal if the TD cannot be reflected on the map. • Computation of Area - For project areas conforming to the RE blocking system, the total area shall be computed as 81 hectares per RE block; otherwise, the projected area (PTM-Zone I to V) will be considered. Reminder: The required geographic coordinates system is PRS '92. Google Earth uses a different coordinate system. *The following maps and form can be accessed through the EVOSS website under Downloadable Forms (https://www.evoss.ph/Home/Documents?categoryName=Downloadable%20Forms): Sample Map A – Blocking Sample Map B – Non-Blocking TD_FORM.xls	
A.1.A.2. Photocopy/Scanned copy of PRC Card of the Geodetic Engineer (1) Certified True Copy Or (1) Electronic Copy	Professional Regulation Commission - Licensure and Registration Division - Registration Section
<i>Remarks:</i> <i>Validity should cover the date of map preparation.</i>	

A.1.A.3. Professional Tax Receipt of the Geodetic Engineer (1) Certified True Copy Or (1) Electronic Copy	Municipal/City Hall - Office of the Municipal/City Treasurer
A.1.A.4. Excel file or a printed form, following the format in TD_FORM.xls* (1) Electronic Copy Or (1) Original Copy	Applicant / Client
<i>Remarks:</i> <i>Should contain the PRS'92 geographic coordinates of all boundary corners.</i> <i>*The template form can be accessed through the EVOSS website under Downloadable Forms (https://www.evoss.ph/Home/Documents?categoryName=Downloadable%20Forms).</i>

Sub Requirement	
<i>A.2.A. For Pre-Development Stage</i>	
A.2.A.1. Detailed Resource Assessment Studies (1) Original Copy Or (1) Photo Copy Or (1) Electronic Copy	Applicant / Client
<i>A.2.B. For Development Stage</i>	
A.2.B.1. Full-Blown Feasibility Studies (1) Original Copy Or (1) Photo Copy Or (1) Electronic Copy	Applicant / Client
A.3. Work Program in Gantt Chart following the applicable template (1) Original Copy Or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>1. Biomass (Annex-A of DC2024-06-0018)</i> <i>2. Waste-to-Energy (Annex-B of DC2024-06-0018)</i> <i>3. Geothermal (Annex-C of DC2024-06-0018)</i> <i>4. Onshore Wind (Annex-H of DC2024-06-0018)</i> <i>5. Offshore Wind (Annex-I of DC2024-06-0018)</i>	
B. Proof of Possessory Rights (For Solar/Biomass/Waste-to-Energy Projects)	
Sub Situational Requirement/s	
B.a. For Private Lands, in the order, any of precedence, any of the following documents may be submitted:	
B.a.1. Certificate of Titles to the real properties in the name of the RE Applicant; or (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client

B.a.2. Contracts, Deeds, Agreements and the like that unconditionally grant the SEOC/BEOC/WTEOC Applicant ownership or right to possess the real properties for purposes of construction, installation, maintenance, and operation of the Solar/Biomass/Waste-to Energy Project thereon; or (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client
B.a.3. Contracts, Deeds, Agreements, and the like that unconditionally grant the SEOC/BEOC/WTEOC Applicant an exclusive option to acquire the ownership or the right to possess the real properties: Provided, that the right to construct, install, maintain and operate the solar/biomass/waste-to-energy power project thereon is vested unto the SEOC/BEOC/WTEOC Applicant. (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client
B.a.4. If the acceptable proof of ownership or possessory rights are not available and the Area of Interest (AOI) is not subject of a conflicting claim, the RE Applicant shall submit the following: (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf ; and</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.</i> Note: <i>Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.</i>	
B.b. For public lands, in the order of precedence, any of the following documents may be submitted:	
B.b.1. Permits and clearances issued in favor of the RE Applicant by a government agency or instrumentality that has jurisdiction over the AOI, authorizing the use of such AOI for solar/biomass/waste-to-energy power project; or (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client
B.b.2. Any other permits issued by the relevant government agency or instrumentality, including Notice of Award. (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client
B.b.3. If the acceptable proof of ownership or possessory rights are not available and the AOI is not subject of a conflicting claim, the RE Applicant shall submit the	Applicant / Client

following: (1) Certified True Copy Or (1) Electronic Copy	
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf.</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.</i> Note: <i>Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.</i>	
B.b.4. Supporting Document to the acceptable proof of ownership or possessory rights (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>If the registered owner of the real property is a corporation, Board Resolution or Secretary's Certificate issued by such corporation; and</i> <i>If the registered owner is acting through a representative, a Special Power of Attorney in favor of the registered owner's representative, each authorizing the parties to enter into the contracts, deeds, agreements, and the like;</i>	
B.c. Supporting Document to the acceptable proof of ownership or possessory rights	
B.c.1. Board Resolution or Secretary Certificate of the RE Applicant (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>If the registered owner of the real property is a corporation, Board Resolution or Secretary's Certificate issued by such corporation; and</i> <i>If the registered owner is acting through a representative, a Special Power of Attorney in favor of the registered owner's representative, each authorizing the parties to enter into the contracts, deeds, agreements, and the like.</i>	
B.c.2. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like. (1) Certified True Copy Or (1) Electronic Copy	Applicant / Client
B.d. Scanned copy of the sworn statement of RE Applicant's authorized representative, detailing the proof of ownership or possessory rights	
B.d.1. Denomination of the contracts, deeds, agreements, etc., the date/s of execution and the term thereof, with	Applicant / Client

inclusive dates (1) Certified True Copy Or (1) Electronic Copy				
B.d.2. Names and addresses of the parties to the contracts, deeds, agreements, etc., indicating their relation, e.g., seller and buyer, lessor, and lessee, and the like (1) Certified True Copy Or (1) Electronic Copy		Applicant / Client		
B.d.3. Specific section/clause in the contract, deed, agreement, etc. by which the ownership or possession of the real property is conveyed, with the said provision quoted in full (1) Certified True Copy Or (1) Electronic Copy		Applicant / Client		
B.d.4. Affirmation that the conveyance is effective, or a summary of the limitations, conditions and other terms that must be complied with before the conveyance becomes effective (1) Certified True Copy Or (1) Electronic Copy		Applicant / Client		
B.d.5. Notarized date of the above documents (1) Certified True Copy Or (1) Electronic Copy		Applicant / Client		
B.d.6. Read-only Excel file/Documents attached to the sworn statement where the details below are presented (1) Certified True Copy Or (1) Electronic Copy		Applicant / Client		
<i>Remarks:</i> 1. <i>RE Applicant's authority to acquire ownership/possession and that its counterparty in the contracts, deeds, agreements, etc. has the right and/or authority to dispose of the same in favor the RE Applicant; and</i> 2. <i>Confirmation that the contract, deed, agreement, etc. was executed by persons with the right to dispose of the ownership or possession of the real properties</i>

RE Developers generating power for own-use shall register with the DOE to avail of any incentives under the RE Act.

Office or Division:	Renewable Energy Management Bureau (REMB)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business)
Who may avail:	RE Developers
Operating Hours:	24/7
Statute:	Republic Act No. 9513 - An Act Promoting the Development, Utilization and Commercialization of Renewable Energy Resources and for Other Purposes
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Application Letter (1) Original Copy Or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Must be addressed to the REMB Director.</i>	
2. Project Description (1) Original Copy Or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Should include the details of the following:</i> 1. Technical Design: 1. Single Line Diagrams of Alternating Current and Direct Current (if applicable) 2. Mass Energy Balance (if applicable) 2. Target Commissioning Date 3. Project Location	
For Situational Requirement	
A. Legal Requirements	
Sub Situational Requirement/s	
A.a. For Individual or Proprietorship	
A.a.1. Passport or any valid government-issued Identification Card (ID)	

- **Philippine Identification (PhilID) / ePhilID:** The national ID, providing a unified identification for Filipinos and resident aliens.
- **Passport:** Issued by the Department of Foreign Affairs (DFA), primarily for international travel.
- **Driver's License:** Issued by the Land Transportation Office (LTO), also serves as a permit to operate motor vehicles.
- **SSS UMID Card:** A unified ID for Social Security System (SSS) members.
- **PRC ID:** Issued to professionals who have passed licensure exams.
- **Voter's ID:** Issued by the Commission on Elections (COMELEC), proving registration and voting eligibility.
- **PhilHealth ID:** Proof of membership and registration with PhilHealth.
- **Postal ID:** Widely accepted for various transactions.
- **GSIS e-Card:** For members of the Government Service Insurance System.
- **OWWA ID:** For Overseas Filipino Workers (OFW) registered with the Overseas Workers Welfare Administration.
- **TIN Card:** Issued by the Bureau of Internal Revenue (BIR).
- **Senior Citizen ID:** For individuals aged 60 and above.
- **PWD ID:** For Persons with Disabilities.
- **Integrated Bar of the Philippines (IBP) ID:** Issued to Filipino lawyers.
- **Pag-IBIG Loyalty Card:** For members of the Home Development Mutual Fund (Pag-IBIG).
- **OFW ID/iDOLE Card:** For registered Overseas Filipino Workers.

A.b. For Corporation / Joint Venture / Consortium / Cooperative

4. REMB-REMB04 Conversion to the New Renewable Energy (RE) Contract Template

Within one (1) year from the effectivity of this Department Circular No. DC2024-06-0018, an RE Developer may apply for conversion of its RE Contract to the new RE Contract templates provided in Annexes “A” to “K” of the said DC. However, the period of the RE Contract to be issued in relation thereto shall be the balance of the contract term remaining under the existing and valid service/operating contract or agreement.

Office or Division:	Renewable Energy Management Bureau (REMB)								
Classification:	Highly Technical								
Type of Transaction:	G2B (Government to Business)								
Who may avail:	RE Developers that are substantially compliant with the approved Work Program/Work Plan and the material terms and conditions of the RE Contract for the past six (6) months prior to the date of filing its application for conversion. For RE Developers with RE Contracts executed less than six (6) months from the date of application for conversion, the evaluation shall be based on their compliance with the approved Work Program and the material terms and conditions from the time of the award of the RE Contract until the filing of the application.								
Operating Hours:	24/7								
Statute:	Energy Virtual One-Stop Shop Act (RA No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects

	1.5. Concerned REMB Division, through the REMB Director, prepares and endorses the recommendation of award to LS for concurrence	5 calendar day/s	- Chief; Concerned REMB Division - Director; Renewable Energy Management Bureau (REMB) - Chief; Renewable Energy Legal Services Division (RELSD)		
	1.6. LS concurrence to the recommendation	3 calendar day/s	Chief; Renewable Energy Legal Services		

REMB Division thru EVOSS notifies the RE Developer, LS and ITMS on the disapproval				Division (RELSA) • Director; Legal Services (LS)
For Agency Action 1.8: • If not concurred, Concerned REMB Division thru EVOSS notifies the RE Developer, LS and ITMS on the disapproval	1.7. Assistant Secretary acts on the recommendation and concerned REMB Division endorses the recommendation to the Undersecretary		2 calendar day/s	• Chief; Concerned REMB Division • Assistant Secretary; Office of the Assistant Secretary
For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow	1.8. Undersecretary acts on the recommendation, if concurred, the concerned REMB Division notifies the applicant to pre-sign the contract		2 calendar day/s	• Chief; Concerned REMB Division • Undersecretary; Office of the Undersecretary
2. Applicant pre-signs the RE Contract under the new template Location: For the Pre-Signing of RE Contract: REMB Office For receiving the digital RE Contract: EVOSS System (https://evoss.ph/) Notes/Instruction: For Client Step 2: • If the applicant failed to pre-sign the RE Contract within thirty (30)	2.1. Concerned REMB Division validates the pre-signed RE Contract	None	1 working day/s	• Chief; Concerned REMB Division
	2.2. Concerned REMB Division endorses the pre-signed RE Contract to the Secretary for consideration		1 calendar day/s	• Chief; Concerned REMB Division

calendar days, the application will be deemed abandoned.				
For Agency Action 2.3:				
If disapproved by the Secretary, the concerned REMB Division notifies the applicant, LS and ITMS on the disapproval.	2.3. Secretary acts on the Application		7 calendar day/s	Secretary; Office of the Secretary
If the processing of the application exceeded the timeframe, the EVOSS System notifies the concerned REMB Division, applicant, LS, and ITMS of the issuance of Deemed Approved Certificate. For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow	2.4. Concerned REMB Division through the EVOSS System uploads the copy of the New RE Contract		1 calendar day/s	SRS; Concerned REMB Division

General Remarks

EVOSS Act Processing Timelines Advisory

- Completeness Check:** Agencies have **three (3) working days** from submission to verify an application's completeness. Failure to act within this period renders the submission **deemed complete**. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by **Rule 9, Section 2 of the EVOSS Act IRR**.
- Official Processing Time:** The main processing timeframe is calculated in **calendar days**, as stipulated in **Section 13 of the EVOSS Act** and **Rule 9, Section 1 of its IRR**. This official clock starts only after an application is accepted or deemed complete.
- Deemed Approval:** Failure by an agency to act within the prescribed calendar-day timeframe results in the application being **deemed approved**, per **Section 13 of the EVOSS Act** and **Rule 9, Section 4 of the IRR**.

- **Transactional Steps:** Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under **Rule 6(b) of the IRR.**

For a detailed guide on this process, please refer to the process flows on the EVOSS website: <https://evoss.ph/Home/ProcessFlow>.

Total Processing Time:	Calendar Days: 31 calendar day/s Working Days: 4 working day/s
Total Processing Fee:	Total Standard Fee: None

5. REMB-REMB05 Renewable Energy Contract Application (except Solar Projects)

An agreement between the DOE and an RE Developer for the development and/or utilization of RE resources shall be covered by an RE Service/Operating Contract

Office or Division:	Renewable Energy Management Bureau (REMB)																
Classification:	Highly Technical																
Type of Transaction:	G2B (Government to Business)																
Who may avail:	Any person, local or foreign, may apply for RE Contracts subject to the limits provided by the DC2024-06-0018																
Operating Hours:	24/7																
Statute:	Energy Virtual One-Stop Shop Act (RA No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects																
<table border="1"> <thead> <tr> <th>CHECKLIST OF REQUIREMENTS</th><th>WHERE TO SECURE</th></tr> </thead> <tbody> <tr> <td colspan="2">For Standard Requirement</td></tr> <tr> <td>1. 2.A.2. Proposed RE Project Site/Area Location Map and Technical Description as verified by ITMS (1) Electronic Copy	Department of Energy - ITMS- ISD
<i>Remarks:</i> <i>Area Clearance and Verified Map issued by the Department of Energy through the Pre-Application Process</i>	
2.A.3. (For Biomass and WTE) Feasibility Study which shall include: (1) Electronic Copy	Applicant / Client
Sub Requirement	
2.A.3.A. Mass Energy Balance Diagram	
2.A.3.B. Site Development Plan	
2.A.3.C. Fuel Supply and Logistic Study	
2.A.3.D. Waste Analysis and Characterization Study (additional if MSW)	
For Situational Requirement	
A. Legal Requirements	
Sub Situational Requirement/s	
A.a. Proof of Registration (Individual or Proprietorship)	
A.a.1. Birth Certificate issued by the Philippine Statistics Authority (PSA Certified) (1) Electronic Copy	Philippine Statistics Authority - Civil Registration Services Division
A.a.2. Current Business Permit (1) Electronic Copy	City/Municipal Government - City/Municipal Mayor's Office
A.a.3. Department of Trade and Industry (DTI) Registration, if applicable (1) Electronic Copy	Department of Trade and Industry - DTI Regional and Provincial Offices – Negosyo Center
A.a.4. Special Power of Attorney to Negotiate and Enter into RE Contract with DOE (if applicable) (1) Electronic Copy	Applicant / Client
A.b. Corporation/ Joint Venture/ Consortium/ Cooperative:	
A.b.1. By-Laws (BL) and Articles of Incorporation (AOI), and BL and AOI of its corporate stockholders. (The purpose of the incorporated/unincorporated RE Applicant must include engaging in RE resource development) (SEC Certified or CDA-Certified or NEA-Certified) (1) Electronic Copy	Securities and Exchange Commission - Electronic Records Management Division (ERMD)

A.b.2. Board Resolution authorizing its representative to negotiate and enter into RE Contract with DOE, if applicable (1) Electronic Copy	Applicant / Client
A.b.3. Latest General Information Sheet (GIS) and latest GIS of its corporate stockholders (Certified True Copy of the SEC-received copy of the GIS) (1) Electronic Copy	Securities and Exchange Commission - Electronic Records Management Division (ERMD)
A.b.4. Current Business Permit (1) Electronic Copy	City/Municipal Government - City/Municipal Mayor's Office
A.b.5. Organizational Chart of the Company (1) Electronic Copy	Applicant / Client
A.c. Local Government Unit	
A.c.1. Council Resolution approving the proposed project and authorizing its representative to negotiate and enter into RE Contract with DOE (1) Electronic Copy	Provincial, City, Municipal, and/or Barangay Government Council - concerned Sanggunian (Panlalawigan, Panlungsod, or Bayan)
B. Proof of Possessory Rights (For Biomass/Waste-to-Energy Projects)	
Sub Situational Requirement/s	
B.a. For Private Lands, in the order, any of precedence, any of the following documents may be submitted:	
B.a.1. Certificate of Titles to the real properties in the name of the RE Applicant; or (1) Electronic Copy	Applicant / Client
B.a.2. Contracts, Deeds, Agreements and the like that unconditionally grant the SEOC Applicant ownership or right to possess the real properties for purposes of construction, installation, maintenance, and operation of the Solar Power Project thereon; or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i>	
B.a.3. Contracts, Deeds, Agreements, and the like that unconditionally grant the SEOC Applicant an exclusive option to acquire the ownership or the right to possess the real properties: Provided, that the right to construct, install, maintain and operate the solar power project thereon is vested unto the SEOC Applicant. (1) Electronic Copy	Applicant / Client
B.a.4. If the acceptable proof of ownership or possessory rights are not available and the Area of Interest (AOI) is	Applicant / Client

not subject of a conflicting claim, the AOI is not subject for conflicting claim, the RE Applicant shall submit the following (1) Electronic Copy	
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf ; and</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.</i> Note: <i>Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.</i>	
B.b. For public lands, in the order of precedence, any of the following documents may be submitted:	
B.b.1. Permits and clearances issued in favor of the RE Applicant by a government agency or instrumentality that has jurisdiction over the AOI authorizing the use of such AOI of the solar power project; or (1) Electronic Copy	Applicant / Client
B.b.2. Any other permits issued by the relevant government agency or instrumentality, including Notice of Award. (1) Electronic Copy	Applicant / Client
B.b.3. If the acceptable proof of ownership or possessory rights are not available and the AOI is not subject of a conflicting claim, the RE Applicant shall submit the following: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf.</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.</i> Note: <i>Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.</i>	
B.c. Supporting Document to the acceptable proof of ownership or possessory rights	

B.c.1. Board Resolution or Secretary Certificate of the RE Applicant and (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>If the registered owner of the real property is a corporation, Board Resolution or Secretary's Certificate issued by such corporation; and</i> <i>If the registered owner is acting through a representative, a Special Power of Attorney in favor of the registered owner's representative, each authorizing the parties to enter into the contracts, deeds, agreements, and the like;</i>	
B.c.2. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like (1) Electronic Copy	Applicant / Client
B.c.3. ii. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like (1) Electronic Copy	Applicant / Client
B.d. Scanned copy of the sworn statement of RE Applicant's authorized representative, detailing the proof of ownership or possessory rights	
B.d.1. Denomination of the contracts, deeds, agreements, etc., the date/s of execution and the term thereof, with inclusive dates; (1) Electronic Copy	Applicant / Client
B.d.2. Names and addresses of the parties to the contracts, deeds, agreements, etc., indicating their relation, e.g., seller and buyer, lessor, and lessee, and the like; (1) Electronic Copy	Applicant / Client
B.d.3. Specific section/clause in the contract, deed, agreement, etc. by which the ownership or possession of the real property is conveyed, with the said provision quoted in full (1) Electronic Copy	Applicant / Client
B.d.4. Affirmation that the conveyance is effective, or a summary of the limitations, conditions and other terms that must be complied with before the conveyance becomes effective (1) Electronic Copy	Applicant / Client
B.d.5. Notarized date of the above documents (1) Electronic Copy	Applicant / Client
B.d.6. Read-only Excel file attached to the sworn statement where the details below are presented (1) Original Copy	Applicant / Client

Remarks:

1. RE Applicant's authority to acquire ownership/possession and that its counterparty in the contracts, deeds, agreements, etc. has the right and/or authority to dispose of the same in favor the RE Applicant; and
2. Confirmation that the contract, deed, agreement, etc. was executed by persons with the right to dispose of the ownership or possession of the real properties.

C. Financial Requirements

Sub Situational Requirement/s

C.a. For Existing Organized Corporation operating more than a year

C.a.1. Audited Financial Statement (FS) for the last two (2) years and, if the filing date is three (3) months beyond the date of the submitted Audited FS, Unaudited FS is required, where the following financial analysis may be derived:
(1) Electronic Copy

Applicant / Client

Remarks:

1. Available Working Capital (AWC) = Liquid Assets Less Current Liabilities, where Liquid Assets is the Residual Current Assets less Non-Quick Assets (e.g. Inventories, Prepayments, etc.) and other financial commitment of the applicant for existing projects with the DOE.
2. Debt-to-Equity Ratio = Total Liabilities/Total Stockholders Equity where the ratio should not exceed:
 - For RE Developers that will serve as micro grid service provider, the Debt-to-Equity ratio shall not exceed 2.5:1.0
 - For Small to Medium Size RE Project, the Debt-to-Equity ratio shall not exceed 2.0:1.0

RE Resource

Potential Capacity

Biomass

up to 20.000MW

Waste-to-Energy

up to 12.000MW

Hydropower

up to 49.999MW

Wind (Offshore/Onshore)

up to 0.999MW

- For Large Size RE Project, the Debt-to-Equity ratio shall not exceed 1.5:1.0

RE Resource

Potential Capacity

Biomass

More than 20.000MW

Waste-to-Energy

More than 20.000MW

Hydropower

50.000MW and above

Wind (Offshore/Onshore)

1.000MW and above

- *For Geothermal and Ocean Projects, the Debt-to-Equity ratio shall not exceed 2.0:1.0*

3. Loans convertible to equity or convertible loans, typically used for preconstruction project funding, shall be regarded as part of equity for purposes of the calculation of the Debt-to-Equity Ratio: Provided, that the following conditions are present:

- *The Authorized Capital Stock is sufficient to absorb the equity converted; and*
- *Submission of loan agreement or arrangement with the current or prospective shareholder(s), and the corresponding notes on the FS*

4. Authorized Capital Stock – Amount should be enough to sustain its operation for the 1st year of the Work Program, if not sufficient and additional Capital is required, a Board Resolution should be submitted to support the increase in capitalization with a duly stamped received by the Securities & Exchange Commission (SEC).

5. For an Unaudited FS - Original Bank Certification to support the Cash in Bank balance as reflected in the financial statements.

Criteria for Financial Evaluation

- 1. The minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment for the initial year of the proposed Work Program/Plan.*
- 2. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.*
- 3. The applicant's available working capital for each RE application should be net of the fund requirements from other RE applied areas/existing service contracts and conventional energy contract applications/existing service/operating contracts.*

D. For Newly Organized Corporation, operating less than a year; or Subsidiary Corporation, newly organized or not; with insufficient funds to finance the proposed work program with guarantee from parent company, the RE Applicant shall submit on top of its financial requirements the following:

D.1. Parent Company's financial documents per item 1 above
(1) Electronic Copy

Applicant / Client

D.2. Duly notarized Letter of Undertaking/Support from the Parent Company to fund the work program. (1) Electronic Copy			Applicant / Client	
Remarks:				
Criteria for Financial Evaluation				
1. The minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment for the initial year of the proposed Work Program/Plan.				
2. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.				
3. The applicant's available working capital for each RE application should be net of the fund requirements from other RE applied areas/existing service contracts and conventional energy contract applications/existing service/operating contracts.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. RE Developer submits online thru the EVOSS system the complete set of documentary requirements Location: EVOSS System (https://evoss.ph/) Notes/Instruction: For Client Step 1: • If the applicant failed to submit the updated documents within thirty (30) calendar days upon receipt of notice, application will be deemed abandoned. For Agency Action 1.1: • If the submission is	1.1. Concerned REMB Division, RELSD, RERCD, and ITMS-ISD checks the completeness and consistency of the submission, and ITMS-ISD validates the area applied for the solar power project	None	3 working day/s	• Chief; Concerned REMB Division (except SEMD) • Chief; Information Services Division (ISD) • Chief; Renewable Energy Legal Services Division (RELSD) • Chief; Renewable Energy Resources Compliance Division (RERCD)

complete and the area is valid, Concerned REMB Division thru EVOSS System uploads the Order of Payment within one (1) working day to pay for the Application and Processing Fees; EVOSS System notifies RELSD, RERCD, and ITMS-ISD on the complete submission • If the area is valid and the submission is incomplete, EVOSS System notifies the Applicant thru a system generated email to update the submission within the validity of the Notice to Apply (NTA) • If the area is not valid, ITMS-ISD thru EVOSS System notifies the Applicant, Concerned REMB Division, RELSD, and RERCD that the application is denied. • If not acted within 3 working days, EVOSS System generates a Deemed Complete Certificate and				
	1.2. Concerned REMB Division will generate a Billing Statement and endorse it to Accounting Division for the later to issue an Order of Payment. Concerned REMB Division shall then upload the issued Order of Payment to the Applicant thru EVOSS		1 working day/s	• Chief; Concerned REMB Division (except SEMD) • Chief; Accounting Division (AD)

notify Concerned REMB Division of the issuance of Order of Payment within one (1) working day				
2.Applicant pays the necessary fees and uploads the proof of payment thru the EVOSS system				
*For Application Determined Qualified 2.A.Applicant pays the necessary fees and uploads the proof of payment thru the EVOSS system Location: For Payment of fees: DOE Cashier or other mode of payments For uploading of Proof of Payment: EVOSS System (https://evoss.ph) Notes/Instruction: For Client Step 2 • Failure to pay within three (3) working days, the Applicant will receive a notification of deemed abandoned. For Agent Action 2.1: • If the Payment is invalid, EVOSS system notifies the Applicant thru a system generated email to rectify the payment within	2.A.1. If Payment has been made, EVOSS notifies the Treasury Division to validate the proof of payment	Formula Fees Breakdown: Application FeeProcessing Fee	1 working day/s	• Chief; Treasury Division (TD)
	2.A.2. The Treasury Division uploads the Invoice/Official Receipt and upload it thru the EVOSS System		1 working day/s	• Chief; Treasury Division (TD)
	2.A.3. EVOSS creates the deliverables and sets DOE time to START (Start of Day 1). Concerned REMB Division, RELSD, and RERCD conducts simultaneous Technical, Legal, Possessory Rights and Financial Evaluations		7 calendar day/s	• Chief; Concerned REMB Division (except SEMD) • Director; Renewable Energy Management Bureau (REMB) • Chief; Renewable Energy Legal Services

two (2) working days ◦ If Payment is rectified, the Treasury Division validates the proof of payment within one (1) working day. ◦ If failed to rectify within two (2) working days, the applicant will receive notification of deemed abandoned. • If Payment is still not valid within the timeframe, EVOSS System notifies the Applicant of the notice of disqualification. For Agency Action 2.A.3: • If not qualified, the Concerned Units notifies the Applicant to submit within ten (10) working days. ◦ If the Applicant uploads the rectified	2.A.4. If Qualified, EVOSS notifies the ITMS-ISD and	3 calendar day/s	Division (RELSD) • Director; Legal Services (LS) • Chief; Renewable Energy Resources Compliance Division (RERCD) • Director; Financial Services (FS) • Chief; Concerned REMB
--	---	-------------------------	--

document s within the prescribed timeframe, EVOSS System notifies the Concerned Units to check the completeness of the submission within three (3) working days. ◦ If the Applicant failed to submit within the prescribed timeframe, EVOSS System notifies the Applicant thru a system generated email on the abandonment of application . ◦ If the submission is incomplete and the Applicant consumed the ten (10) working days, EVOSS	Concerned REMB Division thru a system generated email to prepare the Contract Map, COR, RE Contract and Memorandum to the Secretary			Division (except SEMD) • Director; Renewable Energy Management Bureau (REMB) • Chief; Information Services Division (ISD) • Director; Information Technology and Management Services (ITMS)
	2.A.5. RELSD concurs on the recommendation and upload the memorandum thru EVOSS system and notifies Concerned REMB Division thru a		2 calendar day/s	• Chief; Concerned REMB Division (except SEMD) • Director ; Renewable

System notifies the Concerned REMB Division, RELSD, and RERCD to proceed with the re-evaluation because the Applicant already consumed the ten (10) working days. ◦ If the submission is incomplete and the Applicant does not consumed the ten (10) working days, EVOSS notifies the Applicant thru a system generated email to rectify the submitted documents within the remaining working days. (10-x working days).	system generated email on the concurrence of the recommendation			Energy Management Bureau (REMB) • Chief; Renewable Energy Legal Services Division (RELSD) • Director; Legal Services (LS)

	2.B.9. Concerned REMB Division notifies thru EVOSS the Applicant to pre-sign the contract		1 calendar day/s	- Chief; Concerned REMB Division (except SEMD) - Director; Renewable Energy Management Bureau (REMB)
3. Applicant pre-signs the RE contract and submits to DOE Location:	3.1. Concerned REMB Division validates the pre-signed RE Contract	None	1 working day/s	Chief; Concerned REMB Division

EVOSS System (https://evoss.ph/) For Pre-Signing: REMB Office, DOE Notes/Instruction: For Client Step 3: - If applicant failed to pre-sign the RE Contract within the prescribed period of thirty (30) calendar days, EVOSS notifies the Applicant, Concerned REMB Division, RELSD, RERCD and ITMS-ISD that the application is deemed abandoned. For Agency Action 3.1: - If not valid and the Applicant consumed the prescribed timeframe, EVOSS System notifies the Applicant, Concerned REMB Division, RELSD, ITMS-ISD and RERCD through a system generated email on the abandonment of the application.				(except SEMD)
If not valid and the Applicant does not consume the	3.2. The Secretary acts on the pre-signed RE contract		7 calendar day/s	Secretary ; Office of the Secretary

prescribed timeframe, EVOSS System notifies the Applicant thru a system generated email on the incomplete Pre-Signed Contract. • If the pre-signed contact is incomplete, EVOSS System notifies the Applicant and Concerned REMB Division, RELSD, RERCD, and ITMS-ISD thru a system generated email on the Abandonment of the application. • If the pre-signed contact is complete; EVOSS System notifies the Applicant, Concerned REMB Division, RELSD, RERCD, ITMS-ISD of the complete pre-signed contract and Concerned REMB Division endorses to the Secretary the Pre-Signed Contract.				
	3.3. Concerned REMB Division thru EVOSS issues the Order of Payment	1 calendar day/s	• Chief; Solar Energy Management Division (SEMD)	

For Agency Action 3.2: • If the Secretary signed the RE contract,
--

Concerned REMB Division thru EVOSS issues the Order of Payment and the RE Applicant to pay for the signing fee within fifteen (15) calendar days. • If not approved, Concerned REMB Division uploads the signed Disapproval Letter; EVOSS System notifies the Applicant, RELSD, RERCD and ITMS-ISD on the disapproval of the application. For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow				
4. Applicant pays the signing fee Location: For Payment of fees: DOE Cashier or other mode of payments For uploading of Proof of Payment: EVOSS System (https://evoss.ph) Notes/Instruction: For Client Step 4:	4.1. If Payment has been made, EVOSS notifies the Treasury Division to validate the proof of payment.	Formula Fees Breakdown: Signing Fee	1 working day/s	• Chief; Treasury Division (TD)

- Failure to pay within fifteen (15) calendar days, the Applicant will receive a notification of deemed abandoned. For Agency Action 4.1: - If the payment is invalid, EVOSS System notifies the Applicant thru a system generated email to rectify the payment within two (2) working days. - If Payment is rectified, the Treasury Division validates the proof of payment within one (1) working day. - If the payment is still invalid, EVOSS System notifies the Applicant, Concerned REMB Division, RELSD, RERCD an ITMS- ISD thru a system			
	4.2. The Treasury Division generates the Invoice/Official Receipt and upload it thru the EVOSS System	1 working day/s	Chief; Treasury Division (TD)
	4.3. Concerned REMB Division thru EVOSS uploads the Signed Contract and/or COR and encodes the RE Contract Number, COR Number and the Date of Award in the EVOSS System	1 calendar day/s	Chief; Concerned REMB Division (except SEMD)

generated email on the deemed abandoned. For Agency Action 4.2 If exceeded the timeframe, EVOSS System notifies Concerned REMB Division, RELSD, RERCD, ITMS-ISD and Applicant of the issuance of Deemed Approved Certificate. For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow				
General Remarks EVOSS Act Processing Timelines Advisory Completeness Check: Agencies have three (3) working days from submission to verify an application's completeness. Failure to act within this period renders the submission deemed complete. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by Rule 9, Section 2 of the EVOSS Act IRR. Official Processing Time: The main processing timeframe is calculated in calendar days, as stipulated in Section 13 of the EVOSS Act and Rule 9, Section 1 of its IRR. This official clock starts only after an application is accepted or deemed complete. Deemed Approval: Failure by an agency to act within the prescribed calendar-day timeframe results in the application being deemed approved, per Section 13 of the EVOSS Act and Rule 9, Section 4 of the IRR. Transactional Steps: Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under Rule 6(b) of the IRR. For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow				

Total Processing Time:	
*For Application Determined Qualified	Calendar Days: 26 calendar day/s Working Days: 9 working day/s
*For Application Determined Not Qualified	Calendar Days: 31 calendar day/s Working Days: 9 working day/s
Total Processing Fee:	
*For Application Determined Qualified	Total Standard Fee: None See other fees below
*For Application Determined Not Qualified	Total Standard Fee: None See other fees below
Formula / Schedule of Fees • Signing Fee ◦ Hydropower - Php 5.00/kW ◦ Wind - Php 100.00/hectare ◦ Biomass - Php 5.00/kW (for 1MW below) ▪ Php 50,000.00 (for 1MW above) ◦ Geothermal - Php 11,600.00 ◦ Ocean - Php 1,000.00 • Application Fee - Hydropower - Php 1,000.00 - Wind - Php 11,600.00 - Biomass - Php 12,650.00 (incl. Processing Fee) - Geothermal - Php 11,600.00 - Ocean - Php 1,000.00 • Processing Fee - Hydropower - Php 23,850.00 - Wind - Php 6.50/hectare (minimum of 81 hectares/or whichever is higher) - Geothermal - Php 6.50/hectare - Ocean - Php 23,850.00

6. REMB-REMB06 Issuance of Certificate of Authority for RE Projects (except Solar)

A certificate duly signed by the DOE Secretary exclusively authorizing an RE Developer to procure the necessary permits and tenorial instruments for the exploration, development, construction and installation, and commercial operation of the RE Project and conduct reconnaissance and other activities needed for pre-feasibility studies, as applicable, within the area specified in the certificate. The COA grants an RE Developer the privilege to procure the aforesaid permits and tenorial instruments outside of the contract term.

Office or Division:	Renewable Energy Management Bureau (REMB)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business)
Who may avail:	Any person, local or foreign, may apply for RE Contracts subject to the limits provided by the DC2024-06-0018
Operating Hours:	24/7
Statute:	Energy Virtual One-Stop Shop Act (RA No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Passport or any valid government-issued ID of the authorized representatives, signatory and witness to the RE Contract (1) Certified True Copy	Various Issuing Government Agencies - -
2. Technical Requirements (1) Electronic Copy	Applicant / Client
Sub Requirement	
2.A. 1. Work Program in Gantt Chart following the applicable template	
2.A.1. Work Program in Gantt Chart following the applicable template (1) Electronic Copy	Applicant / Client
Remarks: 1. Biomass (Annex-A of DC2024-06-0018) 2. Waste-to-Energy (Annex-B of DC2024-06-0018) 3. Geothermal (Annex-C of DC2024-06-0018) 4. Hydro (Annex-F of DC2024-06-0018) 5. Ocean (Annex-G of DC2024-06-0018) 6. Onshore Wind (Annex-H of DC2024-06-0018)	

7. Offshore Wind (Annex-I of DC2024-06-0018)	
2.A.2. Proposed RE Project Site/Area Location Map and Technical Description as verified by ITMS (1) Electronic Copy	Department of Energy - ITMS- ISD
<i>Remarks:</i> <i>Area Clearance and Verified Map issued by the Department of Energy through the Pre-Application Process</i>	
2.A.3. (For Biomass and Waste-to-Energy Projects) Feasibility Study which shall include: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> 1. Mass Energy Balance Diagram 2. Site Development Plan 3. Fuel Supply and Logistic Study 4. Waste Analysis and Characterization Study (additional if MSW)	
For Situational Requirement	
A. Legal Requirements	
Sub Situational Requirement/s	
A.a. Proof of Registration (Individual or Proprietorship)	
A.a.1. Birth Certificate issued by the Philippine Statistics Authority (PSA Certified) (1) Certified True Copy	Philippine Statistics Authority - Civil Registration Services Division
A.a.2. Current Business Permit (1) Certified True Copy	City/Municipal Government - City/Municipal Mayor's Office
A.a.3. Department of Trade and Industry (DTI) Registration, if applicable (1) Certified True Copy	Department of Trade and Industry - DTI Regional and Provincial Offices – Negosyo Center
A.a.4. Special Power of Attorney to Negotiate and Enter into RE Contract with DOE (if applicable) (1) Certified True Copy	Applicant / Client
A.b. Corporation/ Joint Venture/ Consortium/ Cooperative:	
A.b.1. By-Laws (BL) and Articles of Incorporation (AOI), and BL and AOI of its corporate stockholders. (The purpose of the incorporated/unincorporated RE Applicant must include engaging in RE resource development) (SEC Certified of CDA-Certified or NEA-Certified) (1) Certified True Copy	Securities and Exchange Commission - Electronic Records Management Division (ERMD)

A.b.2. Board Resolution authorizing its representative to negotiate and enter into RE Contract with DOE, if applicable (1) Certified True Copy	Applicant / Client
A.b.3. Latest General Information Sheet (GIS) and latest GIS of its corporate stockholders (Certified True Copy of the SEC-received copy of the GIS) (1) Certified True Copy	Securities and Exchange Commission - Electronic Records Management Division (ERMD)
A.b.4. Current Business Permit (1) Certified True Copy	City/Municipal Government - City/Municipal Government
A.b.5. Organizational Chart of the Company (1) Certified True Copy	Applicant / Client
A.c. Local Government Unit	
A.c.1. Council Resolution approving the proposed project and authorizing its representative to negotiate and enter into RE Contract with DOE (1) Electronic Copy	Provincial, City, Municipal, and/or Barangay Government Council - concerned Sanggunian (Panlalawigan, Panlungsod, or Bayan)
B. Proof of Possessory Rights (For Biomass/Waste-to-Energy Projects)	
Sub Situational Requirement/s	
B.a. For Private Lands, in the order, any of precedence, any of the following documents may be submitted:	
B.a.1. Certificate of Titles to the real properties in the name of the RE Applicant; or (1) Electronic Copy	Applicant / Client
B.a.2. Contracts, Deeds, Agreements and the like that unconditionally grant the BEOC/WTEOC Applicant ownership or right to possess the real properties for purposes of construction, installation, maintenance, and operation of the Biomass/Waste-to Energy Project thereon; or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i>	
B.a.3. Contracts, Deeds, Agreements, and the like that unconditionally grant the BEOC/WTEOC Applicant an exclusive option to acquire the ownership or the right to possess the real properties: Provided, that the right to construct, install, maintain and operate the solar power project thereon is vested unto the BEOC/WTEOC Applicant. (1) Electronic Copy	Applicant / Client

B.a.4. If the acceptable proof of ownership or possessory rights are not available and the Area of Interest (AOI) is not subject of a conflicting claim, the AOI is not subject for conflicting claim, the RE Applicant shall submit the following (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf ; and</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.</i> Note: <i>Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.</i>	
B.b. For public lands, in the order of precedence, any of the following documents may be submitted:	
B.b.1. Permits and clearances issued in favor of the RE Applicant by a government agency or instrumentality that has jurisdiction over the AOI authorizing the use of such AOI of the biomass/waste-to-energy power project; or (1) Electronic Copy	Applicant / Client
B.b.2. Any other permits issued by the relevant government agency or instrumentality, including Notice of Award. (1) Electronic Copy	Applicant / Client
B.b.3. If the acceptable proof of ownership or possessory rights are not available and the AOI is not subject of a conflicting claim, the RE Applicant shall submit the following: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf.</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.</i> Note:	

Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.

B.c. Supporting Document to the acceptable proof of ownership or possessory rights

B.c.1. Board Resolution or Secretary Certificate of the RE Applicant and
(1) Electronic Copy

Applicant / Client

Remarks:

- 1. If the registered owner of the real property is a corporation, Board Resolution or Secretary's Certificate issued by such corporation; and*
- 2. If the registered owner is acting through a representative, a Special Power of Attorney in favor of the registered owner's representative, each authorizing the parties to enter into the contracts, deeds, agreements, and the like;*

B.c.2. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like
(1) Electronic Copy

Applicant / Client

B.c.3. ii. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like
(1) Electronic Copy

Applicant / Client

B.d. Scanned copy of the sworn statement of RE Applicant's authorized representative, detailing the proof of ownership or possessory rights

B.d.1. Denomination of the contracts, deeds, agreements, etc., the date/s of execution and the term thereof, with inclusive dates;
(1) Electronic Copy

Applicant / Client

B.d.2. Names and addresses of the parties to the contracts, deeds, agreements, etc., indicating their relation, e.g., seller and buyer, lessor, and lessee, and the like;
(1) Electronic Copy

Applicant / Client

B.d.3. Specific section/clause in the contract, deed, agreement, etc. by which the ownership or possession of the real property is conveyed, with the said provision quoted in full
(1) Electronic Copy

Applicant / Client

B.d.4. Affirmation that the conveyance is effective, or a summary of the limitations, conditions and other terms that must be complied with before the conveyance becomes effective
(1) Electronic Copy

Applicant / Client

B.d.5. Notarized date of the above documents (1) Electronic Copy	Applicant / Client
B.d.6. Read-only Excel file attached to the sworn statement where the details below are presented (1) Original Copy	Applicant / Client
<i>Remarks:</i> <i>RE Applicant's authority to acquire ownership/possession and that its counterparty in the contracts, deeds, agreements, etc. has the right and/or authority to dispose of the same in favor the RE Applicant; and</i> <i>Confirmation that the contract, deed, agreement, etc. was executed by persons with the right to dispose of the ownership or possession of the real properties.</i>	
C. Financial Requirements	
Sub Situational Requirement/s	
C.a. For Existing Organized Corporation operating more than a year	
C.a.1. Audited Financial Statement (FS) for the last two (2) years and, if the filing date is three (3) months beyond the date of the submitted Audited FS, Unaudited FS is required, where the following financial analysis may be derived: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Available Working Capital (AWC) = Liquid Assets Less Current Liabilities, where Liquid Assets is the Residual Current Assets less Non-Quick Assets (e.g. Inventories, Prepayments, etc.) and other financial commitment of the applicant for existing projects with the DOE.</i> <i>Debt-to-Equity Ratio = Total Liabilities/Total Stockholders Equity where the ratio should not exceed:</i> <i>For RE Developers that will serve as micro grid service provider, the Debt-to-Equity ratio shall not exceed 2.5:1.0</i> <i>For Small to Medium Size RE Project, the Debt-to-Equity ratio shall not exceed 2.0:1.0</i>	
RE Resource	Potential Capacity
Biomass	up to 20.000MW
Waste-to-Energy	up to 12.000MW
Hydropower	up to 49.999MW

Wind (Offshore/Onshore)

up to 0.999MW

- *For Large Size RE Project, the Debt-to-Equity ratio shall not exceed 1.5:1.0*

RE Resource

Potential Capacity

Biomass

More than 20.000MW

Waste-to-Energy

More than 20.000MW

Hydropower

50.000MW and above

Wind (Offshore/Onshore)

1.000MW and above

- *For Geothermal and Ocean Projects, the Debt-to-Equity ratio shall not exceed 2.0:1.0*

3. Loans convertible to equity or convertible loans, typically used for preconstruction project funding, shall be regarded as part of equity for purposes of the calculation of the Debt-to-Equity Ratio: Provided, that the following conditions are present:

- *The Authorized Capital Stock is sufficient to absorb the equity converted; and*
- *Submission of loan agreement or arrangement with the current or prospective shareholder(s), and the corresponding notes on the FS*

4. Authorized Capital Stock – Amount should be enough to sustain its operation for the 1st year of the Work Program, if not sufficient and additional Capital is required, a Board Resolution should be submitted to support the increase in capitalization with a duly stamped received by the Securities & Exchange Commission (SEC).

5. For an Unaudited FS - Original Bank Certification to support the Cash in Bank balance as reflected in the financial statements.

Criteria for Financial Evaluation

- 1. The minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment for the initial year of the proposed Work Program/Plan.*
- 2. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.*
- 3. The applicant's available working capital for each RE application should be net of the fund requirements from other RE applied areas/existing service contracts and conventional energy contract applications/existing service/operating contracts.*

D. For Newly Organized Corporation, operating less than a year; or Subsidiary Corporation, newly organized or not; with insufficient funds to finance the proposed

work program with guarantee from parent company, the RE Applicant shall submit on top of its financial requirements the following:

D.1. Parent Company's financial documents per item 1 above (1) Electronic Copy	Applicant / Client
D.2. Duly notarized Letter of Undertaking/Support from the Parent Company to fund the work program. (1) Electronic Copy	Applicant / Client

Remarks:

Criteria for Financial Evaluation

1. The minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment for the initial year of the proposed Work Program/Plan.
2. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.
3. The applicant's available working capital for each RE application should be net of the fund requirements from other RE applied areas/existing service contracts and conventional energy contract applications/existing service/operating contracts.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. RE Developer submits online thru the EVOSS system the complete set of documentary requirements Location: EVOSS System (https://evoss.ph/) Notes/Instruction: For Client Step 1: • If the applicant failed to submit the updated documents within thirty (30) calendar days upon receipt of notice, application will be deemed abandoned.	1.1. Concerned REMB Division, RELSD, RERCD, and ITMS-ISD checks the completeness and consistency of the submission, and ITMS-ISD validates the area applied for the RE project	None	3 working day/s	• Science Research Specialist (SRS); Concerned REMB Division (except SEMD) • Chief; Information Services Division (ISD) • Chief; Renewable Energy Legal Services Division (RELSD) • Chief; Renewable Energy Resources

For Agency Action 1.1: • If the submission is complete and the area is valid, Concerned REMB Division thru EVOSS System uploads the Order of Payment within one (1) working day to pay for the Application and Processing Fees; EVOSS System notifies RELSD, RERCD, and ITMS-ISD on the complete submission • If the area is valid and the submission is incomplete, EVOSS System notifies the Applicant thru a system generated email to update the submission within the validity of the Notice to Apply (NTA)			Compliance Division (RERCD)
• If the area is not valid, ITMS-ISD thru EVOSS System notifies the Applicant, Concerned REMB Division, RELSD, and RERCD that the application is denied. • If not acted within 3 working days, EVOSS System	1.2. Concerned REMB Division generates a Billing Statement, and endorses it to Accounting Division for the later to issue an Order of Payment. Concerned REMB Division shall then upload the issued Order of Payment to the Applicant thru EVOSS	1 working day/s	• Chief; Concerned REMB Division (except SEMD) • Chief; Accounting Division (AD)

generates a Deemed Complete Certificate and notify Concerned REMB Division of the issuance of Order of Payment within one (1) working day

- If not concurred, Concerned REMB Division uploads the signed Disqualification Letter; EVOSS System notifies the Applicant, RELSD, RERCD and ITMS-ISD on the disapproval. For Agency Action 2.B.9: - If not approved, Concerned REMB Division uploads the signed disapproval letter; EVOSS System notifies the Applicant, RELSD, RERCD, and ITMS-ISD on the Disapproval of Application. If exceeded the timeframe, EVOSS System notifies Concerned REMB Division, RELSD, RERCD, ITMS-ISD and Applicant of the issuance of Deemed Approved Certificate. For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow					
	2.B.8. Undersecretary acts on the Recommendation. Concerned REMB Division then endorses the recommendation to the Secretary.		2 calendar day/s	- Chief; Concerned REMB Division (except SEMD) - Undersecretary; Office of the Undersecretary	
	2.B.9. The Secretary acts on the recommendation to issue COA		7 calendar day/s	Secretary; Office of the Secretary	
	2.B.10. Concerned REMB Division uploads the signed COA and update the COA number and date of signing the COA		2 calendar day/s	SRS; Concerned REMB Division (except SEMD)	
General Remarks					

EVOSS Act Processing Timelines Advisory

- **Completeness Check:** Agencies have **three (3) working days** from submission to verify an application's completeness. Failure to act within this period renders the submission **deemed complete**. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by **Rule 9, Section 2 of the EVOSS Act IRR**.
- **Official Processing Time:** The main processing timeframe is calculated in **calendar days**, as stipulated in **Section 13 of the EVOSS Act** and **Rule 9, Section 1 of its IRR**. This official clock starts only after an application is accepted or deemed complete.
- **Deemed Approval:** Failure by an agency to act within the prescribed calendar-day timeframe results in the application being **deemed approved**, per **Section 13 of the EVOSS Act** and **Rule 9, Section 4 of the IRR**.
- **Transactional Steps:** Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under **Rule 6(b) of the IRR**.

For a detailed guide on this process, please refer to the process flows on the EVOSS website: <https://evoss.ph/Home/ProcessFlow>

Total Processing Time:

*For Application Determined Qualified	Calendar Days: 25 calendar day/s Working Days: 6 working day/s
*For Application Determined Not Qualified	Calendar Days: 31 calendar day/s Working Days: 6 working day/s

General Remarks

EVOSS Act Processing Timelines Advisory

- **Completeness Check:** Agencies have **three (3) working days** from submission to verify an application's completeness. Failure to act within this period renders the submission **deemed complete**. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by **Rule 9, Section 2 of the EVOSS Act IRR**.
- **Official Processing Time:** The main processing timeframe is calculated in **calendar days**, as stipulated in **Section 13 of the EVOSS Act** and **Rule 9, Section 1 of its IRR**. This official clock starts only after an application is accepted or deemed complete.
- **Deemed Approval:** Failure by an agency to act within the prescribed calendar-day timeframe results in the application being **deemed approved**, per **Section 13 of the EVOSS Act** and **Rule 9, Section 4 of the IRR**.
- **Transactional Steps:** Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under **Rule 6(b) of the IRR**.

For a detailed guide on this process, please refer to the process flows on the EVOSS website: <https://evoss.ph/Home/ProcessFlow>

11. REMB-REMB11 Assignment / Transfer of Renewable Energy Service/Operating Contract

The RE Developer may assign all of its rights and obligations under the RE Contract to an entity that has the legal, technical, and financial qualifications to undertake the RE project, subject to prior written approval of the DOE.

Office or Division:	Renewable Energy Management Bureau (REMB)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Registered RE Developer	
Operating Hours:	24/7	
Statute:	Energy Virtual One-Stop Shop Act (RA No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Application letter addressed to the REMB Director (1) Electronic Copy		Applicant / Client
2. Notarized Deed of Assignment (1) Electronic Copy		Applicant / Client
3. Latest General Information Sheet (GIS) of the Assignee and Assignor, stamped “Received” by the SEC (1) Electronic Copy		Securities and Exchange Commission - Electronic Records Management Division (ERMD)
4. Assignee’s Valid Business Permit; (1) Electronic Copy		City/Municipal Government - City/Municipal Mayor's Office
5. Assignee’s corporate structure and name of officers (1) Electronic Copy		Applicant / Client
6. Assignee’s List of Technical Consultants (1) Electronic Copy		Applicant / Client
7. Assignee’s Original copy of Certification from Board of Directors authorizing its representative to negotiate and enter into an RE Contract with the DOE (1) Electronic Copy		Applicant / Client
8. Accomplishment Report of the Assignor vis-à-vis work and financial commitments under the approved Work		Applicant / Client

Program/Plan (1) Electronic Copy				
9. Assignee’s Financial Documents (1) Electronic Copy		Applicant / Client		
Sub Requirement				
9.A. Audited Financial Statement for the last two (2) years				
9.B. Current Unaudited Financial Statement				
9.C. Current Bank Certificate				
9.D. Projected Cash Flow Statement for 2 years				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. RE Developer submits online thru the EVOSS system the complete set of documentary requirements Location: EVOSS System (https://evoss.ph/) Notes/Instruction: For Client Step 1: If the applicant failed to submit the updated documents within thirty (30) calendar days upon receipt of notice, application will be deemed abandoned.	1.1. Concerned REMB Division checks the completeness and consistency of the submission	None	3 working day/s	Science Research Specialist (SRS); Concerned REMB Division
For Agency Action 1.1: If the submission is complete, Concerned REMB Division	1.2. Concerned REMB Division generates a Billing Statement, and endorses it to Accounting Division for the later to issue		1 working day/s	- Chief; Concerned REMB Division - Chief; Accounting

thru EVOSS System uploads the Order of Payment within one (1) working day to pay for the Application and Processing Fees; EVOSS System notifies the RE Developer thru a system generated email to pay the processing fee within five (5) working days. • If submission is incomplete, Concerned REMB Division thru EVOSS notifies the RE Developer to update the submission • If not acted within 3 working days, EVOSS System generates a Deemed Complete Certificate and notify Concerned REMB Division of the issuance of Order of Payment within one (1) working day	an Order of Payment. Concerned REMB Division shall then upload the issued Order of Payment to the Applicant thru EVOSS			Division (AD)
---	---	--	--	----------------------

*For Application Determined Qualified 2.A.Applicant pays the necessary fees and uploads the proof of payment thru the EVOSS system Location: For Payment of fees: DOE Cashier or other mode of payments For uploading of Proof of Payment: EVOSS System (https://evoss.ph) Notes/Instruction: For Client Step 2 • Failure to pay within three (3) working days, the Applicant will receive a notification of deemed abandoned. Reminder: The required geographic coordinates system is PRS'92. Locations from Google Earth have a different coordinate system.

List of Templates and Sample Maps found in DC2024-06-0018 (for reference)

- Annex N.1 - TD_FORM.xls
- Annex N.2 - Sample Map 1 – Blocking
- Annex N.3 - Sample Map 2 – Non-Blocking
- Annex N.4 - Sample Map 3 – Hydro Power Project

Sub Requirement

2.A. Location/Sketch map* of the project area/site

2.A.1. Location/Sketch map* of the project area/site
(1) Electronic Copy

Applicant / Client

Remarks:

It must show its boundaries in relation to major environmental features using a NAMRIA topographic map or any available administrative basemap at least 1:50,000 scale with equivalent PRS'92 geographic coordinates of all boundary corners of the project area or powerhouse and weir/dam locations with elevations above Mean Sea Level (For Hydro).

2.B. Photocopy of PRC Card & Professional Tax Receipt of the geodetic engineer

2.B.1. Photocopy/Scanned copy of PRC Card of the Geodetic Engineer

Professional Regulation Commission - Licensure and Registration Division - Registration Section

Remarks:

Validity should cover the date of map preparation.

2.C. Excel file (TD_FORM.xls* for Blocking and ISD LD for Non-Blocking)

2.C.1. Excel file (TD_FORM.xls* for Blocking and ISD LD for Non-Blocking)
(1) Electronic Copy

Applicant / Client

Remarks:

It must contain the PRS'92 geographic coordinates of all boundary corners (except Hydro Application).

For Situational Requirement

A. If applicant opts to avail of the Certificate of Authority (COA)

A.1. List of all permits and activities to be procured/
conducted during the validity of COA

Applicant / Client

(1) Electronic Copy

Remarks:

It should follow the prescribed template provided under the Department Circular No. DC2024-06-0018:

- Annex A.1 – Biomass
- Annex B.1 – Waste-to-Energy
- Annex C.1 – Geothermal
- Annex D.1 – Solar (Land-Based)
- Annex E.1 – Solar (Floating)
- Annex F.1 – Hydro
- Annex G.1 – Ocean
- Annex H.1 – Onshore Wind
- Annex I.1 – Offshore Wind

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Applicant submits the complete set of documentary requirements and have the option to watch an AVP recording that provides an orientation to the Pre-Application Process. Location: EVOSS System (https://evoss.ph/) Notes/Instruction: For Client Step 1: • For applicants with no account in the EVOSS System, request should be made through the concerned REMB Division. For Agency Action 1.1:	1.1. ITMS-ISD checks the completeness and consistency of the submission	None	3 working day/s	• Science Research Specialist (SRS); Information Services Division (ISD)
	1.2. ITMS-ISD verify the area and uploads the Area Verification Results (for DOE View only)		18 calendar day/s	• Chief; Information Services Division (ISD) • Director; Information Technology and Management Services (ITMS) • Chief; Concerned

If submission is incomplete, ITMS-ISD thru EVOSS notifies the Applicant on the Cancellation of the application and option to re-apply. For Agency Action 1.2:				REMB Division
If the result of the Area Verification Result is not compliant, EVOSS System notifies the Applicant and Concerned REMB Division on the cancellation of the request due to non-compliance on the mapping requirements and option to re-apply For Agency Action 1.4:	1.3. If compliant, Concerned REMB Division evaluates the area verification results and Asst. Dir. prepares the Notice.	4 calendar day/s		- Chief; Concerned REMB Division - Assistant Director; Renewable Energy Management Bureau (REMB)
If area is overlap with another resource, Concerned REMB Division uploads the Verification results If the processing of application exceeded the timeframe, the EVOSS System notifies the concerned REMB Division, ITMS-ISD, and	1.4. If open for application, Concerned REMB Division uploads the Notice to Apply and Area Verification Map, and EVOSS System then notifies the Applicant and ITMS – ISD of the Notice to Apply / Area Verification Results.	1 calendar day/s		SRS; Concerned REMB Division

applicant on the issuance of the Deemed Approved Certificate

General Remarks

EVOSS Act Processing Timelines Advisory

- **Completeness Check:** Agencies have three (3) working days from submission to verify an application's completeness. Failure to act within this period renders the submission deemed complete. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by Rule 9, Section 2 of the EVOSS Act IRR.
- **Official Processing Time:** The main processing timeframe is calculated in calendar days, as stipulated in Section 13 of the EVOSS Act and Rule 9, Section 1 of its IRR. This official clock starts only after an application is accepted or deemed complete.
- **Deemed Approval:** Failure by an agency to act within the prescribed calendar-day timeframe results in the application being deemed approved, per Section 13 of the EVOSS Act and Rule 9, Section 4 of the IRR.
- **Transactional Steps:** Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under Rule 6(b) of the IRR.

For a detailed guide on this process, please refer to the process flows on the EVOSS website: <https://evoss.ph/Home/ProcessFlow>

Total Processing Time:	Calendar Days: 23 calendar day/s Working Days: 3 working day/s
Total Processing Fee:	Total Standard Fee: None

Wind Energy Management Division (WEMD)	Geothermal Energy Management Division (GEMD)	Biomass Energy Management Division (BEMD)	Hydropower and Ocean Energy Management Division (HOEMD)	Solar Energy Management Division (SEMD)	

14. REMB-REMB14 Transition from Pre-Development to Development Stage

The RE Service Contract shall transition from the Pre-Development Stage to Development/Commercial Stage only after issuance by the DOE of a Certificate of Confirmation of Commerciality (COCOC).

Office or Division:	Renewable Energy Management Bureau (REMB)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business)
Who may avail:	Renewable Energy (Hydro, Ocean, Geothermal, Solar*, and Wind) Developers with valid Service Contracts. *Solar projects that are covered by a valid Solar Energy Service Contracts and awarded in accordance with the old guidelines.
Operating Hours:	24/7
Statute:	Energy Virtual One-Stop Shop Act (RA No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Letter of Declaration of Commerciality (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> The letter should indicate the capacity of the project in megawatt (MW) and megawatt peak (MWP) if solar.	
2. Gantt Chart of the initial 5-Year Work Plan with Narrative (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> The Narrative should follow an approved template (Annex I-1 of the DC2024-06-0018), which can be accessed at: https://legacy.doe.gov.ph/laws-and-issuances/departments-circular-no-dc2024-06-0018	
3. Map of the Production Area in acceptable ITMS format (1) Electronic Copy	Applicant / Client
<i>Remarks:</i>	

The mapping requirements should follow the prescribed format under Annex N of Department Circular No. DC2024-06-0018.

NOTES:

- **Project Area/Site** – an RE project area/site subject to Area Verification.
- **Location/Sketch Map*** - shall reflect all the map details found in the Sample Maps* applicable to the category of the project area. It should be duly prepared, certified, signed, and sealed (visible seal on scanned copy) by a licensed Geodetic Engineer.
- **TD_Form.xls*** - use the Excel file which is downloaded from the EVOSS website and accomplish the form by providing the equivalent PRS '92 geographic coordinates of the project boundary corners. Provide a scanned copy with proper certification, signature, and visible GE seal, if TD cannot be reflected on the map.
- **Computation of Area** - For project area conforming to the RE blocking system, the total area shall be computed as 81 hectares per RE block, otherwise the projected area (PTM-Zone I to V) will be considered.

Reminder:

- The required geographic coordinates system is **PRS'92**.
- Locations from Google Earth have a different coordinate system.

List of Templates and Sample Maps (for reference) under DC2024-06-0018:

- Annex N.1 - TD_FORM.xls
- Annex N.2 - Sample Map 1 – Blocking
- Annex N.3 - Sample Map 2 – Non-Blocking
- Annex N.4 - Sample Map 3 – Hydro Power Project

Sub Requirement

3.A. Location/Sketch map* of the Production Area

3.A.1. Location/Sketch map* of the Production Area
(1) Electronic Copy

Applicant / Client

Remarks:

It is required to show its boundaries in relation to major environmental features using a NAMRIA topographic map or any available administrative basemap at least 1:50,000 scale with equivalent PRS'92 geographic coordinates of all boundary corners of the project area or powerhouse and weir/dam locations with elevations above Mean Sea Level (For Hydro).

3.B. Photocopy of PRC Card & Professional Tax Receipt of the Geodetic Engineer

3.B.1. Photocopy of PRC Card & Professional Tax Receipt of the Geodetic Engineer

Professional Identification Card (PIC) or PRC license - Professional Regulation Commission (PRC)

Remarks:

Validity should cover the date of map preparation	
3.C. Excel file (TD_FORM.xls* for Blocking and ISD LD for Non-Blocking)	
3.C.1. Excel file (TD_FORM.xls* for Blocking and ISD LD for Non-Blocking) (1) Electronic Copy	Applicant / Client
Remarks: It should containing the PRS'92 geographic coordinates of all boundary corners (except Hydro Application).	
4. Feasibility Study (1) Electronic Copy	Applicant / Client
Remarks: The feasibility study should cover the following minimum activities: 1. Market Study – must identify assumptions used in a target market/s (e.g. as merchant plant, with Power Purchase Agreement, or in spot market). 2. Technical Study – with the following supporting documentary requirements: ◦ Resource Assessment Report with raw and processed data; ◦ Final layout, single line diagram, general specifications and annual energy production (AEP) of the project; ◦ Geotechnical Study Report; ◦ System/Distribution Impact Study Report; and ◦ Detailed Engineering Design of the Project, if applicable. 3. Management Study – containing strategies of development and construction of the project including the entities who will be involved as EPC Contractor, Owner's Engineer and O & M Contractor covered by Agreements/Contracts, if applicable. 4. Certified true copy of acquired applicable permits, licenses, agreements, endorsements and clearances. 5. Financial/Economic Study – on the results of analysis and interpretation of the viability of the project under the Base Case scenario (P50 or higher) and sensitivity analysis. Supporting documents: 1. Financial model/s; and 2. Proof of Financial Closing	
For Situational Requirement	
A. 4. Proof of ownership or possessory rights over the Production Area, or, subject to the approval of DOE, Duly Accomplished and Sworn Affidavit of Acquisition of Possessory Rights:	
Sub Situational Requirement/s	
A.a. For private lands, in the order of precedence, any of the following documents may be submitted:	

A.a.1. Certificates of title to the real properties in the name of the RE Developer (1) Electronic Copy	Applicant / Client
A.a.2. Contracts, deeds, agreements and the like that unconditionally grant the RE Developer ownership or right to possess the real properties for purposes of construction, installation, maintenance and operation of the RE project thereon (1) Electronic Copy	Applicant / Client
A.a.3. Contracts, deeds, agreements, and the like that unconditionally grant the RE Developer an exclusive option to acquire the ownership or the right to possess the real properties: Provided, That the right to construct, install, maintain and operate the RE project thereon is vested unto the RE Developer. (1) Electronic Copy	Applicant / Client
A.a.4. If the acceptable proof of ownership or possessory rights are not available and the Production Area is not subject of a conflicting claim, the RE Developer shall submit the following: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in Annex "L-3" (Template Affidavit of Acquired Possessory Rights over Private Lands) of DC2024-06-0018; and</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Developer.</i>	
A.b. For public lands, in the order of precedence, any of the following documents may be submitted:	
A.b.1. i. Permits and clearances issued in favor of the RE Developer by a government agency or instrumentality that has jurisdiction over the Production Area authorizing the use of such Production Area for the RE Project (1) Electronic Copy	Applicant / Client
A.b.2. Any other permits issued by the relevant government agency or instrumentality, including Notice of Award (1) Electronic Copy	Applicant / Client
A.b.3. If the acceptable proof of ownership or possessory rights are not available and the Production Area is not subject of a conflicting claim, the RE Developer shall submit the following: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i>	

1. *Affidavit of Acquired Possessory Rights* executed strictly in accordance with the template provided in Annex “L-4” (*Template Affidavit of Acquired Possessory Rights over Public Lands*) of DC2024-06-0018; and
2. *Board Resolution* authorizing the affiant to execute the instrument on behalf of the RE Developer.

A.c. Supporting Documents to the acceptable proof of ownership or possessory rights

A.c.1. Board Resolution or Secretary’s Certificate of the RE Developer and:
(1) Electronic Copy

Applicant / Client

Remarks:

1. *if the registered owner of the real property is a corporation, Board Resolution or Secretary’s Certificate issued by such corporation; or*
2. *if the registered owner is acting through a representative, a Special Power of Attorney in favor of the registered owner’s representative, each authorizing the parties to enter into the contracts, deeds, agreements, and the like;*

A.c.2. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like;
(1) Electronic Copy

Applicant / Client

A.c.3. Three (3) specimen signature of the said signatories (with exceptions under Sections 9.10.5.3 and 27.10.5.3 of DC2024-06-0018).
(1) Electronic Copy

Applicant / Client

A.d. Scanned copy of the sworn statement of RE Developer’s authorized representative, detailing the proof of ownership or possessory rights, including:

A.d.1. Denomination of the contracts, deeds, agreements, etc., the date/s of execution and the term thereof, with inclusive dates
(1) Electronic Copy

Applicant / Client

A.d.2. Names and addresses of the parties to the contracts, deeds, agreements, etc., indicating their relation, e.g., seller and buyer, lessor and lessee, and the like
(1) Electronic Copy

Applicant / Client

A.d.3. Specific section/clause in the contract, deed, agreement, etc. by which the ownership or possession of the real property is conveyed, with the said provision quoted in full
(1) Electronic Copy

Applicant / Client

A.d.4. Affirmation that the conveyance is effective, or a summary of the limitations, conditions and other terms that must be complied with before the conveyance becomes

Applicant / Client

effective (1) Electronic Copy	
A.d.5. Notarization date of the above documents (1) Electronic Copy	Applicant / Client
A.d.6. Read-only Excel file attached to the sworn statement where the details below are presented (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>RE Developer's authority to acquire ownership/possession and that its counterparty in the contracts, deeds, agreements, etc. has the right and/or authority to dispose of the same in favor the RE Developer; and</i> <i>Confirmation that the contract, deed, agreement, etc., was executed by persons with the right to dispose of the ownership or possession of the real properties.</i> Note: <i>Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.</i>

General Remarks

EVOSS Act Processing Timelines Advisory

- **Completeness Check:** Agencies have **three (3) working days** from submission to verify an application's completeness. Failure to act within this period renders the submission **deemed complete**. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by **Rule 9, Section 2 of the EVOSS Act IRR**.
- **Official Processing Time:** The main processing timeframe is calculated in **calendar days**, as stipulated in **Section 13 of the EVOSS Act** and **Rule 9, Section 1 of its IRR**. This official clock starts only after an application is accepted or deemed complete.
- **Deemed Approval:** Failure by an agency to act within the prescribed calendar-day timeframe results in the application being **deemed approved**, per **Section 13 of the EVOSS Act** and **Rule 9, Section 4 of the IRR**.
- **Transactional Steps:** Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under **Rule 6(b) of the IRR**.

For a detailed guide on this process, please refer to the process flows on the EVOSS website: <https://evoss.ph/Home/ProcessFlow>

Statute:	Energy Virtual One-Stop Shop Act (RA No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Letter Request (1) Electronic Copy			Applicant / Client	
2. Drilling Prognosis/ Drilling Timeline (1) Electronic Copy			Applicant / Client	
3. Drilling Objective, Drilling Program and Drilling Summary, Geologic Information, Well Location, Well Data/Profile (1) Electronic Copy			Applicant / Client	
4. Accomplished NID Form (1) Electronic Copy			Department of Energy - Renewable Energy Management Bureau	
<i>Remarks:</i> <i>Available thru the EVOSS System Portal Page: https://evoss.ph/Home/Download/62862</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. RE Developer chooses a Geothermal Project from the List in	1.1. REMB-GEMD checks the completeness and	None	3 working day/s	Science Research Specialist (SRS);

EVOSS associated to the Company, and submits online thru the EVOSS system the complete set of documentary requirements Location: EVOSS System (https://evoss.ph/) Notes/Instruction: For Client Step 1: - If the applicant failed to submit the updated documents within thirty (30) calendar days upon receipt of notice, application will be deemed abandoned. For Agency Action 1.1: - If submission is incomplete, REMB-GEMD notifies the applicant through the EVOSS System for a one-time rectification of the deficiencies. If the rectified submission is still incomplete, the application will be cancelled. To proceed, the applicant must submit an entirely new application through the	consistency of the submission 1.2. EVOSS creates the deliverable and sets DOE time to START (Day 1). REMB-GEMD conducts Technical Evaluation. REMB-GEMD then endorses to REMB Director for Approval		6 calendar day/s	Geothermal Energy Management Division (GEMD) - SRS; Geothermal Energy Management Division (GEMD) - Chief; Geothermal Energy Management Division (GEMD)
--	---	--	-------------------------	--

EVOSS System. - If not acted within 3 working days, EVOSS System generates a Deemed Complete Certificate and notify REMB-GEMD to start the conduct of evaluation. For Agency Action 1.3: - If not qualified, REMB-GEMD thru EVOSS notifies the RE Developer of the disapproval. - If exceeded the timeframe, EVOSS System notifies Concerned REMB Division and RE Developer on the issuance of the Deemed Approved Certificate. For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow				
	1.3. REMB Director acts on the Application		3 calendar day/s	Director; Renewable Energy Management Bureau (REMB)
	1.4. REMB-GEMD uploads thru the EVOSS a copy of the Approved Application		1 calendar day/s	SRS; Geothermal Energy Management Division (GEMD)
General Remarks EVOSS Act Processing Timelines Advisory Completeness Check: Agencies have three (3) working days from submission to verify an application's completeness. Failure to act within this period renders the submission deemed complete. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by Rule 9, Section 2 of the EVOSS Act IRR.				

- **Official Processing Time:** The main processing timeframe is calculated in **calendar days**, as stipulated in **Section 13 of the EVOSS Act** and **Rule 9, Section 1 of its IRR**. This official clock starts only after an application is accepted or deemed complete.
- **Deemed Approval:** Failure by an agency to act within the prescribed calendar-day timeframe results in the application being **deemed approved**, per **Section 13 of the EVOSS Act** and **Rule 9, Section 4 of the IRR**.
- **Transactional Steps:** Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under **Rule 6(b) of the IRR**.

For a detailed guide on this process, please refer to the process flows on the EVOSS website: <https://evoss.ph/Home/ProcessFlow>

Total Processing Time:	Calendar Days: 10 calendar day/s Working Days: 3 working day/s

Biomass Energy Management Division (BEMD)

External Services

1. REMB-BEMD02 Procedure for Application for Accreditation for the Commercial Operations of a Biofuel Producer / Manufacturer Facility

An Applicant shall secure a Certificate of Accreditation from the Department of Energy (DOE) prior to commercial operations as per Chapter III Section 3 of the Joint Administrative Order No. 2008-1, Series of 2008 also known as "Guidelines Governing the Biofuel Feedstock Production, and Biofuels and Biofuel Blends Production, Distribution and Sale Under Republic Act No. 9367".

Office or Division:	Biomass Energy Management Division (BEMD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	Entities intending to establish a corporation or companies involved in the production of biofuels (bioethanol/biodiesel) and other industry related business / activities	
Operating Hours:	7:00 AM - 4:00 PM	
Statute:	Republic Act No. 9367	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Duly accomplished DOE application form (1) Original Copy Or (1) Electronic Copy	Applicant / Client	
2. Letter of Intent (1) Original Copy Or (1) Electronic Copy	Applicant / Client	
3. Rated production capacity in million liters per year (1) Original Copy Or (1) Electronic Copy	Applicant / Client	
4. Completion of DOE's on-site validation/inspection of the facilities and sample-taking of the biofuels produced. (Inspection / Evaluation Report and Laboratory Result) (1) Original Copy Or (1) Electronic Copy	Department of Energy - - Renewable Energy Management Bureau - Biomass Energy Management Division	
<i>Remarks:</i> <i>BEMD conducts onsite validation/ inspection and biofuel product sampling.</i>		
5. Product compliance with the Philippine National Standards (PNS) (1) Original Copy Or (1) Electronic Copy	DOE-Energy Research and Testing Laboratory Services - DOE-Energy Research and Testing Laboratory Services	
6. Program of Quality Management System (QMS) (1) Original Copy Or (1) Electronic Copy	Applicant / Client	

7. Distribution networks and authorized distributors, if any (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
8. Updated local government licenses and permits - Business Permit - Sugar Regulatory Administration (SRA) / Philippine Coconut Authority (PCA) Registration, as applicable - Environmental Compliance Certificate (1) Original Copy Or (1) Electronic Copy			Concerned LGU - SRA for bioethanol production - PCA for biodiesel production - Department of Environment and Natural Resources (DENR) - Concerned Division	
9. Secretary's Certificate (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
10. Proof of Payment of filing fees (1) Original Copy Or (1) Electronic Copy			Applicant / Client

---	---------------------------------

3. REMB-BEMD04 Procedure for the Amendment of Accreditation of a Biofuel Producer Manufacturer (Change of Production Capacity / Process Flow / Feedstock)

The Certificate of Accreditation may be amended (increase or decrease of production capacity; change in the process flow technology or feedstock to be used for the biofuel production; and change in the ownership of the biofuel production project) pursuant to Chapter III Section 3.2 of the Joint Administrative Order No. 2008-1, Series of 2008 also known as "Guidelines Governing the Biofuel Feedstock Production, and Biofuels and Biofuel Blends Production, Distribution and Sale Under Republic Act No. 9367".

Office or Division:	Biomass Energy Management Division (BEMD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	A duly accredited biofuel producer engaged in the production of biofuels (bioethanol/biodiesel) and other industry related business / activities	
Operating Hours:	7:00 AM - 4:00 PM	
Statute:	RA 9367	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Duly accomplished DOE application form (1) Original Copy Or (1) Electronic Copy	Applicant / Client	
2. Letter of Intent specifying the kind of amendment on the Certificate of Accreditation (1) Original Copy Or (1) Electronic Copy	Applicant / Client	
3. Completion of DOE's on-site validation/inspection of the facilities and sample-taking of the biofuels produced (1) Original Copy Or (1) Electronic Copy	Department of Energy - Renewable Energy Management Bureau - Biomass Energy Management Division	
4. Proof of compliance with the Philippine National Standards (PNS) (1) Original Copy Or (1) Electronic Copy	Department of Energy - Energy Research and Testing Laboratory Services	
5. Bureau of Internal Revenue (BIR) tax clearance for the immediately preceding year (1) Certified True Copy Or (1) Electronic Copy And (1) Certified True Copy	Bureau of Internal Revenue - Concerned Revenue District Office	
6. Updated distribution networks and authorized distributors, if any	Applicant / Client	

(1) Original Copy Or (1) Electronic Copy				
7. Updated local government licenses and permits (1) Original Copy Or (1) Electronic Copy		Concerned LGU - Concerned LGU		
8. Corresponding material and energy balance diagram and computations (if increase of capacity due to optimization of capacity) (1) Original Copy Or (1) Electronic Copy		Applicant / Client		
9. Corresponding amended Sugar Regulatory Administration (SRA) or Philippine Coconut Authority (PCA) Registration, as applicable (if change in capacity and feedstock) (1) Original Copy Or (1) Electronic Copy		Sugar Regulatory Administration or Philippine Coconut Authority (PCA) Registration, as applicable (if change in capacity and feedstock) - Concerned Division		
10. Technical Study (if change in the process flow technology) (1) Original Copy Or (1) Electronic Copy		Applicant / Client		
11. Secretary's Certificate (1) Original Copy Or (1) Electronic Copy		Applicant / Client		
12. Proof of Payment of filing fees (1) Original Copy And (1) Electronic Copy		Applicant / Client		
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
*For Applications Determined Qualified 1.A.RE Developer submits the complete set of requirements for the application thru DOE-Records Management Division (RMD) or REMB Email Location: Department of Energy - RMD or REMB Notes/Instruction: <i>For Client Step 1.A.4:</i> If failure to pay within five (5) working days,	1.A.1. BEMD checks the completeness and consistency of the submission within three (3) working days. 7. REMB-BEMD08 Procedure for the Application for Registration of a Biofuel Producer/Manufacturer Under RA 9513

An accredited Biofuel Producer shall secure Certificate of Registration under R.A. No. 9513 also known as the “Renewable Energy Act of 2008” pursuant to Section 7 of Republic Act (R.A.) No. 9367 otherwise known as “The Biofuels Act of 2006” and Rule 4 of its Implementing Rules and Regulations and Chapter III Section 7 of Department Circular No. DC2019-10-0013 or the “Omnibus Guidelines Governing the Award and Administration of Renewable Energy Contracts and the Registration of Renewable Energy Developers.”

Office or Division:	Biomass Energy Management Division (BEMD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	An accredited biofuel producer intending to be registered as an RE Developer	
Operating Hours:	7:00 AM - 4:00 PM	
Statute:	RA 9513	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Letter of Intent (1) Original Copy Or (1) Electronic Copy		Applicant / Client
2. Duly accomplished DOE application form. (1) Original Copy Or (1) Electronic Copy		Department of Energy - Renewable Energy Management Bureau - Biomass Energy Management Division
<i>Remarks:</i> <i>Accomplish the form from DOE-REMD-BEMD.</i>		
3. Bureau of Internal Revenue (BIR) tax clearance for the immediately preceding year (1) Original Copy Or (1) Electronic Copy		BIR - Concerned Revenue District Office
4. Updated distribution networks and authorized distributors, if any (1) Original Copy Or (1) Electronic Copy		Applicant / Client
5. Business Permit (1) Original Copy Or (1) Electronic Copy		LGU - Concerned Division
6. Sugar Regulatory Administration (SRA) / Philippine Coconut Authority (PCA) Registration		SRA or PCA - Concerned Division

(1) Original Copy Or (1) Electronic Copy				
<i>Remarks:</i> <i>SRA, if bioethanol; and PCA, if biodiesel.</i>				
7. Proof of compliance with the Philippine National Standards (PNS) (1) Original Copy Or (1) Electronic Copy		Department of Energy - Energy Research and Testing Laboratory Services		
8. Proof of Payment of filing fees (1) Original Copy Or (1) Electronic Copy		Applicant / Client		
9. Completion of DOE's on-site validation/ inspection of the facilities and sample-taking of the biofuels produced (1) Original Copy Or (1) Electronic Copy		Department of Energy - REMB-BEMD		
<i>Remarks:</i> <i>e.g. Inspection and Evaluation Report</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
*For Applications Determined Qualified 1.A.RE Developer submits the complete set of requirements for the application thru DOE-Records Management Division (RMD) or REMB Email and pays thru the DOE Cashier or other modes of payment. Location: Department of Energy - RMD or REMB	1.A.1. BEMD checks the completeness and consistency of the submission within three (3) working days.	Standard Fees Breakdown: Application Fee: PHP 12650 Total: PHP 12650	3 working day/s	• Science Research Specialist (SRS); Biomass Energy Management Division (BEMD)
	1.A.2. BEMD transmits a copy of the Order of Payment and notifies the Applicant thru email to pay the processing fee within five (5) working days.		5 working day/s	• SRS; Biomass Energy Management Division (BEMD)

Notes/Instruction:

For Agency Action

1.A.1:

- If submission is incomplete, BEMB notifies

the applicant to update thru email for a one-time rectification of the deficiencies. If the rectified submission is still incomplete, the application will be cancelled. To proceed, the applicant must submit an entirely new application. - If the applicant failed to submit the updated documents within thirty (30) calendar days upon receipt of notice, application will be deemed abandoned. For Agency Action 1.A.2 - 1.A.3: - If payment is invalid, BEMD notifies the RE Developer to rectify it within two (2) working days. If rectified, BEMD validates the proof of payment within one (1) working day. Failure to rectify within the given period results in a notification of deemed abandonment, and if payment remains invalid, the Applicant is notified of	1.A.3. BEMD validates the proof of payment within one (1) working day. If payment is valid, BEMD notifies the RE Developer that the payment has been validated.	1 working day/s	- SRS; Biomass Energy Management Division (BEMD) - Chief; Treasury Division (TD)
	1.A.4. LS conducts legal evaluation	3 calendar day/s	- Chief; Renewable Energy Legal Services Division (RELSD) - Director; Legal Services (LS)
	1.A.5. BEMD confirms schedule of on-site validation / inspection of the facility and virtual biofuel product sampling.	1 calendar day/s	Chief; Biomass Energy Management Division (BEMD)
	1.A.6. BEMD conducts on-site validation/inspection and virtual biofuel product sampling.	1 calendar day/s	- SRS; Biomass Energy Management Division (BEMD) - Chief; Biomass Energy Management Division (BEMD)
	1.A.7. BEMD receives the biofuel product sample and endorses to ERTLS for laboratory analysis	1 calendar day/s	- SRS; Biomass Energy Management Division (BEMD) - Director; Energy Research and

disqualification, ending the process.		Testing Laboratory Services (ERTLS)
	1.A.8. ERTLS conducts laboratory analysis of biofuel product sample within twelve (12) working days.	12 working day/s • Director; Energy Research and Testing Laboratory Services (ERTLS)
	1.A.9. ERTLS issues laboratory analysis result to BEMD. BEMD evaluates the results of laboratory analysis.	1 calendar day/s • Director; Energy Research and Testing Laboratory Services (ERTLS) • SRS; Biomass Energy Management Division (BEMD) • Chief; Biomass Energy Management Division (BEMD)

1. REMB-HOEMD01 Amendment of RE Contract (for Hydro and Ocean Energy Projects)

Subject to terms and conditions stipulated in the RE Contract, the RE Developer may request an amendment of its RE Contract with justification on such revision.

Office or Division:	Hydropower and Ocean Energy Management Division (HOEMD)																
Classification:	Highly Technical																
Type of Transaction:	G2B (Government to Business)																
Who may avail:	Registered RE Developer who is not in default of its technical and financial obligations under the RE Contract. Renewable Energy Service Contracts (RESC) of Registered RE Developer shall be amended in any of the following instances: 1. Changes to the Contract Area; 2. Increase or Decrease in the Installed Capacity; 3. Change of Location of Project Site (for Hydropower Projects); 4. Extension of RE Contract Term; and 5. Changes to address inconsistencies between the RE Contract and its Annexes.																
Operating Hours:	24/7																
Statute:	Republic Act No. 9513 - An Act Promoting the Development, Utilization and Commercialization of Renewable Energy Resources and for Other Purposes

CHECKLIST OF REQUIREMENTS	WHERE TO SECURE																
For Standard Requirement																	
1. Request for amendment Letter addressed to the REMB Director (1) Original Copy Or (1) Electronic Copy	Applicant / Client																
<i>Remarks:</i> <i>The letter must include a justification for the proposed amendment(s).</i>																	
For Situational Requirement																	
A. Requirements for Amendment to the Contract Area/Location																	
A.1. Technical description of the proposed Contract Area and other mapping requirements for the purpose of area verification (1) Original Copy Or (1) Electronic Copy	Applicant / Client																
Sub Requirement																	

A.1.A. Mapping Requirements for Area Verification of RE Projects:	
A.1.A.1. Location/Sketch map* of the project area/site (1) Original Copy Or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> The map should show its boundaries in relation to major environmental features, using a NAMRIA topographic map or any available administrative basemap at a scale of at least 1:50,000. The map must contain the PRS'92 geographic coordinates of all boundary corners of the project area, or the powerhouse and weir/dam locations with elevations above Mean Sea Level (for hydropower projects). <i>Notes:</i> • Project Area/Site – an RE project area/site subject to Area Verification. • Location/Sketch Map* - shall reflect all map details found in the Sample Map* applicable to the category of the project area. It should be duly prepared, certified, signed, and sealed by a licensed Geodetic Engineer (GE). The seal must be visibly shown on the scanned copy. • TD_FORM.xls* - Excel file which can be downloaded from the EVOSS website. The form should be accomplished and must contain the PRS'92 geographic coordinates of the project boundary corners. Provide a scanned copy with proper certification, signature, and a visible Geodetic Engineer's seal if the TD cannot be reflected on the map. • Computation of Area - For project areas conforming to the RE blocking system, the total area shall be computed as 81 hectares per RE block; otherwise, the projected area (PTM-Zone I to V) will be considered. Reminder: The required geographic coordinates system is PRS '92. Google Earth uses a different coordinate system. *The following maps and form can be accessed through the EVOSS website under Downloadable Forms (https://www.evoss.ph/Home/Documents?categoryName=Downloadable%20Forms): Sample Map A – Blocking Sample Map D – Hydro Power Project TD_FORM.xls	
A.1.A.2. Photocopy/Scanned copy of PRC Card of the Geodetic Engineer (1) Certified True Copy Or (1) Electronic Copy	Professional Regulation Commission - Licensure and Registration Division - Registration Section
<i>Remarks:</i> Validity should cover the date of map preparation.	
A.1.A.3. Professional Tax Receipt of the Geodetic Engineer	Municipal/City Hall - Office of the Municipal/City Treasurer

(1) Certified True Copy Or (1) Electronic Copy				
A.1.A.4. Excel file or a printed form, following the format in TD_FORM.xls* (1) Electronic Copy Or (1) Original Copy		Applicant / Client		
<i>Remarks:</i> <i>For Ocean Energy Projects only. Should contain the PRS'92 geographic coordinates of all boundary corners.</i> <i>*The template form can be accessed through the EVOSS website under Downloadable Forms (https://www.evoss.ph/Home/Documents?categoryName=Downloadable%20Forms).</i>				
A.2. Technical Requirements (1) Original Copy Or (1) Photo Copy Or (1) Electronic Copy		Applicant / Client		
Sub Requirement				
A.2.A. For Pre-Development Stage				
A.2.A.1. Detailed Resource Assessment Studies (1) Original Copy Or (1) Photo Copy Or (1) Electronic Copy		Applicant / Client		
A.2.B. For Development Stage				
A.2.B.1. Full-Blown Feasibility Studies (1) Original Copy Or (1) Photo Copy Or (1) Electronic Copy		Applicant / Client		
A.3. Work Program in Gantt Chart following the applicable template (1) Original Copy Or (1) Electronic Copy		Applicant / Client		
<i>Remarks:</i> 1. Hydro (Annex-F of DC2024-06-0018) 2. Ocean (Annex-G of DC2024-06-0018)

HOEMD consolidates all the evaluation results and endorses, through the REMB Director, the recommendation for concurrence of LS	2 calendar day/s	• Chief; Hydropower and Ocean Energy Management Division (HOEMD) • Director; Renewable Energy Management Bureau (REMB)

b. if there are any legal concerns on the RE project; and/or c. if there is a need for re-plotting of the Contract Area/location, the HOEMD shall endorse the request to the Financial Services (FS), Legal Services (LS), and/or Information Technology and Management Services (ITMS). For Agency Action 2.B.4: - If not qualified, HOEMD notifies the RE Developer to submit rectified documents within fourteen (14) calendar days. For Agency Action 2.B.5: - If not compliant, LS returns the application to HOEMD for further action. For Agency Action 2.B.6: - If disapproved, the Assistant	2.A.5. LS acts on the recommendation and the HOEMD endorses the recommendation to the Assistant Secretary	2 calendar day/s	- Director; Legal Services (LS) - Chief; Hydropower and Ocean Energy Management Division (HOEMD)
	2.A.6. Assistant Secretary acts on the recommendation and HOEMD endorses the recommendation to the Undersecretary	2 calendar day/s	- Assistant Secretary; Office of the Assistant Secretary - Chief; Hydropower and Ocean Energy Management Division
	2.A.7. Undersecretary acts on the recommendation and HOEMD endorses the recommendation to the Secretary	2 calendar day/s	- Undersecretary; Office of the Undersecretary - Chief; Hydropower and Ocean Energy Management Division

Secretary returns the application to HOEMD for further action. For Agency Action 2.B.7: - If disapproved, the Undersecretary returns the application to HOEMD for further action. For Agency Action 2.B.8: - If disapproved, the Secretary returns the application to HOEMD for further action.	2.A.8. The Secretary acts on the recommendation		5 calendar day/s	Secretary; Office of the Secretary
	2.A.9. HOEMD notifies the applicant, LS, FS, and ITMS on the approval and transmits a copy of the Approval Letter and amended Contract / Certificate of Registration to the applicant		1 calendar day/s	SRS; Hydropower and Ocean Energy Management Division (HOEMD)
*For Applications Determined Not Qualified 2.B.RE Developer submits the rectified application documents Location: For payment of fees: DOE Cashier or other modes of payment For submission of documents: REMB E-mail (remb9513@doe.gov.ph) Notes/Instruction:	2.B.1. If payment is valid, Treasury Division validates the proof of payment	Standard Fees Breakdown: Processing Fee: PHP 4000 Total: PHP 4000	1 working day/s	Chief; Treasury Division (TD)
	2.B.2. HOEMD conducts Technical Evaluation and endorses the request to the Financial Services (FS), Legal Services (LS), and/or Information Technology and Management Services (ITMS), if necessary		5 calendar day/s	- Chief; Hydropower and Ocean Energy Management Division (HOEMD) - Director; Renewable Energy Management Bureau (REMB)

For Client Step 2:

- If failure to rectify within fourteen (14) calendar days,

the RE Developer will receive notification of deemed abandoned. For Agency Action 2.B.1: • If the payment is not valid, the HOEMD notifies the applicant through a system generated email to rectify the payment within two (2) working days. ◦ If payment is rectified, the Treasury Division validates the proof of payment within one (1) working day. ◦ If failed to rectify within two (2) working days, the applicant will receive notification of deemed abandonment. • If the payment is still not valid, the HOEMD notifies the applicant of the notice of disqualification.	2.B.3. FS, LS, and/or ITMS conduct simultaneous Financial and Legal Evaluations, and/or Area Verification. 2.B.4. HOEMD consolidates all the evaluation results and recommends to the REMB Director for further action	5 calendar day/s 2 calendar day/s	• Chief; Renewable Energy Legal Services Division (RELSD) • Director; Legal Services (LS) • Chief; Renewable Energy Resources Compliance Division (RERCD) • Director; Financial Services (FS) • Chief; Information Services Division (ISD) • Director; Information Technology and Management Services (ITMS) • Chief; Hydropower and Ocean Energy Management Division • Director; Renewable Energy Management Bureau (REMB)
--	--	---	--

For Agency Action 2.B.2 - In case the evaluation of the HOEMD shows: a. that there are additional costs to be incurred that should warrant another financial evaluation ; b. if there are any legal concerns on the RE project; and/or c. if there is a need for re-plotting of Contract Area, the HOEMD shall endorse the request to the Financial Services (FS), Legal Services (LS), and/or Information Technology and Management Services (ITMS).	2.B.5. If not qualified, HOEMD, LS, FS and ITMS conduct simultaneous Technical, Legal, and Financial re-evaluations, and Area re-verification (whichever is applicable)	5 calendar day/s	- Chief; Hydropower and Ocean Energy Management Division (HOEMD) - Director; Renewable Energy Management Bureau (REMB) - Chief; Renewable Energy Legal Services Division (RELSD) - Director; Legal Services (LS) - Chief; Renewable Energy Resources Compliance Division (RERCD) - Director; Financial Services (FS) - Chief; Information Services Division (ISD) - Director; Information Technology and Management Services (ITMS)
For Agency Action 2.B.2 and 2.B.3: If the applicant failed to submit the rectified documents within fourteen			

(14) calendar days upon receipt of notice, application will be deemed abandoned. - If still not qualified, HOEMD endorses thru the REMB Director, the denial of the application to the Assistant Secretary. For Agency Action 2.B.6: - If not qualified, the HOEMD endorses through the REMB Director, the denial of the application to the Assistant Secretary. For Agency Action 2.B.7: - If not compliant, LS returns the application to HOEMD for further action. For Agency Action 2.B.8: - If disapproved, the Assistant Secretary returns the application to HOEMD for further action. For Agency Action 2.B.9:	2.B.6. HOEMD consolidates all the re-evaluation results and endorses, through the REMB Director, the recommendation for concurrence of LS.	2 calendar day/s	- Chief; Hydropower and Ocean Energy Management Division (HOEMD) - Director; Renewable Energy Management Bureau (REMB)
	2.B.7. LS acts on the recommendation and HOEMD endorses the recommendation to the Assistant Secretary	2 calendar day/s	- Director; Legal Services (LS) - Chief; Hydropower and Ocean Energy Management Division (HOEMD)
	2.B.8. Assistant Secretary acts on the recommendation and HOEMD endorses the recommendation to the Undersecretary	2 calendar day/s	- Assistant Secretary; Office of the Assistant Secretary - Chief; Hydropower and Ocean Energy Management Division (HOEMD)
	2.B.9. Undersecretary acts on the recommendation and HOEMD endorses the recommendation to the Secretary	2 calendar day/s	Undersecretary; Office of the Undersecretary

**National Renewable Energy Board - Technical Services and
Management Division (NREB-TSMD)
External Services**

1. REMB-TSMD01 Green Energy Option Program Operating Permit Application

A Renewable Energy (RE) Supplier shall secure an Operating Permit from the Department of Energy (DOE) in order to provide electric power supply to End-Users under the Green Energy Option Program (GEOP).

Office or Division:	National Renewable Energy Board - Technical Services and Management Division (NREB-TSMD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Qualified RE Suppliers and Retail Electricity Suppliers	
Operating Hours:	24/7	
Statute:	Department Circular No. DC2020-04-0009 - Guidelines Governing the Issuance of Operating Permits to Renewable Energy Suppliers under the Green Energy Option Program	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Letter of Intent (1) Original Copy Or (1) Electronic Copy		Applicant / Client
2. Affidavit of undertaking on the capability to supply and deliver the RE generation to the End-User (1) Original Copy Or (1) Electronic Copy		Applicant / Client
3. Official Receipt for the processing fee (1) Original Copy Or (1) Electronic Copy		Department of Energy - Treasury Division
For Situational Requirement		
A. Additional Requirement for Existing Retail Electricity Suppliers Only		
<i>Sub Situational Requirement/s</i>		
A.a. Proof of Contestable Customer		
A.a.1. Billing Document <i>Any of the following:</i>		
A.a.1.A. Billing Document of Contestable Customer (1) Original Copy Or (1) Photo Copy Or (1) Electronic Copy Or (1) Certified True Copy		Applicant / Client
<i>Remarks:</i>		

Billing document from at least one (1) Contestable Customer for two (2) years immediately preceding the date of application

---- OR ----

A.a.1.B. Sworn Statement of Contestable Customer
(1) Original Copy Or (1) Photo Copy Or (1) Electronic Copy Or (1) Certified True Copy

Applicant / Client

Remarks:

A sworn statement of such Contestable Customer attesting to the fact that it has a contract with the applicant effective for the two (2) years immediately preceding the date of application

CLIENT STEPS	AGENCY ACTION	FEEs TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Applicant submits the complete documentary requirements Location: REMB E-mail (remb_9513@doe.gov.ph) or DOE Records Management Division Notes/Instruction: For Client Step 1: If the applicant failed to submit the updated documents within thirty (30) working days upon receipt of notice, application will be deemed abandoned.	1.1. NREB-TSMD checks the completeness and consistency of the submission	None	3 working day/s	- Chief; National Renewable Energy Board - Technical Services and Management Division (NREB-TSMD) - Chief; Records Management Division (RMD)
For Agency Action 1.1: If submission is incomplete, NREB-TSMD	1.2. NREB-TSMD will generate a Billing Statement and endorse it to Accounting Division for the later to issue an Order of Payment.		5 working day/s	Chief; National Renewable Energy Board - Technical Services

notifies the applicant for a one-time rectification of the deficiencies. If the rectified submission is still incomplete, the application will be cancelled. To proceed, the applicant must submit an entirely new application.	NREB-TSMD shall then transmits the issued Order of Payment to the Applicant.			and Management Division (NREB-TSMD) Chief; Accounting Division (AD)
2. The Applicant pays the processing fee thru the DOE Cashier or other modes of payment. Location: For payment of fees: DOE Cashier or other mode of payment For uploading of Proof of Payment: REMB E-mail (remb_9513@doe.gov.ph) Notes/Instruction: For Client Step 2: If not paid within 5 working days, Applicant will receive notification of deemed abandoned.	2.1. If payment has been made, Treasury Division validates the proof of payment	Standard Fees Breakdown: Processing Fee: PHP 5000 Total: PHP 5000	1 working day/s	Chief; Treasury Division (TD)
	2.2. If payment is valid, NREB-TSMD conducts evaluation of the submitted documents.(Start of Day 1).		10 calendar day/s	- Chief; National Renewable Energy Board - Technical Services and Management Division (NREB-TSMD) - Director; Renewable Energy Management Bureau (REMB)
For Agency Action 2.1: If payment is not valid, the Treasury Division notifies the applicant	2.3. REMB Director Acts on the recommendation.If concurred, NREB-TSMD shall then endorse the recommendation to		3 calendar day/s	- Director; Renewable Energy Management Bureau (REMB) - Chief; National

through an email to rectify the payment within two (2) working days. ◦ If payment is rectified, the Treasury Division validates the proof of payment within one (1) working day. ◦ If failed to rectify within two (2) working days, the applicant will receive notification of deemed abandoned.	the Assistant Secretary.		Renewable Energy Board - Technical Services and Management Division (NREB-TSMD)
• If payment is still not valid, NREB-TSMD notifies the applicant of the notice of disqualification.	2.4. The Assistant Secretary acts on the recommendation. If concurred, NREB-TSMD shall then endorse the recommendation to the Undersecretary	3 calendar day/s	• Assistant Secretary; Office of the Assistant Secretary • Chief; National Renewable Energy Board - Technical Services and Management Division (NREB-TSMD)
For Agency Action 2.2: • If not qualified, NREB-TSMD notifies the RE Developer of the disapproval. For Agency Action 2.3: • If not qualified, NREB-TSMD notifies the RE	2.5. The Undersecretary acts on the recommendation. If concurred, NREB-TSMD shall then endorse the recommendation to the Secretary.	3 calendar day/s	• Undersecretary; Office of the Undersecretary • Chief; National Renewable Energy Board - Technical Services and Management Division

Developer of the disapproval.			(NREB-TSMD)
For Agency Action 2.4:			
If not qualified, NREB-TSMD notifies the RE Developer of the disapproval.	2.6. The Secretary acts on the recommendation and approves / disapproves the issuance of GEOP.	8 calendar day/s	Secretary; Office of the Secretary
For Agency Action 2.5:			
If not qualified, NREB-TSMD notifies the RE Developer of the disapproval.	2.7. NREB-TSMD notifies the Applicant on the approval and transmit a copy of the signed GEOP Operating Permit.	1 calendar day/s	Chief; National Renewable Energy Board - Technical Services and Management Division (NREB-TSMD)
For Agency Action 2.6:			
If not qualified, NREB-TSMD notifies the RE Developer of the disapproval.

Sub Requirement	
<i>2.A.4.A. Market Aspect - Identify its available target market and its projected electricity rate (e.g. as a merchant plant under the spot market or as generating plant covered by Bilateral Agreement with Distribution Utilities, Suppliers, or End-Users in accordance with the RPS, GEOP, or any applicable market covered by current rules and guidelines).</i>	
<i>2.A.4.B. Technical Aspect – Technical study affirming that the Available solar resource in the Contract area is in commercial quantity including discussions and attachments on the source of solar resource data, result of simulation using industry standard software (e.g., Pvsyst, Solnrg, etc.), engineering designs (e.g., PV layout, single line diagram for AC and DC, and general specifications of equipment), Annual Energy Production Estimates of the Project; and Performance Ratio.</i>	
<i>2.A.4.C. Financial Aspect – Preliminary runs on the financial Feasibility of the available solar resource within the Contract Area vis-a-vis the identified market/s. Attachment shall include financial models at different markets stipulating the financial measures such as IRR, NPV, LCOE, among others.</i>	
<i>2.A.4.D. Management Aspect – Detailing the strategies on the construction and commercial operation of the project (e.g. EPC Contractor, Owner's Engineer and O & M Contractor).</i>	
<i>2.A.4.E. Proof or application to secure right of way, applicable social and environmental permits/clearances (e.g. EPC Contractor, Owner's Engineer and O & M Contractor) (Certified True Copy or Original and Notarized Undertaking)</i>	
For Situational Requirement	
A. Legal Requirements	
Sub Situational Requirement/s	
A.a. Proof of Registration (Individual or Proprietorship)	
A.a.1. Birth Certificate issued by the Philippine Statistics Authority (PSA Certified) (1) Certified True Copy	Philippine Statistics Authority - PSA
A.a.2. Current Business Permit (1) Certified True Copy	City/Municipal Government - City/Municipal Government
A.a.3. Department of Trade and Industry (DTI) Registration, if applicable (1) Certified True Copy	Department of Trade and Industry - DTI

A.a.4. Special Power of Attorney to Negotiate and Enter into RE Contract with DOE (if applicable) (1) Certified True Copy	Applicant / Client
A.b. Corporation/ Joint Venture/ Consortium/ Cooperative:	
A.b.1. By-Laws (BL) and Articles of Incorporation (AOI), and BL and AOI of its corporate stockholders. (The purpose of the incorporated/unincorporated RE Applicant must include engaging in RE resource development) (SEC Certified of CDA-Certified or NEA-Certified) (1) Certified True Copy	Securities and Exchange Commission - SEC
A.b.2. Board Resolution authorizing its representative to negotiate and enter into RE Contract with DOE, if applicable (1) Certified True Copy	Applicant / Client
A.b.3. Latest General Information Sheet (GIS) and latest GIS of its corporate stockholders (Certified True Copy of the SEC-received copy of the GIS) (1) Certified True Copy	Securities and Exchange Commission - SEC
A.b.4. Current Business Permit (1) Certified True Copy	City/Municipal Government - City/Municipal Government
A.b.5. Organizational Chart of the Company (1) Certified True Copy	Applicant / Client
A.c. Local Government Unit	
A.c.1. Council Resolution approving the proposed project and authorizing its representative to negotiate and enter into RE Contract with DOE (1) Electronic Copy	Provincial, City, Municipal, and/or Barangay Government Council - Local Government Unit
B. Proof of Possessory Rights (For Solar)	
Sub Situational Requirement/s	
B.a. For Private Lands, in the order, any of precedence, any of the following documents may be submitted:	
B.a.1. Certificate of Titles to the real properties in the name of the RE Applicant; or (1) Electronic Copy	Applicant / Client
B.a.2. Contracts, Deeds, Agreements and the like that unconditionally grant the SEOC Applicant ownership or right to possess the real properties for purposes of construction, installation, maintenance, and operation of the Solar Power Project thereon; or (1) Electronic Copy	Applicant / Client

Remarks:	
B.a.3. Contracts, Deeds, Agreements, and the like that unconditionally grant the SEOC Applicant an exclusive option to acquire the ownership or the right to possess the real properties: Provided, that the right to construct, install, maintain and operate the solar power project thereon is vested unto the SEOC Applicant. (1) Electronic Copy	Applicant / Client
B.a.4. If the acceptable proof of ownership or possessory rights are not available and the Area of Interest (AOI) is not subject of a conflicting claim, the AOI is not subject for conflicting claim, the RE Applicant shall submit the following (1) Electronic Copy	Applicant / Client
Remarks: 1. Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf ; and 2. Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant. Note: Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.	
B.b. For public lands, in the order of precedence, any of the following documents may be submitted:	
B.b.1. Permits and clearances issued in favor of the RE Applicant by a government agency or instrumentality that has jurisdiction over the AOI authorizing the use of such AOI of the solar power project; or (1) Electronic Copy	Applicant / Client
B.b.2. Any other permits issued by the relevant government agency or instrumentality, including Notice of Award. (1) Electronic Copy	Applicant / Client
B.b.3. If the acceptable proof of ownership or possessory rights are not available and the AOI is not subject of a conflicting claim, the RE Applicant shall submit the following: (1) Electronic Copy	Applicant / Client
Remarks:	

1. Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in <https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf>.
2. Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.

Note:

Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.

B.c. Supporting Document to the acceptable proof of ownership or possessory rights

B.c.1. Board Resolution or Secretary Certificate of the RE Applicant and (1) Electronic Copy	Applicant / Client
---	--------------------

Remarks:

1. If the registered owner of the real property is a corporation, Board Resolution or Secretary's Certificate issued by such corporation; and
2. If the registered owner is acting through a representative, a Special Power of Attorney in favor of the registered owner's representative, each authorizing the parties to enter into the contracts, deeds, agreements, and the like;

B.c.2. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like (1) Electronic Copy	Applicant / Client
---	--------------------

B.c.3. ii. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like (1) Electronic Copy	Applicant / Client
---	--------------------

B.d. Scanned copy of the sworn statement of RE Applicant's authorized representative, detailing the proof of ownership or possessory rights

B.d.1. Denomination of the contracts, deeds, agreements, etc., the date/s of execution and the term thereof, with inclusive dates; (1) Electronic Copy	Applicant / Client
---	--------------------

B.d.2. Names and addresses of the parties to the contracts, deeds, agreements, etc., indicating their relation, e.g., seller and buyer, lessor, and lessee, and the like; (1) Electronic Copy	Applicant / Client
--	--------------------

B.d.3. Specific section/clause in the contract, deed, agreement, etc. by which the ownership or possession of the real property is conveyed, with the said provision	Applicant / Client
--	--------------------

quoted in full (1) Electronic Copy	
B.d.4. Affirmation that the conveyance is effective, or a summary of the limitations, conditions and other terms that must be complied with before the conveyance becomes effective (1) Electronic Copy	Applicant / Client
B.d.5. Notarized date of the above documents (1) Electronic Copy	Applicant / Client
B.d.6. Read-only Excel file attached to the sworn statement where the details below are presented (1) Original Copy	Applicant / Client
<i>Remarks:</i> <i>1. RE Applicant's authority to acquire ownership/possession and that its counterparty in the contracts, deeds, agreements, etc. has the right and/or authority to dispose of the same in favor the RE Applicant; and</i> <i>2. Confirmation that the contract, deed, agreement, etc. was executed by persons with the right to dispose of the ownership or possession of the real properties.</i>	
C. Financial Requirements	
Sub Situational Requirement/s	
C.a. For Existing Organized Corporation operating more than a year	
C.a.1. Audited Financial Statement (FS) for the last two (2) years and, if the filing date is three (3) months beyond the date of the submitted Audited FS, Unaudited FS is required, where the following financial analysis may be derived: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>1. Available Working Capital (AWC) = Liquid Assets Less Current Liabilities, where Liquid Assets is the Residual Current Assets less Non-Quick Assets (e.g. Inventories, Prepayments, etc.) and other financial commitment of the applicant for existing projects with the DOE.</i> <i>2. Debt-to-Equity Ratio = Total Liabilities/Total Stockholders Equity where the ratio should not exceed:</i> <i>• For RE Developers that will serve as micro grid service provider, the Debt-to-Equity ratio shall not exceed 2.5:1.0</i> <i>• For Small to Medium Size RE Project, the Debt-to-Equity ratio shall not exceed 2.0:1.0</i>	
RE Resource	Potential Capacity

Solar

up to 10.000MW

- For Large Size RE Project, the Debt-to-Equity ratio shall not exceed 1.5:1.0

RE Resource

Potential Capacity

Solar

More than 10.000MW

3. Loans convertible to equity or convertible loans, typically used for preconstruction project funding, shall be regarded as part of equity for purposes of the calculation of the Debt-to-Equity Ratio: Provided, that the following conditions are present:

- The Authorized Capital Stock is sufficient to absorb the equity converted; and
- Submission of loan agreement or arrangement with the current or prospective shareholder(s), and the corresponding notes on the FS

4. Authorized Capital Stock – Amount should be enough to sustain its operation for the 1st year of the Work Program, if not sufficient and additional Capital is required, a Board Resolution should be submitted to support the increase in capitalization with a duly stamped received by the Securities & Exchange Commission (SEC).

5. For an Unaudited FS - Original Bank Certification to support the Cash in Bank balance as reflected in the financial statements.

Criteria for Financial Evaluation

1. The minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment for the initial year of the proposed Work Program/Plan.
2. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.
3. The applicant's available working capital for each RE application should be net of the fund requirements from other RE applied areas/existing service contracts and conventional energy contract applications/existing service/operating contracts.

D. For Newly Organized Corporation, operating less than a year; or Subsidiary Corporation, newly organized or not; with insufficient funds to finance the proposed work program with guarantee from parent company, the RE Applicant shall submit on top of its financial requirements the following:

D.1. Parent Company's financial documents per item 1 above (1) Electronic Copy	Applicant / Client
D.2. Duly notarized Letter of Undertaking/Support from the Parent Company to fund the work program. (1) Electronic Copy	Applicant / Client

Remarks:

Criteria for Financial Evaluation

1. The minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment for the initial year of the proposed Work Program/Plan.
2. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.
3. The applicant's available working capital for each RE application should be net of the fund requirements from other RE applied areas/existing service contracts and conventional energy contract applications/existing service/operating contracts.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. RE Developer submits online thru the EVOSS system the complete set of documentary requirements Location: EVOSS System (https://evoss.ph/) Notes/Instruction: For Client Step 1: • If the applicant failed to submit the updated documents within thirty (30) calendar days upon receipt of notice, application will be deemed abandoned. For Agency Action 1.1: • If the submission is complete and the area is valid, SEMD thru EVOSS System uploads the Order of	1.1. SEMD, RELSD, RERCD, and ITMS-ISD checks the completeness and consistency of the submission, and ITMS-ISD validates the area applied for the solar power project	None	3 working day/s	• Chief; Solar Energy Management Division (SEMD) • Chief; Information Services Division (ISD) • Chief; Renewable Energy Legal Services Division (RELSD) • Chief; Renewable Energy Resources Compliance Division (RERCD)

Payment within one (1) working day to pay for the Application and Processing Fees; EVOSS System notifies RELSD, RERCD, and ITMS-ISD on the complete submission • If the area is valid and the submission is incomplete, EVOSS System notifies the Applicant thru a system generated email to update the submission within the validity of the Notice to Apply (NTA)				
• If the area is not valid, ITMS-ISD thru EVOSS System notifies the Applicant, SEMD, RELSD, and RERCD that the application is denied. • If not acted within 3 working days, EVOSS System generates a Deemed Complete Certificate and notify Concerned REMB Division of the issuance of Order of Payment within one (1) working day	1.2. SEMD will generate a Billing Statement and endorse it to Accounting Division for the later to issue an Order of Payment. SEMD shall then upload the issued Order of Payment to the Applicant thru EVOSS		1 working day/s	• Chief; Solar Energy Management Division (SEMD) • Chief; Accounting Division (AD)

2.Applicant pays the necessary fees and uploads the proof of payment thru the EVOSS system				
*For Application Determined Qualified 2.A.Applicant pays the necessary fees and uploads the proof of payment thru the EVOSS system Location: For Payment of fees: DOE Cashier or other mode of payments For uploading of Proof of Payment: EVOSS System (https://evoss.ph) Notes/Instruction: For Client Step 2 • Faillure to pay within three (3) working days, the Applicant will receive a notification of deemed abandoned. For Agenct Action 2.1: • If the Payment is invalid, EVOSS system notifies the Applicant thru a system generated email to rectify the payment within two (2) working days ◦ If Payment is rectified, the Treasury Division	2.A.1. If Payment has been made, EVOSS notifies the Treasury Division to validate the proof of payment	Standard Fees Breakdown: Application Fee: PHP 11600 Total: PHP 11600	1 working day/s	• Chief; Treasury Division (TD)
	2.A.2. The Treasury Division uploads the Invoice/Official Receipt and upload it thru the EVOSS System	Formula Fees Breakdown: Processing Fee	1 working day/s	• Chief; Treasury Division (TD)
	2.A.3. EVOSS creates the deliverables and sets DOE time to START (Start of Day 1). SEMD, RELSD, and RERCD conducts simultaneous Technical, Legal, Possessory Rights and Financial Evaluations		7 calendar day/s	• Chief; Solar Energy Management Division (SEMD) • Director; Renewable Energy Management Bureau (REMB) • Chief; Renewable Energy Legal Services Division (RELSD) • Director; Legal Services (LS) • Chief; Renewable Energy Resources

validates the proof of payment within one (1) working day. ◦ If failed to rectify within two (2) working days, the applicant will receive notification of deemed abandoned. • If Payment is still not valid within the timeframe, EVOSS System notifies the Applicant of the notice of disqualification. For Agency Action 2.A.4: • If not qualified, the Concerned Units notifies the Applicant to submit within ten (10) working days. ◦ If the Applicant uploads the rectified documents within the prescribed timeframe, EVOSS System				Compliance Division (RERCD) • Director; Financial Services (FS)
◦ If the Applicant uploads the rectified documents within the prescribed timeframe, EVOSS System	2.A.4. If Qualified, EVOSS notifies the ITMS-ISD and SEMD thru a system generated email to prepare the Contract Map, COR, RE Contract and Memorandum to the Secretary		3 calendar day/s	• Chief; Solar Energy Management Division (SEMD) • Director; Renewable Energy Management Bureau (REMB) • Chief; Information Services Division (ISD)

notifies the Concerned Units to check the completeness of the submission within three (3) working days. - o If the Applicant failed to submit within the prescribed timeframe, EVOSS System notifies the Applicant thru a system generated email on the abandonment of application . - o If the submission is incomplete and the Applicant consumed the ten (10) working days, EVOSS System notifies the SEMD, RELSD, and RERCD to				• Director; Information Technology and Management Services (ITMS)
	2.A.5. RELSD concurs on the recommendation and upload the memorandum thru EVOSS system and notifies SEMD thru a system generated email on the concurrence of the recommendation		2 calendar day/s	• Chief; Solar Energy Management Division (SEMD) • Director ; Renewable Energy Management Bureau (REMB) • Chief; Renewable Energy Legal Services Division (RELSD) • Director; Legal Services (LS)

	proceed with the re-evaluation because the Applicant already consumed the ten (10) working days.			
	◦ If the submission is incomplete and the Applicant does not consumed the ten (10) working days, EVOSS notifies the Applicant thru a system generated email to rectify the submitted documents within the remaining working days. (10-x working days).	2.A.6. Assistant Secretary acts on the recommendation. Concerned REMB Division then endorses the recommendation to the Undersecretary.	2 calendar day/s	• Chief; Solar Energy Management Division (SEMD) • Assistant Secretary ; Office of the Assistant Secretary
	For Agency Action 2.A.6:	2.A.7. Undersecretary acts on the Recommendation	2 calendar day/s	• Chief ; Solar Energy Management Division (SEMD) • Undersecretary ; Office of the Undersecretary
	• If not concurred, SEMD Uploads the signed Disqualification Letter.			

For Agency Action 2.A.7: If not concurred, SEMD Uploads the signed Disqualification Letter; EVOSS System notifies the Applicant, RELSD, RERCD and ITMS-ISD on the disapproval. For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow	2.A.8. SEMD notifies thru EVOSS the Applicant to pre-sign the contract		1 calendar day/s	Chief; Solar Energy Management Division (SEMD)
*For Application Determined Not Qualified 2.B.Applicant rectifies the submission within ten (10) working days Location: For Payment of fees: DOE Cashier or other mode of payments For uploading of Proof of Payment: EVOSS System (https://evoss.ph) Notes/Instruction:	2.B.1. If Payment has been made, EVOSS notifies the Treasury Division to validate the proof of payment 2.B.2. The Treasury Division uploads the Invoice/Official Receipt and upload it thru the EVOSS System	Standard Fees Breakdown: Application Fee: PHP 11600 Total: PHP 11600 Formula Fees Breakdown: Processing Fee	1 working day/s 1 working day/s	- Chief ; Treasury Division (TD) - Chief ; Treasury Division (TD)
For Client Step 2 - Failure to pay within three (3) working days, the Applicant will receive a notification of deemed abandoned. - If failure to rectify within ten	2.B.3. EVOSS creates the deliverables and sets DOE time to START (Start of Day 1). SEMG, RELSD, and RERCD conducts simultaneous Technical, Legal, Possessory Rights		7 calendar day/s	- Chief; Solar Energy Management Division (SEMD) - Director; Renewable Energy Management

(10) working days, the RE Developer will receive notification of deemed abandoned For Agency Action 2.B.1: • If the Payment is invalid, EVOSS system notifies the Applicant thru a system generated email to rectify the payment within two (2) working days ◦ If Payment is rectified, the Treasury Division validates the proof of payment within one (1) working day. ◦ If failed to rectify within two (2) working days, the applicant will receive notification of deemed abandoned. • If Payment is still not valid within the timeframe, EVOSS System notifies the	and Financial Evaluations			nt Bureau (REMB) • Chief; Renewable Energy Legal Services Division (RELSA) • Director; Legal Services (LS) • Chief; Renewable Energy Resources Compliance Division (RERCD) • Director; Financial Services (FS)

	4.3. SEMD thru EVOSS uploads the Signed Contract and/or COR and encodes the RE Contract Number,		1 calendar day/s	Chief; Solar Energy Management Division (SEMD)

SEMD, RELSD, RERCD an ITMS- ISD thru a system generated email on the deemed abandoned. For Agency Action 4.2 If exceeded the timeframe, EVOSS System notifies SEMD, RELSD, RERCD, ITMS- ISD and Applicant of the issuance of Deemed Approved Certificate. For a detailed guide on this process, please refer to the process flows on the EVOSS website: https://evoss.ph/Home/ProcessFlow	COR Number and the Date of Award in the EVOSS System			
---	---	--	--	--

General Remarks

EVOSS Act Processing Timelines Advisory

- **Completeness Check:** Agencies have **three (3) working days** from submission to verify an application's completeness. Failure to act within this period renders the submission **deemed complete**. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by **Rule 9, Section 2 of the EVOSS Act IRR**.
- **Official Processing Time:** The main processing timeframe is calculated in **calendar days**, as stipulated in **Section 13 of the EVOSS Act** and **Rule 9, Section 1 of its IRR**. This official clock starts only after an application is accepted or deemed complete.
- **Deemed Approval:** Failure by an agency to act within the prescribed calendar-day timeframe results in the application being **deemed approved**, per **Section 13 of the EVOSS Act** and **Rule 9, Section 4 of the IRR**.
- **Transactional Steps:** Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under **Rule 6(b) of the IRR**.

For a detailed guide on this process, please refer to the process flows on the EVOSS website:
<https://evoss.ph/Home/ProcessFlow>

Total Processing Time:

*For Application Determined Qualified	Calendar Days: 26 calendar day/s Working Days: 9 working day/s
*For Application Determined Not Qualified	Calendar Days: 31 calendar day/s Working Days: 9 working day/s

Total Processing Fee:

*For Application Determined Qualified	Total Standard Fee: PHP 11600 See other fees below
*For Application Determined Not Qualified	Total Standard Fee: PHP 11600 See other fees below

Formula / Schedule of Fees

- **Signing Fee**
PHP 5.00 per kW
- **Processing Fee**
PHP 6.50 per Hectare

2. REMB-SEMD02 Issuance of Certificate of Authority for Solar Projects

An agreement between the DOE and an RE Developer for the development and/or utilization of solar resources shall be covered by an RE Operating Contract

Office or Division:	Solar Energy Management Division (SEMD)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business)
Who may avail:	Any person, local or foreign, may apply for RE Contracts subject to the limits provided by the DC2024-06-0018
Operating Hours:	24/7
Statute:	Energy Virtual One-Stop Shop Act (RA No. 11234) - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Passport or any valid government-issued ID of the authorized representatives, signatory and witness to the RE Contract (1) Certified True Copy	Department of Foreign Affairs - DFA
2. Technical Requirements (1) Electronic Copy	Applicant / Client
Sub Requirement	
<i>2.A. 1. Work Program in Gantt Chart following the applicable template</i>	
2.A.1. Work Program in Gantt Chart following the applicable template (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> 1. Land-based (e.g. Ground Mounted, Roof Mounted) - https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf 2. Floating - https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf	
2.A.2. Proposed RE Project Site/Area Location Map and Technical Description as verified by ITMS (1) Electronic Copy	Department of Energy - DOE-ITMS
<i>Remarks:</i>	

<i>Area Clearance and Verified Map issued by the Department of Energy through the Pre-Application Process</i>	
2.A.3. Feasibility Study (1) Electronic Copy	Applicant / Client
Sub Requirement	
<i>2.A.3.A. Market Aspect - Identify its available target market and its projected electricity rate (e.g. as a merchant plant under the spot market or as generating plant covered by Bilateral Agreement with Distribution Utilities, Suppliers, or End-Users in accordance with the RPS, GEOP, or any applicable market covered by current rules and guidelines).</i>	
<i>2.A.3.B. Technical Aspect – Technical study affirming that the Available solar resource in the Contract area is in commercial quantity including discussions and attachments on the source of solar resource data, result of simulation using industry standard software (e.g., Pvsyst, Solnrg, etc.), engineering designs (e.g., PV layout, single line diagram for AC and DC, and general specifications of equipment), Annual Energy Production Estimates of the Project; and Performance Ratio.</i>	
<i>2.A.3.C. Financial Aspect – Preliminary runs on the financial Feasibility of the available solar resource within the Contract Area vis-a-vis the identified market/s. Attachment shall include financial models at different markets stipulating the financial measures such as IRR, NPV, LCOE, among others.</i>	
<i>2.A.3.D. Management Aspect – Detailing the strategies on the construction and commercial operation of the project (e.g. EPC Contractor, Owner's Engineer and O & M Contractor).</i>	
<i>2.A.3.E. Proof or application to secure right of way, applicable social and environmental permits/clearances (e.g. EPC Contractor, Owner's Engineer and O & M Contractor) (Certified True Copy or Original and Notarized Undertaking)</i>	
For Situational Requirement	
A. Legal Requirements	
Sub Situational Requirement/s	
A.a. Proof of Registration (Individual or Proprietorship)	
A.a.1. Birth Certificate issued by the Philippine Statistics Authority (PSA Certified) (1) Certified True Copy	Philippine Statistics Authority - PSA
A.a.2. Current Business Permit (1) Certified True Copy	City/Municipal Government - City/Municipal Government
A.a.3. Department of Trade and Industry (DTI) Registration, if applicable (1) Certified True Copy	Department of Trade and Industry - DTI
A.a.4. Special Power of Attorney to Negotiate and Enter into RE Contract with DOE (if applicable) (1) Certified True Copy	Applicant / Client

A.b. Corporation/ Joint Venture/ Consortium/ Cooperative:	
A.b.1. By-Laws (BL) and Articles of Incorporation (AOI), and BL and AOI of its corporate stockholders. (The purpose of the incorporated/unincorporated RE Applicant must include engaging in RE resource development) (SEC Certified of CDA-Certified or NEA-Certified) (1) Certified True Copy	Securities and Exchange Commission - SEC
A.b.2. Board Resolution authorizing its representative to negotiate and enter into RE Contract with DOE, if applicable (1) Certified True Copy	Applicant / Client
A.b.3. Latest General Information Sheet (GIS) and latest GIS of its corporate stockholders (Certified True Copy of the SEC-received copy of the GIS) (1) Certified True Copy	Securities and Exchange Commission - SEC
A.b.4. Current Business Permit (1) Certified True Copy	City/Municipal Government - City/Municipal Government
A.b.5. Organizational Chart of the Company (1) Certified True Copy	Applicant / Client
A.c. Local Government Unit	
A.c.1. Council Resolution approving the proposed project and authorizing its representative to negotiate and enter into RE Contract with DOE (1) Electronic Copy	Provincial, City, Municipal, and/or Barangay Government Council - Local Government Unit
B. Proof of Possessory Rights (For Solar)	
Sub Situational Requirement/s	
B.a. For Private Lands, in the order, any of precedence, any of the following documents may be submitted:	
B.a.1. Certificate of Titles to the real properties in the name of the RE Applicant; or (1) Electronic Copy	Applicant / Client
B.a.2. Contracts, Deeds, Agreements and the like that unconditionally grant the SEOC Applicant ownership or right to possess the real properties for purposes of construction, installation, maintenance, and operation of the Solar Power Project thereon; or (1) Electronic Copy	Applicant / Client
<i>Remarks:</i>	
B.a.3. Contracts, Deeds, Agreements, and the like that unconditionally grant the SEOC Applicant an exclusive	Applicant / Client

option to acquire the ownership or the right to possess the real properties: Provided, that the right to construct, install, maintain and operate the solar power project thereon is vested unto the SEOC Applicant. (1) Electronic Copy	
B.a.4. If the acceptable proof of ownership or possessory rights are not available and the Area of Interest (AOI) is not subject of a conflicting claim, the AOI is not subject for conflicting claim, the RE Applicant shall submit the following (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf ; and</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.</i> Note: <i>Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.</i>	
B.b. For public lands, in the order of precedence, any of the following documents may be submitted:	
B.b.1. Permits and clearances issued in favor of the RE Applicant by a government agency or instrumentality that has jurisdiction over the AOI authorizing the use of such AOI of the solar power project; or (1) Electronic Copy	Applicant / Client
B.b.2. Any other permits issued by the relevant government agency or instrumentality, including Notice of Award. (1) Electronic Copy	Applicant / Client
B.b.3. If the acceptable proof of ownership or possessory rights are not available and the AOI is not subject of a conflicting claim, the RE Applicant shall submit the following: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Affidavit of Acquired Possessory Rights executed strictly in accordance with the template provided in https://legacy.doe.gov.ph/sites/default/files/pdf/issuances/dc2024-06-0018.pdf.</i> <i>Board Resolution authorizing the affiant to execute the instrument on behalf of the RE Applicant.</i>	

Note:

Contracts, deeds, agreements, powers of attorney, or any other document executed outside the Philippines must be submitted with the corresponding apostille or notarization, as applicable.

B.c. Supporting Document to the acceptable proof of ownership or possessory rights

B.c.1. Board Resolution or Secretary Certificate of the RE Applicant and
(1) Electronic Copy

Applicant / Client

Remarks:

1. *If the registered owner of the real property is a corporation, Board Resolution or Secretary's Certificate issued by such corporation; and*
2. *If the registered owner is acting through a representative, a Special Power of Attorney in favor of the registered owner's representative, each authorizing the parties to enter into the contracts, deeds, agreements, and the like;*

B.c.2. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like
(1) Electronic Copy

Applicant / Client

B.c.3. ii. Proof of identity of the registered owner and the signatories to the contracts, deeds, agreements, and the like
(1) Electronic Copy

Applicant / Client

B.d. Scanned copy of the sworn statement of RE Applicant's authorized representative, detailing the proof of ownership or possessory rights

B.d.1. Denomination of the contracts, deeds, agreements, etc., the date/s of execution and the term thereof, with inclusive dates;
(1) Electronic Copy

Applicant / Client

B.d.2. Names and addresses of the parties to the contracts, deeds, agreements, etc., indicating their relation, e.g., seller and buyer, lessor, and lessee, and the like;
(1) Electronic Copy

Applicant / Client

B.d.3. Specific section/clause in the contract, deed, agreement, etc. by which the ownership or possession of the real property is conveyed, with the said provision quoted in full
(1) Electronic Copy

Applicant / Client

B.d.4. Affirmation that the conveyance is effective, or a summary of the limitations, conditions and other terms that must be complied with before the conveyance becomes

Applicant / Client

effective (1) Electronic Copy	
B.d.5. Notarized date of the above documents (1) Electronic Copy	Applicant / Client
B.d.6. Read-only Excel file attached to the sworn statement where the details below are presented (1) Original Copy	Applicant / Client
<i>Remarks:</i> 1. RE Applicant's authority to acquire ownership/possession and that its counterparty in the contracts, deeds, agreements, etc. has the right and/or authority to dispose of the same in favor the RE Applicant; and 2. Confirmation that the contract, deed, agreement, etc. was executed by persons with the right to dispose of the ownership or possession of the real properties.	
C. Financial Requirements	
Sub Situational Requirement/s	
C.a. For Existing Organized Corporation operating more than a year	
C.a.1. Audited Financial Statement (FS) for the last two (2) years and, if the filing date is three (3) months beyond the date of the submitted Audited FS, Unaudited FS is required, where the following financial analysis may be derived: (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> 1. Available Working Capital (AWC) = Liquid Assets Less Current Liabilities, where Liquid Assets is the Residual Current Assets less Non-Quick Assets (e.g. Inventories, Prepayments, etc.) and other financial commitment of the applicant for existing projects with the DOE. 2. Debt-to-Equity Ratio = Total Liabilities/Total Stockholders Equity where the ratio should not exceed: • For RE Developers that will serve as micro grid service provider, the Debt-to-Equity ratio shall not exceed 2.5:1.0 • For Small to Medium Size RE Project, the Debt-to-Equity ratio shall not exceed 2.0:1.0	
RE Resource	Potential Capacity
Solar	up to 10.000MW
• For Large Size RE Project, the Debt-to-Equity ratio shall not exceed 1.5:1.0	

RE Resource

Potential Capacity

Solar

More than 10.000MW

3. Loans convertible to equity or convertible loans, typically used for preconstruction project funding, shall be regarded as part of equity for purposes of the calculation of the Debt-to-Equity Ratio: Provided, that the following conditions are present:

- The Authorized Capital Stock is sufficient to absorb the equity converted; and
- Submission of loan agreement or arrangement with the current or prospective shareholder(s), and the corresponding notes on the FS

4. Authorized Capital Stock – Amount should be enough to sustain its operation for the 1st year of the Work Program, if not sufficient and additional Capital is required, a Board Resolution should be submitted to support the increase in capitalization with a duly stamped received by the Securities & Exchange Commission (SEC).

5. For an Unaudited FS - Original Bank Certification to support the Cash in Bank balance as reflected in the financial statements.

Criteria for Financial Evaluation

1. The minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment for the initial year of the proposed Work Program/Plan.
2. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.
3. The applicant's available working capital for each RE application should be net of the fund requirements from other RE applied areas/existing service contracts and conventional energy contract applications/existing service/operating contracts.

D. For Newly Organized Corporation, operating less than a year; or Subsidiary Corporation, newly organized or not; with insufficient funds to finance the proposed work program with guarantee from parent company, the RE Applicant shall submit on top of its financial requirements the following:

D.1. Parent Company's financial documents per item 1 above
(1) Electronic Copy

Applicant / Client

D.2. Duly notarized Letter of Undertaking/Support from the Parent Company to fund the work program.
(1) Electronic Copy

Applicant / Client

Remarks:

Criteria for Financial Evaluation

1. The minimum working capital (Liquid Assets less Current Liabilities) is 100% of the financial commitment for the initial year of the proposed Work Program/Plan.
2. Liquid Assets shall consist only of cash, trade accounts receivables and short-term investments/placements. Credit line is not a Liquid Asset.

3. The applicant's available working capital for each RE application should be net of the fund requirements from other RE applied areas/existing service contracts and conventional energy contract applications/existing service/operating contracts.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. RE Developer submits online thru the EVOSS system the complete set of documentary requirements Location: EVOSS System (https://evoss.ph/) Notes/Instruction: For Client Step 1: - If the applicant failed to submit the updated documents within thirty (30) calendar days upon receipt of notice, application will be deemed abandoned. For Agency Action 1.1: - If the submission is complete and the area is valid, SEMD thru EVOSS System uploads the Order of Payment within one (1) working day to pay for the Application and Processing Fees; EVOSS	1.1. SEMD, RELSD, RERCD, and ITMS-ISD checks the completeness and consistency of the submission, and ITMS-ISD validates the area applied for the solar power project	None	3 working day/s	- Chief; Solar Energy Management Division (SEMD) - Chief; Information Services Division (ISD) - Chief; Renewable Energy Legal Services Division (RELSD) - Chief; Renewable Energy Resources Compliance Division (RERCD)

System notifies RELSD, RERCD, and ITMS-ISD on the complete submission • If the area is valid and the submission is incomplete, EVOSS System notifies the Applicant thru a system generated email to update the submission within the validity of the Notice to Apply (NTA) • If the area is not valid, ITMS-ISD thru EVOSS System notifies the Applicant, SEMD, RELSD, and RERCD that the application is denied. • If not acted within 3 working days, EVOSS System generates a Deemed Complete Certificate and notify Concerned REMB Division of the issuance of Order of Payment within one (1) working day				
	1.2. SEMD will generate a Billing Statement and endorse it to Accounting Division for the later to issue an Order of Payment. SEMD shall then upload the issued Order of Payment to the Applicant thru EVOSS		1 working day/s	• Chief; Solar Energy Management Division (SEMD) • Chief; Accounting Division (AD)
2.Applicant pays the necessary fees and uploads the proof of payment thru the EVOSS system				
*For Application Determined	2.A.1. If Payment has been made, EVOSS	Standard Fees	1 working day/s	• Chief; Treasury

Qualified 2.A.Applicant pays the necessary fees and uploads the proof of payment thru the EVOSS system Location: For Payment of fees: DOE Cashier or other mode of payments For uploading of Proof of Payment: EVOSS System (https://evoss.ph) Notes/Instruction: For Client Step 2 • Faillure to pay within three (3) working days, the Applicant will receive a notification of deemed abandoned. For Agent Action 2.1: • If the Payment is invalid, EVOSS system notifies the Applicant thru a system generated email to rectify the payment within two (2) working days ◦ If Payment is rectified, the Treasury Division validates the proof of payment within one (1)	notifies the Treasury Division to validate the proof of payment	Breakdown: Application Fee: PHP 11600 Total: PHP 11600		Division (TD)
	2.A.2. The Treasury Division uploads the Invoice/Official Receipt and upload it thru the EVOSS System	Formula Fees Breakdown: Processing Fee	1 working day/s	• Chief; Treasury Division (TD)
	2.A.3. EVOSS creates the deliverables and sets DOE time to START (Start of Day 1). General Remarks

EVOSS Act Processing Timelines Advisory

- **Completeness Check:** Agencies have **three (3) working days** from submission to verify an application's completeness. Failure to act within this period renders the submission **deemed complete**. For submissions made after office hours, this 3-day period begins on the next working day. This is all mandated by **Rule 9, Section 2 of the EVOSS Act IRR**.

- **Official Processing Time:** The main processing timeframe is calculated in **calendar days**, as stipulated in **Section 13 of the EVOSS Act** and **Rule 9, Section 1 of its IRR**. This official clock starts only after an application is accepted or deemed complete.
- **Deemed Approval:** Failure by an agency to act within the prescribed calendar-day timeframe results in the application being **deemed approved**, per **Section 13 of the EVOSS Act** and **Rule 9, Section 4 of the IRR**.
- **Transactional Steps:** Internal processes, such as payment verification via the online payment system, are handled during business hours, in accordance with the system established under **Rule 6(b) of the IRR**.

For a detailed guide on this process, please refer to the process flows on the EVOSS website: <https://evoss.ph/Home/ProcessFlow>

Alternative Fuels and Energy Technology Division (AFETD)

External Services

1. EUMB-AFETD01 - Technical Assistance or Technical Evaluation of Alternative Fuels and Emerging Energy Technologies

Provides technical assistance in evaluating proposed alternative fuels and emerging energy technologies and gives appropriate recommendations.

Office or Division:	Alternative Fuels and Energy Technology Division (AFETD)			
Classification:	Highly Technical			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	Any individuals, organizations, or entities seeking technical assistance or evaluation of alternative fuels and emerging energy technologies from the Department of Energy			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Letter request for technical assistance or inquiries from Proponent (1) Electronic Copy			Applicant / Client	
2. Comprehensive details and diagram of technology and its relevant application (1) Electronic Copy			Applicant / Client	
3. 3. Applicable request endorsed letter from other agencies/institutions such as National Government Agencies (NGAs), State Universities and Colleges (SUCs), and the Office of the President (OP) (1) Electronic Copy			Other government agencies - Issuing Unit	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. 1. Submission of Proponent’s request for technical assistance or technical evaluation to be received by AFETD Location: 3rd Floor, Old Building, Department of Energy, Energy Center, 34th	1.1. d. Annex D-4 for Hybrid Electric Vehicles (HEVs)

e. Annex D-5 for Light Electric Vehicles (LEVs)

2. Certified True Copy of the following: (provided by the Applicant)

a. Valid third-party test report indicating the Vehicle Fuel Economy Performance Rating and other test results, provided that it aligns with established international standards and/or applicable Philippine National Standards (PNS)

b. Certificate of Conformity (COC) for new vehicles, except for BEVs and LEVs.

c. Certificate of Compliance to Emission Standards (CCES) for rebuilt motor vehicles

3. Full specification/brochure of the vehicles (provided by the Applicant)

Total Processing Time:	Working Days: 7 working day/s
Total Processing Fee:	Total Standard Fee: PHP 2400

4. EUMB-AFETD04 - Processing of Application for Fuel Economy Label (FEL) and Fuel Economy Sticker (FES) Issuance under the Vehicles Fuel Economy Labeling Program (VFELP)

*Online submission and processing of applications for FEL and FES Issuance for Compliance of Manufacturers, Importers, Distributors, *Dealers, and Rebuilders of Road Transport Vehicles pursuant to the Implementing Guidelines of the Philippine Transport Vehicles Fuel Economy Labeling Program on Fuel Economy Label of Road Transport Vehicles (VFELP IG on FEL-RTV). The use of an online platform for registration will result in faster, more accessible, and more efficient public service delivery.*

**Note: Dealers are required to undergo FEL and FES if the vehicles/units to be sold/supplied are not from registered and FEL-compliant Manufacturers/Importers/Distributors/Rebuilders.*

Office or Division:	Alternative Fuels and Energy Technology Division (AFETD)			
Classification:	Complex			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)			
Who may avail:	All Vehicle Manufacturers, Importers, Distributors, Dealers and Rebuilders in the Philippines that have already registered their Company and Vehicles under the VFELP System.			
Operating Hours:	8:00 AM - 5:00 PM			
Statute:	Implementing Guidelines of the Philippine Transport Vehicles Fuel Economy Labeling Program on Fuel Economy Label of Road Transport Vehicles (VFELP IG on FEL-RTV)			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Request for an Order of Payment (1) Electronic Copy			Department of Energy - Alternative Fuels and Energy Technology Division (AFETD)	
Remarks: To request an Order of Payment, the applicant must first register their vehicles per model/type through the VFELP System (https://vfelp.doe.gov.ph)				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSIN G TIME	PERSON RESPONSIB LE (Designation; Office)

1. The Applicant requests an Order of Payment by providing the vehicle's performance and fuel economy-related parameters and indicates the number of units intended for local sale and importation within the vehicle inventory. Location: DOE Main Building, Energy Center, 34th Street, Rizal Drive, Bonifacio Global City, Taguig City. Notes/Instruction: The number of batches shall be determined based on the total number of vehicles declared in the vehicle inventory, as follows: • Category L: One (1) batch is equivalent to 832 vehicle units • Categories M and N: One (1) batch is equivalent to 208 vehicle units	1.1. Prepares the Billing Statement and endorse to Accounting Division for Order of Payment.	None	1 hour/s	• Evaluator I (Science Research Specialist I/Project Support Staff); Alternative Fuels and Energy Technology Division (AFETD)
	1.2. Issues the Order of Payment to the Applicant through email from the DOE-CoMS V2.1.		1 hour/s	• Accounting Staff; Accounting Division (AD)
2. The Applicant pays a registration fee through bank transfer/online payment and responds to the DOE-CoMS email with proof of payment as a reference. Location:	2. Issues the Official Receipt to the Applicant through email from the DOE-CoMS V2.1.	Standard Fees Breakdown: Per batch: PHP 1400 Total: PHP 1400	1 hour/s	• Admin Officer; Treasury Division (TD)

Ground Floor, DOE Main Building, Energy Center, 34th Street, Rizal Drive, Bonifacio Global City, Taguig City. Notes/Instruction: The applicant will be given ten (10) calendar days to pay the fees; failure to do so within one (1) day after the due date will result in automatic application cancellation.				
3. The Applicant uploads the Order of Payment and Official Receipt through the VFELP System. Location: 3rd floor, DOE Main Building, Energy Center, 34th Street, Rizal Drive, Bonifacio Global City, Taguig City. Notes/Instruction: In case of an incomplete and/or incorrect application, the DOE-EUMB will notify the applicant of the required document and/or data input through email and/or VFELP System and request for resubmission of the required documents and/or data. Documents and/or data resubmission will automatically reset the current	3.1. Verifies the Order of Payment and Official Receipt uploaded in the VFELP System by the Applicant. 3.2. Evaluates the completeness and correctness of the filled-out information and submitted documents by the Applicants. 3.3. Reviews, approves, and endorses the FEL & FES Issuance to the Director for final approval.	None	1 hour/s 6 hour/s 7 hour/s	- Evaluator I (Science Research Specialist I/Project Support Staff); Alternative Fuels and Energy Technology Division (AFETD) - Evaluator II (Science Research Specialist); Alternative Fuels and Energy Technology Division (AFETD) - Administrator (Chief Science Research Specialist/Supervising Science Research Specialist); Alternative

processing time, and the application will be subjected to re-evaluation.				Fuels and Energy Technology Division (AFETD)
	3.4. Approves and certifies the FEL and FES issuance.		3 hour/s, 30 minute/s	Super Administrator (Director); EUMB, Office of the Director
	3.5. Notifies the Applicant on the approval of their application, and the applicant may proceed on downloading and printing the generated FEL & FES in the VFELP System.		3 hour/s, 30 minute/s	Super Administrator (Director); EUMB, Office of the Director

General Remarks

Kindly ensure that your payment for the registration fee is ready.

Requirements needed during the application:

1. FEL and FES Issuance Online Form (template form available at the VFELP System: <https://vfelp.doe.gov.ph>)

Total Processing Time:	Working Days: 3 working day/s
Total Processing Fee:	Total Standard Fee: PHP 1400

the DOE Trust Fund Account thru: a. Over the counter payment at the bank nearest to you; b. Online bank transfer; or c. Wire Transfer/Telegraphic Transfer (Bank charges shall be in the account of the payer) Location: Over-the-counter: DOE Annex Bldg., Ground Floor, Energy Center, Rizal Drive, BGC, Taguig City Notes/Instruction: The applicant must upload/submit their proof of payment to esco@doe.gov.ph with a copy of the Proof of Payment, copy furnished coms@doe.gov.ph then accomplish this form https://bit.ly/Submit_OrderPayment to upload the Proof of Payment. The applicant is given ten (10) working days to complete their payment. The EPMPD will send a reminder on the 5th day regarding their payment. Should the applicant fail to settle the payment within ten (10) working days, the EPMPD will nullify their application on the 10th day.	2.2. Technical Staff will finalize the application for endorsement of Chief Science Research Specialist to the Office of the Director	Fee: PHP 30000 Total: PHP 30000	1 working day/s	• Project Evaluation Specialist, Science Research Specialist, Chief Science Research Specialist; Energy Utilization Management Bureau (EUMB)
	2.3. Endorsement and approval of the application by the EUMB Director to the Office of the Secretary		2 working day/s	• Director; Energy Utilization Management Bureau (EUMB)
	2.4. Approval of the application by the DOE Secretary		8 working day/s	• Secretary; Office of the Secretary
	2.5. EPMPD to notify applicant on the approval of their application through email		1 working day/s	• Project Evaluation Specialist, Science Research Specialist; Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)
General Remarks				

Payment for the Application fee of Php 30,000 shall be provided after the Technical Evaluation

Total Processing Time:	Working Days: 20 working day/s
Total Processing Fee:	Total Standard Fee: PHP 30000

6. EUMB-EPMPD06 Issuance of Certificate of Registration for Firm, Partnership, Corporation, and Sole Proprietorship (FPCS) as Certified Energy Auditors (CEA)

Process on the Certification of FPCS under the Republic Act No. 11285 also known as the Energy Efficiency and Conservation Act.

Certified Firm, Partnership, Corporation, and Sole Proprietorship are entities certified by the DOE who has proven credibility and has demonstrated high levels of experience, competence, proficiency, and ethical fitness to conduct an energy audit.

Office or Division:	Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	FPCS who satisfies the requirements under the Department Circular DC2022-04-0013	
Operating Hours:	8:00 AM - 5:00 PM	
Statute:	R.A. 11285 also known as the Energy Efficiency and Conservation Act	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Duly accomplished FPCS Application Form (Form A) (1) Electronic Copy		Department of Energy - Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)
<i>Remarks:</i> <i>Form can be secured from the DOE website or through this link:</i> https://bit.ly/DOE_DConFPCS		
2. Copy of Company Profile/Background under (Annex B) (1) Electronic Copy		Department of Energy - Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)
<i>Remarks:</i> <i>Form can be secured from the DOE website or through this link:</i> https://bit.ly/DOE_DConFPCS		

3. Copy of CVs of Energy Auditors (list of manpower dedicated for energy audits should be Certified Energy Auditors) under (Annex D) (1) Electronic Copy			Department of Energy - Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)	
<i>Remarks:</i> <i>Form can be secured from the DOE website or through this link:</i> https://bit.ly/DOE_DConFPCS				
4. Copy of List of Energy Audit equipment and other similar testing instruments and the date of its calibration under (Annex E) (1) Electronic Copy			Department of Energy - Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)	
<i>Remarks:</i> <i>Form can be secured from the DOE website or through this link:</i> https://bit.ly/DOE_DConFPCS				
5. Copy of List of Energy Audits undertaken in the last three (3) years under Annex H (1) Electronic Copy			Department of Energy - Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)	
<i>Remarks:</i> <i>Form can be secured from the DOE website or through this link:</i> https://bit.ly/DOE_DConFPCS				
6. Copy of Company Ownership/management which includes list of names of officers, personnel, and their position in the company including energy auditors, and the organizational structure (1) Electronic Copy			Applicant / Client	
7. Certified True of Copy of Audited financial statement in the last two (2) years (1) Electronic Copy			Applicant / Client	
8. Copy of Certificate of Training Completion of Energy Auditor issued by a Recognized Training Institution (RTI) (1) Electronic Copy			Applicant / Client	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. 4. Financial Documentation (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>For corporations existing for more than two (2) years at the time of filing of application:</i> • <i>One (1) copy of Annual Report or Audited Financial Statements (FS) for the last two (2) years from filing date and copy of the latest unaudited FS signed by responsible official if the Audited FS is more than six (6) months old at the time of filing</i> • <i>One (1) copy of Bank Certification to substantiate cash balance as of the latest unaudited FS</i> • <i>One (1) copy of Projected Cash Flow Statement for two (2) years, showing the sources and uses of funds for the proposed Energy Efficiency (EE) Project. If Credit Line is identified as one of the sources of funds, there must be a clear indication, showing that a certain amount to be drawn is earmarked for the EE project</i> • <i>One (1) copy of latest income tax return filed with the Bureau of Internal Revenue</i> • <i>One (1) copy of List of existing and/or pending applications for projects with the DOE, including the status and cost of work commitment per project per year</i> <i>For newly organized corporation existing for less than two (2) years at the time of filing of application:</i> • <i>One (1) Copy of Audited FS or unaudited FS duly signed by the responsible official</i> • <i>One (1) Copy of Bank Certification to substantiate cash balance as of the latest unaudited FS</i> • <i>One (1) Copy of Projected Cash Flow Statement for two (2) years, showing the sources and uses of funds for the proposed Energy Efficiency (EE) Project. If Credit Line is identified as one of the sources of funds, there must be a clear indication, showing that a certain amount to be drawn is earmarked for the EE project</i> <i>For Parent Company that guarantees for corporation with insufficient working capital:</i> • <i>One (1) Copy of Parent Company's financial documents per FS and Bank Certificate</i>	

- One (1) Copy of duly notarized letter of Undertaking / Support from the Parent Company to fund the Work Program Applicants' Financial Capability (Refer to Annex A)

5. Legal Documentation
(1) Electronic Copy

Department of Energy -
Energy Efficiency and
Conservation Program
Management and Technology
Promotion Division (EPMPD)

Remarks:

Form can be secured from the DOE website <https://doe.gov.ph>

- One (1) Business Permit
- One (1) Certified true copy of the Security and Exchange Commission (SEC) Certification of Registration, Articles of Incorporation and By Laws
- One (1) Certified true copy of the General Information Sheet (GIS) stamped-received by the SEC not more than twelve (12) months old at the time of filing of application
- One (1) Original Copy of the Certificate of Authority from the Board of Directors of the proponent authorizing designated representative/s to apply and sign any documents
- Any interested party organized in a foreign country shall submit legal and financial documents, or its equivalent, issued by the appropriate governing body and duly authenticated by the Philippine consulate having appropriate jurisdiction

6. Copy of the Report on the Project Completion/
Commissioning of the Energy Efficiency Project (Annex D)
(1) Electronic Copy

Applicant / Client

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submission of required documents to the dedicated email address Location: Email Address: eesip@doe.gov.ph Notes/Instruction: Client to submit complete and acceptable documents pursuant to the requirements	1.1. Conduct of technical, legal and financial evaluation on the complete and accepted application simultaneously.	None	6 working day/s	• Project Evaluation Specialist, Science Research Specialist; Energy Efficiency and Conservation Program Management and Technology Promotion

Section 7 of Department Circular No. DC2022-03-0004 "Guidelines for the Endorsement of Energy Efficiency Strategic Investments to the Board of Investments for Fiscal Incentives".				Division (EPMPD) • Attorney, Legal Assistant; General Legal Services Division (GLSD) • Technical Audit Specialist; Power Compliance Division (PCD)
	1.2. Issuance of Order of Payment		1 working day/s	• Accounting Staff; Accounting Division (AD)
2. Payment of the application fee either thru: (1) DOE - Over the Counter (OTC); or (2) Bank transfer to the DOE Trust Fund Account thru: a. Over the counter payment at the bank nearest to you; b. Online bank transfer; or c. Wire Transfer/Telegraphic Transfer (Bank charges shall be in the account of the payer) Location: Over-the-counter: DOE Annex Bldg., Ground Floor, Energy Center, Rizal Drive, BGC, Taguig City Notes/Instruction: The applicant must upload/submit their proof of payment to eesip@doe.gov.ph	2.1. Issuance of Official Receipt	Standard Fees Breakdown: Application Fee: PHP 25000 Total: PHP 25000	1 working day/s	• Administrative Officer; Treasury Division (TD)
	2.2. Endorsement of the application to the DOE Secretary through the EUMB Director.		1 working day/s	• Director; Energy Utilization Management Bureau (EUMB)
	2.3. Approval of the Certificate by the DOE Secretary.		10 working day/s	• Secretary ; Office of the Secretary
	2.4. EPMPD to notify applicant on the		1 working day/s	• Project Evaluation

with a copy of the Proof of Payment, copy furnished coms@doe.gov.ph then accomplish this form https://bit.ly/Submit_OrderPayment to upload the Proof of Payment. The applicant is given ten (10) working days to complete their payment. The EPMPD will send a reminder on the 5th day regarding their payment. Should the applicant fail to settle the payment within ten (10) working days, the EPMPD will nullify their application on the 10th day.²	approval of their application through email			Specialist, Science Research Specialist; Energy Efficiency and Conservation Program Management and Technology Promotion Division (EPMPD)
General Remarks Payment for the Application fee of Php 25,000 shall be provided after the Technical Evaluation

**Energy Efficiency and Conservation Public Sector
Management Division (EPSMD)
External Services**

1. EUMB-EPSMD01 Energy Audit Services : Preliminary Energy Audit

ISO 9001:2015 Certified

Pursuant to Republic Act No. 11285, the Energy Efficiency and Conservation Public Sector Management Division (EPSMD) is mandated to implement the Government Energy Management Program (GEMP), which aims to reduce the government's monthly consumption of electricity and petroleum products through energy efficiency and conservation and utilization of renewable energy technologies, among others.

Preliminary energy audit service is a basic energy audit that involves minimal interviews with managing clients, brief review of facility data, and walk through energy audit of the facility, all geared towards identification of energy waste or inefficiencies by recommending brief corrective measures, providing quick estimates of potential operating costs and energy savings.

Office or Division:	Energy Efficiency and Conservation Public Sector Management Division (EPSMD)

2. EUMB-EPSMD02 Application Process for Solar PV Installer Registry

Pursuant to the Inter-Agency Energy Efficiency and Conservation Committee (IAEECC) Resolution No. 8, s. 2023, the Department of Energy - Energy Utilization Management Bureau (DOE-EUMB), is mandated to provide an official list of Solar PV installers for reference and guidance of all government entities.

The DOE issued Department Circular No. DC2024-06-0021 titled as "Guidelines in the Registration Process for Solar Photovoltaic (PV) Installers under the Government Energy Management Program (GEMP)" to support the above-mentioned issuance and to establish the registration process and procedures for the official Solar PV Installer Registry.

Office or Division:	Energy Efficiency and Conservation Public Sector Management Division (EPSMD)	
Classification:	Complex	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Solar PV Installers who wish to be part of the DOE Official Solar PV Registry. Solar PV Installer refers to any entity, including an individual, OPC, Sole Proprietorship, joint venture, partnership, or corporation engaged in the business of providing Solar PV Systems Installation.	
Operating Hours:	8:00 AM - 5:00 PM	
Statute:	Republic Act No. 11285 or the Energy Efficiency and Conservation Act and IAEECC Resolution No. 8, s. 2023 Encouraging all Government Entities to Install and Utilize Solar Photovoltaic (PV) System or any Equivalent Renewable Energy Technology in their Government -Owned Facilities and/or Office Buildings in a Form of Self-Generating Facility, Distributed Energy Resources (DER), or Net Metering Agreement with Host Distribution Utility (DU)	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE

**Energy Efficiency and Conservation Performance Regulation
and Enforcement Division (EPRED)
External Services**

1. EUMB-EPRED01 Processing of Application for Company Registration under the Philippine Energy Labeling Program (PELP)

ISO 9001:2015 Certified

Online submission and processing of applications for Company Registration under the Philippine Energy Labeling Program. All Importers, Manufacturers, and Distributors of Energy-Consuming Products (ECPs) are enjoined to register their company through the PELP System, in compliance with the PELP Guidelines. The use of an online platform for registration results in faster, more accessible, and more efficient public service delivery. It likewise serves as part of the safety measures, aligned with pandemic protocols.

Office or Division:	Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)	
Classification:	Simple	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	All Importers, Manufacturers, and Distributors of Energy-Consuming Products (ECPs) are enjoined to register their Company under the PELP System.	
Operating Hours:	8:00 AM - 5:00 PM	
Statute:	Pursuant to Republic Act No. 11285, through Department Circular DC2024-05-0017, PRESCRIBING AMENDMENTS TO DEPARTMENT CIRCULAR NO. DC2020-06-0015, AS AMENDED, OR THE PHILIPPINE ENERGY LABELING PROGRAM (PELP) GUIDELINES	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Application Form for Company Registration under the PELP (1) Electronic Copy		Department of Energy (DOE) - Energy Utilization Management Bureau (EUMB) / Energy Efficiency & Conservation Performance Regulation and Enforcement Division (EPRED)
<i>Remarks:</i> 1. The online template form can be accessed through the PELP System at https://pelp.eumb.ph as part of the registration process.		
2. Undertaking to Abide by the Terms and Conditions of the PELP (1) Certified True Copy		Department of Energy (DOE) - Energy Utilization Management Bureau (EUMB) / Energy Efficiency & Conservation Performance

Regulation and Enforcement Division (EPRED)	
<i>Remarks:</i> <i>The template form is available at the PELP System during Company Registration</i> <i>Please include supporting documents such as the Board Resolution and the Secretary Certificate.</i> <i>Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following:</i> <i>President/General Manager or Equivalent position</i> <i>PELP Compliance Representative (PCR)</i> <i>PELP Assistant Compliance Representative (PACR)</i> <i>Note: For online submission, each document file for uploading must not exceed 10 MB.</i>	
3. Authorization Letter of PELP Compliance Representative (PCR) and PELP Assistant Compliance Representative (PACR) (1) Certified True Copy	Department of Energy (DOE) - Energy Utilization Management Bureau (EUMB) / Energy Efficiency & Conservation Performance Regulation and Enforcement Division (EPRED)
<i>Remarks:</i> <i>The template form is available at the PELP System during Company Registration</i> <i>Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following:</i> <i>President/General Manager or Equivalent position</i> <i>PELP Compliance Representative (PCR)</i> <i>PELP Assistant Compliance Representative (PACR)</i> <i>Note: For online submission, each document file for uploading must not exceed 10 MB.</i>	
4. Permit to Operate issued by the Local Government Unit (1) Certified True Copy	Local Government Unit (LGU) - Business Permits and Licensing Office (BPLO) or Equivalent
<i>Remarks:</i> <i>The permit to operate will be issued by the local government unit (LGU) where the client is located</i> <i>Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following:</i> <i>President/General Manager or Equivalent position</i> <i>PELP Compliance Representative (PCR)</i> <i>PELP Assistant Compliance Representative (PACR)</i> <i>Note: For online submission, each document file for uploading must not exceed 10 MB.</i>	
5. Bureau of Internal Revenue (BIR) Certificate of Registration (COR) Form 2303 or Equivalent (1) Certified True Copy	Department of Finance (DOF) - Bureau of Internal Revenue (BIR)

<i>Remarks:</i> 1. Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following: ◦ President/General Manager or Equivalent position ◦ PELP Compliance Representative (PCR) ◦ PELP Assistant Compliance Representative (PACR) 2. Note: For online submission, each document file for uploading must not exceed 10 MB.	
6. Order of Payment (1) Certified True Copy	Department of Energy (DOE) - Accounting Division (AD)
<i>Remarks:</i> 1. The client requests this during the registration process on the PELP System (https://pelp.eumb.ph). 2. The Order of Payment will be sent to the client via email from AD (coms@doe.gov.ph). 3. Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following: ◦ President/General Manager or Equivalent position ◦ PELP Compliance Representative (PCR) ◦ PELP Assistant Compliance Representative (PACR) 4. Registration fee is PHP 1,600.00 <i>Note: For online submission, each document file for uploading must not exceed 10 MB.</i>	
7. Official Receipt (1) Certified True Copy	Department of Energy (DOE) - Treasury Division (TD)
<i>Remarks:</i> 1. Upon payment, the client will provide Proof of Payment to AD by sending it to coms@doe.gov.ph 2. Official Receipt will be sent to the client via email from AD (coms@doe.gov.ph) 3. Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following: ◦ President/General Manager or Equivalent position ◦ PELP Compliance Representative (PCR) ◦ PELP Assistant Compliance Representative (PACR) 4. Note: For online submission, each document file for uploading must not exceed 10 MB.	
For Situational Requirement	
A. Certified True Copy of Business Registration Documents	
Sub Situational Requirement/s	
A.a. If the client is a Sole Proprietorship	
A.a.1. Certificate of Business Name Registration issued by the Department of Trade and Industry (1) Certified True Copy	Department of Trade and Industry (DTI) - Bureau of Trade Regulation and Consumer Protection (BTRCP)

		/ Business Name Registration Division (BNRD)
<i>Remarks:</i> 1. For Sole Proprietorship, submit Certificate of Business Name Registration issued by the Department of Trade and Industry 2. Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following: ◦ President/General Manager or Equivalent position ◦ PELP Compliance Representative (PCR) ◦ PELP Assistant Compliance Representative (PACR) 3. Note: For online submission, each document file for uploading must not exceed 10 MB.		
A.b. If the client is a Corporation/Partnership		
A.b.1. Certificate of Registration, Articles of Incorporation and other documents issued by the Securities and Exchange Commission (1) Certified True Copy		Securities and Exchange Commission (SEC) - Company Registration and Monitoring Department (CRMD)
<i>Remarks:</i> 1. For Corporation/Partnership, submit Certificate of Registration and Articles of Incorporation issued by the Securities and Exchange Commission 2. Include all supporting documents such as original and amended Certificates, Articles of Incorporation, By-Laws, and General Information Sheet (GIS) 3. Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following: ◦ President/General Manager or Equivalent position ◦ PELP Compliance Representative (PCR) ◦ PELP Assistant Compliance Representative (PACR) 4. Note: For online submission, each document file for uploading must not exceed 10 MB.		
A.c. If the client is a Cooperative		
A.c.1. Certificate of Registration from the Cooperative Development Authority (1) Certified True Copy		Cooperative Development Authority (CDA) - Cooperative Registration Department (CRD)

Remarks:

1. For Cooperative, submit CDA Certificate of Registration from the Cooperative Development Authority
2. Provide a Certified True Copy of all submitted copies, with the name and signature of any of the following:
 - President/General Manager or Equivalent position
 - PELP Compliance Representative (PCR)
 - PELP Assistant Compliance Representative (PACR)
3. Note: For online submission, each document file for uploading must not exceed 10 MB.

B. If the Designated and Authorized PELP Compliance Representative (PCR) and/or PELP Assistant Compliance Representative (PACR) is from a Third-Party Company

B.1. Partnership Agreement
(1) Certified True Copy

Applicant / Client

Remarks:

1. Applicable only for companies with a designated 3rd party PCR/PACR
2. Include in the Partnership Agreement the name of the Company's authorized representative/s issued by the Company President/General Manager, or equivalent position
3. Note: For online submission, each document file for uploading must not exceed 10 MB.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. The client fills out the online registration form, together with the documentary requirements, through the PELP System. Location: PELP System https://pelp.eum.b.ph Notes/Instruction: 1. Go to https://pelp.eum.b.ph/ and click "Register". The page will automatically redirect you to	1.1. DOE-EPRED evaluates the completeness and correctness of the Pre-Registration. Using the data submitted, the DOE-EPRED will create the Order of Payment and Billing Statement through the DOE Collection Monitoring System (COMS). COMS sends the Order of Payment to the applicant and provides a copy to Evaluator I. Upon payment of the client, the copy of the	Standard Fees Breakdown: PELP Company Registration: PHP 1600 Total: PHP 1600	30 minute/s	• PELP Evaluator I (Science Research Specialist I/ Admin VI/ Equivalent Position); Energy Efficiency and Conservation Performance Regulation and Enforcement

the Privacy Clause Statement for the PELP Company Registration page. 2. Click Accept to proceed with the Company Registration Page. Once you have clicked Accept, select PELP ECP Company. 3. Fill in the required information for Company Pre-Registration. Only the PELP Compliance Representative (PCR) should facilitate the company's registration. Once filled up, click "I'm not a robot" and "Submit Pre-Registration". 4. The Client will receive an email from COMS (coms@doe.gov.ph) containing a copy of your billing statement and Order of Payment. Upon payment, the Client will receive a copy of the OR from coms@doe.gov.ph. 5. Upon submission of pre-registration, access to the company	Official Receipt will be sent to their registered email.		nt Division (EPRED) • Accounting Staff; Accounting Division (AD)
---	---	--	---

registration link with a unique passcode will be sent via email from the PELP System. Upon clicking the link, the Client will be redirected to the PELP Company Registration page. Enter the provided passcode, then complete the re-CAPTCHA security and click Unlock. Then fill out or update the required fields and upload the necessary documents in the corresponding tabs. 6. To upload the required file, click the Upload File button. Please be guided that, except for the Company Logo, only PDF files are accepted. For the Company Logo, PNG and JPEG files are accepted. 7. Once all fields have been completed and all required documents have been uploaded, click Submit. Once you click Submit, you will	1.2. DOE-EPRED acknowledges the receipt of application through automated email and evaluates the completeness and correctness of the submitted documents.		1 working day/s, 7 hour/s, 30 minute/s	• Evaluator I (Science Research Specialist I/ Admin VI); Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED) • Evaluator II (Science Research Specialist I/ Science Research Specialist II /Senior Science Research Specialist / Equivalent Position); Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)

2. EUMB-EPRED02 Application for Recognition of Testing Laboratory (RTL) under the Philippine Energy Labeling Program (PELP)

ISO 9001:2015 Certified

Online submission and processing of the application for Recognition of Testing Laboratory (RTL) under the Philippine Energy Labeling Program. DOE-RTLs will serve as support infrastructures to facilitate energy performance verification testing of energy-consuming products. The use of an online platform for registration will result in faster, more accessible, and more efficient public service delivery. It will likewise serve as part of the safety measures, aligned with pandemic protocols.

CHECKLIST OF REQUIREMENTS	WHERE TO SECURE										
For Standard Requirement											
1. Valid test report (1) Certified True Copy	Applicant / Client										
Remarks: - The test report is valid for one (1) year from the date of issuance. - The test report must be from an ISO17025-accredited testing facility, either a local or international laboratory, or a laboratory with an ongoing PAB accreditation application. - The maximum size for uploading documents per field is 10 MB. - This document will be part of the documentary requirements that must be uploaded to the PELP System during Product Registration.											
2. Duly accomplished Product Registration Online Form for Air Conditioners (1) Electronic Copy	Applicant / Client										

<i>Remarks:</i> 1. The template form is the actual input form found in the PELP System during Product Registration. 2. Provide specifications with photos of the product 3. The maximum size for uploading images per field is 5 MB.				
3. Laboratory Certificate of Accreditation (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> 1. The Certificate of Accreditation must be issued by a testing facility accredited to ISO/IEC 17025, whether local or international. Laboratories with an ongoing PAB accreditation application may also be accepted, subject to evaluation. 2. The maximum file size for each document upload field is 10 MB. 3. This document forms part of the mandatory documentary requirements to be submitted through the PELP System during product registration.				
4. Laboratory Scope of Accreditation (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> 1. The Scope of Accreditation must be issued by a testing facility accredited to ISO/IEC 17025, whether local or international. For Laboratories with an ongoing PAB accreditation application, the scope being applied for must be provided. 2. It must include the required normative references as specified in the corresponding Implementing Guidelines for Air Conditioners (PNS ISO 5151 and PNS ISO 16358- 3. The maximum file size for each document upload field is 10 MB. 4. This document forms part of the mandatory documentary requirements to be submitted through the PELP System during product registration.				
5. PELP Product Credit (Sample: 1 PELP Product Credit)			Department of Energy - Energy Utilization Management Bureau - Energy Efficiency and Conservation Performance Regulation and Enforcement Division	
<i>Remarks:</i> • The client can request the PELP Product Credit through the PELP System (https://pelp.eumb.ph). Please refer to the PELP Product Credit Request procedure.				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. The client fills out the Product Registration Form for Air Conditioners through the PELP System and upload the requirements specified in the checklist. Location: PELP System (https://pelp.eumb.ph) Notes/Instruction: 1. Go to https://pelp.eumb.ph/ and log-in to your PELP System account. 2. After successful log-in, click the "My Products" tab. 3. Then, click the "Add New Product" button. 4. Enter the Product Category, Product Type, and Specific Product, then click "Proceed." 5. Once clicked, a prompt will appear stating that changes to the Product Category will no longer be allowed after "Save and Proceed" is clicked. 6. Fill in the necessary fields for your product, including the Product Inventory	1.1. The DOE-EPRED evaluates the completeness and correctness of the submitted documents and notifies the applicant of the evaluation results in the PELP System.	None	6 working day/s	• Evaluator II (Senior Science Research Specialist/ Science Research Specialist II / Equivalent Position); Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)
--	--	-------------	------------------------	---

section, which requires the year of market entry, total number of units, and Selling Retail Price (SRP) range (in the Product Inventory section, click “Add” once you have finished entering the required information). Once all fields in this section are filled out, click “Next.”

7. Fill in the Product Registration Details fields and upload the necessary documents. Once finished, click “Next”. Please note that the maximum file size for attachments is 10 MB.
8. Next, upload the product model image. Please note that the maximum file size for photos is 5 MB. Once uploaded, click “Next”.
9. You will then be directed to the Summary of Notes tab, where you may enter remarks regarding your application. Once everything is in order, click

the drop-down menu, select “Submit,” and click “Proceed. 10. Once clicked, a prompt will appear regarding the deduction of PELP credits. One (1) PELP Product credit is equivalent to one product model application. Click “Continue” to proceed. 11. After that, you have successfully submitted your product registration application. Your application will be reflected in the “My Products” tab. 12. When the evaluator requests Resubmission/Clarification, the application status will be changed from “For Product Evaluation” to “For Product Resubmission”. 13. Kindly check the parameters that have a red icon and click them to view the evaluator’s notes. 14. Once all the notes/clarifications have been complied, go to the Summary of				
	1.2. The DOE-EPRED shall approve the application and include the registered product model in the PELP Product Registry.		1 working day/s	• Evaluator III (Chief Science Research Specialist / Office-In-Charge); Energy Efficiency and Conservation Performance Regulation

and
Enforcement
Division
(EPRED)

Notes, click the dropdown menu, and select "Resubmit". Then click "Proceed." A prompt will confirm that the product has been resubmitted, and the status will change to "For Product Re-Evaluation." Please wait while we evaluate your product registration.

15. When the evaluator endorses the application for approval, the application status will change from "For Product Evaluation" to "For Product Approval." Kindly wait for the approval of your product registration.

16. Once approved, the application status will be changed to "Approved and Registered".

Note:

- If the submitted documents are incomplete or inaccurate, DOE-EPRED notifies the applicant by email and

through the PELP System and requests the required documents and/or data. 6. EUMB-EPRED06 Processing of Application for Product Registration for Refrigerating Appliances under the Philippine Energy Labeling Program (PELP)

ISO 9001:2015 Certified

Online submission and processing of applications for registration of Refrigerating Appliances product models under the Philippine Energy Labeling Program. All Importers, Manufacturers, and Distributors of Refrigerating Appliances must register their product models through the PELP System, in accordance with the PELP Guidelines. The use of an online platform for registration will result in faster, more accessible, and more efficient public service delivery. It will likewise serve as part of the safety measures, aligned with pandemic protocols.

Office or Division:	Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)	
Classification:	Complex	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	All Importers, Manufacturers, and Distributors of Energy-Consuming Products (ECPs) must register their product models through the PELP System.	
Operating Hours:	8:00 AM - 5:00 PM	
Statute:	Pursuant to Republic Act No. 11285, through Department Circular DC2024-05-0017, PRESCRIBING AMENDMENTS TO DEPARTMENT CIRCULAR NO. DC2020-06-0015, AS AMENDED, OR THE PHILIPPINE ENERGY LABELING PROGRAM (PELP) GUIDELINES	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Valid test report (1) Certified True Copy		Applicant / Client
<i>Remarks:</i> - The test report is valid for one (1) year and six (6) months from the date of issuance. - The test report must be from an ISO17025-accredited testing facility, either a local or international laboratory, or a laboratory with an ongoing PAB accreditation application. - The maximum size for uploading documents per field is 10 MB. - This document will be part of the documentary requirements that must be uploaded to the PELP System during Product Registration.		
2. Duly accomplished Product Registration Online Form for Refrigerating Appliances (1) Electronic Copy		Applicant / Client

<i>Remarks:</i> <i>1. The template form is the actual input form found in the PELP System during Product Registration.</i> <i>2. Provide specifications with photos of the product</i> <i>3. The maximum size for uploading images per field is 5 MB.</i>				
3. Laboratory Certificate of Accreditation (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>1. The Certificate of Accreditation must be issued by a testing facility accredited to ISO/IEC 17025, whether local or international. Laboratories with an ongoing PAB accreditation application may also be accepted, subject to evaluation.</i> <i>2. The maximum file size for each document upload field is 10 MB.</i> <i>3. This document forms part of the mandatory documentary requirements to be submitted through the PELP System during product registration.</i>				
4. Laboratory Scope of Accreditation (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>1. The Scope of Accreditation must be issued by a testing facility accredited to ISO/IEC 17025, whether local or international. For Laboratories with an ongoing PAB accreditation application, the scope being applied for must be provided.</i> <i>2. It must include the required normative references as specified in the corresponding Implementing Guidelines for Refrigerating Appliances (PNS IEC 62552).</i> <i>3. The maximum file size for each document upload field is 10 MB.</i> <i>4. This document is part of the mandatory documentation required for submission through the PELP System during product registration.</i>				
5. PELP Product Credit (Sample: 1 PELP Product Credit)			Department of Energy - Energy Utilization Management Bureau - Energy Efficiency and Conservation Performance Regulation and Enforcement Division	
<i>Remarks:</i> <i>• The client can request the PELP Product Credit through the PELP System (https://pelp.eumb.ph). Please refer to the PELP Product Credit Request procedure.</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. The client fills out the Product Registration Form for Refrigerating Appliances through the PELP System and upload the requirements specified in the checklist. Location: PELP System (https://pelp.eumb.ph) Notes/Instruction: 1. Go to https://pelp.eumb.ph / and log-in to your PELP System account. 2. After successful log-in, click the "My Products" tab. 3. Then, click the "Add New Product" button. 4. Enter the Product Category, Product Type, and Specific Product, then click "Proceed." 5. Once clicked, a prompt will appear stating that changes	1.1. The DOE-EPRED evaluates the completeness and correctness of the submitted documents and notifies the applicant of the evaluation results in the PELP System.	None	6 working day/s	• Evaluator II (Senior Science Research Specialist/ Science Research Specialist II / Equivalent Position); Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)
--	--	-------------	------------------------	---

to the Product Category will no longer be allowed after "Save and Proceed" is clicked.

6. Fill in the necessary fields for your product, including the Product Inventory section, which requires the year of market entry, total number of units, and Selling Retail Price (SRP) range (in the Product Inventory section, click "Add" once you have finished entering the required information). Once all fields in this section are filled out, click "Next."

7. Fill in the Product

Registration Details fields and upload the necessary documents. Once finished, click “Next”. Please note that the maximum file size for attachments is 10 MB.

8. Next, upload the product model image. Please note that the maximum file size for photos is 5 MB. Once uploaded, click “Next”.

9. You will then be directed to the Summary of Notes tab, where you may enter remarks regarding your application. Once everything is in order, click the drop-down menu,

select “Submit,” and click “Proceed. 10. Once clicked, a prompt will appear regarding the deduction of PELP credits. One (1) PELP Product credit is equivalent to one product model application . Click “Continue” to proceed. 11. After that, you have successful ly submitted your product registratio n application . Your application will be reflected in the “My Products” tab. 12. When the evaluator requests Resubmis sion/Clarifi cation, the application status will be changed				
	1.2. The DOE- EPRED shall approve the application and include the registered product model in the PELP Product Registry.		1 working day/s	• Evaluator III (Chief Science Research Specialist / Office-In- Charge); Energy Efficiency and Conservati on Performan ce

from “For Product Evaluation” to “For Product Resubmission”.

13. Kindly check the parameters that have a red icon and click them to view the evaluator’s notes.

14. Once all the notes/clarifications have been complied, go to the Summary of Notes, click the dropdown menu, and select “Resubmit”. Then click “Proceed.” A prompt will confirm that the product has been resubmitted, and the status will change to “For Product Re-Evaluation.” Please wait while we evaluate your

documents and/or data. Document resubmission will automatically reset the processing time, and the application will be subjected to re-evaluation based on the process flow stated in the Implementing Guidelines for the Philippine Energy Labeling Program on Registration, Enforcement, Monitoring, Verification, and Compliance Mechanism Under Department Circular DC2020-06-0015, "Prescribing the Guidelines of the Philippine Energy Labeling Program (PELP) for Compliance of Importers, Manufacturers, Distributors and Dealers of Electrical Appliances and Other Energy-Consuming Products (ECP)"				
Total Processing Time:	Working Days: 7 working day/s			
Total Processing Fee:	Total Standard Fee: None			

10. EUMB-EPRED10 Processing of Application for Product Registration for Clothes Washing Machines under the Philippine Energy Labeling Program (PELP)

Online submission and processing of applications for registration of Clothes Washing Machine product models under the Philippine Energy Labeling Program. All Importers, Manufacturers, and Distributors of Clothes Washing Machines must register their product models through the PELP System, in accordance with the PELP Guidelines. The use of an online platform for registration will result in faster, more accessible, and more efficient public service delivery. It will likewise serve as part of the safety measures, aligned with pandemic protocols.

Office or Division:	Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)
Classification:	Complex
Type of Transaction:	G2B (Government to Business)
Who may avail:	All Importers, Manufacturers, and Distributors of Energy-Consuming Products (ECPs) must register their product models through the PELP System.
Operating Hours:	8:00 AM - 5:00 PM
Statute:	Pursuant to Republic Act No. 11285, through Department Circular DC2024-05-0017, PRESCRIBING AMENDMENTS TO DEPARTMENT CIRCULAR NO. DC2020-06-0015, AS AMENDED, OR THE PHILIPPINE ENERGY LABELING PROGRAM (PELP) GUIDELINES
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Valid test report (1) Certified True Copy	Applicant / Client
<i>Remarks:</i> - The test report is valid for one (1) year from the date of issuance. - The test report must be from an ISO17025-accredited testing facility, either a local or international laboratory, or a laboratory with an ongoing PAB accreditation application. - The maximum size for uploading documents per field is 10 MB. - This document will be part of the documentary requirements that must be uploaded to the PELP System during Product Registration.	
2. Duly accomplished Product Registration Online Form for Clothes Washing Machines (1) Electronic Copy	Applicant / Client
<i>Remarks:</i>	

1. The template form is the actual input form found in the PELP System during Product Registration.
2. Provide specifications with photos of the product
3. The maximum size for uploading images per field is 5 MB.

3. Laboratory Certificate of Accreditation
(1) Electronic Copy

Applicant / Client

Remarks:

1. The Certificate of Accreditation must be issued by a testing facility accredited to ISO/IEC 17025, whether local or international. Laboratories with an ongoing PAB accreditation application may also be accepted, subject to evaluation.
2. The maximum file size for each document upload field is 10 MB.
3. This document forms part of the mandatory documentary requirements to be submitted through the PELP System during product registration.

4. Laboratory Scope of Accreditation
(1) Electronic Copy

Applicant / Client

Remarks:

1. The Scope of Accreditation must be issued by a testing facility accredited to ISO/IEC 17025, whether local or international. For Laboratories with an ongoing PAB accreditation application, the scope being applied for must be provided.
2. It must include the required normative references as specified in the corresponding Implementing Guidelines for Clothes Washing Machines (PNS IEC 60456:2013).
3. The maximum file size for each document upload field is 10 MB.
4. This document forms part of the mandatory documentary requirements to be submitted through the PELP System during product registration.

5. PELP Product Credit
(Sample: 1 PELP Product Credit)

Department of Energy -
Energy Utilization
Management Bureau - Energy
Efficiency and Conservation
Performance Regulation and
Enforcement Division

Remarks:

- The client can request the PELP Product Credit through the PELP System (<https://pelp.eumb.ph>). Please refer to the PELP Product Credit Request procedure.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. The client fills out the Product Registration Form for	1.1. The DOE-EPRED evaluates the completeness and	None	6 working day/s, 6 hour/s	• Evaluator II (Senior Science)

Clothes Washing Machines through the PELP System and upload the requirements specified in the checklist. Location: PELP System (https://pelp.eumb.ph) Notes/Instruction: 1. Go to https://pelp.eumb.ph/ and log-in to your PELP System account. 2. After successful log-in, click the "My Products" tab. 3. Then, click the "Add New Product" button. 4. Enter the Product Category, Product Type, and Specific Product, then click "Proceed." 5. Once clicked, a prompt will appear stating that changes to the Product Category will no longer be allowed after "Save and Proceed" is clicked. 6. Fill in the necessary fields for your product, including the Product Inventory section, which requires the year of market	correctness of the submitted documents and notifies the applicant of the evaluation results in the PELP System.			Research Specialist/ Science Research Specialist II / Equivalent Position); Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)
---	--	--	--	---

entry, total number of units, and Selling Retail Price (SRP) range (in the Product Inventory section, click “Add” once you have finished entering the required information). Once all fields in this section are filled out, click “Next.”

7. Fill in the Product Registration Details fields and upload the necessary documents. Once finished, click “Next”. Please note that the maximum file size for attachments is 10 MB.

8. Next, upload the product model image. Please note that the maximum file size for photos is 5 MB. Once uploaded, click “Next”.

9. You will then be directed to the Summary of Notes tab, where you may enter remarks regarding your application. Once everything is in order, click the drop-down menu, select

“Submit,” and click “Proceed. 10. Once clicked, a prompt will appear regarding the deduction of PELP credits. One (1) PELP Product credit is equivalent to one product model application. Click “Continue” to proceed. 11. After that, you have successfully submitted your product registration application. Your application will be reflected in the “My Products” tab. 12. When the evaluator requests Resubmission/Clarification, the application status will be changed from “For Product Evaluation” to “For Product Resubmission”. 13. Kindly check the parameters that have a red icon and click them to view the evaluator’s notes. 14. Once all the notes/clarifications have been complied, go to the Summary of Notes, click the dropdown				
	1.2. The DOE-EPRED shall approve the application and include the registered product model in the PELP Product Registry.		1 working day/s	• Evaluator III (Chief Science Research Specialist / Office-In-Charge); Energy Efficiency and Conservation Performance Regulation and Enforcement Division (EPRED)

menu, and select "Resubmit". Then click "Proceed." A prompt will confirm that the product has been resubmitted, and the status will change to "For Product Re-Evaluation." Please wait while we evaluate your product registration.

15. When the evaluator endorses the application for approval, the application status will change from "For Product Evaluation" to "For Product Approval." Kindly wait for the approval of your product registration.

16. Once approved, the application status will be changed to "Approved and Registered".

Note:

- If the submitted documents are incomplete or inaccurate, DOE-EPRED notifies the applicant by email and through the PELP System

and requests the required documents and/or data. Document resubmission will automatically reset the processing time, and the application will be subjected to re-evaluation based on the process flow stated in the Implementing Guidelines for the Philippine Energy Labeling Program on Registration, Enforcement, Monitoring, Verification, and Compliance Mechanism Under Department Circular DC2020-06-0015, "Prescribing the Guidelines of the Philippine Energy Labeling Program (PELP) for Compliance of Importers, Manufacturers, Distributors and Dealers of Electrical Appliances and Other Energy-Conserving Products (ECP)"				
Total Processing Time:	Working Days: 7 working day/s, 6 hour/s			
Total Processing Fee:	Total Standard Fee: None			

11. EUMB-EPRED11 Processing of Application for Product Registration for Display Monitors under the Philippine Energy Labeling Program (PELP)

Online submission and processing of applications for registration of Display Monitor product models under the Philippine Energy Labeling Program. All Importers, Manufacturers, and Distributors of Display Monitors must register their product models through the PELP System, in accordance with the PELP Guidelines. The use of an online platform for registration will result in faster, more accessible, and more efficient public service delivery. It will likewise serve as part of the safety measures, aligned with pandemic protocols.

Electric Vehicle Industry Management Division (EVIMD)

External Services

1. EUMB-EVIMD01 Issuance of EVCS Provider – Operator Accreditation Certificate (National Level)

Pursuant to Rule II, Section 8 of the Implementing Rules and Regulations of the RA 11697 or the Electric Vehicle Industry Development Act (EVIDA-IRR), and Department Circular No. DC2023-05-0011 (Guidelines on the Accreditation of EVCS Providers and Registration of EVCS), the Department of Energy (DOE), through the Energy Utilization Management Bureau (EUMB), shall accredit Electric Vehicle Charging Station (EVCS) Providers that sell, construct, install, maintain, own, or operate EVCS or any of its components for a fee.

Office or Division:	Electric Vehicle Industry Management Division (EVIMD)	
Classification:	Complex	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	EVCS Provider – Operators requesting DOE accreditation pursuant to EVIDA	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Application letter to DOE-EUMB for accreditation (1) Electronic Copy		Applicant / Client
<i>Remarks:</i> See Annex of the Department Circular of the sample application letter. Link: (EV Industry PH - Policy)		
2. Registration Certificate (i.e., Securities and Exchange Commission [SEC], Department of Trade and Industry [DTI], or Cooperative Development Authority [CDA]) (certified true copy) (not required for government-2-government transaction) (1) Certified True Copy		SEC - Company Registration and Monitoring Department
Sub Requirement		
2.A.1. If SEC is not available. <i>Any of the following:</i>		
2.A.1.A. Registration Certificate (1) Certified True Copy		Department of Trade and Industry - Business Name Registration Division
---- OR ----		
2.A.1.B. Registration Certificate (1) Certified True Copy		Cooperative Development Authority - Registration Division
3. Detailed information of the office (1) Electronic Copy		Applicant / Client

Oil Industry Standards and Monitoring Division (OISMD)

External Services

1. OIMB-OISMD01 Issuance of Acknowledgement of Notice to Denature Imported Bioethanol

Department Circular No. DC 2021-06-0014 or Revised Circular on Accreditation and Submission of Notices and Reports by Refiners, Importers and Own Users of Gasoline and Diesel Pursuant to Biofuels Act.

This Revised Circular shall apply to all Refiners and Importers who are engaged in the sale of Gasoline and Diesel in the Philippines. These Refiners or Importers may, in addition, engage in the importation of Bioethanol for domestic sale to other Importers or Refiners. Included likewise are Own Users who import Gasoline or Diesel for Own Use.

Office or Division:	Oil Industry Standards and Monitoring Division (OISMD)			
Classification:	Simple			
Type of Transaction:	G2B (Government to Business)			
Who may avail:	Accredited Downstream Oil Industry Biofuels Participant			
Operating Hours:	7:00 AM - 4:00 PM			
Statute:	Republic Act No. 9367, otherwise known as the "Biofuels Act of 2006" and its corresponding IRR and latest Department Circular Issuances			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Application Form - Annex F (1) Original Copy			Department of Energy - Oil Industry Management Bureau / Oil Industry Standards and Monitoring Division	
Remarks: Template of Application Form per DC-2021-06-0014				
2. Acknowledgement of Notice to Import Bioethanol (1) Photo Copy			Applicant / Client

1. Submit application with complete documents Location: Oil Industry Management Bureau - Receiving Unit	1.1. Receive application and forward to respective processor	None	1 hour/s	• Administrative Staff; Oil Industry Standards and Monitoring Division (OISMD)
3F PNOC Building 5, Energy Center Rizal	1.2. Evaluate / process application and prepare		5 hour/s	• Science Research Specialist;

Drive Bonifacio Global City, Taguig City. Notes/Instruction: Make sure that application is stamped with date, time and initial of the receiving personnel.	Acknowledgement Letter		Oil Industry Standards and Monitoring Division (OISMD)
	1.3. Review, evaluate and act on the application	4 hour/s	Supervising Science Research Specialist; Oil Industry Standards and Monitoring Division (OISMD)
	1.4. Review, evaluate, act on the application and endorse to Office of the Bureau	4 hour/s	Chief Science Research Specialist; Oil Industry Standards and Monitoring Division (OISMD)
	1.5. Review and endorse application to Director	4 hour/s	Assistant Director; Oil Industry Management Bureau (OIMB)
	1.6. Approval of Acknowledgement Letter	4 hour/s	Director; Oil Industry Management Bureau (OIMB)
	1.7. Endorse approved acknowledgement letter to OISMD	2 hour/s	Administrative Staff ; OIMB, Office of the Director

General Remarks

1. Clients will be notified via email once the original copies are available for release and pick-up.
2. Once the application has been approved, the Downstream Oil Industry Participant must submit the monthly report as required in Annex MRE-E: Monthly Report on Bioethanol Denaturing Liquidation. This report should be submitted no later than the 20th calendar day of the following month, as part of the client's obligations per DC 2021-06-0014 or the Revised Circular on Accreditation and Submission of Notices and Reports by Refiners, Importers and Own Users of Gasoline and Diesel Pursuant to Biofuels Act.

Total Processing Time:	Working Days: 3 working day/s
Total Processing Fee:	Total Standard Fee: None

2. OIMB-OISMD02 Issuance of Acknowledgement for the Notice to Engage in the Downstream Oil Industry – Lubes Products

ISO 9001:2015 Certified

Department Circular No. DC 2021-09-0029 or the Guidelines on Notices and Reportorial Requirements Pursuant to the Downstream Oil Industry Deregulation Act.

This Circular shall apply to all REFINERS, IMPORTERS, BULK DISTRIBUTORS, TERMINAL OPERATORS/LESSORS, BUNKER TRADERS, HAULERS and OWN USERS of Crude Oil and Finished Products as well as BLENDEES, MARKETERS, and OWN USERS of Base Oils and Lubricating Products under the Philippine Downstream Oil Industry.

Office or Division:	Oil Industry Standards and Monitoring Division (OISMD)
Classification:	Complex
Type of Transaction:	G2B (Government to Business)
Who may avail:	Entities intending to engage in the lubes business in the downstream oil industry.
Operating Hours:	7:00 AM - 4:00 PM
Statute:	Republic Act No. 8479 "AN ACT DEREGULATING THE DOWNSTREAM OIL INDUSTRY AND FOR OTHER PURPOSES" and its IRR and latest Department Circular Issuances

7. Technical information / Product Brochure (including complete product identity, description of analytical techniques used to detect and measure the additives in the fuel, recommended range of concentration or dosage and purpose on the use of additive) (1) Certified True Copy	Applicant / Client
8. Documentary proof or evidence to support claims / purpose / benefits of the additive (e.g. comparison test on engine performance laboratory tests, PNS test if applicable etc.) and that it does not contribute to harmful emissions (e.g. comparison test on emission test) (1) Certified True Copy	Applicant / Client
9. Official Receipt (1) Photo Copy	Department of Energy - Treasury Division / Cashier
<i>Remarks:</i> Processing Fee: Php 1,400.00 <i>The Order of Payment will be generated by the DOE Accounting Division and will be sent to your respective email.</i> <i>Once received, you may settle your payments thru</i> 1. DOE Cashier 2. DOE Trust Fund Deposit; <i>Account Name : DOE Trust Fund</i> <i>Account Number : 3982-1098-59</i> <i>Bank Address : Land Bank of the Philippines- Energy Center Branch</i> <i>Swift Code : TLBPPHMM</i> <i>Beneficiary Address : Department of Energy, Energy Center, BGC, Taguig City</i>	

3. LANDBANK Link.BizPortal (minimal bank transaction fee ranges from ₱7 to ₱30)

Please do not settle your payment without an Order of Payment from our office.

For payments done thru direct bank deposits or online, please make sure to secure an official receipt from our Treasury Department by sending a copy of the Deposit Slip together with the Order of Payment to DOE Collection Monitoring System (coms@doe.gov.ph). After validation, a scanned copy of the Official Receipt will be sent to your end.

For Situational Requirement

A. If the applicant is a representative of the corporation/company

A.1. If the applicant is a representative of the corporation/company
Any of the following:

A.1.A. Secretary's Certificate
(1) Original Copy

Applicant / Client

--- OR ---

A.1.B. Notarized Authorization Letter
(1) Original Copy

Applicant / Client

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Provide copy of Official Receipt Location: Oil Industry Management Bureau 3F PNOC Building 5, Energy Center Rizal Drive Bonifacio Global City, Taguig City. Notes/Instruction: <i>Make sure that application is stamped with date, time and initial of the receiving personnel.</i>	1.1. Receive copy of Official Receipt and forwarding of application to respective processor	None	7 hour/s	Administrative Staff; Oil Industry Standards and Monitoring Division (OISMD)
	1.2. Evaluate / process application and prepare Memorandum of Approval and Letter of Registration		2 working day/s	Science Research Specialist; Oil Industry Standards and Monitoring Division (OISMD)
	1.3. Review, evaluate and act on the application		1 working day/s	Supervising Science Research ; Oil Industry Standards and Monitoring Division (OISMD)

	1.4. Review, evaluate, act on the application and endorse to Office of the Bureau		1 working day/s	Chief Science Research Specialist; Oil Industry Standards and Monitoring Division (OISMD)
	1.5. Review and endorse application to Director		1 working day/s, 4 hour/s	Assistant Director; Oil Industry Management Bureau (OIMB)
	1.6. Approval of CFAR and letter of registration		1 working day/s, 4 hour/s	Director; Oil Industry Management Bureau (OIMB)
	1.7. Endorse approved CFAR and letter of registration to OISMD		1 hour/s	Administrative Staff; OIMB, Office of the Director
General Remarks 1. Please keep your proof of payment or official receipt after payment, as it is required for submission to the Oil Industry Standards and Monitoring Division (OISMD). 2. Clients will be notified via email once the original copies are available for release and pick-up. 3. Once the application has been approved, the client must submit the quarterly report using Annex 2 – OIMB Schedule VII A Template. This report should be submitted no later than the end of the month following the reporting period, as part of the client's obligations per DC 2007-02-0001 or the Guidelines Implementing the Registration of Fuel Additives under Republic Act Nos. 8479 & 8749.

External Services

1. OIMB-OICMD01 Issuance of Acknowledgement for the NOTICE TO ENGAGE in the Downstream Oil Industry – Liquid Petroleum Products

DOE-OIMB issuance of Certificate of Registration to DOE-Regulated Industry participants which shall refer to Refiner, Importer, Bulk Distributor, Own User and Terminal and/or Depot Owner/Lessor pursuant to Department Circular 2021-09-0029

Office or Division:	Oil Industry Competition and Monitoring Division (OICMD)	
Classification:	Complex	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	Entities intending to engage as Importer, Refiner, Bulk Distributor, and Terminal and/or Depot Owner/Lessor.	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Notarized Application Form - Annex A (1) Original Copy	Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)	
<i>Remarks:</i> Please refer to the link: https://tinyurl.com/OICMD-NTEBLPP		
2. Checklist of Requirements - Annex A-1 (1) Original Copy	Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)	
<i>Remarks:</i> Please refer to the link: https://tinyurl.com/OICMD-NTEBLPP		
3. Company Profile Form – Annex A-2 (1) Original Copy	Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)	
4. Refinery Profile – Annex A-3 (1) Original Copy	Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)	
<i>Remarks:</i> Please refer to the link: https://tinyurl.com/OICMD-NTEBLPP		
5. Import Terminal / Depot Profile – Annex A-4 (1) Original Copy	Department of Energy (DOE) - Oil Industry Management Bureau	

	(OIMB) Oil Industry Competition and Monitoring Division (OICMD)
<i>Remarks:</i> Please refer to the link: https://tinyurl.com/OICMD-NTEBLPP	
6. List of Transport Motor Vehicle – Annex A-5 (1) Original Copy	Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)
<i>Remarks:</i> Please refer to the link: https://tinyurl.com/OICMD-NTEBLPP

<i>Remarks:</i> Please refer to the link: https://tinyurl.com/OICMD-NTEBLPP	
8. Attached Supporting Documents (1) Certified True Copy	Applicant / Client
Sub Requirement	
<i>8.A. Supporting documents for Refiner, Importer, Bunker Trader or Own User</i>	
8.A.1. Executive briefer of operation (1) Certified True Copy	Applicant / Client
8.A.2. Business registration for the applied business activity from the Securities and Exchange Commission or Department of Trade and Industry (whichever is applicable) (1) Certified True Copy	Securities and Exchange Commission (SEC) or Department of Trade and Industry (DTI) - Company Registration and Monitoring Department (SEC) / Business Registration Office (DTI)
8.A.3. Articles of Incorporation if SEC registered or its equivalent if DTI registered (1) Certified True Copy	Securities and Exchange Commission (SEC) - Company Registration and Monitoring Department
8.A.4. Latest GIS if SEC registered or its equivalent if DTI registered (1) Certified True Copy	Securities and Exchange Commission (SEC) - Company Registration and Monitoring Department
8.A.5. Business permit for the applied business activity from the Local Government Unit or PEZA Certificate of Registration (1) Certified True Copy	Local Government Unit (LGU) / Philippine Economic Zone Authority (PEZA) - Office of the Municipality Mayor / Business Permit and Licensing Office (BPLO)

8.A.6. Certificate of accreditation as Importer from the Bureau of Customs (1) Certified True Copy	Bureau of Customs - Office of the District Collector
8.A.7. Bureau of Internal Revenue (BIR) permits (1) Certified True Copy	Bureau of Internal Revenue (BIR) - Large Taxpayers Office / Revenue District Office
Sub Requirement	
<i>8.A.7.A. BIR registration for the applied business activity</i>	
<i>8.A.7.B. Permit to import petroleum products subject to Excise Tax</i>	
<i>8.A.7.C. Permit to operate storage facility/ies</i>	
8.A.8. Official Receipt and Certificate of Registration per motor vehicle from the Land Transportation Office (1) Certified True Copy	Land Transportation Office (LTO) - Registration Division
8.A.9. Conveyance Permit per motor vehicle from the Bureau of Fire Protection (1) Certified True Copy	Bureau of Fire Protection (BFP) - Fire Safety Enforcement Division (FSED)
8.A.10. Calibration Certificate per bulk motor vehicle(lorry tank) from the Department of Science and Technology (1) Certified True Copy	Department of Science and Technology (DOST) - National Metrology Laboratory of the Philippines (NML)
8.A.11. Ship Registry and Safety Certificates per marine vessel from the Maritime Industry Authority (1) Certified True Copy	Maritime Industry Authority (MARINA) - Ship Registration and Licensing Division (SRLD) / Ship Safety Division
<i>8.B. Supporting documents for Bulk Distributor</i>	
8.B.1. Executive briefer of operation (1) Certified True Copy	Applicant / Client
8.B.2. Business registration for the applied business activity from the Securities and Exchange Commission or Department of Trade and Industry (whichever is applicable) (1) Certified True Copy	Securities and Exchange Commission (SEC) or Department of Trade and Industry (DTI) - Company Registration and Monitoring Department (SEC) / Business Registration Office (DTI)
8.B.3. Articles of Incorporation if SEC registered or its equivalent if DTI registered (1) Certified True Copy	Securities and Exchange Commission (SEC) - Company Registration and Monitoring Department
8.B.4. Latest GIS if SEC registered or its equivalent if DTI registered (1) Certified True Copy	Securities and Exchange Commission (SEC) - Company Registration and Monitoring Department
8.B.5. Business permit for the applied business activity from the Local Government Unit or PEZA Certificate of Registration (1) Certified True Copy	Local Government Unit (LGU) / Philippine Economic Zone Authority (PEZA) - Office of the Municipality Mayor / Business

	Permit and Licensing Office (BPLO)
8.B.6. Official Receipt and Certificate of Registration per motor vehicle from the Land Transportation Office (1) Certified True Copy	Land Transportation Office (LTO) - Registration Division
8.B.7. Conveyance Permit per motor vehicle from the Bureau of Fire Protection (1) Certified True Copy	Bureau of Fire Protection (BFP) - Fire Safety Enforcement Division (FSED)
8.B.8. Calibration Certificate per bulk motor vehicle(lorry tank) from the Department of Science and Technology (1) Certified True Copy	Department of Science and Technology (DOST) - National Metrology Laboratory of the Philippines (NML)
8.B.9. Ship Registry and Safety Certificates per marine vessel from the Maritime Industry Authority (1) Certified True Copy	Maritime Industry Authority (MARINA) - Ship Registration and Licensing Division (SRLD) / Ship Safety Division
8.B.10. BIR registration for the applied business activity (1) Certified True Copy	Bureau of Internal Revenue (BIR) - Large Taxpayers Office / Revenue District Office
8.B.11. BIR permit to operate storage facility/ies (1) Certified True Copy	Bureau of Internal Revenue (BIR) - Large Taxpayers Office / Revenue District Office
<i>8.C. Supporting documents for Terminal Owner/Lessor</i>	
8.C.1. Executive briefer of operation (1) Certified True Copy	Applicant / Client
8.C.2. Business registration for the applied business activity from the Securities and Exchange Commission or Department of Trade and Industry (whichever is applicable) (1) Certified True Copy	Securities and Exchange Commission (SEC) or Department of Trade and Industry (DTI) - Company Registration and Monitoring Department (SEC) / Business Registration Office (DTI)
8.C.3. Articles of Incorporation if SEC registered or its equivalent if DTI registered (1) Certified True Copy	Securities and Exchange Commission (SEC) - Company Registration and Monitoring Department
8.C.4. Latest GIS if SEC registered or its equivalent if DTI registered (1) Certified True Copy	Securities and Exchange Commission (SEC) - Company Registration and Monitoring Department
8.C.5. Business permit for the applied business activity from the Local Government Unit or PEZA Certificate of Registration (1) Certified True Copy	Local Government Unit (LGU) / Philippine Economic Zone Authority (PEZA) - Office of the Municipality Mayor / Business Permit and Licensing Office (BPLO)
8.C.6. BIR registration for the applied business activity (1) Certified True Copy	Bureau of Internal Revenue (BIR) - Large Taxpayers Office /

	Revenue District Office
8.C.7. BIR permit to operate storage facility/ies (1) Certified True Copy	Bureau of Internal Revenue (BIR) - Large Taxpayers Office / Revenue District Office
<i>8.D. Additional supporting documents if the office building, storage and blending facility are owned by the applicant</i>	
8.D.1. Site, refinery, terminal, storage and blending facility layout plan with sufficient description and supported by blueprint copy with legend (1) Certified True Copy	Applicant / Client
8.D.2. Fire prevention and response manual (1) Certified True Copy	Applicant / Client
8.D.3. Petroleum product and biofuel onshore (land) spill prevention and response manual (1) Certified True Copy	Applicant / Client
8.D.4. Petroleum product and biofuel offshore (water) spill prevention and response manual (1) Certified True Copy	Applicant / Client
8.D.5. Environmental compliance certificate per establishment from the Department of Environment and Natural Resources (1) Certified True Copy	Department of Environment and Natural Resources (DENR) - Environmental Management Bureau / Environmental Impact Assessment and Management Division
8.D.6. Fire safety inspection certificate per establishment from the Bureau of Fire Protection (1) Certified True Copy	Bureau of Fire Protection (BFP) - Municipal Fire Marshall
8.D.7. Occupancy permit per establishment from the Local Government Unit (1) Certified True Copy	Local Government Unit (LGU) - Office of the Building Official (OBO)
<i>8.E. Additional Supporting Documents if the office building, storage and blending facility, transport vehicle or vessel are leased by the applicant</i>	
8.E.1. Valid lease agreement with the owner/operator of the site, office, storage and blending facilities (1) Certified True Copy	Applicant / Client
8.E.2. Valid transport contract with an Independent LPP and/or LPG Hauler (1) Certified True Copy	Applicant / Client
8.E.3. Site, refinery, terminal, storage and blending facility layout plan with sufficient description and supported by blueprint copy with legend (1) Certified True Copy	Applicant / Client
8.E.4. Fire prevention and response manual (1) Certified True Copy	Applicant / Client
8.E.5. Petroleum product and biofuel onshore (land) spill prevention and response manual (1) Certified True Copy	Applicant / Client

8.E.6. Petroleum product and biofuel offshore (water) spill prevention and response manual (1) Certified True Copy	Applicant / Client
8.E.7. Environmental compliance certificate per establishment from the Department of Environment and Natural Resources (1) Certified True Copy	Department of Environment and Natural Resources (DENR) - Environmental Management Bureau / Environmental Impact Assessment and Management Division
8.E.8. Fire safety inspection certificate per establishment from the Bureau of Fire Protection (1) Certified True Copy	Bureau of Fire Protection (BFP) - Municipal Fire Marshall
8.E.9. Occupancy permit per establishment from the Local Government Unit (1) Certified True Copy	Local Government Unit (LGU) - Office of the Building Official (OBO)
9. Notarized company secretary's certificate for authorized representative and signatory (1) Certified True Copy	Applicant / Client
10. Proof of payment of application fee (1) Certified True Copy	Department of Energy (DOE) - Treasury Division

Remarks:

The Order of Payment will be generated by the DOE Accounting Division and will be sent to your respective email.

Once received, you may settle your payments at the DOE Cashier. For payments done thru direct bank deposits or online, please make sure to secure an official receipt from our Treasury Department.

Processing Fee : Php 1400.00

Account Name : DOE Trust Fund

Account Number : 3982-1098-59

Bank Address : Land Bank of the Philippines- Energy Center Branch

Swift Code : TLBPPHMM

Beneficiary Address : Department of Energy, Energy Center, BGC, Taguig City

Once payment is settled, kindly send to us the Official Receipt prior to the processing of the acknowledgement letter.

3. OIMB-OICMD03 Issuance of Certificate of Accreditation as a Downstream Oil Industry (DOI) Biofuel Participant

DOE-OIMB issuance of Certificate of Accreditation to qualified DOE-Regulated Refiner or Importer of Gasoline or Diesel. Included likewise are OWN USERS who import Gasoline or Diesel for own use pursuant to Department Circular DC No. 2021-06-0014.

Office or Division:	Oil Industry Competition and Monitoring Division (OICMD)	
Classification:	Complex	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	Fully complied entities to the Prior Notice Requirements for Business Engagement in the Downstream Oil Industry with the following activities: 1. All Refiners and Importers who are engaged in the sale of gasoline and diesel in the Philippines; 2. Refiners and Importers who are engaged in the importation of bioethanol for domestic sale to other Importers or Refiners; Own users who import gasoline or diesel for own use.	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Written request for Accreditation (1) Original Copy		Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)
<i>Remarks:</i> <i>Annex A for New Applications while Annex B for Renewal</i> <i>Please refer to the attached link for the softcopy of the said requirement: https://tinyurl.com/OICMD-CARB</i>		
2. DOE acknowledgment letter indicating that the Applicant is a duly acknowledged DOI Participant pursuant to Section 5, Chapter II of the Downstream Oil Industry Deregulation Act of 1998 (1) Certified True Copy		Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)
3. Permit to operate as Importer of excisable article specifically petroleum products (Gasoline and/or Diesel) issued by Bureau of Internal Revenue (BIR) (1) Certified True Copy		Bureau of Internal Revenue (BIR) - Large Taxpayers Office
4. Permit to produce Bioethanol-blended Gasoline (E Gasoline) and/or FAME-Blended Diesel Oil (B2) issued by BIR (1) Certified True Copy		Bureau of Internal Revenue (BIR) - Large Taxpayers Office

5. Permit to operate storage facility with enumeration of dedicated tank ID number, location, capacity and product content each for biofuel, Gasoline and Diesel issued by BIR (1) Certified True Copy		Bureau of Internal Revenue (BIR) - Large Taxpayers Office		
6. Notarized undertaking of the availability of blending facility, either owned or on lease, attached with lay out plan with corresponding pictures (1) Original Copy		Applicant / Client		
7. List of retail outlets, either company owned, on joint venture or on supply contract. If on joint venture or supply contract only, please submit the Certified True Copy of the joint venture or supply agreement with the retail outlets owner/operator (1) Original Copy		Applicant / Client		
8. Proof of Payment of Application Fee (1) Original Copy		Department of Energy - Treasury Division		
<i>Remarks:</i> <i>The Order of Payment will be generated by the DOE Accounting Division and will be sent to your respective email.</i> <i>Once received, you may settle your payments at the DOE Cashier. For payments done thru direct bank deposits or online, please make sure to secure an official receipt from our Treasury Department.</i> <i>Processing Fee : Php 1000.00</i> <i>Account Name : DOE Trust Fund</i> <i>Account Number : 3982-1098-59</i> <i>Bank Address : Land Bank of the Philippines- Energy Center Branch</i> <i>Swift Code : TLBPPHMM</i> <i>Beneficiary Address : Department of Energy, Energy Center, BGC, Taguig City</i> <i>Once payment is settled, kindly send to us the Official Receipt prior to the processing of the acknowledgement letter.</i>				
9. If the applicant is a representative of the corporation/company; Secretary's Certificate (for corporation) or notarized Authorization Letter (for company) shall be required indicating that the applicant/person is authorized to transact with DOE on behalf of the corporation/company. (1) Original Copy		Applicant / Client		
10. For first time Gasoline Refiner or Importer, a projected initial volume of neat gasoline that will require Bioethanol blending for the covered quarter (presented by month) as basis for the issuance of LMA. This should be supported by either: (a) confirmation letter from any Bioethanol producer of the availability of sufficient Bioethanol to cover the required volume for blending which should be in excess of the committed volume already reported to DOE-Renewable Energy Management Bureau (REMB) or (b) confirmation letters from all Bioethanol producers that there is no such available excess hence importation will be allowed (1) Original Copy		Applicant / Client

4. OIMB-OICMD04 Issuance of DOE Endorsement for BOI Registration of the Downstream Oil Industry under Republic Act 8479

ISO 9001:2015 Certified

DOE-OIMB issuance of endorsement for Board of Investments (BOI) Registration to fully complied entities to the Prior Notice Requirements for Business Engagement in the Downstream Oil Industry under the Republic Act 8479.

Office or Division:	Oil Industry Competition and Monitoring Division (OICMD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	Fully complied entities to the Prior Notice Requirements for Business Engagement in the Downstream Oil Industry	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Acknowledgement Letter for the Compliance of Prior Notice Requirement for Business Engagement in the Downstream Oil Industry (1) Certified True Copy		Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)
2. Written Request for Endorsement (1) Original Copy		Department of Energy (DOE) - Oil Industry Management Bureau (OIMB) Oil Industry Competition and Monitoring Division (OICMD)
<i>Remarks:</i> <i>Annex A</i> <i>Please refer to the attached link for the softcopy of the said requirement: https://tinyurl.com/OICMD-BOIR</i>		
3. Detailed description of the project to be registered, indicating the timeframe, and target date of operation (1) Original Copy		Applicant / Client
<i>Remarks:</i> <i>Give detailed information</i>		
4. Investment plan indicating the project cost and the list of facilities/ equipment for which incentives may be availed of (1) Original Copy		Applicant / Client
<i>Remarks:</i> <i>Give detailed list of the cost of investment</i>		

5. Secretary's Certificate (for corporation) or notarized Authorization Letter (for company) shall be required indicating that the applicant/person is authorized to transact with DOE on behalf of the corporation/company (1) Original Copy	Applicant / Client
6. Official Receipt (1) Photo Copy	Department of Energy - Treasury Division

Remarks:

The Order of Payment will be generated by the DOE Accounting Division and will be sent to your respective email.

Once received, you may settle your payments at the DOE Cashier. For payments done thru direct bank deposits or online, please make sure to secure an official receipt from our Treasury Department.

Processing Fee : Php 1000.00

Account Name : DOE Trust Fund

Account Number : 3982-1098-59

Bank Address : Land Bank of the Philippines- Energy Center Branch

Swift Code : TLBPPHMM

Beneficiary Address : Department of Energy, Energy Center, BGC, Taguig City

Once payment is settled, kindly send to us the Official Receipt prior to the processing of the acknowledgement letter.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submit application to OIMB/OICMD with copy of Official Receipt Location: PNOC Bldg. 5, 3rd Floor, Energy Center, Rizal Drive, BGC, Taguig City Notes/Instruction: A receiving copy shall be provided to the client as reference for receipt of submitted application.	1.1. Receive application	None	4 hour/s	Administrative Aide; Oil Industry Management Bureau (OIMB)
	1.2. Assign to the respective processor		4 hour/s	Supervising Science Research Specialist; Oil Industry Competition and Monitoring Division (OICMD)
	1.3. Evaluate/process application and prepare the necessary output documents and endorse the evaluated application to the Supervising Science		9 working day/s	Science Research Specialist; Oil Industry Competition and Monitoring

	Research Specialist for review.		Division (OICMD)
	1.4. Review and endorse the evaluated application to the Chief Science Research Specialist for approval.	3 working day/s	Supervising Science Research Specialist; Oil Industry Competition and Monitoring Division (OICMD)
	1.5. Review and endorse the evaluated application to the Assistant Director for approval.	2 working day/s	Chief Science Research Specialist; Oil Industry Competition and Monitoring Division (OICMD)
	1.6. Review and endorse the evaluated application to the Director for approval.	2 working day/s	Assistant Director; Oil Industry Management Bureau (OIMB)
	1.7. Director to review and approve the Endorsement Certificate (EC) to BOI and Acknowledgement letter.	1 working day/s, 4 hour/s	Director; Oil Industry Management Bureau (OIMB)
	1.8. Administrative Aide to release the Endorsement Certificate (EC) to BOI and Acknowledgement letter.	1 working day/s, 4 hour/s	Administrative Aide; Oil Industry Competition and Monitoring Division (OICMD)
Total Processing Time:		Working Days: 20 working day/s	
Total Processing Fee:		Total Standard Fee: None	

5. OIMB-OICMD06 Issuance of DOE Endorsement for BOI Incentives Availment of the Downstream Oil Industry under Republic Act 8479

3. Certificate of Quality with the denaturant used and dosage tested at load port in compliance with the Philippine National Standards and submitted by Refiner or Importer (1) Certified True Copy And (1) Photo Copy Or (1) Electronic Copy		Applicant / Client
<i>Remarks:</i>		

Provided by supplier

4. Online Biofuel Compliance Reconciliation Forms (1) Electronic Copy	Department of Energy - Oil Industry Management Bureau (OIMB) - Oil Industry Competition and Management Division (OICMD)
--	---

Remarks:

For Imported Bioethanol:

Accredited Downstream Oil Industry (DOI) Biofuel Participants shall notify OIMB through electronic mail at osmes.notices@doe.gov.ph and ensure that their respective reconciliation forms are accurate, complete, and regularly updated the following templates:

- *Annex B - Ethanol Compliance Reconciliation Form [SAMPLE Annex B — Ethanol Compliance Reconciliation Report.xlsx](#)*

To be secured from OIMB-OICMD via shared drive.

5. Official Receipt (OR) (1) Photo Copy Or (1) Electronic Copy	Department of Energy - Treasury Division
---	--

Remarks:

The Order of Payment will be generated by the DOE Accounting Division and will be sent to your respective email.

Once received, you may settle your payments at the DOE Cashier. For payments done thru direct bank deposits or online, please make sure to secure an official receipt from our Treasury Department.

Processing Fee : Php 980.00

Account Name : DOE Trust Fund

Account Number : 3982-1098-59

Bank Address : Land Bank of the Philippines- Energy Center Branch

Swift Code : TLBPPHMM

Beneficiary Address : Department of Energy, Energy Center, BGC, Taguig City

Once payment is settled, kindly send to us the Official Receipt prior to the processing of the acknowledgement letter.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submit application to OIMB with copy of official receipt Location: 3rd Floor PNOC Bldg. 5, Energy Center, Rizal Drive cor. 34th St.,	1.1. Receive application, assign a unique transaction number, and forward to the respective section/personnel.	None	4 hour/s	Administrative Aide VI; Oil Industry Competition and Monitoring Division (OICMD)

Bonifacio Global City, Taguig. For Online filling, send your applications with complete and correct documentary requirements to osmes.notices@doe.gov.ph	1.2. Process application and prepare Acknowledgement letter.	2 working day/s	Science Research Specialist; Oil Industry Competition and Monitoring Division (OICMD)
	1.3. Review, evaluation, and endorsement to the Office of the Division Chief and to Bureau Director.	4 hour/s	Supervising Science Research Specialist; Oil Industry Competition and Monitoring Division (OICMD)
	1.4. Review, evaluate, and endorsement of the Acknowledgment Letter to the Office of the Bureau Director.	1 working day/s	Division Chief; Oil Industry Competition and Monitoring Division (OICMD)
	1.5. Review and endorse application for Director's approval.	1 working day/s	Assistant Director; OIMB, Office of the Director
	1.6. Approval of Acknowledgement Letter.	1 working day/s	Director; OIMB, Office of the Director
	1.7. Endorsed approved Acknowledgement Letter to respective division.	4 hour/s	Administrative Aide II; OIMB, Office of the Director
	1.8. Scan the approved Acknowledgement letter and inform the applicant that it is available for release.	4 hour/s	Administrative Aide VI; Oil Industry Competition and Monitoring Division (OICMD)
General Remarks a. The applicant should be a registered Downstream Oil Industry participant. b. Gasoline importers should have an issued Certificate of Accreditation as a Downstream Oil Industry			

(DOI) Biofuel Participant.

c. LMA balance for the previous quarter should be complied with the submission of corresponding attachments i.e. Certificate of Sale, Sales Invoice, etc.

d. Submitted Notice to Purchase Locally-Sourced Bioethanol for the period

e. Prior to endorsement for approval, evaluation/assessment will be done based on the submitted notice to import of gasoline and the projected sales of E-Gasoline for the applied quarter.

f. Amendment of any details to the previously received and/or processed notice application shall be treated as a new application, subject to submission of correct, updated and complete documentary requirements, including the original signed copy of the acknowledgement letter. Processing time is seven (7) working days.

This notice application must indicate the details of the Downstream Oil Industry (DOI) Biofuel Participant and the shipment details of the bioethanol to be imported. It will be submitted to the OIMB with complete documentary attachments before the date of arrival. The Bureau shall correspondingly issue an Acknowledgement of Notice to Import Bioethanol within seven (7) working days from receipt of complete application.

Total Processing Time:	Working Days: 7 working day/s
Total Processing Fee:	Total Standard Fee: None

13. OIMB-OICMD14 Issuance of Acknowledgement to Notice to Sell or Purchase Imported Bioethanol

This Revised Circular shall apply to all Refiners and Importers who are engaged in the sale of Gasoline and Diesel in the Philippines. These Refiners or Importers may, in addition, engage in the importation of Bioethanol for domestic sale to other Importers or Refiners. Included likewise are Own Users who import Gasoline or Diesel for Own Use pursuant to Department Circular No. DC2021-06-0014.

Office or Division:	Oil Industry Competition and Monitoring Division (OICMD)	
Classification:	Complex	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)	
Who may avail:	Registered downstream oil industry biofuel participant accredited to the Biofuels Program of the government.	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE

For Standard Requirement		
1. Documentary Requirements		
This consists of legal, technical and financial documentation.		
Sub Requirement		
1.A. Legal Documentation		
1.A.1. Duly filled-out covering information sheet showing a brief profile of the Applicant (Annex A-1) (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client	
Remarks: Use Annex A-1 General Information Sheet		
1.A.2. Certified true copy of Securities and Exchange Commission registration, Articles of Incorporation and By-Laws or their equivalent for foreign - registered Applicant. The corporate purpose of the Applicant shall include authority to own and operate a PDNGI facility (1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	Securities and Exchange Commission (SEC) - Issuing Unit	
1.A.3. Certified true copy of the latest General Information Sheet (GIS) of the Applicant stamped-received by the SEC within twelve (12) months from date of the filing of application (1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	Securities and Exchange Commission (SEC) - Issuing Unit	
1.A.4. Certified true copy of Secretary's Certificate showing authority of the Applicant's representative to apply, negotiate,	Securities and Exchange Commission (SEC) - Issuing Unit	

sign, and execute documents in relation to the application (1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	
1.B. Technical Documentation	
1.B.1. Applicant Profile (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This is an executive report indicating the following:</i> <i>A. Applicant</i> <i>1. Executive summary of the business operation of the Applicant;</i> <i>2. List of executive officers and their professional qualification and experience;</i> <i>3. List of project management team and their professional qualification and experience;</i> <i>4. Organizational chart of the executive officers and the project management team;</i> <i>5. Business direction and strategy; and</i> <i>6. Major accomplishments in the PDNGI Industry.</i> <i>B. Profile of the Applicant's Affiliates and joint venture</i> <i>1. Legal identity and business operation of the Applicant's Affiliates and joint ventures;</i> <i>2. List of executive officers and their professional qualification and experience;</i> <i>3. List of project management team and their professional qualification and experience;</i> <i>4. Organizational chart of the executive officers and the project management team;</i> <i>5. Specific expertise of the Affiliate or joint venture that will be contributed to the project; and</i> <i>6. Major accomplishments of the Affiliate or joint venture in the specific expertise to be contributed to the project.</i> <i>C. Applicant, its Affiliates, and joint venture disclosure of any pending or finally determined major safety or environmental enforcement actions by relevant authorities; and</i> <i>D. Other information that the Applicant may deem necessary to support its application or as may be required by the DNG-REC and as stipulated in Section 7- Documentary Requirements of Department Circular No. DC2025-04-0005.</i>	
1.B.2. Project Profile (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This contains the following:</i> <i>A. General project description;</i> <i>B. Description of project site;</i> <i>Applicant shall comply with the following minimum requirements:</i> <i>1. Classified as heavy industrial zone; and</i> <i>2. Adequate exclusion zone.</i> <i>C. List of permitting requirements to be secured from the Government by the Applicant before construction;</i> <i>D. List of technical studies to be prepared by the Applicant before construction; and</i>	

E. Other pre-construction preparatory activities.

1.C. Financial Documentation

1.C.1. Work program and budget

(1) Original Copy And (2) Photo Copy And (1) Electronic Copy

Applicant / Client

Remarks:

This must indicate the following:

- 1. Acquisition or lease of project location/site;*
- 2. Permitting activities;*
- 3. Technical studies; and*
- 4. Other pre-construction preparatory activities*

1.C.2. Financial Documents

(1) Original Copy And (2) Photo Copy And (1) Electronic Copy

Applicant / Client

Remarks:

This contains the following:

A. Certified true copy of the audited Financial Statements (FS) for the last two (2) years from the date of the Application and the latest unaudited FS duly signed by the President and/or Chief Finance Officer of the company if the audited FS is more than six (6) months at the time of application filing;

B. Original copy of the bank certification on the cash balance of the latest unaudited FS;

C. Board resolution appropriating funds for the work program; and

D. If the committed working capital is insufficient, the Applicant may avail any of the following support funding:

1. Additional funding from equity: Certified true copy of the Corporate Secretary's certification of the committed additional paid-in capital supported by original copy of sworn letter of commitment from interested shareholders;

2. Funding support from the Parent Company:

- A certified true copy of the audited FS for the last two (2) years from the date of the application and the latest unaudited FS duly signed by the President and/or Chief Finance Officer of the company if the audited FS is more than six (6) months at the time of application filing;*
- Original copy of the bank certification on the cash balance of the latest unaudited FS; and*
- Certified true copy of notarized board resolution appropriating fund based on its corresponding participating interest.*

3. Funding support from debt financing: Certified true copy of approved loan facility or agreement specifically earmarked to fund the proposed work program.

1.C.3. Proposed Financial Closing methodology for the proposed PDNGI facility construction

(1) Original Copy And (2) Photo Copy And (1) Electronic Copy

Applicant / Client

1.C.4. Financial evaluation criteria

The working capital as computed based on the submitted financial documentation and the support funding shall be able to support one hundred percent (100%) of the proposed work program.

2. Official Receipt of the Payment of Fees
(1) Photo Copy

Department of Energy - Treasury
Division

Remarks:

Total Fees: PHP 150,000

1.A.5. Fire Safety Evaluation Clearance from the Bureau of Fire Protection (BFP)	Department of Interior and Local Government - Bureau of Fire	

(1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	Protection
1.A.6. Other permits may be required by law or rules as stipulated in Section 7 Annex A of Department Circular No. DC2025-04-0005 (Documentary Requirements) (1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.B. Technical Documentation	
1.B.1. Final Project Description (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This contains the following:</i> 1. Description of the PDNGI Facility for construction and installation; 2. Plot plans and list of key buildings, components, systems, access roads, safety zones and distances; 3. Description of the functions of key buildings, components, systems, access roads, safety zones and distances; 4. List and description of technologies to be employed in the construction and installation; 5. Summary list with sufficient description of the Philippine or Internationally Accepted Codes and Standards specifically used as basis on the formulation of the plans and designs for the construction of buildings and other facilities and the installation of equipment including the materials used therein; and 6. Other relevant detailed engineering design information as stipulated in Section 7 Annex A of Department Circular No. DC2025-04-0005 (Documentary Requirements)	
1.B.2. Execution program (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This contains the following:</i> 1. Work program and budget attached with Gantt Chart; 2. Detailed construction and installation work per activity with timelines of procurement and delivery indicating the start and completion date for each milestone; 3. Pre-commissioning and commissioning tests and start up for works and milestones; and 4. Description of the progress measurement system and method applied to monitor progress of the project. The Applicant shall use scheduling tools for ease of project progress and schedule monitoring (i.e. XER or MPT).	
1.B.3. Detailed description of the professional qualifications and experience of the project management team for construction, installation, testing and commissioning attached with an organizational chart indicating the groups/sections and their roles, functions, scope of work, etc (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.B.4. Detailed description of manpower complement (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.B.5. Third-party safety and quality validation (1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client

<i>Remarks:</i> <i>This contains the following:</i> 1. Safety and Quality Certificate on the design of the buildings, other facilities, and equipment to be installed; and 2. Safety and Quality Certificate of the materials to be used on the construction, facilities, and equipment.	
1.B.6. Environmental (land, air, water and people) impact identification, prevention and mitigation assessment report of the proposed infrastructure and processes on the proposed site consistent with the Philippine Environmental Impact Statement System (EISS) Law and its implementing rules (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.B.7. Geologic, oceanographic, seismic, atmospheric, and security hazard identification, prevention and mitigation assessment report (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This contains but not limited the following:</i> 1. Offshore Wind and Wave Study; 2. Wave Transformation Modeling Study; 3. Hydrodynamic (Flow) Modeling Study; 4. Navigational Simulations (Fast-time); 5. Simplified Downtime Assessment; 6. Tsunami Modeling Study; 7. Typhoon Modeling Study; 8. Quantitative Risk Assessment; and 9. Other related studies;	
1.B.8. Health, Safety, Security and Environment (HSSE) Risk Assessment and Management Plan (Construction and Equipment Installation Phase) (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This contains the following:</i> 1. Environmental Risk Assessment and Management Plan 2. Occupational Health and Safety Risk Assessment and Management Plan 3. Facility Security Risk Assessment and Management Plan 4. Disaster/Emergency Preparedness and Response Plan 5. Other areas of concern that the Permit Holder may deem necessary.	
1.C. Financial Documentation	
1.C.1. Work program and budget (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This indicates the following:</i>	

1. Permitting activities;
2. Construction, installation, testing and commissioning; and
3. Other related activities

1.C.2. Financial documents

(1) Original Copy And (2) Photo Copy And (1) Electronic Copy

Applicant / Client

Remarks:

This contains the following:

1. Certified true copy of the audited Financial Statements (FS) for the last two (2) years from the date of the Application and the latest unaudited FS duly signed by the President and/or Chief Finance Officer of the company if the audited FS is more than six (6) months at the time of application filing;
2. Original copy of the bank certification on the cash balance of the latest unaudited FS;
3. Board resolution appropriating funds for the work program; and
4. If the committed working capital is insufficient, the Applicant may avail any of the following support funding:

a. Additional funding from equity: Certified true copy of the Corporate Secretary's certification of the committed additional paid-in capital supported by original copy of sworn letter of commitment from interested shareholders

b. Funding support from the Parent Company:

- A certified true copy of the audited FS for the last two (2) years from the date of the application and the latest unaudited FS duly signed by the President and/or Chief Finance Officer of the company if the audited FS is more than six (6) months at the time of application filing;
- Original copy of the bank certification on the cash balance of the latest unaudited FS; and
- Certified true copy of notarized board resolution appropriating fund based on its corresponding participating interest.

c. Funding support from debt financing: Certified true copy of approved loan facility or agreement specifically earmarked to fund the proposed work program

1.C.3. Financial Evaluation Criteria

The working capital as computed based on the submitted financial documentation and the support funding shall be able to support one hundred percent (100%) of the proposed work program.

2. Official Receipt of the Payment of Fees
(1) Photo Copy

Department of Energy - Treasury Division

Remarks:

Total Fees: PHP 150,000

6. OIMB-NGMD06 Issuance of PERMIT TO OPERATE AND MAINTAIN (POM) for Downstream Natural Gas Facilities

Department Circular No.: [DC2025-04-0005](#)

The permit authorizes the proponent the operation and maintenance of the completed construction of the proposed Downstream Natural Gas Facilities.

Office or Division:	Natural Gas Management Division (NGMD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Entities intending to operate and maintain Downstream Natural Gas Facilities	
Operating Hours:	8:00 AM - 5:00 PM	
Statute:	Republic Act 12120 (Philippine Natural Gas Industry Development Act)	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Documentary Requirements		
This consists of legal, technical and financial documentation.		
Refer to Annex A: Guidelines on the Issuance of Permits per DC2025-04-0005		
Sub Requirement		
1.A. Legal Documentation		
1.A.1. Updated and applicable regulatory permits from the DENR which includes the ECC (3) Photo Copy And (1) Electronic Copy	Department of Environment and Natural Resources (DENR) - Environmental Management Bureau	
1.A.2. Updated Business Permits for Operation from the LGU (3) Photo Copy And (1) Electronic Copy	Local Government Unit (LGU), where the facility is located - Issuing Unit	
1.A.3. Updated Registration and Permit to Operate from the DOLE (3) Photo Copy And (1) Electronic Copy	Department of Labor and Employment (DOLE) - Issuing Unit	
1.A.4. Updated Fire Safety Inspection Certificate from the Bureau of Fire Protection (3) Photo Copy And (1) Electronic Copy	Department of Interior and Local Government - Bureau of Fire Protection	
1.A.5. Other permits may be required by law or rules and as stipulated in Section 7 Annex A of Department Circular No. DC2025-04-0005 (Documentary Requirements) (3) Photo Copy And (1) Electronic Copy	Applicant / Client	
1.B. Technical Documentation		

1.B.1. Completion requirement (1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This consists of the following:</i> 1. Mechanical completion certificate issued by the EPC contractor and concurred to by the Permit Holder; 2. Final testing and commissioning certificate issued by the EPC contractor and concurred to by the Permit Holder; and 3. Final project completion acceptance certificate issued by the EPC contractor and concurred to by the Permit Holder	
1.B.2. Final plot plans and list of key buildings, components, systems, access roads, safety zones and distances (1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.B.3. Description of the functions of key buildings, components, systems, access roads, safety zones and distances (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.B.4. Operational process flow with diagram (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.B.5. HSSE Risk Assessment and Management Plan (Operation Phase) (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This contains the following:</i> 1. Environmental Risk Assessment and Management Plan 2. Occupational Health and Safety Risk Assessment and Management Plan 3. Facility Security Risk Assessment and Management Plan 4. Disaster/ Emergency Preparedness and Response Plan 5. Corporate Social Responsibility Program 6. Other areas of concern that the Permit Holder may deem necessary	
1.B.6. Description and schedule of maintenance activities (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.C. Financial Documentation	
1.C.1. Proposed operation and maintenance work program and budget for the first year of operation (1) Original Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
1.C.2. Financial Documents (1) Certified True Copy And (2) Photo Copy And (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This contains the following:</i>	

1. Certified true copy of the audited Financial Statements (FS) for the last two (2) years from the date of the Application and the latest unaudited FS duly signed by the President and/or Chief Finance Officer of the company if the audited FS is more than six (6) months at the time of application filing;
2. Original copy of the bank certification on the cash balance of the latest unaudited FS;
3. Board resolution appropriating funds for the work program; and
4. If the committed working capital is insufficient, the Applicant may avail any of the following support funding:

a. Additional funding from equity: Certified true copy of the Corporate Secretary's certification of the committed additional paid-in capital supported by original copy of sworn letter of commitment from interested shareholders

b. Funding support from the Parent Company:

- A certified true copy of the audited FS for the last two (2) years from the date of the application and the latest unaudited FS duly signed by the President and/or Chief Finance Officer of the company if the audited FS is more than six (6) months at the time of application filing;
- Original copy of the bank certification on the cash balance of the latest unaudited FS; and
- Certified true copy of notarized board resolution appropriating fund based on its corresponding participating interest

c. Funding support from debt financing: Certified true copy of approved loan facility or agreement specifically earmarked to fund the proposed work program

1.C.3. Financial evaluation criteria

The working capital as computed based on the submitted financial documentation and the support funding shall be able to support one hundred percent (100%) of the proposed operation and maintenance for the first year of operation.

2. Official Receipt of the Payment of Fees
(1) Photo Copy

Department of Energy - Treasury Division

Remarks:

Total Fees: PHP 150,000

6. OIMB-RMMSCD06 Application for Registration - Bulk Consumer

This service under Department Circular No. DC2022-11-0037 facilitates the initial processing for the purpose of registration of facility using LPG at large quantities for its own use.

Office or Division:	Retail Market Monitoring and Special Concerns Division (RMMSCD)																						
Classification:	Complex																						
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)																						
Who may avail:	Entities intending to purchase LPG at large quantities for its own use, requires bulk storage of LPG, and does not, in any way, engage in the distribution or sale of LPG to the end consumer																						
Operating Hours:	8:00 AM - 5:00 PM																						
Statute:	Section 23.1 of DC2022-11-0037 states that a bulk consumer shall register with the DOE prior to its commercial use of LPG. The OIMB or Field Offices have the authority to verify and validate all documents and may further require a presentation of the applicant's profile in a pre-application conference.

4. Endorsement/Certification from the concerned Local Government Unit, stating to the effect that the TSRO is for the purpose of addressing the proliferation of "bote-bote" retailing in the area and 1-km. distance from another Retail Outlet (1) Original Copy		Applicant / Client

5. Certification that the materials are manufactured in accordance to the facilities and product safety certifying bodies such as Underwriters Laboratories (UL)-listed and equivalent safety marks, e.g., National Registered Testing Laboratory (NRTL), European Conformity (CE), Regulatory Compliance Mark (RCM), Product Safety Electrical Appliance and Material (PSE), among others (including the brochure) (1) Certified True Copy	Applicant / Client
6. List of dispensing pumps/hoses and underground storage tank/s with corresponding capacity/ies per product, total lot area and coordinates of the Retail Outlet (1) Photo Copy	Applicant / Client
7. Scaled lot and lay-out plan with measurement showing the island/dispensing pumps, storage tanks, cashier's booth, setback distance from the firewall and other facilities (1) Certified True Copy	Applicant / Client
8. Latest photographs of the retail outlet (1) Original Copy	Applicant / Client
<i>Remarks:</i> a. Full/front, right, and left side views of the retail outlet b. Required stickers/labels for RON, E10 and Bx c. Price display board d. Safety and informational signs e. Outlet's Identification/ Trademark	
9. DOE Legal Clearance of No Pending Case (1) Original Copy	Department of Energy - Legal Services
10. Invoice or Official Receipt (1) Photo Copy	Department of Energy - Treasury Division
<i>Remarks:</i> An Order of Payment for the COC Application Fee is issued to applicant once the Legal Clearance of No Pending Case is released. Application Fee: Php 3,100.00 (New/Change Name); Php 3,000.00 (Renewal) Payment may be made through: (1) DOE - Over the Counter; or (2) Bank Payment through DOE Trust Fund Account: 1. Over the Counter; 2. Online Transfer; or 3. Wire Transfer/Telegraphic Transfer	

Account Name: DOE Trust Fund

Account Number: 3982-1098-59

Bank Address: Land Bank of the Philippines - Buendia Branch

Swift Code: TLBPPHMM

Beneficiary Address: Department of Energy, Energy Center, BGC, Taguig City

If paid through bank, validation will be conducted by the DOE Treasury Division before issuance of Invoice or Official Receipt.

For Situational Requirement

A. Authorization of Signatory

A.1. Original signed Authorization Letter or Secretary's Certificate for Partnership/Corporation/Cooperative
(1) Original Copy

Applicant / Client

A.2. ID of Owner and Authorized Signatory with their signatures

Government-issued ID

1. Submit application to Office of the Bureau Director, Oil Industry Management Bureau Location: 3rd Floor PNOC Bldg. 5, Rizal Drive, Bonifacio Global City, Taguig City Notes/Instruction: Retail Market Monitoring and Special Concern Division (RMMSD) personnel will notify the applicant on the release of the COC.	1.1. Receive application and assign to respective Science Research Specialist	None	1 hour/s	Administrative Staff; Retail Market Monitoring and Special Concerns Division (RMMSCD)
	1.2. Evaluate/process application, prepare Memorandum, Transmittal Letter and Certificate of Compliance, and endorse to Supervising Science Research Specialist		9 working day/s, 6 hour/s	Science Research Specialist; Retail Market Monitoring and Special Concerns Division (RMMSCD)
	1.3. Review the processed application		2 working day/s	Supervising Science Research

	and endorse to the Division Chief		Specialist; Retail Market Monitoring and Special Concerns Division (RMMSCD)
	1.4. Review the processed application and endorse for Director's approval	3 working day/s	• Division Chief; Retail Market Monitoring and Special Concerns Division (RMMSCD)
	1.5. Review the processed application and endorse to the Director	2 working day/s	• Assistant Director; Oil Industry Management Bureau (OIMB)
	1.6. Review and sign the processed application	3 working day/s	• Director; Oil Industry Management Bureau (OIMB)
	1.7. Release approved application to Retail Market Monitoring and Special Concerns Division	1 hour/s	• Administrative Staff; OIMB, Office of the Director
General Remarks Note: Please keep your Official Receipt after payment.			
Total Processing Time:		Working Days: 20 working day/s	
Total Processing Fee:		Total Standard Fee: None	

19. OIMB-RMMSCD19 Issuance of Certification for Hauler (Own-Use)

Department Circular No. DC2017-11-0011

DOE-OIMB issuance of Certificate of Compliance (COC) to all persons engaged or intending to engage in the business of retailing Liquid Fuels pursuant to DC No. 2017-11-0011 or "Revised Retail Rules"

Office or Division:	Retail Market Monitoring and Special Concerns Division (RMMSCD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Dealer, operator, owner or proprietor of the Retail Outlet who owns a tank truck to transport Liquid Fuels for its retailing business, whether by land or via sea-cargo vessel from their sources directly to their own Retail Outlet	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Filled out and notarized application form (1) Original Copy		Department of Energy - Retail Market Monitoring and Special Concerns Division
<i>Remarks:</i> <i>Applicant must fill out the form completely and legibly. Notarized documents with incomplete information, erasures and alterations will not be accepted.</i> <i>Download form from this link DOE RMMSCD - HAULER (OWN-USE) - Google Drive</i>		
2. LTO OR/CR of Tank Truck/s (1) Certified True Copy		Land Transportation Office - Central Office
3. DOST Calibration Certificate for the Tank Truck/s (1) Certified True Copy		Department of Science and Technology - Industrial Technology Development Institute
<i>Remarks:</i> <i>Document must be valid</i>		
4. Invoice or Official Receipt (1) Photo Copy		Department of Energy - Treasury Division
<i>Remarks:</i> <i>An Order of Payment for the COC Application Fee is issued to applicant once the Legal Clearance of No Pending Case is released.</i>		

Application Fee: Php 500.00

Payment may be made through:

- (1) DOE - Over the Counter; or
- (2) Bank Payment through DOE Trust Fund Account:
 - 1. Over the Counter;
 - 2. Online Transfer; or
 - 3. Wire Transfer/Telegraphic Transfer

Account Name: DOE Trust Fund

Account Number: 3982-1098-59

Bank Address: Land Bank of the Philippines - Buendia Branch

Swift Code: TLBPPHMM

Beneficiary Address: Department of Energy, Energy Center, BGC, Taguig City

If paid through bank, validation will be conducted by the DOE Treasury Division before issuance of Invoice or Official Receipt.

Electric Power Industry Management Bureau (EPIMB)
External Services

1. EPIMB-PMDD01 Processing and Evaluation of Application for Direct Connection

To process and evaluate the application of Energy-Intensive End-users seeking Direct Connection to the Grid pursuant to the DOE Department Circular No. DC2025-04-0008, RA 11234, or the Energy Virtual One-Stop Shop Act, and its IRR Department Circular No. DC2019-05-0007.

Office or Division:	Electric Power Industry Management Bureau (EPIMB)
Classification:	Highly Technical
Type of Transaction:	G2B (Government to Business), G2G (Government to Government)
Who may avail:	Industrial, Commercial and Other Electricity End-users
Operating Hours:	24/7
Statute:	Republic Act No. 11234
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Situational Requirement	
A. New Application	
A.1. Application Letter (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Addressed to the Department of Energy Secretary, attention to the Electric Power Industry Management Bureau</i>	
A.2. Notarized Waiver from the Franchise Distribution Utility (1) Original Copy	Distribution Utility - Board of Directors
<i>Remarks:</i> <i>Duly notarized Waiver from the Distribution Utility or equivalent document stating that the DU waives its right to provide electricity services or interposes no objection to the application for Direct Connection of the End-user.</i>	
A.3. Corporate Business Profile (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>It must include general information regarding the company business such as but not limited to company overview, brief history, company business and services, company location and/or plant location, type of industry, and the copy of the Business Permit, SEC Registration, and BIR Form 2316 as applicable under the cases below.</i>	
Sub Requirement	
A.3.A. For Government	
A.3.A.1. Bureau of Internal Revenue Form 2316 (1) Electronic Copy	Bureau of Internal Revenue - Revenue District Office

<i>A.3.B. For Private</i>	
A.3.B.1. Securities and Exchange Commission Registration (1) Electronic Copy	Securities and Exchange Commission - Company Registration and Monitoring Department
A.3.B.2. Bureau of Internal Revenue Form 2316 (1) Electronic Copy	Bureau of Internal Revenue - Revenue District Office
A.3.B.3. Business Permit (1) Electronic Copy	Local Government Unit - Permitting Office
A.4. Secretary's Certificate designating authorized representative (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Notarized Secretary's Certificate designating authorized representative to transact with the DOE</i>	
A.5. Copy of two (2) valid IDs of the authorized representative Philippine Identification System (PhilSys) ID (National ID) or Philippine Identification Card (PhilID) / ePhilID - issued by the Philippine Statistics Authority (PSA), formerly known as National Statistics Office (NSO) Philippine Passport - issued by the Department of Foreign Affairs (DFA). Driver's License - issued by the Land Transportation Office (LTO). Professional Regulation Commission (PRC) ID - issued by the Professional Regulation Commission (PRC). Integrated Bar of the Philippines ID - issued by the Integrated Bar of the Philippines (IBP). SSS ID or SSS UMID Card - issued by the Social Security System. GSIS ID or GSIS UMID Card - issued by the Government Service Insurance System (GSIS). OWWA ID - issued by the Overseas Workers Welfare Administration (OWWA). Voter's ID or Voter's Certification - issued by the Commission on Elections (COMELEC). Firearms License - issued by the Philippine National Police (PNP). Senior Citizens ID - issued by the Local Government Unit (LGU). Persons with Disabilities (PWD) ID - issued by the Local Government Unit (LGU). Alien Certificate of Registration (ACR) or Immigrant Certificate of Registration (ICR) - issued by the Bureau of Immigration. Postal ID - issued by the Philippine Postal Corporation (PhilPost).	
<i>Remarks:</i> <i>You may submit any two (2) valid IDs as listed above</i>	

A.6. Brief description of proposal (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>The brief description of the proposal must include the reason for Direct Connection and its supposed benefits to the company and/or the community or economy, connection details, connection facilities, power demand, delivery voltage, timeline for connection requirement, load forecast, and other relevant information</i>	
A.7. Location Map (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This shall include the location of the facility, nearest substation where the company will be connected, and the connection point.</i>	
A.8. Certification from the Transmission Network Provider (1) Electronic Copy	National Grid Corporation of the Philippines - Revenue Regulatory Affairs Department
<i>Remarks:</i> <i>This shall include the Certificate of Adequate Capacity and the Technical Assessment as provided by the Transmission Network Provider that the current demand including five (5) years projected demand can be accommodated by the existing transmission facilities and the same shall not adversely compromise the operation of the Grid based on the grid impact study</i>	
A.9. Online Application Form (1) Electronic Copy	https://www.evoss.ph/ - Department of Energy
<i>Remarks:</i> <i>As integrated in the EVOSS portal under Direct Connection Application</i>	
B. New Application without Waiver	
B.1. Application Letter (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Addressed to the Department of Energy Secretary, attention to the Electric Power Industry Management Bureau</i>	
B.2. Notarized Attestation from the End-user (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>For New Application without Waiver, submit an attestation that the DU did not respond to the waiver request after thirty (30) calendar days upon receipt of request, or the DU wasn't able to provide the required services of the End-user within ninety (90) calendar days from the DU's certification of complete application for connection of the End-user or on a later date as agreed by both parties.</i>	

**For End-users under PEZA, submit also a confirmation letter from PEZA on the intent to apply for Direct Connection.*

**B.3. Corporate Business Profile
(1) Electronic Copy**

Applicant / Client

Remarks:

It must include general information regarding the company business such as but not limited to company overview, brief history, company business and services, company location and/or plant location, type of industry, and the copy of the Business Permit, SEC Registration, and BIR Form 2316 as applicable under the cases below.

Sub Requirement

B.3.A. For Government

**B.3.A.1. Bureau of Internal Revenue Form 2316
(1) Electronic Copy**

Bureau of Internal Revenue -
Revenue District Office

B.3.B. For Private

**B.3.B.1. Securities and Exchange Commission Registration
(1) Electronic Copy**

Securities and Exchange
Commission - Company
Registration and Monitoring
Department

**B.3.B.2. Bureau of Internal Revenue Form 2316
(1) Electronic Copy**

Bureau of Internal Revenue -
Revenue District Office

**B.3.B.3. Business Permit
(1) Electronic Copy**

Local Government Unit -
Permitting Office

**B.4. Secretary's Certificate designating authorized representative
(1) Electronic Copy**

Applicant / Client

Remarks:

Notarized Secretary's Certificate designating authorized representative to transact with the DOE

B.5. Copy of two (2) valid IDs of the authorized representative

1. **Philippine Identification System (PhilSys) ID (National ID) or Philippine Identification Card (PhilID) / ePhilID** - issued by the Philippine Statistics Authority (PSA), formerly known as National Statistics Office (NSO)
2. **Philippine Passport** - issued by the Department of Foreign Affairs (DFA).
3. **Driver's License** - issued by the Land Transportation Office (LTO).
4. **Professional Regulation Commission (PRC) ID** - issued by the Professional Regulation Commission (PRC).
5. **Integrated Bar of the Philippines ID** - issued by the Integrated Bar of the Philippines (IBP).
6. **SSS ID or SSS UMID Card** - issued by the Social Security System.
7. **GSIS ID or GSIS UMID Card** - issued by the Government Service Insurance System (GSIS).
8. **OWWA ID** - issued by the Overseas Workers Welfare Administration (OWWA).

9. Voter's ID or Voter's Certification - issued by the the Commission on Elections (COMELEC). 10. Firearms License - issued by the Philippine National Police (PNP). 11. Senior Citizens ID - issued by the Local Government Unit (LGU). 12. Persons with Disabilities (PWD) ID - issued by the Local Government Unit (LGU). 13. Alien Certificate of Registration (ACR) or Immigrant Certificate of Registration (ICR) - issued by the Bureau of Immigration. 14. Postal ID - issued by the Philippine Postal Corporation (PhilPost).	
<i>Remarks:</i> <i>You may submit any two (2) valid IDs as listed above</i>	
B.6. Brief description of proposal (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>The brief description of the proposal must include the reason for Direct Connection and its supposed benefits to the company and/or the community or economy, connection details, connection facilities, power demand, delivery voltage, timeline for connection requirement, load forecast, and other relevant information</i>	
B.7. Location Map (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>This shall include the location of the facility, nearest substation where the company will be connected, and the connection point.</i>	
B.8. Certification from the Transmission Network Provider (1) Electronic Copy	National Grid Corporation of the Philippines - Revenue Regulatory Affairs Department
<i>Remarks:</i> <i>This shall include the Certificate of Adequate Capacity and the Technical Assessment as provided by the Transmission Network Provider that the current demand including five (5) years projected demand can be accommodated by the existing transmission facilities and the same shall not adversely compromise the operation of the Grid based on the grid impact study</i>	
B.9. Online Application Form (1) Electronic Copy	https://www.evoss.ph/ - Department of Energy
<i>Remarks:</i> <i>As integrated in the EVOSS portal under Direct Connection Application</i>	
C. Renewal	

C.1. Application Letter (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Addressed to the Department of Energy Secretary, attention to the Electric Power Industry Management Bureau</i>	
C.2. Notarized Attestation from the End-user (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Notarized attestation indicating that the DU has not revoked nor modified the previously issued waiver.</i> <i>*For End-users under PEZA, submit also a confirmation letter from PEZA on the intent to apply for Direct Connection.</i>	
C.3. Copy of Previous Approval for Direct Connection (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Copy of Previous Agreement or Approval on Direct Connection from NPC, ERC, or DOE.</i>	
C.4. Corporate Business Profile (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>It must include general information regarding the company business such as but not limited to company overview, brief history, company business and services, company location and/or plant location, type of industry, and the copy of the Business Permit, SEC Registration, and BIR Form 2316 as applicable under the cases below.</i>	
Sub Requirement	
<i>C.4.A. For Government</i>	
C.4.A.1. Bureau of Internal Revenue Form 2316 (1) Electronic Copy	Bureau of Internal Revenue - Revenue District Office
<i>C.4.B. For Private</i>	
C.4.B.1. Securities and Exchange Commission Registration (1) Electronic Copy	Securities and Exchange Commission - Company Registration and Monitoring Department
C.4.B.2. Bureau of Internal Revenue Form 2316 (1) Electronic Copy	Bureau of Internal Revenue - Revenue District Office
C.4.B.3. Business Permit (1) Electronic Copy	Local Government Unit - Permitting Office
C.5. Secretary's Certificate designating authorized representative (1) Electronic Copy	Applicant / Client

Remarks:

Notarized Secretary's Certificate designating authorized representative to transact with the DOE

C.6. Copy of two (2) valid IDs of the authorized representative

1. **Philippine Identification System (PhilSys) ID (National ID) or Philippine Identification Card (PhilID) / ePhilID** - issued by the Philippine Statistics Authority (PSA), formerly known as National Statistics Office (NSO)
2. **Philippine Passport** - issued by the Department of Foreign Affairs (DFA).
3. **Driver's License** - issued by the Land Transportation Office (LTO).
4. **Professional Regulation Commission (PRC) ID** - issued by the Professional Regulation Commission (PRC).
5. **Integrated Bar of the Philippines ID** - issued by the Integrated Bar of the Philippines (IBP).
6. **SSS ID or SSS UMID Card** - issued by the Social Security System.
7. **GSIS ID or GSIS UMID Card** - issued by the Government Service Insurance System (GSIS).
8. **OWWA ID** - issued by the Overseas Workers Welfare Administration (OWWA).
9. **Voter's ID or Voter's Certification** - issued by the Commission on Elections (COMELEC).
10. **Firearms License** - issued by the Philippine National Police (PNP).
11. **Senior Citizens ID** - issued by the Local Government Unit (LGU).
12. **Persons with Disabilities (PWD) ID** - issued by the Local Government Unit (LGU).
13. **Alien Certificate of Registration (ACR) or Immigrant Certificate of Registration (ICR)** - issued by the Bureau of Immigration.
14. **Postal ID** - issued by the Philippine Postal Corporation (PhilPost).

Remarks:

You may submit any two (2) valid IDs as listed above

**C.7. Brief description of proposal
(1) Electronic Copy**

Applicant / Client

Remarks:

The brief description of the proposal must include the reason for Direct Connection and its supposed benefits to the company and/or the community or economy, connection details, connection facilities, power demand, delivery voltage, timeline for connection requirement, load forecast, and other relevant information

**C.8. Location Map
(1) Electronic Copy**

Applicant / Client

Remarks:

This shall include the location of the facility, nearest substation where the company will be connected, and the connection point.

C.9. Certification from the Transmission Network Provider
(1) Electronic Copy

National Grid Corporation of the Philippines - Revenue Regulatory Affairs Department

Remarks:

This shall include the Certificate of Adequate Capacity and the Technical Assessment as provided by the Transmission Network Provider that the current demand including five (5) years projected demand can be accommodated by the existing transmission facilities and the same shall not adversely compromise the operation of the Grid based on the grid impact study

C.10. Online Application Form

Power Planning and Development Division (PPDD)

External Services

1. EPIMB-PPDD01 Certificate of Endorsement to Energy Regulatory Commission (COE-ERC)

This certificate is necessary for energy-related projects, such as power generation, distribution, and transmission projects, and serves as an official endorsement allowing project proponents to apply for permits, licenses, and approvals from the ERC. The COE ensures that the project is aligned with the DOE's plans and programs and complies with applicable regulations.

Office or Division:	Power Planning and Development Division (PPDD)	
Classification:	Complex	
Type of Transaction:	G2B (Government to Business), G2G (Government to Government)	
Who may avail:	Proponents of power projects that are already existing and/or for commissioning.	
Operating Hours:	24/7	
Statute:	ERC Resolution No. 17, Series of 2023.	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Letter of Request addressed to the EPIMB Director <i>Any of the following:</i>		
1.A. Letter of Request - New Application (1) Electronic Copy		Applicant / Client
<i>Remarks:</i> <i>For New Applications, it should include the official name of the project/generating facility, nameplate capacity in three (3) decimal places in MW, complete location of the project (barangay, municipality, province) and target commercial operations date of the project.</i>		
---- OR ----		
1.B. Letter of Request - for Amendment of COE (1) Electronic Copy		Applicant / Client
<i>Remarks:</i> <i>For Amendment (Amendment of Developer name, capacity, project name, or location), it should include the previously issued COE number, official name of the project/generating facility, nameplate capacity in three (3) decimal places in MW, and complete location of the project (barangay, municipality, province) <u>and the reason for amendment.</u></i>		
Sub Requirement		
1.B.A. Copy of previously issued COE to ERC		
---- OR ----		

1.C. Letter of Request - for renewal of COC (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>It should include the official name of the project, nameplate capacity in three (3) decimal places, and complete location of the project including barangay, municipality and province.</i>	
Sub Requirement	
1.C.A. Copy of previously issued COE to ERC	
2. Company Profile (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Brief details about the company that applying for the endorsement</i>	
3. Project Background / Description (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Including the following information:</i> 1. Official Name of the Company 2. Name of the Generating Facility / Project (please exclude capacity) 3. Nameplate capacity, in three (3) decimal places ◦ For Solar Projects, this should be both MW_{DC} and MW_{AC} ◦ Battery in both MW / MW_h (the capacity must be based on the battery modules) ◦ Oil Based Power Plants: Identify the number of owned (MW) and leased (MW) (if applicable) generating sets 4. Single Line Diagram for ESS 5. Notarized Certification from the company that the declared specifications (Including the Installed Capacity, Official Generating Facility Name, Project location, Taget Testing and Commissioning Date, Target Commercial Operations Date) and the submitted documentary requirements are correct and consistent and that the Proponent is fully accountable for any discrepancies and inconsistencies. 6. Exact location of the power plant/project including the barangay, municipality, and province. ◦ For consistency of information, if the location is within a highly urbanized City, kindly cite the Province where the city is geographically located. 7. For New Power Plant: Target Commissioning and Commercial Operation Date. 8. For Existing Power Plant: Commencement of Operation Date 9. Summary of Off taker/s of the Electric Output with corresponding capacity 10. Engineering, Procurement, and Construction (EPC) Contractor; and 11. Jobs Generated during Construction and During Operation (current number of employees if the plant is already operational).	
4. Proof of Financial Closing <i>Any of the following:</i>	
4.A. Proof of Financial Closing - 100% Equity (1) Electronic Copy	Applicant / Client
<i>Remarks:</i>	

- *Notarized Certificate of Availability of Funds indicating to finance 100% of project cost through Internally Generated Funds to be signed by the President or Treasurer of the company with the following information:*
 - *Company/Developer's Name*
 - *Official Project Name*
 - *Capacity in three (3) decimal places [MW and MWp (if solar)][MW and MWh (if ESS)]*
 - *Exact Location of the power plant including the barangay, municipality, and province.*
 - *Amount of Total project cost*
 - *Indicate that it will be financed 100% by the Company*

---- OR ----

4.B. Proof of Financial Closing - Loan-Equity Ratio of the total project cost
(1) Electronic Copy

Applicant / Client

Remarks:

- *Notarized Certification from the Company signed by the President or Treasurer of the Company with the following information:*
 - *Company/Developer's Name*
 - *Official Project Name*
 - *Capacity in three (3) decimal places [MW and MWp (if solar)][MW and MWh (if ESS)]*
 - *Exact Location of the power plant including the barangay, municipality, and province*
 - *Amount of Total project cost and breakdown of Loan-Equity percentage specifying the amount*
 - *Bank Certification or Notarized Memorandum of Agreement or Loan Term Agreement indicating percentage and amount of Financial Assistance/loan to be provided for the development and construction of the project*
2. *Loan Agreement and/or Certification from the Bank indicating that the Bank approves the total loan amount that will partially finance development and construction of the project.*

---- OR ----

4.C. Proof of Financial Closing - For the Financier of the project
(1) Electronic Copy

Applicant / Client

Remarks:

Notarized Memorandum of Agreement/Loan Term Agreement between the company and the financier on the percentage and amount of Financial Assistance/loan to be provided, or any equivalent document

5. Copy of Securities and Exchange Commission (SEC) Registration
(1) Electronic Copy

Securities and Exchange Commission (SEC) - Company Registration and Monitoring Department (CRMD)

6. Historical Generation
(1) Electronic Copy

Applicant / Client

Remarks:

For existing and operational power plants, at least 5 years and in GWh

7. Notarized Certificate of Assumption of Accountability (1) Electronic Copy		Applicant / Client		
<i>Remarks:</i> <i>Applicable to the successor company that takes on the ownership and/or takes over the operations of the generation company whether under a new name or using the same company names as the case may be.</i>				
8. Copy of the latest ERC issued Certificate of Compliance (COC) or Provisional Authority to Operate Any of the following:				
8.A. Latest ERC issued Certificate of Compliance (COC) (1) Electronic Copy		Energy Regulatory Commission - Licensing and Market Monitoring Division		
<i>Remarks:</i> <i>In case of expired certificate, submit proof of filing.</i>				
---- OR ----				
8.B. Copy of Provisional Authority to Operate (1) Original Copy		Energy Regulatory Commission - Licensing and Market Monitoring Division		
For Situational Requirement				
A. Additional for Renewable Energy Power Projects				
A.1. Notice to Proceed from the DOE Renewable Energy Management Bureau (1) Electronic Copy		Department of Energy - Renewable Energy Management Bureau		
<i>Remarks:</i> <i>NTP should include the following:</i> <i>Narrative of REMB evaluation on the consistency of the application from DOE-REMB records; Validation of the project specifics, including but not limited to the Developer name, capacity, project name, location, Target Testing and Commissioning and Commercial Operations date.</i> <i>In case of discrepancies and/or inconsistencies, the process will end if REMB either disqualify or disapprove application based on their conducted evaluation.</i> <i>In case of discrepancies and/or inconsistencies in the application and NTP, EPIMB to disapprove the application</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBL E (Designation; Office)

For Standard Requirement	
1. Letter of Request addressed to Electric Power Industry Management Bureau Director (EPIMB) (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Indicating the nature of the request (new or amendment), the official company name, the official name of the project, capacity in three decimal places, complete location of the project including Barangay, Municipality and Province, Target Commercial Operation Date, Target Commissioning Date, Off-taker/s of the electricity, Target Transmission Line or substation Connection Point, and Service Contract No.</i>	
Sub Requirement	
1.A. For amendment of SIS, provide a copy of previously issued SIS	
2. Company Profile (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Brief information of the Company</i>	
3. Project Background / Description (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Project Background / Description including the following information:</i> 1. Official Name of the Company 2. Official Name of the Generating Facility / Project 3. Installed Capacity (in three decimal places) 4. Exact Location (Barangay, Municipality and Province)	

5. Target Commercial Operation Date
6. Target Commissioning Date
7. Off-taker/s of the electricity.
8. Identify Target Transmission Line Connection Point
9. Single Line Diagram for Energy Storage System

For Situational Requirement

A. Additional for Renewable Energy Power Projects

A.1. Notice to Proceed from the DOE Renewable Energy Management Bureau
(1) Electronic Copy

Department of Energy - Renewable Energy Management Bureau

Remarks:

NTP should include the following:

Narrative of REMB evaluation on the consistency of the application from DOE-REMB records; Validation of the project specifics, including but not limited to the Developer name, capacity, project name, location, Target Testing and Commissioning and Commercial Operations date.

In case of discrepancies and/or inconsistencies, the process will end if REMB either disqualify or disapprove application based on thei conducted evaluation.

In case of discrepancies and/or inconsistencies in the application and NTP, EPIMB to disapprove the application

A.2. Certificate of Registration
(1) Electronic Copy

Department of Energy - Renewable Energy Management Bureau

Remarks:

Copy of Certificate of Registration as Renewable Energy (RE) Developer

A.3. Service Contract, Operating Contract, or Certificate of Authority
(1) Electronic Copy

Department of Energy - Renewable Energy Management Bureau

Remarks:

Issued by the Department of Energy - Renewable Energy Management Bureau

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Online submission of Request with complete documents Location: EVOSS system (https://evoss.ph/)	1.1. Review of the submitted documents (review of completeness of documentary requirements).	None	3 working day/s	Science Research Specialist I / Science Research Specialist II / Senior Science

Notes/Instruction: <i>Resubmissions are limited to three (3) times, once exceeded, the application will be automatically cancelled. In this regard, applicants need to submit a new application</i>			Research Specialist ; Power Planning and Development Division (PPDD)
	1.2. For Renewable Energy Projects, REMB evaluates if the application is qualified and issue a Notice to Proceed (NTP). PPDD to further evaluate submitted documents	4 calendar day/s	- Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist ; Renewable Energy Management Bureau (REMB) - Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist ; Power Planning and Development Division (PPDD)
	1.3. Uploading of NTP, If the application was tagged as qualified	1 calendar day/s	Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist ; Renewable Energy Management Bureau (REMB)

	1.4. Evaluation of NTP and if Approve/Disapprove the application, drafting of Letter of Endorsement to NGCP	2 calendar day/s	Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist ; Power Planning and Development Division (PPDD)
	1.5. Review and edit (if needed) the draft letter and endorse for approval and signature	1 calendar day/s	Senior SRS, Supervising SRS, and Chief, PPDD; Power Planning and Development Division (PPDD)
	1.6. Further review and edit (if needed) the draft letter and endorse for approval and signature	1 calendar day/s	Assistant. Director, EPIMB; Power Planning and Development Division (PPDD)
	1.7. Review, approval, and signing. Uploading in the EVOSS System of the signed Clearance to Undertake SIS. End of process.	1 calendar day/s	- Director, EPIMB; Power Planning and Development Division (PPDD) - Science Research Specialist I / Science Research Specialist II / Senior Science Research Specialist ; Power

				Planning and Development Division (PPDD)
General Remarks • The 10 calendar days processing time are counted only based on the total number of days indicated as "calendar days" in the table above. • Calendar days refers to any day of the year including weekends and holidays. Calendar days will start once the submitted documents are tagged as complete. • Working days refer to weekdays (Monday to Friday) except holidays. • Calendar days are observed for the processes corresponding to the actual evaluation including review, and approval/disapproval of the application, while the working days refers to the pre-evaluation processes. • Should the Process Holder fail to take action within the prescribed period, the process shall be deemed complete or approved, as applicable. For a detailed process flow, please visit www.evoss.ph, go to the EPIMB Process Flow tab, and select Clearance to Undertake SIS from the available options

Type of Transaction:	G2B (Government to Business)	
Who may avail:	Generation Companies applying for BOI registration and incentives.	
Operating Hours:	24/7	
Statute:	Republic Act No. 11534, otherwise known as the Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act, as amended by RA No. 12066 (CREATE MORE Act), and its Implementing Rules and Regulations (IRR).	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Letter of Request addressed to EPIMB Director (1) Electronic Copy		Applicant / Client
2. Company Profile (1) Electronic Copy		Applicant / Client
3. SEC Registration for Partnership and/or Corporation (1) Electronic Copy		Securities and Exchange Commission - Company Registration and Monitoring Department
4. Articles of Incorporation (1) Electronic Copy		Securities and Exchange Commission - Company Registration and Monitoring Department
<i>Remarks:</i> <i>Must be SEC certified machine copy</i>		
5. By-Laws/Partnership (1) Electronic Copy		Securities and Exchange Commission - Company Registration and Monitoring Department
6. Project Profile /Background/Description (1) Electronic Copy		Applicant / Client
<i>Remarks:</i> <i>Project Profile /Background/Description to include the following:</i> <i>1. Technical Description of the Project. (For Coal Power Plants, please indicate sources of coal and the percentage of their sources.) including the following information:</i> <i>1. Official Name of the Company</i>		

2. Name of the Generating Facility/Project (please exclude capacity)
 3. Nameplate capacity in MW. For **Battery** in both MW / MWh (the capacity must be based on the battery modules).
 4. Exact location of the power plant including the Barangay, Municipality, and Province
 5. For New Power Plant: Target Commissioning and Commercial Operation Date; For Existing Power Plant: Commencement of Operation Date
 6. Summary of Off-taker/s/ Power Supply Agreement (PSA) of the Electric Output with corresponding capacity and validity of terms, if applicable.
 7. Jobs Generated during construction and during operation (target if new project)
 8. Market / Supply Situation
 9. **Compliance with Tier I Qualification Requirements of the 2022 SIPP** as specified under the CREATE Act, and as amended by Republic Act No. 12066;
 10. Total Investment Cost (Permits and Licenses, Land Acquisition, Civil Works, Machinery and Equipment, and Other related initial costs. For costs in foreign currency, indicate the conversion rate to Php)
2. Single Line Diagram for Energy Storage System

7. Proof of Financial Closing, whichever is available
Any of the following:

7.A. Notarized Certificate of Availability of funds indicating to finance 100% of the project cost through Internally Generated Funds to be signed by the President or Treasurer of the Company
(1) Electronic Copy

Applicant / Client

---- OR ----

7.B. Notarized Certification indicating the Loan-Equity Ratio of the total project cost
(1) Original Copy

Applicant / Client

---- OR ----

7.C. Notarized Memorandum of Agreement/Loan term Agreement between the company and financier on the amount of Financial Assistance/loan to be provided
(1) Original Copy

Applicant / Client

For Situational Requirement

A. For Diesel Plants

A.1. Certificate from fuel supplier indicating compliance with the 2% biodiesel blend
(1) Original Copy

Applicant / Client

A.2. Fuel Supply Agreement
(1) Electronic Copy

Applicant / Client

	1.4. Review and signing of the letter of approval and Certificate of Endorsement		1 calendar day/s	• Supervising SRS and Senior SRS; Power Planning and Development Division (PPDD)

	1.5. Review and endorsement of the letter of approval and Certificate of Endorsement, edit if needed.		1 calendar day/s	Assitant Director and Director, EPIMB; Electric Power Industry Management Bureau (EPIMB)
	1.6. Uploading in the EVOSS System of the signed Letter of endorsement to the proponent. - End of process -		1 calendar day/s	SRS I and/or SRS II; Power Planning and Development Division (PPDD)

General Remarks

- The 5 calendar days processing time are counted only based on the total number of days indicated as “calendar days” in the table above.
- Calendar days refers to any day of the year including weekends and holidays. Calendar days will start once the submitted documents are tagged as complete.
- Working days refer to weekdays (Monday to Friday) except holidays.
- Calendar days are observed for the processes corresponding to the actual evaluation including review, and approval/disapproval of the application, while the working days refers to the pre-evaluation processes.
- Should the Process Holder fail to take action within the prescribed period, the process shall be deemed complete or approved, as applicable.
- For a detailed process flow, please visit www.evoss.ph, go to the EPIMB Process Flow tab, and select Certificate of Endorsement for Point-to-Point Limited Transmission Facilities from the available options

Total Processing Time:	Calendar Days: 5 calendar day/s Working Days: 3 working day/s
Total Processing Fee:	Total Standard Fee: None

7. EPIMB-PPDD07 Endorsement Letter to the National Commission on Indigenous Peoples (NCIP) for Transmission Projects

The issuance of a Endorsement Letter to the National Commission on Indigenous Peoples (NCIP) certifies that a project area of the National Grid Corporation of the Philippines (NGCP) does not overlap with any ancestral domain.

Office or Division:	Power Planning and Development Division (PPDD)			
Classification:	Complex			
Type of Transaction:	G2B (Government to Business)			
Who may avail:	National Grid Corporation of the Philippines' compliance to the requirements of NCIP.			
Operating Hours:	24/7			
Statute:	Republic Act No. 11234 "Energy Virtual One-Stop Shop Act".			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Letter Request (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>Letter of Request addressed to Electric Power Industry Management Bureau (EPIMB) Director</i>				
2. Letter of Request addressed to NCIP (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>Letter of Request addressed to NCIP</i>				
3. Project Profile (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>Project Profile to include the following;</i> <i>a. Objective of Project;</i> <i>b. Impact Management and Mitigation Plan; and</i> <i>c. Location Map</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)

1. Online submission of Request with complete documents Location: EVOSS Website (https://www.evoss.ph) Notes/Instruction: If the document is already complete proceed to evaluation /assessment if approved or disapproved. End of process if tagged as disapproved.	1.1. EPIMB review of the submitted documents (review of completeness of documentary requirements)	None	3 working day/s	SRS I and/or SRS II; Power Planning and Development Division (PPDD)
	1.2. Evaluation of the documents submitted and Preparation of letter of endorsement to NCIP		2 calendar day/s	SRS I and/or SRS II; Power Planning and Development Division (PPDD)
	1.3. Review letter of endorsement to NCIP		1 calendar day/s	Senior SRS, Supervising SRS and Chief of PPDD; Power Planning and Development Division (PPDD)
	1.4. Review letter of endorsement to NCIP		1 calendar day/s	Assistant Director, EPIMB; Electric Power Industry Management Bureau (EPIMB)
	1.5. Review, approve and signing of letter and Uploading in the EVOSS System of the signed Letter of Endorsement to NCIP.		1 calendar day/s	- Director, EPIMB; Electric Power Industry Management Bureau (EPIMB) - Science Research Specialist I / Science Research Specialist II; Power Planning and Development

				t Division (PPDD)

3. ITMS-ISD03 Verification of the Area of Interest (AOI) for the Small-Scale Coal Mining Permit (SSCMP) and the conduct of a diligent preliminary determination (DPD) for the issuance of Area Clearance

The Geomatics Section administers and performs the evaluation of the geographic location of all energy applications and contract areas through survey plan with corresponding survey returns to ensure availability and avoid overlap with existing energy contracts for the same resource.

Office or Division:	Information Services Division (ISD)			
Classification:	Complex			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen)			
Who may avail:	SSCMP Applicant, Department of Energy Field Office			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Request letter for SSCMP Area Clearance (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
2. Location map with Technical Description of the applied area (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>Prepared, certified, signed, and sealed by the Geodetic Engineer who conducted the survey.</i>				
3. Accomplished Lot Data Computation Form (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
4. Certificate of tie point coordinates or geodetic control point used in the survey (1) Original Copy Or (1) Electronic Copy			Department of Environment and Natural Resources - Land Management Bureau or the National Mapping and Resource Information Authority	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submit request for Area Clearance Location: Department of Energy Luzon Field Office - Government Center, Nueva Vizcaya,	1.1. Receive by office staff and endorse by the authorized personnel to ISD all documents from the Department of Energy Field Office	None	2 hour/s	Administrative Aide II / Administrative Assistant I / Executive Assistant I / Director III ; ITMS, Office

Pangasinan Road, Brgy. Carmay East (Purok 06) Rosales 2441, Pangasinan Department of Energy Visayas Field Office - 3rd Floor, Escario Building, 731 Escario Street, Capitol Site, Cebu City Department of Energy Mindanao Field Office -3rd Floor, Tolentino 2020 Building, A. Candelaria Street, Ecoland Drive, Matina, Davao City			of the Director
	1.2. Receive, record, evaluate for completeness, and endorse the survey returns to the Geomatics Section.	2 hour/s	Administrative Assistant III/ Information Technology Officer II / Information Technology Officer III; Information Services Division (ISD)
	1.3. Process the area verification and conduct Diligent Preliminary Determination (DPD) to generate the Area Clearance documents including the verification report, technical description (TD), map, and Transmittal Letter	5 working day/s	Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II; Information Services Division (ISD)
	1.4. Check and review the Area Clearance (AC) documents and recommend for approval/disapproval of the Area Clearance to the ITMS Director	1 working day/s	Information Technology Officer II/Information Technology Officer III; Information Services Division (ISD)
	1.5. Approve / Disapprove the AC	3 hour/s	Director III; ITMS, Office of the Director
	1.6. Release the approved/disapproved AC application	1 hour/s	Administrative Aide II / Administrative Assistant I / Executive Assistant I ; ITMS, Office of the Director

Total Processing Time:	Working Days: 7 working day/s
Total Processing Fee:	Total Standard Fee: None

4. ITMS-ISD04 Conduct Technical Evaluation for the Approval of the Coal Block Boundary Survey

The Geomatics Section administers and verifies the survey returns submission for the conducted boundary survey of Coal to ensure accuracy and avoid overlap with existing energy contracts or permits for the same resource.

Office or Division:	Information Services Division (ISD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business)	
Who may avail:	Coal Operating Contract Holder/ Coal Company	
Operating Hours:	8:00 AM - 5:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Request letter for approval of COC boundary survey (1) Original Copy And (1) Electronic Copy		Applicant / Client
<i>Remarks:</i> <i>Kindly address the request letter/email to:</i> <i>The Director</i> <i>Information Technology and Management Services</i> <i>Attention: The Chief</i> <i>Information Services Division</i> itms-isd@doe.gov.ph , rdrapete@doe.gov.ph		
2. Transmittal of Survey Returns (1) Original Copy And (1) Electronic Copy		Applicant / Client
<i>Remarks:</i> <i>Prepared by the Geodetic Engineer who conducted the boundary survey.</i>		
3. Survey Plan (1) Original Copy		Applicant / Client
<i>Remarks:</i> <i>Prepared, certified, signed, and sealed by the Geodetic Engineer who conducted the survey.</i>		
4. Survey Report (1) Original Copy And (1) Electronic Copy		Applicant / Client

<i>Remarks:</i> <i>Prepared by the Geodetic Engineer who conducted the boundary survey.</i>				
5. Field Notes and field notes cover, duly notarized (1) Original Copy And (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>Prepared by the Geodetic Engineer who conducted the boundary survey.</i>				
6. Traverse Computation (1) Original Copy And (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>Prepared by the Geodetic Engineer who conducted the boundary survey.</i>				
7. Certificate of tie point coordinates or geodetic control point used in the survey (1) Original Copy And (1) Electronic Copy			Department of Environment and Natural Resources - Land Management Bureau or the National Mapping and Resource Information Authority	
8. Geodetic Engineer's PRC ID (1) Photo Copy Or (1) Electronic Copy			Professional Regulation Commission - Issuing Division/Office	
9. Geodetic Engineer's Professional Tax Receipt (PTR) (1) Photo Copy And (1) Electronic Copy			Local Government Unit or Provincial Government Unit Office - Local city or municipal hall's Treasurer's Office / Provincial Treasurer's Office	
<i>Remarks:</i> <i>Issued by the Local Government Unit or Provincial Government Unit Office where the GE practices his/her profession.</i>				
10. Certificates of Instrument Registration and Calibration (GPS and/or Total Station) (1) Photo Copy And (1) Electronic Copy			DENR-Land Management Bureau / National Mapping and Resource Information Authority -	
For Situational Requirement				
A. For Survey with GPS/GNSS Data				
A.1. Raw and Post-Processed GPS/GNSS observation data (Sample: RINEX file)			Applicant / Client	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Coal Operating Contract (COC) holder	1.1. Receive by office staff and endorse by the	None	2 hour/s	• Records Officer;

submits survey report /returns Location: Records Management Division - Receiving Office Annex Lobby Department of Energy Main Building Energy Center, Rizal Drive cor 34th Street, Bonifacio Global City, Taguig City	authorized personnel all documents submitted by the client for the boundary survey of the COC Block/s to ISD			Records Management Division (RMD) Administrative Aide II / Administrative Assistant I / Executive Assistant I / Director III; ITMS, Office of the Director
	1.2. Endorse the survey returns to the Geomatics Section.		2 hour/s	Information Technology Officer III; Information Services Division (ISD)
	1.3. Evaluate request/check completeness of survey returns computation		4 hour/s	Information Technology Officer II; Information Services Division (ISD)
	1.4. Process and check survey returns computation and prepare technical descriptions (TD)		9 working day/s	Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II; Information Services Division (ISD)
2. Confirm the schedule of field verification of the applied area. Location: Confirmation can be made via email or phone call from anywhere.	2.1. Conduct field verification to check the setting/placement of the boundary monuments	None	5 working day/s	Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II; Information Services

			Division (ISD)
2.2. Validate field data, prepare and submit the report on the boundary survey validation of the COC, including final map/s and TD of each COC block		3 working day/s	Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II; Information Services Division (ISD)
2.3. Review and check the endorsed report, map/s and TD and recommend for approval /disapproval of the boundary survey		1 working day/s	Information Technology Officer II / Information Technology Officer III; Information Services Division (ISD)
2.4. Approve / Disapprove the boundary survey conducted for the COC holder		6 hour/s	Director III; ITMS, Office of the Director
2.5. Release boundary survey results to notify the COC holder.		2 hour/s	Administrative Assistant III; Information Services Division (ISD)
Total Processing Time:		Working Days: 20 working day/s	
Total Processing Fee:		Total Standard Fee: None	

5. ITMS-ISD05 Verification of Area of Interest (AOI) for Petroleum Services Contract (SC) under the Philippine Conventional Energy Contracting Program (PCECP) and conduct Diligent Preliminary Determination (DPD) for the Issuance of Area Clearance

The Geomatics Section administers and verifies the geographic location of the Area of Interest for Area Clearance for Petroleum to ensure availability and avoid overlap with existing energy contracts or permits for the same resource.

Office or Division:	Information Services Division (ISD)			
Classification:	Complex			
Type of Transaction:	G2B (Government to Business)			
Who may avail:	Energy Company (Petroleum, Oil and Gas)			
Operating Hours:	8:00 AM - 5:00 PM

For Standard Requirement				
1. Request letter for PCECP Coal Area Clearance (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>Kindly address the request letter/email to:</i> <i>The Director</i> <i>Information Technology and Management Services</i> <i>Attention: The Chief</i> <i>Information Services Division</i> itms-isd@doe.gov.ph , rdrapete@doe.gov.ph				
2. Location map with Technical Description (TD) of the Area of Interest (AOI) for Area Clearance in PRS 92 (1) Original Copy Or (1) Electronic Copy			Applicant / Client	
<i>Remarks:</i> <i>Survey/Location plan of the AOI prepared, signed and sealed by a Geodetic Engineer.</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submit request for Area Clearance with required documents Location:	1.1. Receive by office staff and endorse by the authorized personnel all documents submitted	None	2 hour/s	Records Officer : Records Management Division

Records Management Division - Receiving Office Annex Lobby Department of Energy Main Building Energy Center, Rizal Drive cor 34th Street, Bonifacio Global City, Taguig City	by the client for Area Clearance to ISD		(RMD); Records Management Division (RMD) • Administrative Aide II / Administrative Assistant I / Executive Assistant I / Director III ;
	1.2. Endorse the survey returns to the Geomatics Section	1 hour/s	• Information Technology Officer III; Information Services Division (ISD)
	1.3. Evaluate request/check completeness of survey returns computation	1 hour/s	• Information Technology Officer II; Information Services Division (ISD)
	1.4. Process the area verification and conduct Diligent Preliminary Determination (DPD) to generate the Area Clearance documents including the verification report, technical description (TD), map, and Transmittal Letter	5 working day/s	• Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II; Information Services Division (ISD)
	1.5. Check and review the Area Clearance (AC) documents	7 hour/s	• Information Technology Officer II / Information Technology Officer III; Information Services Division (ISD)
	1.6. Approve / Disapprove the AC	4 hour/s	• Director III; ITMS, Office of the Director

	1.7. Release the approved/disapproved AC application		1 hour/s	Administrative Assistant III ; Information Services Division (ISD)
Total Processing Time:		Working Days: 7 working day/s		
Total Processing Fee:		Total Standard Fee: None		

7. ITMS-ISD07 Verification of the Area/Site of Interest (AOI/SOI) for the Renewable Energy Resource Service Contract and conducting Diligent Preliminary Determination (DPD) for the Issuance of Area Clearance

The Geomatics Section administers and performs the verification of the geographic location of Area/Site of Interest (AOI/SOI) for energy resource service contract to ensure availability and avoid overlap with existing energy contracts or permits of the same resource.

Office or Division:	Information Services Division (ISD)
Classification:	Complex
Type of Transaction:	G2B (Government to Business)
Who may avail:	Renewable Energy (RE) Company
Operating Hours:	24/7
Statute:	RA11234 - An Act Establishing the Energy Virtual One-Stop Shop for the Purpose of Streamlining the Permitting Process of Power Generation, Transmission, and Distribution Projects
CHECKLIST OF REQUIREMENTS	
WHERE TO SECURE	
For Standard Requirement	
1. Letter of Intent (LOI) addressed to the REMB Director following the prescribed template "k" - Annex K LOI Template (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Upload to EVOSS</i>	
2. Location/ Sketch map of the project area/site showing its boundaries in relation to major environmental features using a NAMRIA topographic map or any available administrative basemap at least 1:50,000 scale with equivalent PRS'92 geographic coordinates of all boundary corners of the project area or powerhouse and weir/dam locations with elevations above Mean Sea Level (For Hydro). (1) Electronic Copy	Applicant / Client
<i>Remarks:</i> <i>Upload to EVOSS</i>	
3. Excel File (TD_Forms.xls for Blocking and ISD LD for Non-Blocking) containing the PRS'92 geographic coordinates of all boundary corners (except Hydro Application) (Sample: TD_Forms or ISD LDC Form xls file)	Department of Energy - Information Technology and Management Services- Information Services Division
<i>Remarks:</i> <i>Use the Excel file which is downloaded from the EVOSS website and accomplish the form by providing the equivalent PRS '92 geographic coordinates of the project boundary corners. Provide a</i>	

scanned copy with proper certification, signature, and visible GE seal, if TD cannot be reflected on the map.

<https://www.evoss.ph/Home/Documents?categoryName=Downloadable%20Forms>

4. Geodetic Engineer's Professional Regulation Commission ID (1) Electronic Copy	Professional Regulation Commission - Issuing Division/Office
---	--

Remarks:

To be provided by the Geodetic Engineer who prepared the map.

5. Geodetic Engineer's Professional Tax Receipt (PTR) (1) Electronic Copy	Local Government Unit or Provincial Government Unit Office - Local city or municipal hall's Treasurer's Office / Provincial Treasurer's Office
--	--

Remarks:

To be provided by the Geodetic Engineer who prepared the map.

CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Applicant submit documentary requirements through the EVOSS System Location: Through EVOSS website - https://www.evoss.ph/	1.1. Receive and record the request	None	4 hour/s	Administrative Assistant III ; Information Services Division (ISD)
	1.2. Assess ISD requests and assign the request to Geomatics Staff		4 hour/s	Information Technology Officer II / Information Technology Officer III; Information Services Division (ISD)
	1.3. Receive the request, download files, record and evaluate documents for completeness, consistency, and basic compliance of the mapping requirements, prepare and upload		2 working day/s	Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II;

	report/remarks for non-compliant submissions.			Information Services Division (ISD)
2. Receive Notification of Completeness Check Result Location: Through EVOSS website - https://www.evoss.ph/ Notes/Instruction: If the result is compliant, wait for the area verification result If the result is incomplete, inconsistent, or non-compliant, refile for another request.	2.1. Receive and record the request	None	1 calendar day/s	Admin Assistant III; Information Services Division (ISD)
	2.2. Assessment of ISD requests and assignment of request to the Geomatics Staff		1 calendar day/s	Information Technology Officer II / Information Technology Officer III; Information Services Division (ISD)
	2.3. Process the area verification to generate the Verification Map and Report, including all significant thematic layers needed for the area verification.		11 calendar day/s	Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II; Information Services Division (ISD)
	2.4. Validate the Verification Map and Report by the resource database administrator responsible for the applied resource.		2 calendar day/s	Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II; Information Services Division (ISD)
	2.5. Check the Verification Map and Report and endorse for approval		1 calendar day/s, 4 hour/s	Information Technology Officer II / Senior Science Research

			Specialist / Information Technology Officer I ; Information Services Division (ISD)
	2.6. Approval of area verification document	1 calendar day/s	Information Technology Officer III; Information Services Division (ISD)
	2.7. Uploading of approved and signed area verification document through EVOSS and updating of records	4 hour/s	Senior Science Research Specialist / Information Technology Officer I / Science Research Specialist II; Information Services Division (ISD)
Total Processing Time:		Calendar Days: 17 calendar day/s, 8 hour/s Working Days: 2 working day/s, 8 hour/s	
Total Processing Fee:		Total Standard Fee: None

				Management Division (IDMD)
3. Sign Data Request Form (DRF) with list of available data Location: Energy Data Center of the Philippines (EDCP), 2nd Floor, EDCP Bldg., Department of Energy	3.1. Have the request approved by the concerned division (GEMD, HOEMD, SWEMD) or his/her authorized representative depending on the type of data requested, and by the Chief of the IDMD or his/her duly authorized representative.	None	1 working day/s	• Division Chief; Geothermal Energy Management Division (GEMD) • Division Chief; Hydropower and Ocean Energy Management Division (HOEMD) • Division Chief; Solar and Wind Energy Management Division (SWEMD) • Division Chief; Information and Data Management Division (IDMD)
	3.2. Prepare the Data Use Agreement Form (DUAF) and provide to client		30 minute/s	• Science Research Assistant or Science Research Specialists II or Senior Science Research Specialist; Information and Data Management Division (IDMD)
4. Sign the DUAF Location: Energy Data Center of the Philippines (EDCP), 2nd Floor, EDCP Bldg., Department of Energy	4.1. Prepare the Billing Statement (BS) through Collection Monitoring System (COMS)	None	30 minute/s	• Science Research Assistant or Science Research Specialists II ; Information and Data Management

				t Division (IDMD)
	4.2. Approve the BS through COMS		30 minute/s	• Senior Science Research Specialist; Information and Data Management Division (IDMD)
	4.3. Process the Order of Payment in the COMS and email it to the client		30 minute/s	• Accounting Staff; Accounting Division (AD)
5. Pay the necessary data fee as indicated in the Order of Payment, whether in cash, check, or both to the Cashier/Collecting Officer, or Submit the proof of payment if paid through bank Location: Window 2, Treasury Division, Ground Floor, Annex Bldg. Department of Energy	5. 1. Process the payment and issue the Official Receipt	Formula Fees Breakdown: Data fee	30 minute/s	• Collecting Officer; Treasury Division (TD)
6. Submit proof of payment Location: Energy Center of the Philippines (EDCP), 2nd Floor, EDCP Bldg., Department of Energy	6. 1. EDCP shall prepare and release the requested data through Secure File Transfer Protocol (SFTP) or other acceptable means	None	4 working day/s, 4 hour/s, 30 minute/s	• Science Research Assistant or Science Research Specialists II or Senior Science Research Specialist; Information and Data Management Division (IDMD)
Total Processing Time:		Working Days: 7 working day/s		
Total Processing Fee:		Total Standard Fee: None		
		See other fees below		
Formula / Schedule of Fees				

- **Data fee**

Data Fee Computation

Geothermal General Report = Php2,300

Geothermal Well Report = Php3,300

6. ITMS-IDMD03-01 Provision of Renewable Energy Data and Information through the Energy Data Center (for more than 50 data items)

IDMD provides energy data and information to government agencies and instrumentalities, service contractors, potential investor, researcher, and other persons/entities that may be allowed by the DOE for their geological analysis and translation for energy resource exploration and development.

Office or Division:	Information and Data Management Division (IDMD)	
Classification:	Highly Technical	
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)	
Who may avail:	Government Agencies, Service Contractors, Investors, Researchers, and other persons/entities that may be allowed by the DOE upon written request.	
Operating Hours:	7:00 AM - 4:00 PM	
CHECKLIST OF REQUIREMENTS		WHERE TO SECURE
For Standard Requirement		
1. Letter of Intent (1) Original Copy		Applicant / Client
<i>Remarks:</i> Submit a Letter of Intent addressed to : Atty. Paolo G. Fondevilla Director Information Technology and Management Services Department of Energy Please indicate in the letter the requestor's name, address, designation, and purpose of the request for data access.		
2. Proof of affiliation (1) Original Copy		Applicant / Client
3. Government issued ID Any Government Issued ID		
4. Data Request Form (DRF) (1) Original Copy		Department of Energy - Information and Data Management Division (IDMD)
<i>Remarks:</i> The DRF will be provided by the IDMD upon evaluation and confirmation that the primary documents submitted are sufficient		
For Situational Requirement		
A. Additional Requirement for Representative		

A.1. Authorization Letter (1) Original Copy			Applicant / Client	
<i>Remarks:</i> <i>Kindly provide an authorization letter if the request is being made by someone other than the head of the company</i>				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Submit letter of intent and supporting documents Location: Energy Center of the Philippines (EDCP), 2nd Floor, EDCP Bldg., Department of Energy Notes/Instruction: <i>Please indicate in the letter the requestor's name, address, designation, and purpose of the request for data access</i> <i>Client may submit the letter of intent and supporting documents either in person or via email at edcp@doe.gov.ph</i>	1.1. IDMD shall determine completeness of the documents submitted	None	1 hour/s	Science Research Assistant or Science Research Specialist II or Senior Science Research Specialist; Information and Data Management Division (IDMD)
	1.2. Prepare the list of available data and provide it to the client through email or in person		4 hour/s	Science Research Assistant or Science Research Specialists II or Senior Science Research Specialist; Information and Data Management Division (IDMD)
2. Review the provided list and select the data that is required Location: Energy Center of the Philippines (EDCP), 2nd Floor, EDCP Bldg., Department of Energy	2. 1. Prepare the Data Request Form (DRF) and provide to client	None	4 hour/s	Science Research Assistant or Science Research Specialists II or Senior Science Research Specialist; Information and Data

				Management Division (IDMD)
3. Sign Data Request Form (DRF) with list of available data Location: Energy Data Center of the Philippines (EDCP), 2nd Floor, EDCP Bldg., Department of Energy	3.1. Have the request approved by the concerned division (GEMD, HOEMD, SWEMD) or his/her authorized representative depending on the type of data requested, and by the Chief of the IDMD or his/her duly authorized representative.	None	1 working day/s	- Division Chief; Geothermal Energy Management Division (GEMD) - Division Chief; Hydropower and Ocean Energy Management Division (HOEMD) - Division Chief; Solar and Wind Energy Management Division (SWEMD) - Division Chief; Information and Data Management Division (IDMD)
	3.2. Prepare the Data Use Agreement Form (DUAF) and provide to client		30 minute/s	Science Research Assistant or Science Research Specialists II or Senior Science Research Specialist; Information and Data Management Division (IDMD)
4. Sign the DUAF Location: Energy Data Center of the Philippines (EDCP), 2nd Floor, EDCP Bldg., Department of Energy	4.1. Prepare the Billing Statement (BS) through Collection Monitoring System (COMS)	None	30 minute/s	Science Research Assistant or Science Research Specialists II ; Information and Data Management

	4.2. Approve the BS through COMS		30 minute/s	Senior Science Research Specialist; Information and Data Management Division (IDMD)
	4.3. Process the Order of Payment in the COMS and email it to the client		30 minute/s	Accounting Staff; Accounting Division (AD)
5. Pay the necessary data fee as indicated in the Order of Payment, whether in cash, check, or both to the Cashier/Collecting Officer, or Submit the proof of payment if paid through bank Location: Window 2, Treasury Division, Ground Floor, Annex Bldg. - **Data fee**

Data Fee Computation

Geothermal General Report = Php2,300

Geothermal Well Report = Php3,300

7. ITMS-IDMD05 Receiving of Incoming Documents (For Single Transaction)

This process is certified under ISO 9001:2015, which includes the systematic receipt, encoding into the Energy Application Monitoring System (EAMS), and logging all incoming documents.

Office or Division:	Information and Data Management Division (IDMD)			
Classification:	Simple			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	All stakeholders			
Operating Hours:	8:00 AM - 5:00 PM			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. Transmittal or Cover Letter (1) Original Copy			Applicant / Client	
2. Pre-numbered stub and filled-out Visitor's Monitoring Slip (1) Original Copy			Department of Energy - Lobby Guard	
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Client submits the document through Personal Delivery and/or Courier Services Location: Receiving Unit, Ground Floor, Department of Energy-Old Lobby	1.1. Check if the documents are complete, ensuring that the addressee's information is accurate, and that all necessary attachments are included.	None	20 minute/s	Administrative Officer VI/ Administrative Officer III/ Administrative Officer I/ Administrative Aide IV/ Administrative Aide IV/ Administrative Aide II; Information and Data Management Division (IDMD)
	1.2. Stamp received at the upper right most of the document indicating the time and date of receipt and affix the initial of the receiving staff. For courier transactions, if		20 minute/s	Administrative Officer VI/ Administrative Officer III/ Administrative Officer I/ Administrative Aide VI/

incomplete, indicate the lacking documents below the stamp then proceed in the receiving of the documents.		Administrative Aide IV/ Administrative Aide II; Information and Data Management Division (IDMD)
1.3. Sort/segregate documents received by bureaus/services/offices .	20 minute/s	Administrative Officer V/ Administrative Officer III/ Administrative Officer I/ Administrative Aide IV/ Administrative Aide II; Information and Data Management Division (IDMD)
1.4. Encode in the Energy Application Monitoring System (EAMS).	30 minute/s	Administrative Officer V/ Administrative Officer III/ Administrative Aide VI/ Administrative Aide IV/ Administrative Aide II; Information and Data Management Division (IDMD)
1.5. Scan the documents and attach in the corresponding EAMS number.	30 minute/s	Administrative Officer V/ Administrative Officer III/ Administrative Aide VI/ Administrative Aide IV/ Administrative Aide II; Information and Data Management Division (IDMD)

	1.6. Record in the corresponding logbook for dispatching.		20 minute/s	Administrative Officer V/ Administrative Officer III/ Administrative Officer I/ Administrative Aide VI/ Administrative Aide IV/ Administrative Aide II; Information and Data Management Division (IDMD)
	1.7. Route the documents to the concerned bureaus/services/offices		5 hour/s, 40 minute/s	Administrative Aide II; Information and Data Management Division (IDMD)
Total Processing Time:		Working Days: 1 working day/s		
Total Processing Fee:		Total Standard Fee: None		

8. ITMS-IDMD06 Request for Information (under the Freedom of Information (FOI)) - 15 Working Days

The Freedom of Information (FOI) is implemented as the people's constitutional right to information within the Executive Branch of the government. It promotes transparency, accountability, and public participation in the government.

Office or Division:	Information and Data Management Division (IDMD)			
Classification:	Complex			
Type of Transaction:	G2B (Government to Business), G2C (Government to Citizen), G2G (Government to Government)			
Who may avail:	All Citizens / stakeholders			
Operating Hours:	8:00 AM - 5:00 PM			
Statute:	The Freedom of Information (FOI) Executive Order, Executive Order No. 2, s. 2016, was signed by Rodrigo Duterte on July 23, 201			
CHECKLIST OF REQUIREMENTS			WHERE TO SECURE	
For Standard Requirement				
1. eFOI Request Form/ Standard Request Form (1) Electronic Copy Or (1) Original Copy			Applicant / Client	
<i>Remarks:</i> www.foi.gov.ph FOI Office, Ground Floor, DOE Old Bldg.				
2. Valid ID Student ID/Company ID/Passport/Driver's License/National ID or Other government-issued ID				
CLIENT STEPS	AGENCY ACTION	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE (Designation; Office)
1. Lodge a Request for Information Location: www.foi.gov.ph / FOI Office, Ground Flr., Department of Energy Annex Bldg.	1.1. Check and validate the contact information of the requesting party	None	4 hour/s	• FOI Receiving Officer; Information and Data Management Division (IDMD)
Notes/Instruction:	1.2. Check if the request for information		4 hour/s	• FOI Receiving

I. If the provided information is incorrect or the request needs further clarification, the requesting party is given 60 working days to comply. Failure to comply within the given time period, request will be deemed automatically closed. II. If the requested information is not available in the agency, the request will be denied or will be referred to the correct agency.	is valid		Officer; Information and Data Management Division (IDMD)
	1.3. Coordinate with FOI Action Officers (FAO) to confirm if the requested information is available	1 working day/s, 6 hour/s	- FOI Receiving Officer; Information and Data Management Division (IDMD) - FOI Action Officers; DOE - All Bureaus/Services/Offices
	1.4. Forward the request to the concerned FOI Decision Maker (FDM)	2 hour/s	- FOI Receiving Officer; Information and Data Management Division (IDMD) - FOI Decision Maker; DOE - All Bureaus/Services/Offices
	1.5. Process the request.	11 working day/s	- FOI Action Officer; DOE - All Bureaus/Services/Offices - FOI Decision Maker; DOE - All Bureaus/Services/Offices
	1.6. Release the requested information	1 working day/s	FOI Decision Maker; DOE - All Bureaus/Services/Offices
Total Processing Time:		Working Days: 15 working day/s	
Total Processing Fee:		Total Standard Fee: None
