Item No.	Original 21 st PB Supply, Delivery, Installation, and Commissioning of Electric Vehicle Charging Stations for FY 2026	Clarification/ Amendment	Page No.	Bidder's Compliance
	- Metal signage leading to the charging stations for each location (fixed and movable) - Other necessary signage based on the submitted design plan.	- At least two (2) metal signages leading to the charging stations for each location (fixed and movable) - Other necessary signage based on the submitted design plan.		
6	Electrical System Upgrade The EVCS Provider shall process and shoulder the upgrade of the existing electrical system to a 3-Phase connection for the operation of the EVCS, including the bill deposit that will be required by the DU. Such upgrades shall comply with all applicable laws, regulations, codes, standards, and DU requirements. The EVCS Provider is allowed to undertake any of the following upgrade options: - Installation of a dedicated transformer, which may be pole-mounted or pad/floor-mounted, as appropriate; or - Upgrading, replacement, or capacity enhancement of the existing transformer serving the facility where the EVCS will be connected. The selected upgrade option shall provide sufficient capacity to meet the operational requirements of the EVCS and shall not affect the safety, reliability, or performance of the existing electrical system. This includes the application to the respective Cooperative/Distribution Utility (DU), supply and delivery of the transformer, and other necessary electrical materials. <i>(As amended in Bid Bulletin No. 1)</i>	Amendment The EVCS Provider shall process and shoulder the upgrade of the existing electrical system to a 3-Phase connection for the operation of the EVCS, including the non-refundable bill deposit that will be required by the DU. Such upgrades shall comply with all applicable laws, regulations, codes, standards, and DU requirements. The EVCS Provider is allowed to undertake any of the following upgrade options: - Installation of a dedicated transformer, which may be pole-mounted or pad/floor-mounted, as appropriate; or - Upgrading, replacement, or capacity enhancement of the existing transformer serving the facility where the EVCS will be connected. The selected upgrade option shall provide sufficient capacity to meet the operational requirements of the EVCS and shall not affect the safety, reliability, or performance of the existing electrical system. This includes the application to the respective Cooperative/Distribution Utility (DU), supply and delivery of the transformer, and other necessary electrical materials.	80	
7	Section VII. Technical Specifications III. SCOPE OF WORK E. Demonstration, Testing, and Commissioning 4. Provide at least one (1) day of training for each beneficiary and its focal representative who will handle the operation of the EVCS, which includes operation,	Amendment 4. Provide at least one (1) day of on-site training for at least 20 participants for each beneficiary and its focal representative who will handle the operation of the EVCS, which includes	84	

Item No.	Original 21 st PB Supply, Delivery, Installation, and Commissioning of Electric Vehicle Charging Stations for FY 2026	Clarification/ Amendment	Page No.	Bidder's Compliance
	troubleshooting, and preventive maintenance of the EVCS.	operation, troubleshooting, and preventive maintenance of the EVCS.		
8	Section VII. Technical Specifications IV.OTHER TERMS AND CONDITIONS 3. All bidders shall accomplish and include Annex C in their submission of bids to indicate the specific lots they intend to bid for. Annex C will be used to evaluate the bidder's capacity to handle multiple lots. Non-submission of Annex C shall be construed as an explicit declaration that the bidder wishes to be considered for one (1) lot only, provided all other terms and conditions under this TOR are met.	Amendment Pursuant to the provisions of the Bidding Documents, Item No. 3 (All bidders shall accomplish and include Annex C in their submission of bids to indicate the specific lots they intend to bid for. Annex C will be used to evaluate the bidder's capacity to handle multiple lots. Non-submission of Annex C shall be construed as an explicit declaration that the bidder wishes to be considered for one (1) lot only, provided all other terms and conditions under this TOR are met) is hereby omitted from the procurement requirements.	85	
9	Section VII. Technical Specifications IV.OTHER TERMS AND CONDITIONS 4. Bidders submitting proposals for multiple lots shall be required to submit a distinct Project Team composition for each lot. To ensure the simultaneous implementation of all awarded lots, personnel assigned to one lot shall not be designated to another lot, except for the Project Team Leader, who may oversee multiple sites. For example, a bidder competing for two (2) lots must submit two (2) independent project teams to ensure that each lot is implemented simultaneously by dedicated personnel. Bidders shall submit the names and Curriculum Vitae (See attached CV Template) of the proposed Project Team lead and members, along with copies of	Amendment Adjusted Provision No. 3 3. Bidders submitting proposals for multiple lots shall be required to submit a distinct Project Team composition for each lot (Annex C). To ensure the simultaneous implementation of all awarded lots, personnel assigned to one lot shall not be designated to another lot, except for the Project Team Leader, who may oversee multiple sites. For example, a bidder competing for two (2) lots must submit two (2) independent project teams to ensure that each lot is implemented simultaneously by dedicated personnel. Bidders shall submit the names and Curriculum Vitae (See attached CV Template) of the proposed Project Team lead and members, along with copies of their existing job contracts (notarized) with the bidder. These contracts must remain valid for the entire duration of the project's	85

	their existing job contracts (notarized) with the bidder. These contracts must remain valid for the entire duration of the project's implementation. Non-submission of CV and notarized job contracts shall be grounds for disqualification. <i>(As amended in Bid Bulletin No. 1)</i>	implementation. Non-submission of CV and notarized job contracts shall be grounds for disqualification.		
10	Section VII. Technical Specifications VI. DELIVERY TERMS 1. The delivery period of the Goods shall be within one hundred twenty (120) calendar days or four (4) months upon receipt of the approved Notice to Proceed (NTP).	Amendment 1. The delivery period of the Goods shall be within one hundred fifty (150) calendar days or five (5) months upon receipt of the approved Notice to Proceed (NTP).	87	
11	Section VII. Technical Specifications VII. SCHEDULE OF PAYMENT Schedule of deliverables upon receipt of Notice to Proceed 45 calendar days 85 calendar days 110 calendar days 120 calendar days	Amendment Schedule of deliverables upon receipt of Notice to Proceed 45 calendar days 120 calendar days 140 calendar days 150 calendar days	87	
12	Section VII. Technical Specifications Clustered – EVCS Locations) Cluster 1 Location 3: Urdaneta, Pangasinan Cluster 2 Location 5: Iligan City, Isabela	Amendment Cluster 1 Location 3: Manaoag, Pangasinan Cluster 2 Location 5: Tuguegarao, Cagayan	89	

Item No.	Original 21 st PB Supply, Delivery, Installation, and Commissioning of Electric Vehicle Charging Stations for FY 2026	Clarification/ Amendment	Page No.	Bidder's Compliance
	Cluster 3 Location 7: Bambang, Nueva Vizcaya Cluster 4 Location 9: La Trinidad, Benguet Cluster 7 Location 17: Cainta, Rizal Location 18: Marikina City Cluster 8 Location 19: Manila City Location 20: Pasay City Cluster 9 Location 22: Mandaluyong City Location 24; Taguig City Cluster 11 Location 26: Lucena City, Quezon <i>(as amended in Bid Bulletin No. 1)</i>	Cluster 3 Location 7: Ilagan City, Isabela Cluster 4 Location 9: Baguio City, Benguet Cluster 7 Location 17: Quezon City Location 18: Manila City Cluster 8 Location 19: Makati City Location 20: Sta. Rosa City, Laguna Cluster 9 Location 22: Pasig City Location 24: Pasig City Cluster 11 Location 26: Sariaya, Quezon Additional Provision: <i>Note: The End-user may recommend other government-owned locations within the same Province if the initially identified site is found to be infeasible due to accessibility, right-of-way, environmental, safety, geopolitical, topographical, or other site-related constraints</i>		
13	Section VII. Technical Specifications ANNEX B EVCS Uniform Design	Amendment Additional Provision for EVCS details (Please see Annex B of this Bid Bulletin)	92	
14	Section VII. Technical Specifications ANNEX C Multiple Lot Participation Declaration	Amendment Annex C: Project Team Composition Per Lot (Please see Annex C of this Bid Bulletin)	95	

Item No.	Original 21 st PB Supply, Delivery, Installation, and Commissioning of Electric Vehicle Charging Stations for FY 2026	Clarification/ Amendment	Page No.	Bidder's Compliance
15		Additional Annexes Annex D: Curriculum Vitae Template (Please see Annex D of this Bid Bulletin) Annex E: EVCS Location Details (Please see Annex E of this Bid Bulletin)		

This Bid Bulletin forms part of the Terms of Reference. All other terms and conditions in the Bidding Documents and other Bid Bulletin issued by the DOE-BAC not affected by this Bid Bulletin shall remain valid and effective.

Approved for Issuance:

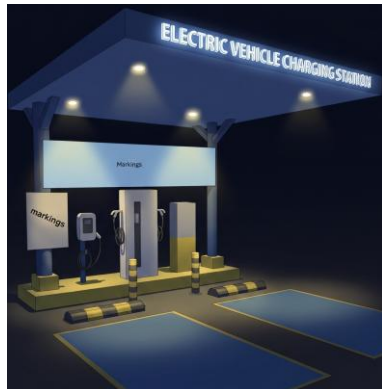

RONALD V. CONQUILLA

*Undersecretary and
Chairperson, Bids and Awards Committee*

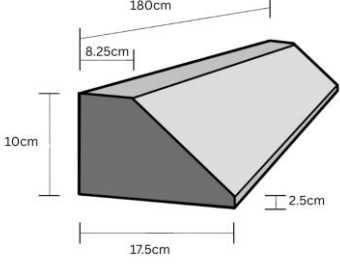

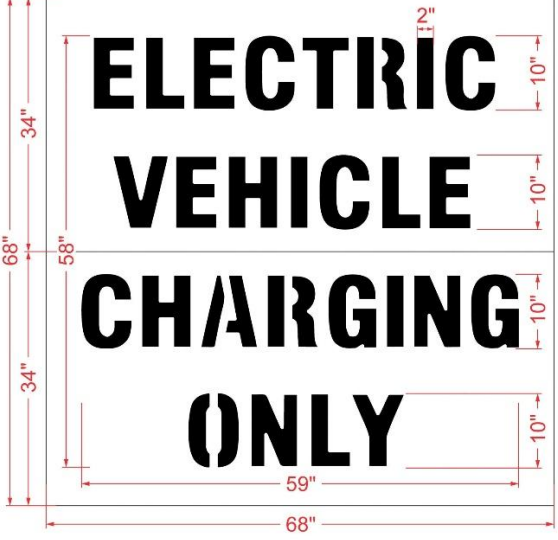

ANNEX B (cont.)

Other details:

EVCS Structure:	Specifications:	Others:
Color	Yellow – Pantone 116 C Blue – Pantone 279	
Roof:	- Dimension (approx.): 6m x 3m x 0.3m (HxLxW) - Materials: Roof Sheet Thickness: at least 0.40mm - Slope: 10 degrees	
Column	- Materials: Steel Column - Dimensions: - Depth: at least 153mm - Flange Width: at least 101mm - Flange Thickness: at least 7.0 mm - Web Thickness: at least 5.5 mm	
Ceiling	- Material: Aluminum Composite Panel (ACP) - Frame: lightweight galvanized iron (GI) metal furring channels - Dimension (approx.): 6m x 3m x 0.3m (HxLxW)	
Footing	- Material: Steel Bar - Dimension(approx.): 5-Ø16 Bottom Bars Continuous	
Base Plate	- Material: Steel Plate - Dimension (approx.): 350mm x 300mm x 12mm with 5-Ø16 A-307 Anchor Bolts	
Pedestal	- Material: Steel rebar and Concrete - Dimension (approx.): 350 mm x 350 mm - Vert Bar: 10-Ø16 - Lateral Ties: 2L Ø 10 @ 250 mm - Supports: 4L 2 sets Ø10 @50mm 4L 5 sets Ø10 @ 100mm	
LED Pinlight:		Sample picture:
Quantity	At least 12 pc (8 pcs for spares)	
Wattage	At least 15 Watts	
Illuminance Levels	100 to 300 lux	
Others	- With separate lighting switch (2 units perpendicular to the concrete aisle) - Shall be compliant with the Energy Conserving Design on Buildings	
EVCS Sign Display:		
Quantity	At least 30 letters	
Design	Individually built characters "ELECTRIC VEHICLE CHARGING STATION" lit by LED lights	
Dimension (approx.)	Letter: 25mm (H)	
Other	With separate light switch	

EVCS Structure:	Specifications:	Others:
Display Cabinet:		Sample picture:
Quantity	At least 1 pc	
Dimension (approx.)	Frame: 24in x 12in x 2in (LxWxH) with acrylic glass	
Materials	Casing: Weather-resistant anodized aluminum Front opening: Shatterproof and yellowing-resistant acrylic panel	
Color	Frame: Black Acrylic: Clear	
Security	With lock and provision for two (2) keys	
Other:	Properly mounted in the EVCS	
Panel Signage:		Sample Picture:
Quantity	At least 1 pc	
Dimension (approx.)	Panel sheet: 50cm x 550cm (HxW) with tubular frame	
Materials	- Panel: Durable high-grade composite aluminum that can resist rust, weather, UV rays, and warping - Frame: Galvanized Iron (GI) or Mild Steel (MS) Tubes	
Thickness	- Panel: minimum of 0.3mm - Frame: minimum of 0.3mm	
Design	The end user shall provide the EVCS Provider with the design	
Directional Signages:		Sample Picture:
Quantity	At least 2 pcs	
Dimension (approx.)	Post: 2.134m (7 feet) height and 75mm diameter Signage: 0.6m x 0.3m	
Materials	Post: Galvanized Iron (G.I.) Pipe Signage: Metal Sheet, reflective paint	
Concrete footing	0.2m x 0.2m footing 0.6m (2 feet) below ground level	
Color	Yellow – Pantone 116 C Blue – Pantone 279	
Others	Signage is mounted on the metal post using brackets	
Design	Final design shall be provided by the End-User	
In-ground Mounted Bollards		Sample Picture:
Quantity	At least 4 pcs	
Material	Water- and rust-resistant steel pipe (Carbon Steel), at least Schedule 40	
Dimensions (approx.)	Height: 1m above the pavement Outside Diameter: at least 10.5cm	

EVCS Structure:	Specifications:	Others:
Footing	Depth: at least of 0.6m	
Color	Dimension (approx.): 0.3m x 0.3m	
Others	Yellow – Pantone 116 C Black - Black 6 C Filled with concrete for extra mass and impact resistance	
Parking Curbs:		Sample picture:
Quantity	2 pcs	 
Material	Reinforced concrete or rubber parking curb	
Dimensions (approx.)	See image	
Color	Yellow – Pantone 116 C Black - Black 6 C	
Parking Markings:		
Dimension (approx.)	5x2.5m (LxW)	
Color (stripes)	Yellow – Pantone 116 C Blue – Pantone 279	
		

ANNEX C
Project Team Composition Per Lot

Lot No.	Location	Proposed Project Team
3*	Cluster III - Cordillera Administrative Region (CAR): Bontoc, Mountain Province, Mankayan, Benguet, and Quirino, Quirino	Project Team Lead: Juan dela Cruz Technical manpower: <i>Specify</i> Other manpower: <i>Specify</i>
8*	Cluster VIII - Region V – Bicol Region: Polangui, Albay, Daraga, Albay, and Sorsogon City, Sorsogon	Project Team Lead: Dos dela Cruz Technical manpower: <i>Specify</i> Other manpower: <i>Specify</i>
	(include additional rows as necessary)	

**Sample only*

I Mr./Ms. **<First Name M.I. Last Name>**, being the duly authorized representative of **<Name the Bidder/Company>**, hereby declare that the above composition shall be dedicated solely for specified Lot No. and shall comply with the set Terms of Reference.

This certification is issued for the purpose of complying with the bidding requirements for the procurement of Supply, Delivery, Installation, and Commissioning of Electric Vehicle Charging Stations.

Declared and certified by:

<First Name M.I. Last Name>
Signature over printer name of the
duly authorized representative
<Designation / Position Title>
<Name of Bidder / Company>
Date: _____
